(5) If a defaulting compacting state is terminated, reinstatement of the defaulting state following termination requires both a reenactment of the compact by the defaulting state and the approval of the interstate commission pursuant to its rules.

Section C. Judicial Enforcement

The interstate commission, by majority vote of the members, may initiate legal action against any compacting state to enforce compliance with the provisions of this compact, and the interstate commission's duly promulgated rules and bylaws. Any such action, if initiated, shall be initiated in the United States district court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its offices. (4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the interstate commission shall be ineffective and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency of that state to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

Article XIV – Financial Reimbursement

The examination shall be conducted either at the detention facility in which the defendant would have been confined if the defendant had not been released on bail, or, if so specified by the center, program, facility, or examiners involved, at the premises of the center, program, or facility. Additionally, the examination shall be conducted at the times established by the examiners involved. If such a defendant refuses to submit to an examination or a complete examination as required by the court or the center, program, facility, or examiners involved, the court may amend the conditions of the bail of the defendant and order the sheriff to take the defendant into custody and deliver the defendant to the detention facility in which the defendant would have been confined if the defendant had not been released on bail,
or, if so specified by the center, program, facility, or examiners involved, to the premises of the center, program, or facility, for purposes of the examination.

(2) A defendant who has not been released on bail shall be examined at the detention facility in which the defendant is confined or, if so specified by the center, program, facility, or examiners involved, at the premises of the center, program, or facility.

(D) The examiner of the mental condition of a defendant under division (A) or (B) of this section shall file a written report with the court within thirty days after the entry of an order for the evaluation of the mental condition of the defendant. The report shall contain the findings of the examiner; the facts in reasonable detail on which the findings are based; the opinion of the examiner as to the mental condition of the defendant; the opinion of the examiner as to whether the defendant represents a substantial risk of physical harm to other persons as manifested by evidence of recent homicidal or other violent behavior, evidence of recent threats that placed other persons in reasonable fear of violent behavior and serious physical harm, or evidence of present dangerousness; and the opinion of the examiner as to the types of treatment or counseling that the defendant needs. The court shall provide copies of the report to the prosecutor and defense counsel.

(E) The costs of any evaluation and preceding examination of a defendant that is ordered pursuant to division (A) or (B) of this section shall be taxed as court costs in the criminal case.

(F) If the examiner considers it necessary in order to make an accurate evaluation of the mental condition of a defendant, an examiner under division (A) or (B) of this section may request any family or household member of the defendant to provide the examiner with information. A family or household member may, but
is not required to, provide information to the examiner upon receipt of the request.

(G) As used in this section:

(1) "Bail" includes a recognizance.

(2) "Examiner" means a psychiatrist, a licensed independent social worker who is employed by a forensic center that is certified as being in compliance with the standards established under division (I)(H) of section 5119.01 or division (C) of section 5123.04 of the Revised Code, a licensed professional clinical counselor who is employed at a forensic center that is certified as being in compliance with such standards, or a licensed clinical psychologist, except that in order to be an examiner, a licensed clinical psychologist shall meet the criteria of division (I)(1) of section 5122.01 of the Revised Code or be employed to conduct examinations by the department of mental health or by a forensic center certified as being in compliance with the standards established under division (I)(H) of section 5119.01 or division (C) of section 5123.04 of the Revised Code that is designated by the department of mental health.

(3) "Family or household member" has the same meaning as in section 2919.25 of the Revised Code.

(4) "Prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(5) "Psychiatrist" and "licensed clinical psychologist" have the same meanings as in section 5122.01 of the Revised Code.

(6) "Protection order issued by a court of another state" has the same meaning as in section 2919.27 of the Revised Code.
designated by the attorney general in investigations conducted by him, may take shorthand notes of, or electronically record, testimony before the grand jury, and furnish a transcript to the prosecuting attorney or the attorney general, and to no other person. The shorthand reporter shall withdraw from the jury room before the jurors begin to express their views or take their vote on the matter before them. Such reporter shall take an oath to be administered by the judge after the grand jury is sworn, imposing an obligation of secrecy to not disclose any testimony taken or heard except to the grand jury, prosecuting attorney, or attorney general, unless called upon in court to make disclosures.

Sec. 2945.371. (A) If the issue of a defendant's competence to stand trial is raised or if a defendant enters a plea of not guilty by reason of insanity, the court may order one or more evaluations of the defendant's present mental condition or, in the case of a plea of not guilty by reason of insanity, of the defendant's mental condition at the time of the offense charged. An examiner shall conduct the evaluation.

(B) If the court orders more than one evaluation under division (A) of this section, the prosecutor and the defendant may recommend to the court an examiner whom each prefers to perform one of the evaluations. If a defendant enters a plea of not guilty by reason of insanity and if the court does not designate an examiner recommended by the defendant, the court shall inform the defendant that the defendant may have independent expert evaluation and that, if the defendant is unable to obtain independent expert evaluation, it will be obtained for the defendant at public expense if the defendant is indigent.

(C) If the court orders an evaluation under division (A) of this section, the defendant shall be available at the times and
places established by the examiners who are to conduct the evaluation. The court may order a defendant who has been released on bail or recognizance to submit to an evaluation under this section. If a defendant who has been released on bail or recognizance refuses to submit to a complete evaluation, the court may amend the conditions of bail or recognizance and order the sheriff to take the defendant into custody and deliver the defendant to a center, program, or facility operated or certified by the department of mental health or the department of developmental disabilities where the defendant may be held for evaluation for a reasonable period of time not to exceed twenty days.

(D) A defendant who has not been released on bail or recognizance may be evaluated at the defendant's place of detention. Upon the request of the examiner, the court may order the sheriff to transport the defendant to a program or facility operated or certified by the department of mental health or the department of developmental disabilities, where the defendant may be held for evaluation for a reasonable period of time not to exceed twenty days, and to return the defendant to the place of detention after the evaluation. A municipal court may make an order under this division only upon the request of a certified forensic center examiner.

(E) If a court orders the evaluation to determine a defendant's mental condition at the time of the offense charged, the court shall inform the examiner of the offense with which the defendant is charged.

(F) In conducting an evaluation of a defendant's mental condition at the time of the offense charged, the examiner shall consider all relevant evidence. If the offense charged involves the use of force against another person, the relevant evidence to be considered includes, but is not limited to, any evidence that
the defendant suffered, at the time of the commission of the offense, from the "battered woman syndrome."

(G) The examiner shall file a written report with the court within thirty days after entry of a court order for evaluation, and the court shall provide copies of the report to the prosecutor and defense counsel. The report shall include all of the following:

(1) The examiner's findings;

(2) The facts in reasonable detail on which the findings are based;

(3) If the evaluation was ordered to determine the defendant's competence to stand trial, all of the following findings or recommendations that are applicable:

(a) Whether the defendant is capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense;

(b) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, whether the defendant presently is mentally ill or mentally retarded and, if the examiner's opinion is that the defendant presently is mentally retarded, whether the defendant appears to be a mentally retarded person subject to institutionalization by court order;

(c) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, the examiner's opinion as to the likelihood of the defendant becoming capable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense within one year if the
defendant is provided with a course of treatment;

(d) If the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense and that the defendant presently is mentally ill or mentally retarded, the examiner's recommendation as to the least restrictive treatment placement or commitment alternative, consistent with the defendant's treatment needs for restoration to competency and with the safety of the community;

(e) If the defendant is charged with a misdemeanor offense that is not an offense of violence and the examiner's opinion is that the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense and that the defendant is presently mentally ill or mentally retarded, the examiner's recommendation as to whether the defendant is amenable to engagement in mental health treatment or developmental disability services.

(4) If the evaluation was ordered to determine the defendant's mental condition at the time of the offense charged, the examiner's findings as to whether the defendant, at the time of the offense charged, did not know, as a result of a severe mental disease or defect, the wrongfulness of the defendant's acts charged.

(H) If the examiner's report filed under division (G) of this section indicates that in the examiner's opinion the defendant is incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense and that in the examiner's opinion the defendant appears to be a mentally retarded person subject to institutionalization by court order, the court shall order the defendant to undergo a separate mental retardation evaluation conducted by a psychologist designated by the director of
developmental disabilities. Divisions (C) to (F) of this section apply in relation to a separate mental retardation evaluation conducted under this division. The psychologist appointed under this division to conduct the separate mental retardation evaluation shall file a written report with the court within thirty days after the entry of the court order requiring the separate mental retardation evaluation, and the court shall provide copies of the report to the prosecutor and defense counsel. The report shall include all of the information described in divisions (G)(1) to (4) of this section. If the court orders a separate mental retardation evaluation of a defendant under this division, the court shall not conduct a hearing under divisions (B) to (H) of section 2945.37 of the Revised Code regarding that defendant until a report of the separate mental retardation evaluation conducted under this division has been filed. Upon the filing of that report, the court shall conduct the hearing within the period of time specified in division (C) of section 2945.37 of the Revised Code.

(I) An examiner appointed under divisions (A) and (B) of this section or under division (H) of this section to evaluate a defendant to determine the defendant's competence to stand trial also may be appointed to evaluate a defendant who has entered a plea of not guilty by reason of insanity, but an examiner of that nature shall prepare separate reports on the issue of competence to stand trial and the defense of not guilty by reason of insanity.

(J) No statement that a defendant makes in an evaluation or hearing under divisions (A) to (H) of this section relating to the defendant's competence to stand trial or to the defendant's mental condition at the time of the offense charged shall be used against the defendant on the issue of guilt in any criminal action or proceeding, but, in a criminal action or proceeding, the
prosecutor or defense counsel may call as a witness any person who evaluated the defendant or prepared a report pursuant to a referral under this section. Neither the appointment nor the testimony of an examiner appointed under this section precludes the prosecutor or defense counsel from calling other witnesses or presenting other evidence on competency or insanity issues.

(K) Persons appointed as examiners under divisions (A) and (B) of this section or under division (H) of this section shall be paid a reasonable amount for their services and expenses, as certified by the court. The certified amount shall be paid by the county in the case of county courts and courts of common pleas and by the legislative authority, as defined in section 1901.03 of the Revised Code, in the case of municipal courts.

Sec. 2945.38. (A) If the issue of a defendant's competence to stand trial is raised and if the court, upon conducting the hearing provided for in section 2945.37 of the Revised Code, finds that the defendant is competent to stand trial, the defendant shall be proceeded against as provided by law. If the court finds the defendant competent to stand trial and the defendant is receiving psychotropic drugs or other medication, the court may authorize the continued administration of the drugs or medication or other appropriate treatment in order to maintain the defendant's competence to stand trial, unless the defendant's attending physician advises the court against continuation of the drugs, other medication, or treatment.

(B)(1)(a) If, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial and that there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment, the court shall order the defendant to
undergo treatment. If the defendant has been charged with a felony offense and if, after taking into consideration all relevant reports, information, and other evidence, the court finds that the defendant is incompetent to stand trial, but the court is unable at that time to determine whether there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment, the court shall order continuing evaluation and treatment of the defendant for a period not to exceed four months to determine whether there is a substantial probability that the defendant will become competent to stand trial within one year if the defendant is provided with a course of treatment.

(b) The court order for the defendant to undergo treatment or continuing evaluation and treatment under division (B)(1)(a) of this section shall specify that the defendant, if determined to require mental health treatment or continuing evaluation and treatment, shall be committed to the department of mental health for treatment or continuing evaluation and treatment shall occur at a hospital, facility, or agency, as determined to be clinically appropriate by the department of mental health and, if determined to require treatment or continuing evaluation and treatment for a developmental disability, shall receive treatment or continuing evaluation and treatment at an institution or facility operated by the department of mental health or the department of developmental disabilities, at a facility certified by either of those departments the department of developmental disabilities as being qualified to treat mental illness or mental retardation, at a public or private community mental health or mental retardation facility, or by a psychiatrist or another mental health or mental retardation professional. The order may restrict the defendant's freedom of movement as the court considers necessary. The prosecutor in the defendant's case shall send to the chief clinical officer of the hospital or facility, or agency where the
defendant is placed by the department of mental health, or to the
managing officer of the institution, the director of the program
facility, or the person to which the defendant is committed,
copies of relevant police reports and other background information
that pertains to the defendant and is available to the prosecutor
unless the prosecutor determines that the release of any of the
information in the police reports or any of the other background
information to unauthorized persons would interfere with the
effective prosecution of any person or would create a substantial
risk of harm to any person.

In committing the defendant to the department of mental
health, the court shall consider the extent to which the person is
a danger to the person and to others, the need for security, and
the type of crime involved and, if the court finds that
restrictions on the defendant's freedom of movement are necessary,
shall specify the least restrictive limitations on the person's
freedom of movement determined to be necessary to protect public
safety. In determining placement commitment alternatives for
defendants determined to require treatment or continuing
evaluation and treatment for developmental disabilities, the court
shall consider the extent to which the person is a danger to the
person and to others, the need for security, and the type of crime
involved and shall order the least restrictive alternative
available that is consistent with public safety and treatment
goals. In weighing these factors, the court shall give preference
to protecting public safety.

(c) If the defendant is found incompetent to stand trial, if
the chief clinical officer of the hospital or facility, or agency
where the defendant is placed, or the managing officer of the
institution, the director of the program facility, or the person
to which the defendant is committed for treatment or continuing
evaluation and treatment under division (B)(1)(b) of this section
determines that medication is necessary to restore the defendant's competency to stand trial, and if the defendant lacks the capacity to give informed consent or refuses medication, the chief clinical officer of the hospital, facility, or agency where the defendant is placed, or the managing officer of the institution, the director of the facility, or the person to which the defendant is committed for treatment or continuing evaluation and treatment may petition the court for authorization for the involuntary administration of medication. The court shall hold a hearing on the petition within five days of the filing of the petition if the petition was filed in a municipal court or a county court regarding an incompetent defendant charged with a misdemeanor or within ten days of the filing of the petition if the petition was filed in a court of common pleas regarding an incompetent defendant charged with a felony offense. Following the hearing, the court may authorize the involuntary administration of medication or may dismiss the petition.

(d) If the defendant is charged with a misdemeanor offense that is not an offense of violence, the prosecutor may hold the charges in abeyance while the defendant engages in mental health treatment or developmental disability services.

(2) If the court finds that the defendant is incompetent to stand trial and that, even if the defendant is provided with a course of treatment, there is not a substantial probability that the defendant will become competent to stand trial within one year, the court shall order the discharge of the defendant, unless upon motion of the prosecutor or on its own motion, the court either seeks to retain jurisdiction over the defendant pursuant to section 2945.39 of the Revised Code or files an affidavit in the probate court for the civil commitment of the defendant pursuant to Chapter 5122. or 5123. of the Revised Code alleging that the defendant is a mentally ill person subject to hospitalization by
court order or a mentally retarded person subject to institutionalization by court order. If an affidavit is filed in the probate court, the trial court shall send to the probate court copies of all written reports of the defendant's mental condition that were prepared pursuant to section 2945.371 of the Revised Code.

The trial court may issue the temporary order of detention that a probate court may issue under section 5122.11 or 5123.71 of the Revised Code, to remain in effect until the probable cause or initial hearing in the probate court. Further proceedings in the probate court are civil proceedings governed by Chapter 5122. or 5123. of the Revised Code.

(C) No defendant shall be required to undergo treatment, including any continuing evaluation and treatment, under division (B)(1) of this section for longer than whichever of the following periods is applicable:

(1) One year, if the most serious offense with which the defendant is charged is one of the following offenses:

   (a) Aggravated murder, murder, or an offense of violence for which a sentence of death or life imprisonment may be imposed;

   (b) An offense of violence that is a felony of the first or second degree;

   (c) A conspiracy to commit, an attempt to commit, or complicity in the commission of an offense described in division (C)(1)(a) or (b) of this section if the conspiracy, attempt, or complicity is a felony of the first or second degree.

(2) Six months, if the most serious offense with which the defendant is charged is a felony other than a felony described in division (C)(1) of this section;

(3) Sixty days, if the most serious offense with which the
defendant is charged is a misdemeanor of the first or second degree;

(4) Thirty days, if the most serious offense with which the defendant is charged is a misdemeanor of the third or fourth degree, a minor misdemeanor, or an unclassified misdemeanor.

(D) Any defendant who is committed pursuant to this section shall not voluntarily admit the defendant or be voluntarily admitted to a hospital or institution pursuant to section 5122.02, 5122.15, 5123.69, or 5123.76 of the Revised Code.

(E) Except as otherwise provided in this division, a defendant who is charged with an offense and is committed by the court under this section to a hospital the department of mental health with restrictions on the defendant's freedom of movement or other is committed to an institution by the court under this section or facility for the treatment of developmental disabilities shall not be granted unsupervised on-grounds movement, supervised off-grounds movement, or nonsecured status except in accordance with the court order. The court may grant a defendant supervised off-grounds movement to obtain medical treatment or specialized habilitation treatment services if the person who supervises the treatment or the continuing evaluation and treatment of the defendant ordered under division (B)(1)(a) of this section informs the court that the treatment or continuing evaluation and treatment cannot be provided at the hospital or facility where the defendant is placed by the department of mental health or the institution or facility to which the defendant is committed. The chief clinical officer of the hospital or facility where the defendant is placed by the department of mental health or the managing officer of the institution or director of the facility to which the defendant is committed, or a designee of either any of those persons, may grant a defendant movement to a medical facility for an emergency medical situation with
appropriate supervision to ensure the safety of the defendant, staff, and community during that emergency medical situation. The chief clinical officer of the hospital or facility where the defendant is placed by the department of mental health or the managing officer of the institution or director of the facility to which the defendant is committed shall notify the court within twenty-four hours of the defendant's movement to the medical facility for an emergency medical situation under this division.

(F) The person who supervises the treatment or continuing evaluation and treatment of a defendant ordered to undergo treatment or continuing evaluation and treatment under division (B)(1)(a) of this section shall file a written report with the court at the following times:

(1) Whenever the person believes the defendant is capable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense;

(2) For a felony offense, fourteen days before expiration of the maximum time for treatment as specified in division (C) of this section and fourteen days before the expiration of the maximum time for continuing evaluation and treatment as specified in division (B)(1)(a) of this section, and, for a misdemeanor offense, ten days before the expiration of the maximum time for treatment, as specified in division (C) of this section;

(3) At a minimum, after each six months of treatment;

(4) Whenever the person who supervises the treatment or continuing evaluation and treatment of a defendant ordered under division (B)(1)(a) of this section believes that there is not a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense even if the defendant is provided with a course of treatment.
(G) A report under division (F) of this section shall contain the examiner's findings, the facts in reasonable detail on which the findings are based, and the examiner's opinion as to the defendant's capability of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense. If, in the examiner's opinion, the defendant remains incapable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense and there is a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant and of assisting in the defendant's defense if the defendant is provided with a course of treatment, if in the examiner's opinion the defendant remains mentally ill or mentally retarded, and if the maximum time for treatment as specified in division (C) of this section has not expired, the report also shall contain the examiner's recommendation as to the least restrictive treatment placement or commitment alternative that is consistent with the defendant's treatment needs for restoration to competency and with the safety of the community. The court shall provide copies of the report to the prosecutor and defense counsel.

(H) If a defendant is committed pursuant to division (B)(1) of this section, within ten days after the treating physician of the defendant or the examiner of the defendant who is employed or retained by the treating facility advises that there is not a substantial probability that the defendant will become capable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense even if the defendant is provided with a course of treatment, within ten days after the expiration of the maximum time for treatment as specified in division (C) of this section, within ten days after the expiration of the maximum time for continuing evaluation and treatment as specified in division (B)(1)(a) of this section,
within thirty days after a defendant's request for a hearing that is made after six months of treatment, or within thirty days after being advised by the treating physician or examiner that the defendant is competent to stand trial, whichever is the earliest, the court shall conduct another hearing to determine if the defendant is competent to stand trial and shall do whichever of the following is applicable:

1. If the court finds that the defendant is competent to stand trial, the defendant shall be proceeded against as provided by law.

2. If the court finds that the defendant is incompetent to stand trial, but that there is a substantial probability that the defendant will become competent to stand trial if the defendant is provided with a course of treatment, and the maximum time for treatment as specified in division (C) of this section has not expired, the court, after consideration of the examiner's recommendation, shall order that treatment be continued, may change the facility or program at which the treatment is to be continued, least restrictive limitations on the defendant's freedom of movement, and, if applicable, shall specify whether the treatment for developmental disabilities is to be continued at the same or a different facility or program institution.

3. If the court finds that the defendant is incompetent to stand trial, if the defendant is charged with an offense listed in division (C)(1) of this section, and if the court finds that there is not a substantial probability that the defendant will become competent to stand trial even if the defendant is provided with a course of treatment, or if the maximum time for treatment relative to that offense as specified in division (C) of this section has expired, further proceedings shall be as provided in sections 2945.39, 2945.401, and 2945.402 of the Revised Code.

4. If the court finds that the defendant is incompetent to
stand trial, if the most serious offense with which the defendant is charged is a misdemeanor or a felony other than a felony listed in division (C)(1) of this section, and if the court finds that there is not a substantial probability that the defendant will become competent to stand trial even if the defendant is provided with a course of treatment, or if the maximum time for treatment relative to that offense as specified in division (C) of this section has expired, the court shall dismiss the indictment, information, or complaint against the defendant. A dismissal under this division is not a bar to further prosecution based on the same conduct. The court shall discharge the defendant unless the court or prosecutor files an affidavit in probate court for civil commitment pursuant to Chapter 5122. or 5123. of the Revised Code. If an affidavit for civil commitment is filed, the court may detain the defendant for ten days pending civil commitment. All of the following provisions apply to persons charged with a misdemeanor or a felony other than a felony listed in division (C)(1) of this section who are committed by the probate court subsequent to the court's or prosecutor's filing of an affidavit for civil commitment under authority of this division:

(a) The chief clinical officer of the entity, hospital, or facility, the managing officer of the institution, the director of the program, or the person to which the defendant is committed or admitted shall do all of the following:

(i) Notify the prosecutor, in writing, of the discharge of the defendant, send the notice at least ten days prior to the discharge unless the discharge is by the probate court, and state in the notice the date on which the defendant will be discharged;

(ii) Notify the prosecutor, in writing, when the defendant is absent without leave or is granted unsupervised, off-grounds movement, and send this notice promptly after the discovery of the absence without leave or prior to the granting of the
unsupervised, off-grounds movement, whichever is applicable;

(iii) Notify the prosecutor, in writing, of the change of the
defendant's commitment or admission to voluntary status, send the
notice promptly upon learning of the change to voluntary status,
and state in the notice the date on which the defendant was
committed or admitted on a voluntary status.

(b) Upon receiving notice that the defendant will be granted
unsupervised, off-grounds movement, the prosecutor either shall
re-indict the defendant or promptly notify the court that the
prosecutor does not intend to prosecute the charges against the
defendant.

(I) If a defendant is convicted of a crime and sentenced to a
jail or workhouse, the defendant's sentence shall be reduced by
the total number of days the defendant is confined for evaluation
to determine the defendant's competence to stand trial or
treatment under this section and sections 2945.37 and 2945.371 of
the Revised Code or by the total number of days the defendant is
confined for evaluation to determine the defendant's mental
condition at the time of the offense charged.

Sec. 2945.39. (A) If a defendant who is charged with an
defense described in division (C)(1) of section 2945.38 of the
Revised Code is found incompetent to stand trial, after the
expiration of the maximum time for treatment as specified in
division (C) of that section or after the court finds that there
is not a substantial probability that the defendant will become
competent to stand trial even if the defendant is provided with a
course of treatment, one of the following applies:

(1) The court or the prosecutor may file an affidavit in
probate court for civil commitment of the defendant in the manner
provided in Chapter 5122. or 5123. of the Revised Code. If the
court or prosecutor files an affidavit for civil commitment, the
court may detain the defendant for ten days pending civil
commitment. If the probate court commits the defendant subsequent
to the court's or prosecutor's filing of an affidavit for civil
commitment, the chief clinical officer of the entity, hospital, or
facility, the managing officer of the institution, the director of
the program, or the person to which the defendant is committed or
admitted shall send to the prosecutor the notices described in
divisions (H)(4)(a)(i) to (iii) of section 2945.38 of the Revised
Code within the periods of time and under the circumstances
specified in those divisions.

(2) On the motion of the prosecutor or on its own motion, the
court may retain jurisdiction over the defendant if, at a hearing,
the court finds both of the following by clear and convincing
evidence:

(a) The defendant committed the offense with which the
defendant is charged.

(b) The defendant is a mentally ill person subject to
hospitalization by court order or a mentally retarded person
subject to institutionalization by court order.

(B) In making its determination under division (A)(2) of this
section as to whether to retain jurisdiction over the defendant,
the court may consider all relevant evidence, including, but not
limited to, any relevant psychiatric, psychological, or medical
testimony or reports, the acts constituting the offense charged,
and any history of the defendant that is relevant to the
defendant's ability to conform to the law.

(C) If the court conducts a hearing as described in division
(A)(2) of this section and if the court does not make both
findings described in divisions (A)(2)(a) and (b) of this section
by clear and convincing evidence, the court shall dismiss the
indictment, information, or complaint against the defendant. Upon
the dismissal, the court shall discharge the defendant unless the court or prosecutor files an affidavit in probate court for civil commitment of the defendant pursuant to Chapter 5122. or 5123. of the Revised Code. If the court or prosecutor files an affidavit for civil commitment, the court may order that the defendant be detained for up to ten days pending the civil commitment. If the probate court commits the defendant subsequent to the court's or prosecutor's filing of an affidavit for civil commitment, the chief clinical officer of the entity, hospital, or facility, the managing officer of the institution, the director of the program, or the person to which the defendant is committed or admitted shall send to the prosecutor the notices described in divisions (H)(4)(a)(i) to (iii) of section 2945.38 of the Revised Code within the periods of time and under the circumstances specified in those divisions. A dismissal of charges under this division is not a bar to further criminal proceedings based on the same conduct.

(D)(1) If the court conducts a hearing as described in division (A)(2) of this section and if the court makes the findings described in divisions (A)(2)(a) and (b) of this section by clear and convincing evidence, the court shall commit the defendant, if determined to require mental health treatment, to a hospital operated by the department of mental health for treatment at a hospital, facility, or agency as determined clinically appropriate by the department of mental health or, if determined to require treatment for developmental disabilities, to a facility operated by the department of developmental disabilities, or another medical or psychiatric facility, as appropriate. In committing the defendant to the department of mental health, the court shall specify the least restrictive limitations on the defendant's freedom of movement determined to be necessary to protect public safety. In determining the place and nature of the commitment to a facility operated by the department of
developmental disabilities or another facility for treatment of
developmental disabilities, the court shall order the least
restrictive commitment alternative available that is consistent
with public safety and the welfare of the defendant. In weighing
these factors, the court shall give preference to protecting
public safety.

(2) If a court makes a commitment of a defendant under
division (D)(1) of this section, the prosecutor shall send to the
hospital, facility, or agency where the defendant is placed by the
department of mental health or to the defendant's place of
commitment all reports of the defendant's current mental condition
and, except as otherwise provided in this division, any other
relevant information, including, but not limited to, a transcript
of the hearing held pursuant to division (A)(2) of this section,
copies of relevant police reports, and copies of any prior arrest
and conviction records that pertain to the defendant and that the
prosecutor possesses. The prosecutor shall send the reports of the
defendant's current mental condition in every case of commitment,
and, unless the prosecutor determines that the release of any of
the other relevant information to unauthorized persons would
interfere with the effective prosecution of any person or would
create a substantial risk of harm to any person, the prosecutor
also shall send the other relevant information. Upon admission of
a defendant committed under division (D)(1) of this section, the
place of commitment shall send to the board of alcohol, drug
addiction, and mental health services or the community mental
health board serving the county in which the charges against the
defendant were filed a copy of all reports of the defendant's
current mental condition and a copy of the other relevant
information provided by the prosecutor under this division,
including, if provided, a transcript of the hearing held pursuant
to division (A)(2) of this section, the relevant police reports,
and the prior arrest and conviction records that pertain to the
defendant and that the prosecutor possesses.

(3) If a court makes a commitment under division (D)(1) of this section, all further proceedings shall be in accordance with sections 2945.401 and 2945.402 of the Revised Code.

Sec. 2945.40. (A) If a person is found not guilty by reason of insanity, the verdict shall state that finding, and the trial court shall conduct a full hearing to determine whether the person is a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order. Prior to the hearing, if the trial judge believes that there is probable cause that the person found not guilty by reason of insanity is a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order, the trial judge may issue a temporary order of detention for that person to remain in effect for ten court days or until the hearing, whichever occurs first.

Any person detained pursuant to a temporary order of detention issued under this division shall be held in a suitable facility, taking into consideration the place and type of confinement prior to and during trial.

(B) The court shall hold the hearing under division (A) of this section to determine whether the person found not guilty by reason of insanity is a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order within ten court days after the finding of not guilty by reason of insanity. Failure to conduct the hearing within the ten-day period shall cause the immediate discharge of the respondent, unless the judge grants a continuance for not longer than ten court days for good cause shown or for any period of time upon motion of the respondent.
(C) If a person is found not guilty by reason of insanity, the person has the right to attend all hearings conducted pursuant to sections 2945.37 to 2945.402 of the Revised Code. At any hearing conducted pursuant to one of those sections, the court shall inform the person that the person has all of the following rights:

(1) The right to be represented by counsel and to have that counsel provided at public expense if the person is indigent, with the counsel to be appointed by the court under Chapter 120. of the Revised Code or under the authority recognized in division (C) of section 120.06, division (E) of section 120.16, division (E) of section 120.26, or section 2941.51 of the Revised Code;

(2) The right to have independent expert evaluation and to have that independent expert evaluation provided at public expense if the person is indigent;

(3) The right to subpoena witnesses and documents, to present evidence on the person's behalf, and to cross-examine witnesses against the person;

(4) The right to testify in the person's own behalf and to not be compelled to testify;

(5) The right to have copies of any relevant medical or mental health document in the custody of the state or of any place of commitment other than a document for which the court finds that the release to the person of information contained in the document would create a substantial risk of harm to any person.

(D) The hearing under division (A) of this section shall be open to the public, and the court shall conduct the hearing in accordance with the Rules of Civil Procedure. The court shall make and maintain a full transcript and record of the hearing proceedings. The court may consider all relevant evidence, including, but not limited to, any relevant psychiatric,
psychological, or medical testimony or reports, the acts
constituting the offense in relation to which the person was found
not guilty by reason of insanity, and any history of the person
that is relevant to the person's ability to conform to the law.

(E) Upon completion of the hearing under division (A) of this
section, if the court finds there is not clear and convincing
evidence that the person is a mentally ill person subject to
hospitalization by court order or a mentally retarded person
subject to institutionalization by court order, the court shall
discharge the person, unless a detainer has been placed upon the
person by the department of rehabilitation and correction, in
which case the person shall be returned to that department.

(F) If, at the hearing under division (A) of this section, the
court finds by clear and convincing evidence that the person
is a mentally ill person subject to hospitalization by court order
or, the court shall commit the person to the department of mental
health for placement in a hospital, facility, or agency as
determined clinically appropriate by the department of mental
health. If, at the hearing under division (A) of this section, the
court finds by clear and convincing evidence that the person is a
mentally retarded person subject to institutionalization by court
order, it shall commit the person to a hospital operated by the
department of mental health, a facility operated by the department
of developmental disabilities, or another medical or psychiatric
facility, as appropriate. Further proceedings shall be in accordance with sections 2945.401 and 2945.402 of the
Revised Code. In committing the person to the department of mental
health, the court shall specify the least restrictive limitations
to the defendant's freedom of movement determined to be necessary
to protect public safety. In determining the place and nature of
the commitment of a mentally retarded person subject to
institutionalization by court order, the court shall order the
least restrictive commitment alternative available that is consistent with public safety and the welfare of the person. In weighing these factors, the court shall give preference to protecting public safety.

(G) If a court makes a commitment of a person under division (F) of this section, the prosecutor shall send to the hospital, facility, or agency where the person is placed by the department of mental health or to the defendant's place of commitment all reports of the person's current mental condition, and, except as otherwise provided in this division, any other relevant information, including, but not limited to, a transcript of the hearing held pursuant to division (A) of this section, copies of relevant police reports, and copies of any prior arrest and conviction records that pertain to the person and that the prosecutor possesses. The prosecutor shall send the reports of the person's current mental condition in every case of commitment, and, unless the prosecutor determines that the release of any of the other relevant information to unauthorized persons would interfere with the effective prosecution of any person or would create a substantial risk of harm to any person, the prosecutor also shall send the other relevant information. Upon admission of a person committed under division (F) of this section, the place of commitment shall send to the board of alcohol, drug addiction, and mental health services or the community mental health board serving the county in which the charges against the person were filed a copy of all reports of the person's current mental condition and a copy of the other relevant information provided by the prosecutor under this division, including, if provided, a transcript of the hearing held pursuant to division (A) of this section, the relevant police reports, and the prior arrest and conviction records that pertain to the person and that the prosecutor possesses.
(H) A person who is committed pursuant to this section shall not voluntarily admit the person or be voluntarily admitted to a hospital or institution pursuant to section 5122.02, 5122.15, 5123.69, or 5123.76 of the Revised Code.

Sec. 2945.401. (A) A defendant found incompetent to stand trial and committed pursuant to section 2945.39 of the Revised Code or a person found not guilty by reason of insanity and committed pursuant to section 2945.40 of the Revised Code shall remain subject to the jurisdiction of the trial court pursuant to that commitment, and to the provisions of this section, until the final termination of the commitment as described in division (J)(1) of this section. If the jurisdiction is terminated under this division because of the final termination of the commitment resulting from the expiration of the maximum prison term or term of imprisonment described in division (J)(1)(b) of this section, the court or prosecutor may file an affidavit for the civil commitment of the defendant or person pursuant to Chapter 5122. or 5123. of the Revised Code.

(B) A hearing conducted under any provision of sections 2945.37 to 2945.402 of the Revised Code shall not be conducted in accordance with Chapters 5122. and 5123. of the Revised Code. Any person who is committed pursuant to section 2945.39 or 2945.40 of the Revised Code shall not voluntarily admit the person or be voluntarily admitted to a hospital or institution pursuant to section 5122.02, 5122.15, 5123.69, or 5123.76 of the Revised Code. All other provisions of Chapters 5122. and 5123. of the Revised Code regarding hospitalization or institutionalization shall apply to the extent they are not in conflict with this chapter. A commitment under section 2945.39 or 2945.40 of the Revised Code shall not be terminated and the conditions of the commitment shall not be changed except as otherwise provided in division (D)(2) of this section with respect to a mentally retarded person subject to
institutionalization by court order or except by order of the
trial court.

(C) The hospital, department of mental health or the
institution or facility, or program to which a defendant or person
has been committed under section 2945.39 or 2945.40 of the Revised
Code shall report in writing to the trial court, at the times
specified in this division, as to whether the defendant or person
remains a mentally ill person subject to hospitalization by court
order or a mentally retarded person subject to
institutionalization by court order and, in the case of a
defendant committed under section 2945.39 of the Revised Code, as
to whether the defendant remains incompetent to stand trial. The
hospital department, institution, or facility, or program shall
make the reports after the initial six months of treatment and
every two years after the initial report is made. The trial court
shall provide copies of the reports to the prosecutor and to the
counsel for the defendant or person. Within thirty days after its
receipt pursuant to this division of a report from a hospital the
department, institution, or facility, or program, the trial court
shall hold a hearing on the continued commitment of the defendant
or person or on any changes in the conditions of the commitment of
the defendant or person. The defendant or person may request a
change in the conditions of confinement, and the trial court shall
conduct a hearing on that request if six months or more have
elapsed since the most recent hearing was conducted under this
section.

(D)(1) Except as otherwise provided in division (D)(2) of
this section, when a defendant or person has been committed under
section 2945.39 or 2945.40 of the Revised Code, at any time after
evaluating the risks to public safety and the welfare of the
defendant or person, the chief clinical officer desighee of the
department of mental health or the managing officer of the
institution or director of the hospital, facility, or program to which the defendant or person is committed may recommend a termination of the defendant's or person's commitment or a change in the conditions of the defendant's or person's commitment.

Except as otherwise provided in division (D)(2) of this section, if the chief clinical officer designee of the department of mental health recommends on-grounds unsupervised movement, off-grounds supervised movement, or nonsecured status for the defendant or person or termination of the defendant's or person's commitment, the following provisions apply:

(a) If the chief clinical officer department's designee recommends on-grounds unsupervised movement or off-grounds supervised movement, the chief clinical officer department's designee shall file with the trial court an application for approval of the movement and shall send a copy of the application to the prosecutor. Within fifteen days after receiving the application, the prosecutor may request a hearing on the application and, if a hearing is requested, shall so inform the chief clinical officer department's designee. If the prosecutor does not request a hearing within the fifteen-day period, the trial court shall approve the application by entering its order approving the requested movement or, within five days after the expiration of the fifteen-day period, shall set a date for a hearing on the application. If the prosecutor requests a hearing on the application within the fifteen-day period, the trial court shall hold a hearing on the application within thirty days after the hearing is requested. If the trial court, within five days after the expiration of the fifteen-day period, sets a date for a hearing on the application, the trial court shall hold the hearing within thirty days after setting the hearing date. At least fifteen days before any hearing is held under this division, the trial court shall give the prosecutor written notice of the date,
time, and place of the hearing. At the conclusion of each hearing conducted under this division, the trial court either shall approve or disapprove the application and shall enter its order accordingly.

(b) If the chief clinical officer department's designee recommends termination of the defendant's or person's commitment at any time or if the chief clinical officer department's designee recommends the first of any nonsecured status for the defendant or person, the chief clinical officer department's designee shall send written notice of this recommendation to the trial court and to the local forensic center. The local forensic center shall evaluate the committed defendant or person and, within thirty days after its receipt of the written notice, shall submit to the trial court and the chief clinical officer department's designee a written report of the evaluation. The trial court shall provide a copy of the chief clinical officer's department's designee's written notice and of the local forensic center's written report to the prosecutor and to the counsel for the defendant or person. Upon the local forensic center's submission of the report to the trial court and the chief clinical officer department's designee, all of the following apply:

(i) If the forensic center disagrees with the recommendation of the chief clinical officer department's designee, it shall inform the chief clinical officer department's designee and the trial court of its decision and the reasons for the decision. The chief clinical officer department's designee, after consideration of the forensic center's decision, shall either withdraw, proceed with, or modify and proceed with the recommendation. If the chief clinical officer department's designee proceeds with, or modifies and proceeds with, the recommendation, the chief clinical officer department's designee shall proceed in accordance with division (D)(1)(b)(iii) of this section.

Am. Sub. H. B. No. 153 Page 1235
As Passed by the House
(ii) If the forensic center agrees with the recommendation of
the chief clinical officer department's designee, it shall inform
the chief clinical officer department's designee and the trial
court of its decision and the reasons for the decision, and the
chief clinical officer department's designee shall proceed in
accordance with division (D)(1)(b)(iii) of this section.

(iii) If the forensic center disagrees with the
recommendation of the chief clinical officer department's designee
and the chief clinical officer department's designee proceeds
with, or modifies and proceeds with, the recommendation or if the
forensic center agrees with the recommendation of the chief
clinical officer department's designee, the chief clinical officer
department's designee shall work with the board community mental
health agencies, programs, facilities, or boards of alcohol, drug
addiction, and mental health services or community mental health
board serving the area, as appropriate, to develop a plan to
implement the recommendation. If the defendant or person is on
medication, the plan shall include, but shall not be limited to, a
system to monitor the defendant's or person's compliance with the
prescribed medication treatment plan. The system shall include a
schedule that clearly states when the defendant or person shall
report for a medication compliance check. The medication
compliance checks shall be based upon the effective duration of
the prescribed medication, taking into account the route by which
it is taken, and shall be scheduled at intervals sufficiently
close together to detect a potential increase in mental illness
symptoms that the medication is intended to prevent.

The chief clinical officer, after consultation with the board
of alcohol, drug addiction, and mental health services or the
community mental health board serving the area, department's
designee shall send the recommendation and plan developed under
division (D)(1)(b)(iii) of this section, in writing, to the trial court, the prosecutor and the counsel for the committed defendant or person. The trial court shall conduct a hearing on the recommendation and plan developed under division (D)(1)(b)(iii) of this section. Divisions (D)(1)(c) and (d) and (E) to (J) of this section apply regarding the hearing.

(c) If the chief clinical officer's department's designee's recommendation is for nonsecured status or termination of commitment, the prosecutor may obtain an independent expert evaluation of the defendant's or person's mental condition, and the trial court may continue the hearing on the recommendation for a period of not more than thirty days to permit time for the evaluation.

The prosecutor may introduce the evaluation report or present other evidence at the hearing in accordance with the Rules of Evidence.

(d) The trial court shall schedule the hearing on a chief clinical officer's department's designee's recommendation for nonsecured status or termination of commitment and shall give reasonable notice to the prosecutor and the counsel for the defendant or person. Unless continued for independent evaluation at the prosecutor's request or for other good cause, the hearing shall be held within thirty days after the trial court's receipt of the recommendation and plan.

(2)(a) Division (D)(1) of this section does not apply to on-grounds unsupervised movement of a defendant or person who has been committed under section 2945.39 or 2945.40 of the Revised Code, who is a mentally retarded person subject to institutionalization by court order, and who is being provided residential habilitation, care, and treatment in a facility operated by the department of developmental disabilities.
(b) If, pursuant to section 2945.39 of the Revised Code, the trial court commits a defendant who is found incompetent to stand trial and who is a mentally retarded person subject to institutionalization by court order, if the defendant is being provided residential habilitation, care, and treatment in a facility operated by the department of developmental disabilities, if an individual who is conducting a survey for the department of health to determine the facility's compliance with the certification requirements of the medicaid program under Chapter 5111. of the Revised Code and Title XIX of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, cites the defendant's receipt of the residential habilitation, care, and treatment in the facility as being inappropriate under the certification requirements, if the defendant's receipt of the residential habilitation, care, and treatment in the facility potentially jeopardizes the facility's continued receipt of federal medicaid moneys, and if as a result of the citation the chief clinical officer of the facility determines that the conditions of the defendant's commitment should be changed, the department of developmental disabilities may cause the defendant to be removed from the particular facility and, after evaluating the risks to public safety and the welfare of the defendant and after determining whether another type of placement is consistent with the certification requirements, may place the defendant in another facility that the department selects as an appropriate facility for the defendant's continued receipt of residential habilitation, care, and treatment and that is a no less secure setting than the facility in which the defendant had been placed at the time of the citation. Within three days after the defendant's removal and alternative placement under the circumstances described in division (D)(2)(b) of this section, the department of developmental disabilities shall notify the trial court and the prosecutor in writing of the removal and alternative
The trial court shall set a date for a hearing on the removal and alternative placement, and the hearing shall be held within twenty-one days after the trial court's receipt of the notice from the department of developmental disabilities. At least ten days before the hearing is held, the trial court shall give the prosecutor, the department of developmental disabilities, and the counsel for the defendant written notice of the date, time, and place of the hearing. At the hearing, the trial court shall consider the citation issued by the individual who conducted the survey for the department of health to be prima-facie evidence of the fact that the defendant's commitment to the particular facility was inappropriate under the certification requirements of the medicaid program under Chapter 5111. of the Revised Code and Title XIX of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, and potentially jeopardizes the particular facility's continued receipt of federal medicaid moneys. At the conclusion of the hearing, the trial court may approve or disapprove the defendant's removal and alternative placement. If the trial court approves the defendant's removal and alternative placement, the department of developmental disabilities may continue the defendant's alternative placement. If the trial court disapproves the defendant's removal and alternative placement, it shall enter an order modifying the defendant's removal and alternative placement, but that order shall not require the department of developmental disabilities to replace the defendant for purposes of continued residential habilitation, care, and treatment in the facility associated with the citation issued by the individual who conducted the survey for the department of health.

(E) In making a determination under this section regarding nonsecured status or termination of commitment, the trial court
shall consider all relevant factors, including, but not limited to, all of the following:

(1) Whether, in the trial court's view, the defendant or person currently represents a substantial risk of physical harm to the defendant or person or others;

(2) Psychiatric and medical testimony as to the current mental and physical condition of the defendant or person;

(3) Whether the defendant or person has insight into the defendant's or person's condition so that the defendant or person will continue treatment as prescribed or seek professional assistance as needed;

(4) The grounds upon which the state relies for the proposed commitment;

(5) Any past history that is relevant to establish the defendant's or person's degree of conformity to the laws, rules, regulations, and values of society;

(6) If there is evidence that the defendant's or person's mental illness is in a state of remission, the medically suggested cause and degree of the remission and the probability that the defendant or person will continue treatment to maintain the remissive state of the defendant's or person's illness should the defendant's or person's commitment conditions be altered.

(F) At any hearing held pursuant to division (C) or (D)(1) or (2) of this section, the defendant or the person shall have all the rights of a defendant or person at a commitment hearing as described in section 2945.40 of the Revised Code.

(G) In a hearing held pursuant to division (C) or (D)(1) of this section, the prosecutor has the burden of proof as follows:

(1) For a recommendation of termination of commitment, to show by clear and convincing evidence that the defendant or person
remains a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order;

(2) For a recommendation for a change in the conditions of the commitment to a less restrictive status, to show by clear and convincing evidence that the proposed change represents a threat to public safety or a threat to the safety of any person.

(H) In a hearing held pursuant to division (C) or (D)(1) or (2) of this section, the prosecutor shall represent the state or the public interest.

(I) At the conclusion of a hearing conducted under division (D)(1) of this section regarding a recommendation from the chief clinical officer designee of the department of mental health, managing officer of the institution, or director of a hospital, program, or facility, the trial court may approve, disapprove, or modify the recommendation and shall enter an order accordingly.

(J)(1) A defendant or person who has been committed pursuant to section 2945.39 or 2945.40 of the Revised Code continues to be under the jurisdiction of the trial court until the final termination of the commitment. For purposes of division (J) of this section, the final termination of a commitment occurs upon the earlier of one of the following:

(a) The defendant or person no longer is a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order, as determined by the trial court;

(b) The expiration of the maximum prison term or term of imprisonment that the defendant or person could have received if the defendant or person had been convicted of the most serious offense with which the defendant or person was charged or in relation to which the defendant or person was found not guilty by
reason of insanity;

(c) The trial court enters an order terminating the commitment under the circumstances described in division (J)(2)(a)(ii) of this section.

(2)(a) If a defendant is found incompetent to stand trial and committed pursuant to section 2945.39 of the Revised Code, if neither of the circumstances described in divisions (J)(1)(a) and (b) of this section applies to that defendant, and if a report filed with the trial court pursuant to division (C) of this section indicates that the defendant presently is competent to stand trial or if, at any other time during the period of the defendant's commitment, the prosecutor, the counsel for the defendant, or the chief clinical officer designee of the department of mental health or the managing officer of the institution or director of the hospital, facility, or program to which the defendant is committed files an application with the trial court alleging that the defendant presently is competent to stand trial and requesting a hearing on the competency issue or the trial court otherwise has reasonable cause to believe that the defendant presently is competent to stand trial and determines on its own motion to hold a hearing on the competency issue, the trial court shall schedule a hearing on the competency of the defendant to stand trial, shall give the prosecutor, the counsel for the defendant, and the chief clinical officer department's designee or the managing officer of the institution or the director of the facility to which the defendant is committed notice of the date, time, and place of the hearing at least fifteen days before the hearing, and shall conduct the hearing within thirty days of the filing of the application or of its own motion. If, at the conclusion of the hearing, the trial court determines that the defendant presently is capable of understanding the nature and objective of the proceedings against
the defendant and of assisting in the defendant's defense, the trial court shall order that the defendant is competent to stand trial and shall be proceeded against as provided by law with respect to the applicable offenses described in division (C)(1) of section 2945.38 of the Revised Code and shall enter whichever of the following additional orders is appropriate:

(i) If the trial court determines that the defendant remains a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order, the trial court shall order that the defendant's commitment to the hospital, department of mental health or to an institution or facility, or program for the treatment of developmental disabilities be continued during the pendency of the trial on the applicable offenses described in division (C)(1) of section 2945.38 of the Revised Code.

(ii) If the trial court determines that the defendant no longer is a mentally ill person subject to hospitalization by court order or a mentally retarded person subject to institutionalization by court order, the trial court shall order that the defendant's commitment to the hospital, department of mental health or to an institution or facility, or program for the treatment of developmental disabilities shall not be continued during the pendency of the trial on the applicable offenses described in division (C)(1) of section 2945.38 of the Revised Code. This order shall be a final termination of the commitment for purposes of division (J)(1)(c) of this section.

(b) If, at the conclusion of the hearing described in division (J)(2)(a) of this section, the trial court determines that the defendant remains incapable of understanding the nature and objective of the proceedings against the defendant or of assisting in the defendant's defense, the trial court shall order that the defendant continues to be incompetent to stand trial,
that the defendant's commitment to the department of mental health or to an institution or facility, or program for the treatment of developmental disabilities shall be continued, and that the defendant remains subject to the jurisdiction of the trial court pursuant to that commitment, and to the provisions of this section, until the final termination of the commitment as described in division (J)(1) of this section.

Sec. 2945.402. (A) In approving a conditional release, the trial court may set any conditions on the release with respect to the treatment, evaluation, counseling, or control of the defendant or person that the court considers necessary to protect the public safety and the welfare of the defendant or person. The trial court may revoke a defendant's or person's conditional release and order rehospitalization reinstatement of the previous placement or reinstitutionalization at any time the conditions of the release have not been satisfied, provided that the revocation shall be in accordance with this section.

(B) A conditional release is a commitment. The hearings on continued commitment as described in section 2945.401 of the Revised Code apply to a defendant or person on conditional release.

(C) A person, agency, or facility that is assigned to monitor a defendant or person on conditional release immediately shall notify the trial court on learning that the defendant or person being monitored has violated the terms of the conditional release. Upon learning of any violation of the terms of the conditional release, the trial court may issue a temporary order of detention or, if necessary, an arrest warrant for the defendant or person. Within ten court days after the defendant's or person's detention or arrest, the trial court shall conduct a hearing to determine whether the conditional release should be modified or terminated.
At the hearing, the defendant or person shall have the same rights as are described in division (C) of section 2945.40 of the Revised Code. The trial court may order a continuance of the ten-court-day period for no longer than ten days for good cause shown or for any period on motion of the defendant or person. If the trial court fails to conduct the hearing within the ten-court-day period and does not order a continuance in accordance with this division, the defendant or person shall be restored to the prior conditional release status.

(D) The trial court shall give all parties reasonable notice of a hearing conducted under this section. At the hearing, the prosecutor shall present the case demonstrating that the defendant or person violated the terms of the conditional release. If the court finds by a preponderance of the evidence that the defendant or person violated the terms of the conditional release, the court may continue, modify, or terminate the conditional release and shall enter its order accordingly.

Sec. 2949.14. Upon conviction of a nonindigent person for a felony, the clerk of the court of common pleas shall make and certify under his hand and seal of the court, a complete itemized bill of the costs made in such prosecution, including the sum paid by the board of county commissioners, certified by the county auditor, for the arrest and return of the person on the requisition of the governor, or on the request of the governor to the president of the United States, or on the return of the fugitive by a designated agent pursuant to a waiver of extradition except in cases of parole violation. Such bill of costs shall be presented by such clerk to the prosecuting attorney, who shall examine each item therein charged and certify to it if correct and legal. Upon certification by the prosecuting attorney, the clerk shall attempt to collect the costs from the person convicted.
Sec. 3109.16. The children's trust fund board, upon the recommendation of the director of job and family services, shall approve the employment of an executive director who will administer the programs of the board. The department of job and family services shall provide budgetary, procurement, accounting, and other related management functions for the board and may adopt rules in accordance with Chapter 119. of the Revised Code for these purposes. An amount not to exceed three per cent of the total amount of fees deposited in the children's trust fund in each fiscal year may be used for costs directly related to these administrative functions of the department. Each fiscal year, the board shall approve a budget for administrative expenditures for the next fiscal year.

The board may request that the department adopt rules the board considers necessary for the purpose of carrying out the board's responsibilities under this section, and the department may adopt those rules. The department may, after consultation with the board and the executive director, adopt any other rules to assist the board in carrying out its responsibilities under this section. In either case, the rules shall be adopted under Chapter 119. of the Revised Code.

The board shall meet at least quarterly at the call of the chairperson to conduct its official business. All business transactions of the board shall be conducted in public meetings. Eight members of the board constitute a quorum. A majority of the board members is required to adopt the state plan for the allocation of funds from the children's trust fund. A majority of the quorum is required to make all other decisions of the board.

The board may apply for and accept federal and other funds for the purpose of funding child abuse and child neglect prevention programs. In addition, the board may accept gifts and
donations from any source, including individuals, philanthropic foundations or organizations, corporations, or corporation endowments. The acceptance and use of federal funds shall not entail any commitment or pledge of state funds, nor obligate the general assembly to continue the programs or activities for which the federal funds are made available. All funds received in the manner described in this section shall be transmitted to the treasurer of state, who shall credit them to the children's trust fund created in section 3109.14 of the Revised Code.

Sec. 3109.17. (A) For each fiscal biennium, the children's trust fund board shall establish a biennial state plan for comprehensive child abuse and child neglect prevention. The plan shall be transmitted to the governor, the president and minority leader of the senate, and the speaker and minority leader of the house of representatives and shall be made available to the general public. The board may define in the state plan the term "effective public notice." If the board does not define that term in the state plan, the board shall include in the state plan the definition of "effective public notice" specified in rules adopted by the department of job and family services.

are necessary for its government and the government of its employees, and may delegate to the superintendent of public instruction the management and administration of any function imposed on it by law. It may provide for the appointment of board members to serve on temporary committees established by the board for such purposes as are necessary. Permanent or standing committees shall not be created.

(O) Upon application from the board of education of a school district, the superintendent of public instruction may issue a waiver exempting the district from compliance with the standards adopted under divisions (B)(2) and (D) of this section, as they relate to the operation of a school operated by the district. The state board shall adopt standards for the approval or disapproval of waivers under this division. The state superintendent shall consider every application for a waiver, and shall determine whether to grant or deny a waiver in accordance with the state board's standards. For each waiver granted, the state superintendent shall specify the period of time during which the waiver is in effect, which shall not exceed five years. A district board may apply to renew a waiver.

Sec. 3301.071. (A)(1) In the case of nontax-supported schools, standards for teacher certification prescribed under section 3301.07 of the Revised Code shall provide for certification, without further educational requirements, of any administrator, supervisor, or teacher who has attended and received a bachelor's degree from a college or university accredited by a national or regional association in the United States except that, at the discretion of the state board of education, this requirement may be met by having an equivalent degree from a foreign college or university of comparable standing.
In the case of nonchartered, nontax-supported schools, the standards for teacher certification prescribed under section 3301.07 of the Revised Code shall provide for certification, without further educational requirements, of any administrator, supervisor, or teacher who has attended and received a diploma from a "bible college" or "bible institute" described in division (E) of section 1713.02 of the Revised Code.

A certificate issued under division (A)(3) of this section shall be valid only for teaching foreign language, music, religion, computer technology, or fine arts.

Sec. 3301.079. (A)(1) Not later than June 30, 2010, and at least once every five years thereafter, the state board of education shall adopt statewide academic standards with emphasis on coherence, focus, and rigor for each of grades kindergarten through twelve in English language arts, mathematics, science, and social studies.

The standards shall specify the following:

(a) The core academic content and skills that students are expected to know and be able to do at each grade level that will allow each student to be prepared for postsecondary instruction and the workplace for success in the twenty-first century;

(b) The development of skill sets as they relate to creativity and innovation, critical thinking and problem solving, and communication and collaboration;

(c) The development of skill sets that promote information, media, and technological literacy;

(d) The development of skill sets that promote personal management, productivity and accountability, and leadership and
responsibility;

(e)(c) Interdisciplinary, project-based, real-world learning opportunities.

(2) After completing the standards required by division (A)(1) of this section, the state board shall adopt standards and model curricula for instruction in computer literacy, financial literacy and entrepreneurship, fine arts, and foreign language for grades kindergarten through twelve. The standards shall meet the same requirements prescribed in divisions (A)(1)(a) to (e)(c) of this section.

(3) The state board shall adopt the most recent standards developed by the national association for sport and physical education for physical education in grades kindergarten through twelve or shall adopt its own standards for physical education in those grades and revise and update them periodically.

The department shall employ a full-time physical education coordinator to provide guidance and technical assistance to districts, community schools, and STEM schools in implementing the physical education standards adopted under this division. The superintendent of public instruction shall determine that the person employed as coordinator is qualified for the position, as demonstrated by possessing an adequate combination of education, license, and experience.

(4) When academic standards have been completed for any subject area required by this section, the state board shall inform all school districts, all community schools established under Chapter 3314. of the Revised Code, all STEM schools established under Chapter 3326. of the Revised Code, and all nonpublic schools required to administer the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code of the content of those standards.
(B) Not later than March 31, 2011, the state board shall adopt a model curriculum for instruction in each subject area for which updated academic standards are required by division (A)(1) of this section and for each of grades kindergarten through twelve that is sufficient to meet the needs of students in every community. The model curriculum shall be aligned with the standards, to ensure that the academic content and skills specified for each grade level are taught to students, and shall demonstrate vertical articulation and emphasize coherence, focus, and rigor. When any model curriculum has been completed, the state board shall inform all school districts, community schools, and STEM schools of the content of that model curriculum.

All school districts, community schools, and STEM schools may utilize the state standards and the model curriculum established by the state board, together with other relevant resources, examples, or models to ensure that students have the opportunity to attain the academic standards. Upon request, the department of education shall provide technical assistance to any district, community school, or STEM school in implementing the model curriculum.

Nothing in this section requires any school district to utilize all or any part of a model curriculum developed under this division.

(C) The state board shall develop achievement assessments aligned with the academic standards and model curriculum for each of the subject areas and grade levels required by divisions (A)(1) and (B)(1) of section 3301.0710 of the Revised Code.

(D)(1) The state board shall adopt a diagnostic assessment aligned with the academic standards and model curriculum for each of grades kindergarten through two in English language arts and mathematics and for grade three in English language arts. The diagnostic assessment shall be designed to measure student comprehension of academic content and mastery of related skills for the relevant subject area and grade level. Any diagnostic assessment shall not include components to identify gifted students. Blank copies of diagnostic assessments shall be public records.

(2) When each diagnostic assessment has been completed, the state board shall inform all school districts of its completion and the department of education shall make the diagnostic assessment available to the districts at no cost to the district. School districts shall administer the diagnostic assessment pursuant to section 3301.0715 of the Revised Code beginning the first school year following the development of the assessment.

(E) The state board shall not adopt a diagnostic or achievement assessment for any grade level or subject area other than those specified in this section.

(F) Whenever the state board or the department of education consults with persons for the purpose of drafting or reviewing any standards, diagnostic assessments, achievement assessments, or model curriculum required under this section, the state board or the department shall first consult with parents of students in kindergarten through twelfth grade and with active Ohio classroom teachers, other school personnel, and administrators with expertise in the appropriate subject area. Whenever practicable, the state board and department shall consult with teachers recognized as outstanding in their fields.
If the department contracts with more than one outside entity for the development of the achievement assessments required by this section, the department shall ensure the interchangeability of those assessments.

(G) The fairness sensitivity review committee, established by rule of the state board of education, shall not allow any question on any achievement or diagnostic assessment developed under this section or any proficiency test prescribed by former section 3301.0710 of the Revised Code, as it existed prior to September 11, 2001, to include, be written to promote, or inquire as to individual moral or social values or beliefs. The decision of the committee shall be final. This section does not create a private cause of action.

(H) Not later than forty-five days prior to the initial deadline established under division (A)(1) of this section and the deadline established under division (B) of this section, the superintendent of public instruction shall present the academic standards or model curricula, as applicable, to the respective committees of the house of representatives and senate that consider education legislation.

(I) As used in this section:

1. "Coherence" means a reflection of the structure of the discipline being taught.

2. "Focus" means limiting the number of items included in a curriculum to allow for deeper exploration of the subject matter.

3. "Rigor" means more challenging and demanding when compared to international standards.

4. "Vertical articulation" means key academic concepts and skills associated with mastery in particular content areas should be articulated and reinforced in a developmentally appropriate manner at each grade level so that over time students acquire a
depth of knowledge and understanding in the core academic disciplines.

**Sec. 3301.0710.** The state board of education shall adopt rules establishing a statewide program to assess student achievement. The state board shall ensure that all assessments administered under the program are aligned with the academic standards and model curricula adopted by the state board and are created with input from Ohio parents, Ohio classroom teachers, Ohio school administrators, and other Ohio school personnel pursuant to section 3301.079 of the Revised Code.

The assessment program shall be designed to ensure that students who receive a high school diploma demonstrate at least high school levels of achievement in English language arts, mathematics, science, and social studies, and other skills necessary in the twenty-first century.

(A)(1) The state board shall prescribe all of the following:

(a) Two statewide achievement assessments, one each designed to measure the level of English language arts and mathematics skill expected at the end of third grade;

(b) Two statewide achievement assessments, one each designed to measure the level of English language arts and mathematics skill expected at the end of fourth grade;

(c) Four statewide achievement assessments, one each designed to measure the level of English language arts, mathematics, science, and social studies skill expected at the end of fifth grade;

(d) Two statewide achievement assessments, one each designed to measure the level of English language arts and mathematics skill expected at the end of sixth grade;

(e) Two statewide achievement assessments, one each designed
to measure the level of English language arts and mathematics skill expected at the end of seventh grade;

(f) Four statewide achievement assessments, one each designed to measure the level of English language arts, mathematics, science, and social studies skill expected at the end of eighth grade.

(2) The state board shall determine and designate at least three ranges of scores on each of the achievement assessments described in divisions (A)(1) and (B)(1) of this section. Each range of scores shall be deemed to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

(a) An advanced level of skill;
(b) A proficient level of skill;
(c) A limited level of skill.

(B)(1) The assessments prescribed under division (B)(1) of this section shall collectively be known as the Ohio graduation tests. The state board shall prescribe five statewide high school achievement assessments, one each designed to measure the level of reading, writing, mathematics, science, and social studies skill expected at the end of tenth grade. The state board shall designate a score in at least the range designated under division (A)(2)(b) of this section on each such assessment that shall be deemed to be a passing score on the assessment as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code until the assessment system prescribed by section 3301.0712 of the Revised Code is implemented in accordance with rules adopted by the state board under division (E)(D) of that section.

(2) The state board shall prescribe an assessment system in accordance with section 3301.0712 of the Revised Code that shall
replace the Ohio graduation tests in the manner prescribed by
rules adopted by the state board under division (D) of that
section.

(3) The state board may enter into a reciprocal agreement
with the appropriate body or agency of any other state that has
similar statewide achievement assessment requirements for
receiving high school diplomas, under which any student who has
met an achievement assessment requirement of one state is
recognized as having met the similar requirement of the other
state for purposes of receiving a high school diploma. For
purposes of this section and sections 3301.0711 and 3313.61 of the
Revised Code, any student enrolled in any public high school in
this state who has met an achievement assessment requirement
specified in a reciprocal agreement entered into under this
division shall be deemed to have attained at least the applicable
score designated under this division on each assessment required
by division (B)(1) or (2) of this section that is specified in the
agreement.

(C) The superintendent of public instruction shall designate
dates and times for the administration of the assessments
prescribed by divisions (A) and (B) of this section.

In prescribing administration dates pursuant to this
division, the superintendent shall designate the dates in such a
way as to allow a reasonable length of time between the
administration of assessments prescribed under this section and
any administration of the national assessment of educational
progress given to students in the same grade level pursuant to
section 3301.27 of the Revised Code or federal law.

(D) The state board shall prescribe a practice version of
each Ohio graduation test described in division (B)(1) of this
section that is of comparable length to the actual test.
(E) Any committee established by the department of education for the purpose of making recommendations to the state board regarding the state board's designation of scores on the assessments described by this section shall inform the state board of the probable percentage of students who would score in each of the ranges established under division (A)(2) of this section on the assessments if the committee's recommendations are adopted by the state board. To the extent possible, these percentages shall be disaggregated by gender, major racial and ethnic groups, limited English proficient students, economically disadvantaged students, students with disabilities, and migrant students.

If the state board intends to make any change to the committee's recommendations, the state board shall explain the intended change to the Ohio accountability task force established by section 3302.021 of the Revised Code. The task force shall recommend whether the state board should proceed to adopt the intended change. Nothing in this division shall require the state board to designate assessment scores based upon the recommendations of the task force.

Sec. 3301.0711. (A) The department of education shall:

(1) Annually furnish to, grade, and score all assessments required by divisions (A)(1) and (B)(1) of section 3301.0710 of the Revised Code to be administered by city, local, exempted village, and joint vocational school districts, except that each district shall score any assessment administered pursuant to division (B)(10) of this section. Each assessment so furnished shall include the data verification code of the student to whom the assessment will be administered, as assigned pursuant to division (D)(2) of section 3301.0714 of the Revised Code. In furnishing the practice versions of Ohio graduation tests prescribed by division (D) of section 3301.0710 of the Revised
Code, the department shall make the tests available on its web site for reproduction by districts. In awarding contracts for grading assessments, the department shall give preference to Ohio-based entities employing Ohio residents.

(2) Adopt rules for the ethical use of assessments and prescribing the manner in which the assessments prescribed by section 3301.0710 of the Revised Code shall be administered to students.

(B) Except as provided in divisions (C) and (J) of this section, the board of education of each city, local, and exempted village school district shall, in accordance with rules adopted under division (A) of this section:

(1) Administer the English language arts assessments prescribed under division (A)(1)(a) of section 3301.0710 of the Revised Code twice annually to all students in the third grade who have not attained the score designated for that assessment under division (A)(2)(b) of section 3301.0710 of the Revised Code.

(2) Administer the mathematics assessment prescribed under division (A)(1)(a) of section 3301.0710 of the Revised Code at least once annually to all students in the third grade.

(3) Administer the assessments prescribed under division (A)(1)(b) of section 3301.0710 of the Revised Code at least once annually to all students in the fourth grade.

(4) Administer the assessments prescribed under division (A)(1)(c) of section 3301.0710 of the Revised Code at least once annually to all students in the fifth grade.

(5) Administer the assessments prescribed under division (A)(1)(d) of section 3301.0710 of the Revised Code at least once annually to all students in the sixth grade.

(6) Administer the assessments prescribed under division
(A)(1)(e) of section 3301.0710 of the Revised Code at least once
annually to all students in the seventh grade.

(7) Administer the assessments prescribed under division
(A)(1)(f) of section 3301.0710 of the Revised Code at least once
annually to all students in the eighth grade.

(8) Except as provided in division (B)(9) of this section,
administer any assessment prescribed under division (B)(1) of
section 3301.0710 of the Revised Code as follows:

(a) At least once annually to all tenth grade students and at
least twice annually to all students in eleventh or twelfth grade
who have not yet attained the score on that assessment designated
under that division;

(b) To any person who has successfully completed the
curriculum in any high school or the individualized education
program developed for the person by any high school pursuant to
section 3323.08 of the Revised Code but has not received a high
school diploma and who requests to take such assessment, at any
time such assessment is administered in the district.

(9) In lieu of the board of education of any city, local, or
exempted village school district in which the student is also
enrolled, the board of a joint vocational school district shall
administer any assessment prescribed under division (B)(1) of
section 3301.0710 of the Revised Code at least twice annually to
any student enrolled in the joint vocational school district who
has not yet attained the score on that assessment designated under
that division. A board of a joint vocational school district may
also administer such an assessment to any student described in
division (B)(8)(b) of this section.

(10) If the district has been declared to be under an
academic watch or in a state of academic emergency pursuant to
section 3302.03 of the Revised Code or has a three-year average
graduation rate of not more than seventy-five per cent, administer each assessment prescribed by division (D) of section 3301.0710 of the Revised Code in September to all ninth grade students, beginning in the school year that starts July 1, 2005.

Except as provided in section 3313.614 of the Revised Code for administration of an assessment to a person who has fulfilled the curriculum requirement for a high school diploma but has not passed one or more of the required assessments, the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code and the practice assessments prescribed under division (D) of that section and required to be administered under divisions (B)(8), (9), and (10) of this section shall not be administered after the assessment system prescribed by division (B)(2) of section 3301.0710 and section 3301.0712 of the Revised Code is implemented under rule of the state board adopted under division (E)(D)(1) of section 3301.0712 of the Revised Code.

(11) Administer the assessments prescribed by division (B)(2) of section 3301.0710 and section 3301.0712 of the Revised Code in accordance with the timeline and plan for implementation of those assessments prescribed by rule of the state board adopted under division (E)(D)(1) of section 3301.0712 of the Revised Code.

(C)(1)(a) Any student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section. The individualized education program may be excused the student from taking any particular assessment required to be administered under this section if the individualized education program developed for the student pursuant to section 3323.08 of the Revised Code excuses the student from taking that assessment and it instead specifies an alternate assessment method approved
by the department of education as conforming to requirements of federal law for receipt of federal funds for disadvantaged pupils. To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

(c) Any student enrolled in a chartered nonpublic school who has been identified, based on an evaluation conducted in accordance with section 3323.03 of the Revised Code or section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C.A. 794, as amended, as a child with a disability shall be excused from taking any particular assessment required to be administered under this section if a plan developed for the student pursuant to rules adopted by the state board excuses the student from taking that assessment. In the case of any student so excused from taking an assessment, the chartered nonpublic school shall not prohibit the student from taking the assessment.

(2) A district board may, for medical reasons or other good cause, excuse a student from taking an assessment administered under this section on the date scheduled, but that assessment shall be administered to the excused student not later than nine days following the scheduled date. The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board of education not later than the thirtieth day of June.

(3) As used in this division, "limited English proficient
student” has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any limited English proficient student from taking any particular assessment required to be administered under this section, except that any limited English proficient student who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment. However, no board shall prohibit a limited English proficient student who is not required to take an assessment under this division from taking the assessment. A board may permit any limited English proficient student to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each limited English proficient student, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

The governing authority of a chartered nonpublic school may excuse a limited English proficient student from taking any assessment administered under this section. However, no governing authority shall prohibit a limited English proficient student from taking the assessment.

(D)(1) In the school year next succeeding the school year in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A)(1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student intervention services commensurate with the student's performance, including any intensive intervention required under section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on
the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised Code and division (M) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a
higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. Each district board shall submit the assessments to the entity with which the department contracts for the scoring of the assessments as follows:

(a) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was less than two thousand five hundred, not later than the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the
student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking an assessment prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code within sixty days after its administration, but in no case shall the scores be returned later than the fifteenth day of June following the administration. For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board of education shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of
education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board of education shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the state board of education shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to both of the following:

(a) Students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1) As a condition of compliance with section 3313.612 of the Revised Code, each chartered nonpublic school that educates
students in grades nine through twelve shall administer the assessments prescribed by divisions (B)(1) and (2) of section 3301.0710 of the Revised Code. Any chartered nonpublic school may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(2) The department of education shall furnish the assessments prescribed by section 3301.0710 or 3301.0712 of the Revised Code to each chartered nonpublic school that participates under this division.

(L)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division (C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

The district board may revise the innovation plan prior to making formal application for designation as a school district of
innovation.

Sec. 3302.063. (A) Except as provided in division (B) of this section, upon designation of a school district of innovation under section 3302.062 of the Revised Code, the state board of education shall waive any laws in Title XXXIII of the Revised Code or rules adopted by the state board that are specified in the innovation plan submitted by the district board of education as needing to be waived to implement the plan. (C) If a district board's revisions to an innovation plan under section 3302.066 of the Revised Code require a waiver of additional laws or state board rules, the state board shall grant a waiver from those laws or rules upon evidence that administrators and teachers have consented to the revisions as required by that section.

Sec. 3302.064. (A) Each collective bargaining agreement entered into by a school district board of education under Chapter 4117. of the Revised Code on or after the effective date of this section shall allow for the waiver of any provision of the agreement specified in the innovation plan approved or created under section 3302.061 of the Revised Code as needing to be waived to implement the plan, in the event the district is designated as a school district of innovation.

(B)(1) In the case of an innovation school, waiver of the provisions specified in the innovation plan shall be contingent upon at least sixty per cent of the members of the bargaining unit covered by the collective bargaining agreement who work in the school voting, by secret ballot, to approve the waiver.

(2) In the case of an innovation school zone, waiver of the provisions specified in the innovation plan shall be contingent...
upon, in each participating school, at least sixty per cent of the members of the bargaining unit covered by the collective bargaining agreement who work in that school voting, by secret ballot, to approve the waiver. If at least sixty per cent of the members of the bargaining unit in a participating school do not vote to approve the waiver, the board may revise the innovation plan to remove that school from the innovation school zone.

(3) If a board's revisions to an innovation plan under section 3302.066 of the Revised Code require a waiver of additional provisions of the collective bargaining agreement, that waiver shall be contingent upon approval under division (B)(1) or (2) of this section in the same manner as the initial waiver.

(C) A waiver approved under division (B) of this section shall continue to apply relative to any substantially similar provision of a collective bargaining agreement entered into after the approval of the waiver.

(D) A waiver approved under division (B) of this section shall cease to apply to a school if the school's designation as an innovation school is revoked or the innovation school zone in which the school participates has its designation revoked under section 3302.065 of the Revised Code, or if the school is removed from an innovation school zone under that section.

(E) An employee working in an innovation school or a school participating in an innovation school zone who is a member of a bargaining unit that approves a waiver under division (B) of this section may request the board to transfer the employee to another school operated by the district. The board shall make every reasonable effort to accommodate the employee's request.

Sec. 3302.065. Not later than three years after obtaining designation as a school district of innovation under section 3302.062 of the Revised Code, and every three years thereafter,
the district board of education shall review the performance of
the innovation school or innovation school zone and determine if
it is achieving, or making sufficient progress toward achieving,
the improvements in student academic performance that were
described in its innovation plan. If the board finds that an
innovation school is not achieving, or not making sufficient
progress toward achieving, those improvements in student academic
performance, the board may revoke the designation as an innovation
school. If the board finds that a school participating in an
innovation school zone is not achieving, or not making sufficient
progress toward achieving, those improvements in student academic
performance, the board may remove that school from the innovation
school zone or may revoke the designation of all participating
schools as an innovation school zone.

Sec. 3302.066. A school district board of education may
revise an innovation plan approved or created under section
3302.061 of the Revised Code, in collaboration with the school or
schools participating in the plan, to further improve student
academic performance. The revisions may include identifying
additional laws in Title XXXIII of the Revised Code, rules adopted
by the state board of education, requirements enacted by the
district board, or provisions of a collective bargaining agreement
that need to be waived. Any revisions to an innovation plan shall
require the consent, in each school participating in the plan, of
a majority of the administrators assigned to that school and a
majority of the teachers assigned to that school.

Sec. 3302.067. The board of education of any district
designated as a school district of innovation or any school
participating in an innovation plan may accept, receive, and
expend gifts, grants, or donations from any public or private
entity to support the implementation of the plan.

Sec. 3302.068. Not later than the first day of July each year, the department of education shall issue, and post on its website, a report on school districts of innovation. The report shall include the following information:

(A) The number of districts designated as school districts of innovation in the preceding school year and the total number of school districts of innovation statewide;

(B) The number of innovation schools in each school district of innovation and the number of district students served by the schools, expressed as a total number and as a percentage of the district's total student population;

(C) The number of innovation school zones in each school district of innovation, the number of schools participating in each zone, and the number of district students served by the participating schools, expressed as a total number and as a percentage of the district's total student population;

(D) An overview of the innovations implemented in innovation schools and innovation school zones;

(E) Data on the academic performance of the students enrolled in an innovation school or an innovation school zone in each school district of innovation, including a comparison of the students' academic performance before and after the district's designation as a school district of innovation;

(F) Recommendations for legislative changes based on the innovations implemented or to enhance the ability of schools and districts to implement innovations.

Sec. 3302.07. (A) The board of education of any school district, the governing board of any educational service center,
or the administrative authority of any chartered nonpublic school may submit to the state board of education an application proposing an innovative education pilot program the implementation of which requires exemptions from specific statutory provisions or rules. If a district or service center board employs teachers under a collective bargaining agreement adopted pursuant to Chapter 4117. of the Revised Code, any application submitted under this division shall include the written consent of the teachers' employee representative designated under division (B) of section 4117.04 of the Revised Code. The exemptions requested in the application shall be limited to any requirement of Title XXXIII of the Revised Code or of any rule of the state board adopted pursuant to that title except that the application may not propose an exemption from any requirement of or rule adopted pursuant to sections 3306.09, Chapter 3307. or 3309., sections 3319.07 to 3319.21, or Chapter 3323. of the Revised Code. Furthermore, an exemption from any operating standard adopted under division (B)(2) or (D)(3) of section 3301.07 of the Revised Code shall be granted only pursuant to a waiver granted by the superintendent of public instruction under division (O) of that section.

(B) The state board of education shall accept any application submitted in accordance with division (A) of this section. The superintendent of public instruction shall approve or disapprove the application in accordance with standards for approval, which shall be adopted by the state board.

(C) The superintendent of public instruction shall exempt each district or service center board or chartered nonpublic school administrative authority with an application approved under division (B) of this section for a specified period from the statutory provisions or rules specified in the approved application. The period of exemption shall not exceed the period during which the pilot program proposed in the application is
being implemented and a reasonable period to allow for evaluation of the effectiveness of the program.

Sec. 3302.12. (A) Not later than the first day of September each year, the superintendent of public instruction shall rank all school buildings operated by a school district statewide from highest to lowest according to the buildings' performance index scores. For school buildings to which the performance index score does not apply, the superintendent shall develop another measure of student academic performance and use that measure to include those buildings in the ranking so that all district-operated buildings may be reliably compared to each other.

(B) For any school building that is ranked in the lowest five per cent of all district-operated buildings statewide for three consecutive years and is declared to be under an academic watch or in a state of academic emergency under section 3302.03 of the Revised Code, the district board of education shall do one of the following at the conclusion of the school year in which the building first becomes subject to this division:

(1) Close the school and direct the district superintendent to reassign the students enrolled in the school to other school buildings that demonstrate higher academic achievement;

(2) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;

(3) Replace the principal and all teaching staff of the school and, upon request from the new principal, exempt the school from all requested policies and regulations of the board regarding curriculum and instruction. The board also shall distribute funding to the school in an amount that is at least equal to the product of the per pupil amount of all revenues received by the district multiplied by the student population of the school.
(4) Reopen the school as a conversion community school under Chapter 3314. of the Revised Code.

(C) If an action taken by the board under division (B) of this section causes the district to no longer maintain all grades kindergarten through twelve, as required by section 3311.29 of the Revised Code, the board shall enter into a contract with another school district pursuant to section 3327.04 of the Revised Code for enrollment of students in the schools of that other district to the extent necessary to comply with the requirement of section 3311.29 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, if the board enters into and maintains a contract under section 3327.04 of the Revised Code, the district shall not be considered to have failed to comply with the requirement of section 3311.29 of the Revised Code. If, however, the district board fails to or is unable to enter into or maintain such a contract, the state board of education shall take all necessary actions to dissolve the district as provided in division (A) of section 3311.29 of the Revised Code.

Sec. 3302.20. (A) The department of education shall develop standards for determining, from the existing data reported in accordance with sections 3301.0714 and 3314.17 of the Revised Code, the amount of annual operating expenditures for classroom instructional purposes and for nonclassroom purposes for each city, exempted village, local, and joint vocational school district, each community school established under Chapter 3314 that is not an internet- or computer-based community school, each internet- or computer-based community school, and each STEM school established under Chapter 3326. of the Revised Code. state governments.

The state board shall consider the proposed standards and adopt a final set of standards not later than July 1, 2012.

(B)(1) The department shall categorize all city, exempted village, and local school districts into not less than three nor more than five groups based primarily on average daily student enrollment as reported on the most recent report card issued for each district under section 3302.03 of the Revised Code.

(3) The department shall categorize all community schools that are not internet- or computer-based community schools into not less than three nor more than five groups based primarily on average daily student enrollment as reported on the most recent report card issued for each community school under sections 3302.03 and 3314.012 of the Revised Code.

(4) The department shall categorize all internet- or computer-based community schools into a single category.

(5) The department shall categorize all STEM schools into a single category.

(C) Using the standards adopted under division (A) of this section and the data reported under sections 3301.0714 and 3314.17 of the Revised Code, the department shall compute, for fiscal years 2008 through 2012, and annually for each fiscal year thereafter, the following:

(F) As used in this section, "internet- or computer-based community school" has the same meaning as in section 3314.02 of the Revised Code.

Sec. 3302.21. (A) The department of education shall develop a system to rank order all city, exempted village, local, and joint vocational school districts, community schools established under Chapter 3314., and STEM schools established under Chapter 3326. of the Revised Code according to the following measures:

(1) Performance index score;

(4) Current operating expenditures per pupil;

(5) Of total current operating expenditures, percentage spent
for classroom instruction as determined under standards adopted by the state board of education.

The program applies only to teachers who teach in city, exempted village, local, and joint vocational school districts, community schools established under Chapter 3314. of the Revised Code, or STEM schools established under Chapter 3326. of the Revised Code in subject areas and grade levels for which value-added data is available under the value-added progress dimension, as determined by the department.

If a student attains more than a standard year of academic growth in more than one eligible subject area, the fifty-dollar stipend attributable to that student shall be divided among the teachers who taught those subjects. If more than one teacher is responsible to teach a particular student in one eligible subject area, such as in a team-teaching arrangement, and that student attains more than a standard year of academic growth in that subject area, the portion of the stipend attributable to that student for that subject area shall be divided among the teachers who taught that student in that subject area.

The first stipends paid under this section shall be based on student performance for the 2011-2012 school year as computed for the school district and school report cards issued by the department in 2012.

The department shall pay the stipend to each eligible teacher...
as soon as possible after determining the teacher's eligibility. The state board of education, in consultation with the governor's office, shall adopt rules for the implementation of this section.

**Sec. 3302.24.** The teacher incentive payment program fund is hereby established in the state treasury. The department of education shall use moneys in the fund for that purpose.

The superintendent shall deduct, from the amount allocated to each district or community school under section 3314.08, Chapter 3306, or Chapter 3317. of the Revised Code, the entire amounts due to the system from such district or school upon the certification to the superintendent by the secretary thereof.

The state teachers retirement board shall require any disability benefit recipient to submit to an annual medical examination by a physician selected by the board, except that the board may waive the medical examination if the board's physician certifies that the recipient's disability is ongoing. If a disability benefit recipient refuses to submit to a medical examination, the recipient's disability benefit shall be suspended until the recipient withdraws the refusal. If the refusal continues for one year, all the recipient's rights under and to the disability benefit shall be terminated as of the effective date of the original suspension.

After the examination, the examiner shall report and certify to the board whether the disability benefit recipient is no longer physically and mentally incapable of resuming the service from which the recipient was found disabled. If the board concurs in a report by the examining physician that the disability benefit recipient is no longer incapable, the payment of a disability benefit shall be terminated not later than the following thirty-first day of August or upon employment as a teacher prior thereto. If the leave of absence has not expired, the board shall so certify to the disability benefit recipient's last employer before being found disabled that the recipient is no longer physically and mentally incapable of resuming service that is the same or similar to that from which the recipient was found.

If the recipient was under contract at the time the recipient was found disabled, the employer by the first day of the next succeeding year shall restore the recipient to the recipient's previous position and salary or to a position and salary similar thereto, unless the recipient was dismissed or resigned in lieu of dismissal for dishonesty, misfeasance, malfeasance, or conviction of a felony.

A disability benefit shall terminate if the disability benefit recipient becomes employed as a teacher in any public or private school or institution in this state or elsewhere. An individual receiving a disability benefit from the system shall be ineligible for any employment as a teacher and it shall be unlawful for any employer to employ the individual as a teacher. If any employer should employ or reemploy the individual prior to the termination of a disability benefit, the employer shall file notice of employment with the board designating the date of the employment. If the individual should be paid both a disability benefit and also compensation for teaching service for all or any part of the same month, the secretary of the board shall certify to the employer or to the superintendent of public instruction the amount of the disability benefit received by the individual during the employment, which amount shall be deducted from any amount due the employing district under Chapters 3306. and Chapter 3317. of the Revised Code or shall be paid by the employer to the annuity and pension reserve fund.

Each disability benefit recipient shall file with the board an annual statement of earnings, current medical information on the recipient's condition, and any other information required in rules adopted by the board. The board may waive the requirement that a disability benefit recipient file an annual statement of earnings or current medical information if the board's physician certifies that the recipient's disability is ongoing.
The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

A disability benefit also may be terminated by the board at the request of the disability benefit recipient.

If disability retirement under section 3307.63 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the teachers' savings fund and the employers' trust fund, respectively. If the total disability benefit paid was less than the amount of the accumulated contributions of the member transferred to the annuity and pension reserve fund at the time of the member's disability retirement, then the difference shall be transferred from the annuity and pension reserve fund to another fund as required. In determining the amount of a member's account following the termination of disability retirement for any reason, the total amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3307.631 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

If a former disability benefit recipient again becomes a contributor, other than as an other system retirant under section 3307.35 of the Revised Code, to this retirement system, the school employees retirement system, or the public employees retirement system, and completes at least two additional years of service credit, the former disability benefit recipient shall receive
credit for the period as a disability benefit recipient.

Sec. 3309.22. (A)(1) As used in this division, "personal history record" means information maintained by the board on an individual who is a member, former member, contributor, former contributor, retirant, or beneficiary that includes the address, telephone number, social security number, record of contributions, correspondence with the system, and other information the board determines to be confidential.

(2) The records of the board shall be open to public inspection, except for the following, which shall be excluded, except with the written authorization of the individual concerned:

(a) The individual's statement of previous service and other information as provided for in section 3309.28 of the Revised Code;

(b) Any information identifying by name and address the amount of a monthly allowance or benefit paid to the individual;

(c) The individual's personal history record.

(B) All medical reports and recommendations required by the system are privileged except that copies of such medical reports or recommendations shall be made available to the personal physician, attorney, or authorized agent of the individual concerned upon written release received from the individual or the individual's agent, or when necessary for the proper administration of the fund, to the board assigned physician.

(C) Any person who is a contributor of the system shall be furnished, on written request, with a statement of the amount to the credit of the person's account. The board need not answer more than one such request of a person in any one year.

(D) Notwithstanding the exceptions to public inspection in division (A)(2) of this section, the board may furnish the
following information:

(1) If a member, former member, contributor, former contributor, or retirant is subject to an order issued under section 2907.15 of the Revised Code or an order issued under division (A) or (B) of section 2929.192 of the Revised Code or is convicted of or pleads guilty to a violation of section 2921.41 of the Revised Code, on written request of a prosecutor as defined in section 2935.01 of the Revised Code, the board shall furnish to the prosecutor the information requested from the individual's personal history record.

(2) Pursuant to a court or administrative order issued under section 3119.80, 3119.81, 3121.02, 3121.03, or 3123.06 of the Revised Code, the board shall furnish to a court or child support enforcement agency the information required under that section.

(3) At the written request of any person, the board shall provide to the person a list of the names and addresses of members, former members, retirants, contributors, former contributors, or beneficiaries. The costs of compiling, copying, and mailing the list shall be paid by such person.

(4) Within fourteen days after receiving from the director of job and family services a list of the names and social security numbers of recipients of public assistance pursuant to section 5101.181 of the Revised Code, the board shall inform the auditor of state of the name, current or most recent employer address, and social security number of each contributor whose name and social security number are the same as that of a person whose name or social security number was submitted by the director. The board and its employees shall, except for purposes of furnishing the auditor of state with information required by this section, preserve the confidentiality of recipients of public assistance in compliance with division (A) of section 5101.181 of the Revised Code.
(5) The system shall comply with orders issued under section 3105.87 of the Revised Code.

On the written request of an alternate payee, as defined in section 3105.80 of the Revised Code, the system shall furnish to the alternate payee information on the amount and status of any amounts payable to the alternate payee under an order issued under section 3105.171 or 3105.65 of the Revised Code.

(6) At the request of any person, the board shall make available to the person copies of all documents, including resumes, in the board's possession regarding filling a vacancy of an employee member or retirant member of the board. The person who made the request shall pay the cost of compiling, copying, and mailing the documents. The information described in this division is a public record.

(E) A statement that contains information obtained from the system's records that is signed by an officer of the retirement system and to which the system's official seal is affixed, or copies of the system's records to which the signature and seal are attached, shall be received as true copies of the system's records in any court or before any officer of this state.

Sec. 3309.41. (A) A disability benefit recipient shall retain membership status and shall be considered on leave of absence from employment during the first five years following the effective date of a disability benefit, notwithstanding any contrary provisions in Chapter 124. or 3319. of the Revised Code.

(B) The school employees retirement board shall require a disability benefit recipient to undergo an annual medical examination, except that the board may waive the medical examination if the board's physician or physicians certify that the recipient's disability is ongoing. Should any disability benefit recipient refuse to submit to a medical examination, the
recipient's disability benefit shall be suspended until withdrawal
of the refusal. Should the refusal continue for one year, all the
recipient's rights in and to the disability benefit shall be
terminated as of the effective date of the original suspension.

(C) On completion of the examination by an examining
physician or physicians selected by the board, the physician or
physicians shall report and certify to the board whether the
disability benefit recipient is no longer physically and mentally
incapable of resuming the service from which the recipient was
found disabled. If the board concurs in the report that the
disability benefit recipient is no longer incapable, the payment
of the disability benefit shall be terminated not later than three
months after the date of the board's concurrence or upon
employment as an employee. If the leave of absence has not
expired, the retirement board shall certify to the disability
benefit recipient's last employer before being found disabled that
the recipient is no longer physically and mentally incapable of
resuming service that is the same or similar to that from which
the recipient was found disabled. The employer shall restore the
recipient to the recipient's previous position and salary or to a
position and salary similar thereto not later than the first day
of the first month following termination of the disability
benefit, unless the recipient was dismissed or resigned in lieu of
dismissal for dishonesty, misfeasance, malfeasance, or conviction
of a felony.

(D) Each disability benefit recipient shall file with the
board an annual statement of earnings, current medical information
on the recipient's condition, and any other information required
in rules adopted by the board. The board may waive the requirement
that a disability benefit recipient file an annual statement of
earnings or current medical information on the recipient's
condition if the board's physician or physicians certify that the
recipient's disability is ongoing.

The board shall annually examine the information submitted by the recipient. If a disability benefit recipient refuses to file the statement or information, the disability benefit shall be suspended until the statement and information are filed. If the refusal continues for one year, the recipient's right to the disability benefit shall be terminated as of the effective date of the original suspension.

(E) If a disability benefit recipient is employed by an employer covered by this chapter, the recipient's disability benefit shall cease.

(F) If disability retirement under section 3309.40 of the Revised Code is terminated for any reason, the annuity and pension reserves at that time in the annuity and pension reserve fund shall be transferred to the employees' savings fund and the employers' trust fund, respectively. If the total disability benefit paid is less than the amount of the accumulated contributions of the member transferred into the annuity and pension reserve fund at the time of the member's disability retirement, the difference shall be transferred from the annuity and pension reserve fund to another fund as may be required. In determining the amount of a member's account following the termination of disability retirement for any reason, the amount paid shall be charged against the member's refundable account.

If a disability allowance paid under section 3309.401 of the Revised Code is terminated for any reason, the reserve on the allowance at that time in the annuity and pension reserve fund shall be transferred from that fund to the employers' trust fund.

The board may terminate a disability benefit at the request of the recipient.

(G) If a disability benefit is terminated and a former
disability benefit recipient again becomes a contributor, other than as an other system retirant as defined in section 3309.341 of the Revised Code, to this system, the public employees retirement system, or the state teachers retirement system, and completes an additional two years of service credit after the termination of the disability benefit, the former disability benefit recipient shall be entitled to full service credit for the period as a disability benefit recipient.

(H) If any employer employs any member who is receiving a disability benefit, the employer shall file notice of employment with the retirement board, designating the date of employment. In case the notice is not filed, the total amount of the benefit paid during the period of employment prior to notice shall be paid from amounts allocated under Chapters 3306. and Chapter 3317. of the Revised Code prior to its distribution to the school district in which the disability benefit recipient was so employed.

Sec. 3309.48. Any employee who left the service of an employer after attaining age sixty-five or over and such employer had failed or refused to deduct and transmit to the school employees retirement system the employee contributions as required by section 3309.47 of the Revised Code during any year for which membership was compulsory as determined by the school employees retirement board, shall be granted service credit without cost, which shall be considered as total service credit for the purposes of meeting the qualifications for service retirement provided by the law in effect on and retroactive to the first eligible retirement date following the date such employment terminated, but shall not be paid until formal application for such allowance on a form provided by the retirement board is received in the office of the retirement system. The total service credit granted under this section shall not exceed ten years for any such employee.
The liability incurred by the retirement board because of the service credit granted under this section shall be determined by the retirement board, the cost of which shall be equal to an amount that is determined by applying the combined employee and employer rates of contribution against the compensation of such employee at the rates of contribution and maximum salary provisions in effect during such employment for each year for which credit is granted, together with interest at the rate to be credited accumulated contributions at retirement, compounded annually from the first day of the month payment was due the retirement system to and including the month of deposit, the total amount of which shall be collected from the employer. Such amounts shall be certified by the retirement board to the superintendent of public instruction, who shall deduct the amount due the system from any funds due the affected school district under Chapters 3306. and 3317. of the Revised Code. The superintendent shall certify to the director of budget and management the amount due the system for payment. The total amount paid shall be deposited into the employers' trust fund, and shall not be considered as accumulated contributions of the employee in the event of the employee's death or withdrawal of funds.

Sec. 3309.51. (A) Each employer shall pay annually into the employers' trust fund, in such monthly or less frequent installments as the school employees retirement board requires, an amount certified by the school employees retirement board, which shall be as required by Chapter 3309. of the Revised Code.

Payments by school district boards of education to the employers' trust fund of the school employees retirement system may be made from the amounts allocated under Chapters 3306. and Chapter 3317. of the Revised Code prior to their distribution to the individual school districts. The amount due from each school district may be certified by the secretary of the system to the
superintendent of public instruction monthly, or at such times as
is determined by the school employees retirement board.

Payments by governing authorities of community schools to the
employers' trust fund of the school employees retirement system
shall be made from the amounts allocated under section 3314.08 of
the Revised Code prior to their distribution to the individual
community schools. The amount due from each community school shall
be certified by the secretary of the system to the superintendent
of public instruction monthly, or at such times as determined by
the school employees retirement board.

Payments by a science, technology, engineering, and
mathematics school to the employers' trust fund of the school
employees retirement system shall be made from the amounts
allocated under section 3326.33 of the Revised Code prior to their
distribution to the school. The amount due from a science,
technology, engineering, and mathematics school shall be certified
by the secretary of the school employees retirement system to the
superintendent of public instruction monthly, or at such times as
determined by the school employees retirement board.

(B) The superintendent shall deduct from the amount allocated
to each community school under section 3314.08 of the Revised
Code, to each school district under Chapters 3306. and Chapter
3317. of the Revised Code, or to each science, technology,
engineering, and mathematics school under section 3326.33 of the
Revised Code the entire amounts due to the school employees
retirement system from such school or school district upon the
certification to the superintendent by the secretary thereof.

(C) Where an employer fails or has failed or refuses to make
payments to the employers' trust fund, as provided for under
Chapter 3309. of the Revised Code, the secretary of the school
employees retirement system may certify to the state
superintendent of public instruction, monthly or at such times as
is determined by the school employees retirement board, the amount due from such employer, and the superintendent shall deduct from the amount allocated to the employer under section 3314.08 or 3326.33 or Chapter 3306. or 3317. of the Revised Code, as applicable, the entire amounts due to the system from the employer upon the certification to the superintendent by the secretary of the school employees retirement system.

(D) The superintendent shall certify to the director of budget and management the amounts thus due the system for payment.

Under the program, the department of education annually shall pay scholarships to attend chartered nonpublic schools in accordance with section 3310.08 of the Revised Code for up to fourteen thousand the following number of eligible students:

1. Thirty thousand in the 2011-2012 school year;
2. Sixty thousand in the 2012-2013 school year and thereafter. **(B) If** the number of students who apply for a scholarship exceeds fourteen thousand the number of scholarships available under division (A) of this section for the applicable school year, the department shall award scholarships in the following order of priority:

If the number of students described in this division (B)(2) of this section
apply for a scholarship exceeds the number of available scholarships after awards are made under division (A)(1) of this section, the department shall select students described in this division (B)(2) of this section by lot to receive any remaining scholarships.

(C)(3) Third, to other eligible students who qualify under division (A) of section 3310.03 of the Revised Code. If the number of students described in this division (B)(3) of this section who apply for a scholarship exceeds the number of available scholarships after awards are made under divisions (A)(1) and (B)(2) of this section, the department shall select students described in this division (B)(3) of this section by lot to receive any remaining scholarships.

(4) Fourth, to eligible students with family incomes at or below two hundred per cent of the federal poverty guidelines who qualify under division (B) of section 3310.03 of the Revised Code. If the number of students described in division (B)(4) of this section who apply for a scholarship exceeds the number of available scholarships after awards are made under divisions (B)(1) to (3) of this section, the department shall select students described in division (B)(4) of this section by lot to receive any remaining scholarships.

(5) Fifth, to other eligible students who qualify under division (B) of section 3310.03 of the Revised Code. If the number of students described in division (B)(5) of this section who apply for a scholarship exceeds the number of available scholarships after awards are made under divisions (B)(1) to (4) of this section, the department shall select students described in division (B)(5) of this section by lot to receive any remaining scholarships.

(C) A student who receives a scholarship under the educational choice scholarship pilot program remains an eligible student and may continue to receive scholarships in subsequent school years until the student completes grade twelve, so long as all of the following apply:

(1) The student's resident district remains the same, or the student transfers to a new resident district and otherwise would be assigned in the new resident district to a school building described in division (A)(1) or (C)(B)(1) of this section;

(2) The student takes each assessment prescribed for the student's grade level under section 3301.0710 or 3301.0712 of the Revised Code while enrolled in a chartered nonpublic school;

The department shall cease awarding first-time scholarships pursuant to division (A)(5) of this section with respect to a school district that, in the most recent ratings of school districts published under section 3302.03 of the Revised Code prior to the first day of July of the school year, ceases to meet the criteria in division (A)(5) of this section. However

(2) The department shall cease awarding first-time scholarships pursuant to divisions (B)(1) to (4) of this section with respect to a school building that, in the most recent ratings of school buildings under section 3302.03 of the Revised Code prior to the first day of July of the school year, ceases to meet the criteria in division (B)(1) of this section.

(3) However, students who have received scholarships in the prior school year remain eligible students pursuant to division (B)(C) of this section.

(E) The state board of education shall adopt rules defining excused absences for purposes of division (B)(C)(3) of this section.

Sec. 3310.05. A scholarship under the educational choice scholarship pilot program is not available for any student whose resident district is a school district in which the pilot project scholarship program is operating under sections 3313.974 to 3313.979 of the Revised Code. The two pilot programs are separate and distinct. The general assembly has prescribed separate
scholarship amounts for the two pilot programs in recognition of their, with differing eligibility criteria. The pilot project scholarship program operating under sections 3313.974 to 3313.979 of the Revised Code is a district-wide program that may award scholarships to students who do not attend district schools that face academic challenges, whereas the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code is limited to students of individual district school buildings that face academic challenges.

Sec. 3310.08. (A) The amount paid for an eligible student under the educational choice scholarship pilot program shall be the lesser of the tuition of the chartered nonpublic school in which the student is enrolled or the maximum amount prescribed in section 3310.09 of the Revised Code.

(B)(1) The department shall pay to the parent of each eligible student for whom a scholarship is awarded under the program, or to the student if at least eighteen years of age, periodic partial payments of the scholarship.

(2) The department shall proportionately reduce or terminate the payments for any student who withdraws from a chartered nonpublic school prior to the end of the school year.

(C)(1) The department shall deduct five thousand two hundred dollars from the payments made to each school district under Chapters 3306. and Chapter 3317. and, if necessary, sections 321.24 and 323.156 of the Revised Code, the amount paid under division (B) of this section for each eligible student awarded a scholarship under the educational choice scholarship pilot program who is entitled under section 3313.64 or 3313.65 of the Revised Code to attend school in the district.

The amount deducted under division (C)(1) of this section...
funds scholarships for students under both the educational choice scholarship pilot program and the pilot project scholarship program under sections 3313.974 to 3313.979 of the Revised Code.

(2) If the department reduces or terminates payments to a parent or a student, as prescribed in division (B)(2) of this section, and the student enrolls in the schools of the student's resident district or in a community school, established under Chapter 3314. of the Revised Code, before the end of the school year, the department shall proportionally restore to the resident district the amount deducted for that student under division (C)(1) of this section.

(D) In the case of any school district from which a deduction is made under division (C) of this section, the department shall disclose on the district's SF-3 form, or any successor to that form used to calculate a district's state funding for operating expenses, a comparison of the following:

(1) The district's state share of the adequacy amount payment, as calculated under section 3306.13 of the Revised Code with the scholarship students included in the district's formula ADM;

(2) What the district's state share of the adequacy amount payment would have been, as calculated under that section if the scholarship students were not included in the district's formula ADM.

This comparison shall display both the aggregate difference between the amounts described in divisions (D)(1) and (2) of this section, and the quotient of that aggregate difference divided by the number of eligible students for whom deductions are made under division (C) of this section.

Sec. 3310.41. (A) As used in this section:
(1) "Alternative public provider" means either of the following providers that agrees to enroll a child in the provider's special education program to implement the child's individualized education program and to which the child's parent owes fees for the services provided to the child:

(a) A school district that is not the school district in which the child is entitled to attend school;

(b) A public entity other than a school district.

(2) "Entitled to attend school" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

(3) "Formula ADM" and "category six special education ADM" have the same meanings as in section 3317.02 of the Revised Code.

(4) "Preschool child with a disability" and "individualized education program" have the same meanings as in section 3323.01 of the Revised Code.

(5) "Parent" has the same meaning as in section 3313.64 of the Revised Code, except that "parent" does not mean a parent whose custodial rights have been terminated.

(6) "Preschool scholarship ADM" means the number of preschool children with disabilities reported under division (B)(3)(h) of section 3317.03 of the Revised Code.

(7) "Qualified special education child" is a child for whom all of the following conditions apply:

(a) The school district in which the child is entitled to attend school has identified the child as autistic. A child who has been identified as having a "pervasive developmental disorder - not otherwise specified (PPD-NOS)" shall be considered to be an autistic child for purposes of this section.

(b) The school district in which the child is entitled to
attend school has developed an individualized education program under Chapter 3323. of the Revised Code for the child.

(c) The child either:

(i) Was enrolled in the school district in which the child is entitled to attend school in any grade from preschool through twelve in the school year prior to the year in which a scholarship under this section is first sought for the child; or

(ii) Is eligible to enter school in any grade preschool through twelve in the school district in which the child is entitled to attend school in the school year in which a scholarship under this section is first sought for the child.

(8) "Registered private provider" means a nonpublic school or other nonpublic entity that has been approved by the department of education to participate in the program established under this section.

(9) "Special education program" means a school or facility that provides special education and related services to children with disabilities.

(B) There is hereby established the autism scholarship program. Under the program, the department of education shall pay a scholarship to the parent of each qualified special education child upon application of that parent pursuant to procedures and deadlines established by rule of the state board of education. Each scholarship shall be used only to pay tuition for the child on whose behalf the scholarship is awarded to attend a special education program that implements the child's individualized education program and that is operated by an alternative public provider or by a registered private provider. Each scholarship shall be in an amount not to exceed the lesser of the tuition charged for the child by the special education program or twenty thousand dollars. The purpose of the scholarship is to permit the
parent of a qualified special education child the choice to send
the child to a special education program, instead of the one
operated by or for the school district in which the child is
entitled to attend school, to receive the services prescribed in
the child's individualized education program once the
individualized education program is finalized. A The services
providied under the scholarship shall include an educational
component.

A scholarship under this section shall not be awarded to the
parent of a child while the child's individualized education
program is being developed by the school district in which the
child is entitled to attend school, or while any administrative or
judicial mediation or proceedings with respect to the content of
the child's individualized education program are pending. A
scholarship under this section shall not be used for a child to
attend a public special education program that operates under a
contract, compact, or other bilateral agreement between the school
district in which the child is entitled to attend school and
another school district or other public provider, or for a child
to attend a community school established under Chapter 3314. of
the Revised Code. However, nothing in this section or in any rule
adopted by the state board shall prohibit a parent whose child
attends a public special education program under a contract,
compact, or other bilateral agreement, or a parent whose child
attends a community school, from applying for and accepting a
scholarship under this section so that the parent may withdraw the
child from that program or community school and use the
scholarship for the child to attend a special education program
for which the parent is required to pay for services for the
child. A

A child attending a special education program with a
scholarship under this section shall continue to be entitled to
transportation to and from that program in the manner prescribed by law.

(C)(1) As prescribed in divisions (A)(2)(h), (B)(3)(g), and (B)(10) of section 3317.03 of the Revised Code, a child who is not a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the formula ADM and the category six special education ADM of the district in which the child is entitled to attend school and not in the formula ADM and the category six special education ADM of any other school district. As prescribed in divisions (B)(3)(h) and (B)(10) of section 3317.03 of the Revised Code, a child who is a preschool child with a disability for whom a scholarship is awarded under this section shall be counted in the preschool scholarship ADM and category six special education ADM of the school district in which the child is entitled to attend school and not in the preschool scholarship ADM or category six special education ADM of any other school district.

(2) In each fiscal year, the department shall deduct from the amounts paid to each school district under Chapters 3306. and 3317. of the Revised Code, and, if necessary, sections 321.24 and 323.156 of the Revised Code, the aggregate amount of scholarships awarded under this section for qualified special education children included in the formula ADM, or preschool scholarship ADM, and in the category six special education ADM of that school district as provided in division (C)(1) of this section. When computing the school district's instructional services support under section 3306.05 of the Revised Code, the department shall add the district's preschool scholarship ADM to the district's formula ADM.

The scholarships deducted shall be considered as an approved special education and related services expense of the school district.
(3) From time to time, the department shall make a payment to the parent of each qualified special education child for whom a scholarship has been awarded under this section. The scholarship amount shall be proportionately reduced in the case of any such child who is not enrolled in the special education program for which a scholarship was awarded under this section for the entire school year. The department shall make no payments to the parent of a child while any administrative or judicial mediation or proceedings with respect to the content of the child's individualized education program are pending.

(D) A scholarship shall not be paid to a parent for payment of tuition owed to a nonpublic entity unless that entity is a registered private provider. The department shall approve entities that meet the standards established by rule of the state board for the program established under this section.

(E) The state board shall adopt rules under Chapter 119. of the Revised Code prescribing procedures necessary to implement this section, including, but not limited to, procedures and deadlines for parents to apply for scholarships, standards for registered private providers, and procedures for approval of entities as registered private providers.

Sec. 3311.05. (A) The territory within the territorial limits of a county, or the territory included in a district formed under either section 3311.053 or 3311.059 of the Revised Code, exclusive of the territory embraced in any city school district or exempted village school district, and excluding the territory detached therefrom for school purposes and including the territory attached thereto for school purposes constitutes an educational service center.

(B) A county school financing district created under section 3311.50 of the Revised Code is not the school district described
in division (A) of this section or any other school district but is a taxing district.

Sec. 3311.0510. (A) If all of the local school districts that make up the territory of an educational service center have severed from the territory of that service center, upon the effective date of the severance of the last remaining local school district to make up the territory of the service center, the governing board of that service center shall be abolished and such service center shall be dissolved by order of the superintendent of public instruction. The superintendent's order shall provide for the equitable division and disposition of the assets, property, debts, and obligations of the service center among the local school districts, of which the territory of the service center is or previously was made up, and the city and exempted village school districts with which the service center had agreements under section 3313.843 of the Revised Code for the service center's last fiscal year of operation. The superintendent's order shall provide that the tax duplicate of each of those school districts shall be bound for and assume the district's equitable share of the outstanding indebtedness of the service center. The superintendent's order is final and is not appealable.

Immediately upon the abolishment of the service center governing board pursuant to this section, the superintendent of public instruction shall appoint a qualified individual to administer the dissolution of the service center and to implement the terms of the superintendent's dissolution order.

Prior to distributing assets to any school district under this section, but after paying in full other debts and obligations of the service center under this section, the superintendent of public instruction may assess against the remaining assets of the
service center the amount of the costs incurred by the department of education in performing the superintendent's duties under this division, including the fees, if any, owed to the individual appointed to administer the superintendent's dissolution order. Any excess cost incurred by the department under this division shall be divided equitably among the local school districts, of which the territory of the service center is or previously was made up, and the city and exempted village school districts with which the service center had agreements under section 3313.843 of the Revised Code for the service center's last fiscal year of operation. Each district's share of that excess cost shall be bound against the tax duplicate of that district.

(B) A final audit of the former service center shall be performed in accordance with procedures established by the auditor of state.

(C) The public records of an educational service center that is dissolved under this section shall be transferred in accordance with this division. Public records maintained by the service center in connection with services provided by the service center to local school districts shall be transferred to each of the respective local school districts. Public records maintained by the service center in connection with services provided under an agreement with a city or exempted village school district pursuant to section 3313.843 of the Revised Code shall be transferred to each of the respective city or exempted village school districts. All other public records maintained by the service center at the time the service center ceases operations shall be transferred to the Ohio historical society for analysis and disposition by the society in its capacity as archives administrator for the state and its political subdivisions pursuant to division (C) of section 149.30 and section 149.31 of the Revised Code.
Sec. 3311.06. (A) As used in this section:

(1) "Annexation" and "annexed" mean annexation for municipal purposes under sections 709.02 to 709.37 of the Revised Code.

(2) "Annexed territory" means territory that has been annexed for municipal purposes to a city served by an urban school district, but on September 24, 1986, has not been transferred to the urban school district.

(3) "Urban school district" means a city school district with an average daily membership for the 1985-1986 school year in excess of twenty thousand that is the school district of a city that contains annexed territory.

(4) "Annexation agreement" means an agreement entered into under division (F) of this section that has been approved by the state board of education or an agreement entered into prior to September 24, 1986, that meets the requirements of division (F) of this section and has been filed with the state board.

(B) The territory included within the boundaries of a city, local, exempted village, or joint vocational school district shall be contiguous except where a natural island forms an integral part of the district, where the state board of education authorizes a noncontiguous school district, as provided in division (E)(1) of this section, or where a local school district is created pursuant to section 3311.26 of the Revised Code from one or more local school districts, one of which has entered into an agreement under section 3313.42 of the Revised Code.

(C)(1) When all of the territory of a school district is annexed to a city or village, such territory thereby becomes a part of the city school district or the school district of which the village is a part, and the legal title to school property in such territory for school purposes shall be vested in the board of
education of the city school district or the school district of which the village is a part.

(2) When the territory so annexed to a city or village comprises part but not all of the territory of a school district, the said territory becomes part of the city school district or the school district of which the village is a part only upon approval by the state board of education, unless the district in which the territory is located is a party to an annexation agreement with the city school district.

Any urban school district that has not entered into an annexation agreement with any other school district whose territory would be affected by any transfer under this division and that desires to negotiate the terms of transfer with any such district shall conduct any negotiations under division (F) of this section as part of entering into an annexation agreement with such a district.

Any school district, except an urban school district, desiring state board approval of a transfer under this division shall make a good faith effort to negotiate the terms of transfer with any other school district whose territory would be affected by the transfer. Before the state board may approve any transfer of territory to a school district, except an urban school district, under this section, it must receive the following:

(a) A resolution requesting approval of the transfer, passed by at least one of the school districts whose territory would be affected by the transfer;

(b) Evidence determined to be sufficient by the state board to show that good faith negotiations have taken place or that the district requesting the transfer has made a good faith effort to hold such negotiations;

(c) If any negotiations took place, a statement signed by all
boards that participated in the negotiations, listing the terms agreed on and the points on which no agreement could be reached.

(D) The state board of education shall adopt rules governing negotiations held by any school district except an urban school district pursuant to division (C)(2) of this section. The rules shall encourage the realization of the following goals:

(1) A discussion by the negotiating districts of the present and future educational needs of the pupils in each district;

(2) The educational, financial, and territorial stability of each district affected by the transfer;

(3) The assurance of appropriate educational programs, services, and opportunities for all the pupils in each participating district, and adequate planning for the facilities needed to provide these programs, services, and opportunities.

Districts involved in negotiations under such rules may agree to share revenues from the property included in the territory to be transferred, establish cooperative programs between the participating districts, and establish mechanisms for the settlement of any future boundary disputes.

(E)(1) If territory annexed after September 24, 1986, is part of a school district that is a party to an annexation agreement with the urban school district serving the annexing city, the transfer of such territory shall be governed by the agreement. If the agreement does not specify how the territory is to be dealt with, the boards of education of the district in which the territory is located and the urban school district shall negotiate with regard to the transfer of the territory which shall be transferred to the urban school district unless, not later than ninety days after the effective date of municipal annexation, the boards of education of both districts, by resolution adopted by a majority of the members of each board, agree that the territory
will not be transferred and so inform the state board of education.

If territory is transferred under this division the transfer shall take effect on the first day of July occurring not sooner than ninety-one days after the effective date of the municipal annexation. Territory transferred under this division need not be contiguous to the district to which it is transferred.

(2) Territory annexed prior to September 24, 1986, by a city served by an urban school district shall not be subject to transfer under this section if the district in which the territory is located is a party to an annexation agreement or becomes a party to such an agreement not later than ninety days after September 24, 1986. If the district does not become a party to an annexation agreement within the ninety-day period, transfer of territory shall be governed by division (C)(2) of this section. If the district subsequently becomes a party to an agreement, territory annexed prior to September 24, 1986, other than territory annexed under division (C)(2) of this section prior to the effective date of the agreement, shall not be subject to transfer under this section.

(F) An urban school district may enter into a comprehensive agreement with one or more school districts under which transfers of territory annexed by the city served by the urban school district after September 24, 1986, shall be governed by the agreement. Such agreement must provide for the establishment of a cooperative education program under section 3313.842 of the Revised Code in which all the parties to the agreement are participants and must be approved by resolution of the majority of the members of each of the boards of education of the school districts that are parties to it. An agreement may provide for interdistrict payments based on local revenue growth resulting from development in any territory annexed by the city served by
the urban school district.

An agreement entered into under this division may be altered, modified, or terminated only by agreement, by resolution approved by the majority of the members of each board of education, of all school districts that are parties to the agreement, except that with regard to any provision that affects only the urban school district and one of the other districts that is a party, that district and the urban district may modify or alter the agreement by resolution approved by the majority of the members of the board of that district and the urban district. Alterations, modifications, terminations, and extensions of an agreement entered into under this division do not require approval of the state board of education, but shall be filed with the board after approval and execution by the parties.

If an agreement provides for interdistrict payments, each party to the agreement, except any school district specifically exempted by the agreement, shall agree to make an annual payment to the urban school district with respect to any of its territory that is annexed territory in an amount not to exceed the amount certified for that year under former section 3317.029 of the Revised Code as that section existed prior to July 1, 1998; except that such limitation of annual payments to amounts certified under former section 3317.029 of the Revised Code does not apply to agreements or extensions of agreements entered into on or after June 1, 1992, unless such limitation is expressly agreed to by the parties. The agreement may provide that all or any part of the payment shall be waived if the urban school district receives its payment with respect to such annexed territory under former section 3317.029 of the Revised Code and that all or any part of such payment may be waived if the urban school district does not receive its payment with respect to such annexed territory under such section.
With respect to territory that is transferred to the urban school district after September 24, 1986, the agreement may provide for annual payments by the urban school district to the school district whose territory is transferred to the urban school district subsequent to annexation by the city served by the urban school district.

(G) In the event territory is transferred from one school district to another under this section, an equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the state board of education and that board's decision shall be final. Such division shall not include funds payable to or received by a school district under Chapter 3306 or 3317, of the Revised Code or payable to or received by a school district from the United States or any department or agency thereof. In the event such transferred territory includes real property owned by a school district, the state board of education, as part of such division of funds and indebtedness, shall determine the true value in money of such real property and all buildings or other improvements thereon. The board of education of the school district receiving such territory shall forthwith pay to the board of education of the school district losing such territory such true value in money of such real property, buildings, and improvements less such percentage of the true value in money of each school building located on such real property as is represented by the ratio of the total enrollment in day classes of the pupils residing in the territory transferred enrolled at such school building in the school year in which such annexation proceedings were commenced to the total enrollment in day classes of all pupils residing in the school district losing such territory enrolled at such school building in such school year. The school district receiving such payment shall place the proceeds thereof in its sinking fund or bond retirement fund.
(H) The state board of education, before approving such transfer of territory, shall determine that such payment has been made and shall apportion to the acquiring school district such percentage of the indebtedness of the school district losing the territory as is represented by the ratio that the assessed valuation of the territory transferred bears to the total assessed valuation of the entire school district losing the territory as of the effective date of the transfer, provided that in ascertaining the indebtedness of the school district losing the territory the state board of education shall disregard such percentage of the par value of the outstanding and unpaid bonds and notes of said school district issued for construction or improvement of the school building or buildings for which payment was made by the acquiring district as is equal to the percentage by which the true value in money of such building or buildings was reduced in fixing the amount of said payment.

(I) No transfer of school district territory or division of funds and indebtedness incident thereto, pursuant to the annexation of territory to a city or village shall be completed in any other manner than that prescribed by this section regardless of the date of the commencement of such annexation proceedings, and this section applies to all proceedings for such transfers and divisions of funds and indebtedness pending or commenced on or after October 2, 1959.

Sec. 3311.19. (A) The management and control of a joint vocational school district shall be vested in the joint vocational school district board of education. Where a joint vocational school district is composed only of two or more local school districts located in one county, or when all the participating districts are in one county and the boards of such participating districts so choose, the educational service center governing board of the county in which the joint vocational school district
is located shall serve as the joint vocational school district board of education. Where a joint vocational school district is composed of local school districts of more than one county, or of any combination of city, local, or exempted village school districts or educational service centers, unless administration by the educational service center governing board has been chosen by all the participating districts in one county pursuant to this section, the board of education of the joint vocational school district shall be composed of one or more persons who are members of the boards of education from each of the city or exempted village school districts or members of the educational service centers' governing boards affected to be appointed by the boards of education or governing boards of such school districts and educational service centers. In such joint vocational school districts the number and terms of members of the joint vocational school district board of education and the allocation of a given number of members to each of the city and exempted village school districts and educational service centers shall be determined in the plan for such district, provided that each such joint vocational school district board of education shall be composed of an odd number of members.

(B) Notwithstanding division (A) of this section, a governing board of an educational service center that has members of its governing board serving on a joint vocational school district board of education may make a request to the joint vocational district board that the joint vocational school district plan be revised to provide for one or more members of boards of education of local school districts that are within the territory of the educational service district and within the joint vocational school district to serve in the place of or in addition to its educational service center governing board members. If agreement is obtained among a majority of the boards of education and governing boards that have a member serving on the joint
vocational school district board of education and among a majority of the local school district boards of education included in the district and located within the territory of the educational service center whose board requests the substitution or addition, the state board of education may revise the joint vocational school district plan to conform with such agreement.

(C) If the board of education of any school district or educational service center governing board included within a joint vocational district that has had its board or governing board membership revised under division (B) of this section requests the joint vocational school district board to submit to the state board of education a revised plan under which one or more joint vocational board members chosen in accordance with a plan revised under such division would again be chosen in the manner prescribed by division (A) of this section, the joint vocational board shall submit the revised plan to the state board of education, provided the plan is agreed to by a majority of the boards of education represented on the joint vocational board, a majority of the local school district boards included within the joint vocational district, and each educational service center governing board affected by such plan. The state board of education may revise the joint vocational school district plan to conform with the revised plan.

(D) The vocational schools in such joint vocational school district shall be available to all youth of school age within the joint vocational school district subject to the rules adopted by the joint vocational school district board of education in regard to the standards requisite to admission. A joint vocational school district board of education shall have the same powers, duties, and authority for the management and operation of such joint vocational school district as is granted by law, except by this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the
Revised Code, to a board of education of a city school district, and shall be subject to all the provisions of law that apply to a city school district, except such provisions in this chapter and Chapters 124., 3306., 3317., 3323., and 3331. of the Revised Code.

(E) Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, the educational service center superintendent shall be the executive officer for the joint vocational school district, and the governing board may provide for additional compensation to be paid to the educational service center superintendent by the joint vocational school district, but the educational service center superintendent shall have no continuing tenure other than that of educational service center superintendent. The superintendent of schools of a joint vocational school district shall exercise the duties and authority vested by law in a superintendent of schools pertaining to the operation of a school district and the employment and supervision of its personnel. The joint vocational school district board of education shall appoint a treasurer of the joint vocational school district who shall be the fiscal officer for such district and who shall have all the powers, duties, and authority vested by law in a treasurer of a board of education. Where a governing board of an educational service center has been designated to serve as the joint vocational school district board of education, such board may appoint the educational service center superintendent as the treasurer of the joint vocational school district.

(F) Each member of a joint vocational school district board of education may be paid such compensation as the board provides by resolution, but it shall not exceed one hundred twenty-five dollars per member for each meeting attended plus mileage, at the rate per mile provided by resolution of the board, to and from meetings of the board.
The board may provide by resolution for the deduction of amounts payable for benefits under section 3313.202 of the Revised Code.

Each member of a joint vocational school district board may be paid such compensation as the board provides by resolution for attendance at an approved training program, provided that such compensation shall not exceed sixty dollars per day for attendance at a training program three hours or fewer in length and one hundred twenty-five dollars a day for attendance at a training program longer than three hours in length. However, no board member shall be compensated for the same training program under this section and section 3313.12 of the Revised Code.

Sec. 3311.21. (A) In addition to the resolutions authorized by sections 5705.194, 5705.199, 5705.21, 5705.212, and 5705.213 of the Revised Code, the board of education of a joint vocational or cooperative education school district by a vote of two-thirds of its full membership may at any time adopt a resolution declaring the necessity to levy a tax in excess of the ten-mill limitation for a period not to exceed ten years to provide funds for any one or more of the following purposes, which may be stated in the following manner in such resolution, the ballot, and the notice of election: purchasing a site or enlargement thereof and for the erection and equipment of buildings; for the purpose of enlarging, improving, or rebuilding thereof; for the purpose of providing for the current expenses of the joint vocational or cooperative school district; or for a continuing period for the purpose of providing for the current expenses of the joint vocational or cooperative education school district. The resolution shall specify the amount of the proposed rate and, if a renewal, whether the levy is to renew all, or a portion of, the existing levy, and shall specify the first year in which the levy will be imposed. If the levy provides for but is not limited to current expenses, the
resolution shall apportion the annual rate of the levy between current expenses and the other purpose or purposes. Such apportionment may but need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purpose or purposes shall be limited by such apportionment. The portion of any such rate actually levied for current expenses of a joint vocational or cooperative education school district shall be used in applying division (A)(1) of section 3306.01 and division (A) of section 3317.01 of the Revised Code. The portion of any such rate not apportioned to the current expenses of a joint vocational or cooperative education school district shall be used in applying division (B) of this section. On the adoption of such resolution, the joint vocational or cooperative education school district board of education shall certify the resolution to the board of elections of the county containing the most populous portion of the district, which board shall receive resolutions for filing and send them to the boards of elections of each county in which territory of the district is located, furnish all ballots for the election as provided in section 3505.071 of the Revised Code, and prepare the election notice; and the board of elections of each county in which the territory of such district is located shall make the other necessary arrangements for the submission of the question to the electors of the joint vocational or cooperative education school district at the next primary or general election occurring not less than ninety days after the resolution was received from the joint vocational or cooperative education school district board of education, or at a special election to be held at a time designated by the district board of education consistent with the requirements of section 3501.01 of the Revised Code, which date shall not be earlier than ninety days after the adoption and certification of the resolution.

The board of elections of the county or counties in which
territory of the joint vocational or cooperative education school district is located shall cause to be published in one or more newspapers a newspaper of general circulation in that district an advertisement of the proposed tax levy question, together with a statement of the amount of the proposed levy once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code, prior to the election at which the question is to appear on the ballot, and, if the board of elections operates and maintains a web site, the board also shall post a similar advertisement on its web site for thirty days prior to that election.

If a majority of the electors voting on the question of levying such tax vote in favor of the levy, the joint vocational or cooperative education school district board of education shall annually make the levy within the district at the rate specified in the resolution and ballot or at any lesser rate, and the county auditor of each affected county shall annually place the levy on the tax list and duplicate of each school district in the county having territory in the joint vocational or cooperative education school district. The taxes realized from the levy shall be collected at the same time and in the same manner as other taxes on the duplicate, and the taxes, when collected, shall be paid to the treasurer of the joint vocational or cooperative education school district and deposited to a special fund, which shall be established by the joint vocational or cooperative education school district board of education for all revenue derived from any tax levied pursuant to this section and for the proceeds of anticipation notes which shall be deposited in such fund. After the approval of the levy, the joint vocational or cooperative education school district board of education may anticipate a fraction of the proceeds of the levy and from time to time, during the life of the levy, but in any year prior to the time when the tax collection from the levy so anticipated can be made for that
year, issue anticipation notes in an amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected in each year up to a period of five years after the date of the issuance of the notes, less an amount equal to the proceeds of the levy obligated for each year by the issuance of anticipation notes, provided that the total amount maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year. Each issue of notes shall be sold as provided in Chapter 133. of the Revised Code, and shall, except for such limitation that the total amount of such notes maturing in any one year shall not exceed fifty per cent of the anticipated proceeds of the levy for that year, mature serially in substantially equal installments, during each year over a period not to exceed five years after their issuance.

(B) Prior to the application of section 319.301 of the Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district's total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

(C) The form of ballot cast at an election under division (A) of this section shall be as prescribed by section 5705.25 of the Revised Code.

Sec. 3311.213. (A) With the approval of the board of education of a joint vocational school district which is in existence, any school district in the county or counties comprising the joint vocational school district or any school district in a county adjacent to a county comprising part of a joint vocational school district may become a part of the joint vocational school district. On the adoption of a resolution of

Am. Sub. H. B. No. 153 Page 1369
As Passed by the House
approval by the board of education of the joint vocational school district, it shall advertise a copy of such resolution in a newspaper of general circulation in the school district proposing to become a part of such joint vocational school district once each week for at least two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date of the adoption of such resolution. Such resolution shall not become effective until the later of the sixty-first day after its adoption or until the board of elections certifies the results of an election in favor of joining of the school district to the joint vocational school district if such an election is held under division (B) of this section.

(B) During the sixty-day period following the date of the adoption of a resolution to join a school district to a joint vocational school district under division (A) of this section, the electors of the school district that proposes joining the joint vocational school district may petition for a referendum vote on the resolution. The question whether to approve or disapprove the resolution shall be submitted to the electors of such school district if a number of qualified electors equal to twenty percent of the number of electors in the school district who voted for the office of governor at the most recent general election for that office sign a petition asking that the question of whether the resolution shall be disapproved be submitted to the electors. The petition shall be filed with the board of elections of the county in which the school district is located. If the school district is located in more than one county, the petition shall be filed with the board of elections of the county in which the majority of the territory of the school district is located. The board shall certify the validity and sufficiency of the signatures on the petition.

The board of elections shall immediately notify the board of
education of the joint vocational school district and the board of
education of the school district that proposes joining the joint
vocational school district that the petition has been filed.

The effect of the resolution shall be stayed until the board
of elections certifies the validity and sufficiency of the
signatures on the petition. If the board of elections determines
that the petition does not contain a sufficient number of valid
signatures and sixty days have passed since the adoption of the
resolution, the resolution shall become effective.

If the board of elections certifies that the petition
contains a sufficient number of valid signatures, the board shall
submit the question to the qualified electors of the school
district on the day of the next general or primary election held
at least ninety days after but no later than six months after the
board of elections certifies the validity and sufficiency of
signatures on the petition. If there is no general or primary
election held at least ninety days after but no later than six
months after the board of elections certifies the validity and
sufficiency of signatures on the petition, the board shall submit
the question to the electors at a special election to be held on
the next day specified for special elections in division (D) of
section 3501.01 of the Revised Code that occurs at least ninety
days after the board certifies the validity and sufficiency of
signatures on the petition. The election shall be conducted and
canvassed and the results shall be certified in the same manner as
in regular elections for the election of members of a board of
education.

If a majority of the electors voting on the question
disapprove the resolution, the resolution shall not become
effective.

(C) If the resolution becomes effective, the board of
education of the joint vocational school district shall notify the
county auditor of the county in which the school district becoming a part of the joint vocational school district is located, who shall thereupon have any outstanding levy for building purposes, bond retirement, or current expenses in force in the joint vocational school district spread over the territory of the school district becoming a part of the joint vocational school district. On the addition of a city or exempted village school district or an educational service center to the joint vocational school district, pursuant to this section, the board of education of such joint vocational school district shall submit to the state board of education a proposal to enlarge the membership of such board by the addition of one or more persons at least one of whom shall be a member of the board of education or governing board of such additional school district or educational service center, and the term of each such additional member. On the addition of a local school district to the joint vocational school district, pursuant to this section, the board of education of such joint vocational school district may submit to the state board of education a proposal to enlarge the membership of such board by the addition of one or more persons who are members of the educational service center governing board of such additional local school district. On approval by the state board of education additional members shall be added to such joint vocational school district board of education.

Sec. 3311.214. (A) With the approval of the state board of education, the boards of education of any two or more joint vocational school districts may, by the adoption of identical resolutions by a majority of the members of each such board, propose that one new joint vocational school district be created by adding together all of the territory of each of the districts and dissolving such districts. A copy of each resolution shall be filed with the state board of education for its approval or
disapproval. The resolutions shall include a provision that the board of education of the new district shall be composed of the members from the same boards of education that composed the membership of the board of each of the districts to be dissolved, except that, if an even number of districts are to be dissolved, one additional member shall be added, who may be from any school district included in the territory of any of the districts to be dissolved as designated in the resolutions. The members of the new board shall have the same terms of office as they had under the respective plans of the districts adopting the resolutions, except that, if the new board has an additional member, he the additional member shall have a term as specified in the resolutions.

If the state board approves the resolutions, the board of education of each district to be dissolved shall advertise a copy of the resolution in a newspaper of general circulation in its district once each week for at least two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date the resolutions are approved by the state board. The resolutions shall become effective on the first day of July next succeeding the sixtieth day following approval by the state board unless prior to the expiration of such sixty-day period, qualified electors residing in one of the districts to be dissolved equal in number to a majority of the qualified electors of that district voting at the last general election file with the state board a petition of remonstrance against creation of the proposed new district.

(B) When a resolution becomes effective under division (A) of this section, each district in which a resolution was adopted and the board of each such district are dissolved. The territory of each dissolved district becomes a part of the new joint vocational school district. The net indebtedness of each dissolved district shall be assumed in full by the new district and the funds and
property of each dissolved district shall become in full the funds
and property of the new district. All existing contracts of each
dissolved board shall be honored by the board of the new district
until their expiration dates. The board of the new district shall
notify the county auditor of each county in which each dissolved
district was located that a resolution has become effective and a
new district has been created and shall certify to each auditor
any changes that might be required in the tax rate as a result of
the creation of the new district.

(C) As used in this section, "net indebtedness" means the
difference between the par value of the outstanding and unpaid
bonds and notes of the school district and the amount held in the
sinking fund and other indebtedness retirement funds for their
redemption.

Sec. 3311.29. (A) Except as provided under division (B) or
(C) of this section, no school district shall be created and no
school district shall exist which does not maintain within such
district public schools consisting of grades kindergarten through
twelve and any such existing school district not maintaining such
schools shall be dissolved and its territory joined with another
school district or districts by order of the state board of
education if no agreement is made among the surrounding districts
voluntarily, which order shall provide an equitable division of
the funds, property, and indebtedness of the dissolved school
district among the districts receiving its territory. The state
board of education may authorize exceptions to school districts
where topography, sparsity of population, and other factors make
compliance impracticable.

The superintendent of public instruction is without authority
to distribute funds under Chapter 3306. or 3317. of the Revised
Code to any school district that does not maintain schools with
grades kindergarten through twelve and to which no exception has been granted by the state board of education.

(B) Division (A) of this section does not apply to any joint vocational school district or any cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code.

(C)(1)(a) Except as provided in division (C)(3) of this section, division (A) of this section does not apply to any cooperative education school district established pursuant to section 3311.521 of the Revised Code nor to the city, exempted village, or local school districts that have territory within such a cooperative education district.

(b) The cooperative district and each city, exempted village, or local district with territory within the cooperative district shall maintain the grades that the resolution adopted or amended pursuant to section 3311.521 of the Revised Code specifies.

(2) Any cooperative education school district described under division (C)(1) of this section that fails to maintain the grades it is specified to operate shall be dissolved by order of the state board of education unless prior to such an order the cooperative district is dissolved pursuant to section 3311.54 of the Revised Code. Any such order shall provide for the equitable adjustment, division, and disposition of the assets, property, debts, and obligations of the district among each city, local, and exempted village school district whose territory is in the cooperative district and shall provide that the tax duplicate of each city, local, and exempted village school district whose territory is in the cooperative district shall be bound for and assume its share of the outstanding indebtedness of the cooperative district.

(3) If any city, exempted village, or local school district
described under division (C)(1) of this section fails to maintain the grades it is specified to operate the cooperative district within which it has territory shall be dissolved in accordance with division (C)(2) of this section and upon that dissolution any city, exempted village, or local district failing to maintain grades kindergarten through twelve shall be subject to the provisions for dissolution in division (A) of this section.

Sec. 3311.50. (A) As used in this section, "county school financing district" means a taxing district consisting of the following territory:

(1) The territory that constitutes the educational service center on the date that the governing board of that educational service center adopts a resolution under division (B) of this section declaring that the territory of the educational service center is a county school financing district, exclusive of any territory subsequently withdrawn from the district under division (D) of this section;

(2) Any territory that has been added to the county school financing district under this section.

A county school financing district may include the territory of a city, local, or exempted village school district whose territory also is included in the territory of one or more other county school financing districts.

(B) The governing board of any educational service center may, by resolution, declare that the territory of the educational service center is a county school financing district. The resolution shall state the purpose for which the county school financing district is created which may be for any one or more of the following purposes:

(1) To levy taxes for the provision of special education by
the school districts that are a part of the district, including taxes for permanent improvements for special education;

(2) To levy taxes for the provision of specified educational programs and services by the school districts that are a part of the district, as identified in the resolution creating the district, including the levying of taxes for permanent improvements for those programs and services;

(3) To levy taxes for permanent improvements of school districts that are a part of the district.

The governing board of the educational service center that creates a county school financing district shall serve as the taxing authority of the district and may use educational service center governing board employees to perform any of the functions necessary in the performance of its duties as a taxing authority. A county school financing district shall not employ any personnel.

With the approval of a majority of the members of the board of education of each school district within the territory of the county school financing district, the taxing authority of the financing district may amend the resolution creating the district to broaden or narrow the purposes for which it was created.

A governing board of an educational service center may create more than one county school financing district. If a governing board of an educational service center creates more than one such district, it shall clearly distinguish among the districts it creates by including a designation of each district's purpose in the district's name.

(C) A majority of the members of a board of education of a city, local, or exempted village school district may adopt a resolution requesting that its territory be joined with the territory of any county school financing district. Copies of the resolution shall be filed with the state board of education and
the taxing authority of the county school financing district. Within sixty days of its receipt of such a resolution, the county school financing district's taxing authority shall vote on the question of whether to accept the school district's territory as part of the county school financing district. If a majority of the members of the taxing authority vote to accept the territory, the school district's territory shall thereupon become a part of the county school financing district unless the county school financing district has in effect a tax imposed under section 5705.211 of the Revised Code. If the county school financing district has such a tax in effect, the taxing authority shall certify a copy of its resolution accepting the school district's territory to the school district's board of education, which may then adopt a resolution, with the affirmative vote of a majority of its members, proposing the submission to the electors of the question of whether the district's territory shall become a part of the county school financing district and subject to the taxes imposed by the financing district. The resolution shall set forth the date on which the question shall be submitted to the electors, which shall be at a special election held on a date specified in the resolution, which shall not be earlier than ninety days after the adoption and certification of the resolution. A copy of the resolution shall immediately be certified to the board of elections of the proper county, which shall make arrangements for the submission of the proposal to the electors of the school district. The board of the joining district shall publish notice of the election in one or more newspapers of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. Additionally, if the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The question appearing on the ballot shall read:
"Shall the territory within .......... (name of the school district proposing to join the county school financing district) .......... be added to .......... (name) .......... county school financing district, and a property tax for the purposes of .......... (here insert purposes) .......... at a rate of taxation not exceeding .......... (here insert the outstanding tax rate) .......... be in effect for .......... (here insert the number of years the tax is to be in effect or "a continuing period of time," as applicable) ..........?"

If the proposal is approved by a majority of the electors voting on it, the joinder shall take effect on the first day of July following the date of the election, and the county board of elections shall notify the county auditor of each county in which the school district joining its territory to the county school financing district is located.

(D) The board of any city, local, or exempted village school district whose territory is part of a county school financing district may withdraw its territory from the county school financing district thirty days after submitting to the governing board that is the taxing authority of the district and the state board a resolution proclaiming such withdrawal, adopted by a majority vote of its members, but any county school financing district tax levied in such territory on the effective date of the withdrawal shall remain in effect in such territory until such tax expires or is renewed. No board may adopt a resolution withdrawing from a county school financing district that would take effect during the forty-five days preceding the date of an election at which a levy proposed under section 5705.215 of the Revised Code is to be voted upon.

(E) A city, local, or exempted village school district does not lose its separate identity or legal existence by reason of joining its territory to a county school financing district under
this section and an educational service center does not lose its separate identity or legal existence by reason of creating a county school financing district that accepts or loses territory under this section.

Sec. 3311.52. A cooperative education school district may be established pursuant to divisions (A) to (C) of this section or pursuant to section 3311.521 of the Revised Code.

(A) A cooperative education school district may be established upon the adoption of identical resolutions within a sixty-day period by a majority of the members of the board of education of each city, local, and exempted village school district that is within the territory of a county school financing district.

A copy of each resolution shall be filed with the governing board of the educational service center which created the county school financing district. Upon the filing of the last such resolution, the educational service center governing board shall immediately notify each board of education filing such a resolution of the date on which the last resolution was filed.

Ten days after the date on which the last resolution is filed with the educational service center governing board or ten days after the last of any notices required under division (C) of this section is received by the educational service center governing board, whichever is later, the county school financing district shall be dissolved and the new cooperative education school district and the board of education of the cooperative education school district shall be established.

On the date that any county school financing district is dissolved and a cooperative education school district is established under this section, each of the following shall apply:
(1) The territory of the dissolved district becomes the territory of the new district.

(2) Any outstanding tax levy in force in the dissolved district shall be spread over the territory of the new district and shall remain in force in the new district until the levy expires or is renewed.

(3) Any funds of the dissolved district shall be paid over in full to the new district.

(4) Any net indebtedness of the dissolved district shall be assumed in full by the new district. As used in division (A)(4) of this section, "net indebtedness" means the difference between the par value of the outstanding and unpaid bonds and notes of the dissolved district and the amount held in the sinking fund and other indebtedness retirement funds for their redemption.

When a county school financing district is dissolved and a cooperative education school district is established under this section, the governing board of the educational service center that created the dissolved district shall give written notice of this fact to the county auditor and the board of elections of each county having any territory in the new district.

(B) The resolutions adopted under division (A) of this section shall include all of the following provisions:

(1) Provision that the governing board of the educational service center which created the county school financing district shall be the board of education of the cooperative education school district, except that provision may be made for the composition, selection, and terms of office of an alternative board of education of the cooperative district, which board shall include at least one member selected from or by the members of the board of education of each city, local, and exempted village school district and at least one member selected from or by the
members of the educational service center governing board within the territory of the cooperative district;

(2) Provision that the treasurer and superintendent of the educational service center which created the county school financing district shall be the treasurer and superintendent of the cooperative education school district, except that provision may be made for the selection of a treasurer or superintendent of the cooperative district other than the treasurer or superintendent of the educational service center, which provision shall require one of the following:

(a) The selection of one person as both the treasurer and superintendent of the cooperative district, which provision may require such person to be the treasurer or superintendent of any city, local, or exempted village school district or educational service center within the territory of the cooperative district;

(b) The selection of one person as the treasurer and another person as the superintendent of the cooperative district, which provision may require either one or both such persons to be treasurers or superintendents of any city, local, or exempted village school districts or educational service center within the territory of the cooperative district.

(3) A statement of the educational program the board of education of the cooperative education school district will conduct, including but not necessarily limited to the type of educational program, the grade levels proposed for inclusion in the program, the timetable for commencing operation of the program, and the facilities proposed to be used or constructed to be used by the program;

(4) A statement of the annual amount, or the method for determining that amount, of funds or services or facilities that each city, local, and exempted village school district within the
territory of the cooperative district is required to pay to or  
provide for the use of the board of education of the cooperative  
education school district;

(5) Provision for adopting amendments to the provisions of  
divisions (B)(2) to (4) of this section.

(C) If the resolutions adopted under division (A) of this  
section provide for a board of education of the cooperative  
education school district that is not the governing board of the  
educational service center that created the county school  
financing district, each board of education of each city, local,  
or exempted village school district and the governing board of the  
educational service center within the territory of the cooperative  
district shall, within thirty days after the date on which the  
last resolution is filed with the educational service center  
governing board under division (A) of this section, select one or  
more members of the board of education of the cooperative district  
as provided in the resolutions filed with the educational service  
center governing board. Each such board shall immediately notify  
the educational service center governing board of each such  
selection.

(D) Except for the powers and duties in this chapter and  
Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the  
Revised Code, a cooperative education school district established  
pursuant to divisions (A) to (C) of this section or pursuant to  
section 3311.521 of the Revised Code has all the powers of a city  
school district and its board of education has all the powers and  
duties of a board of education of a city school district with  
respect to the educational program specified in the resolutions  
adopted under division (A) of this section. All laws applicable to  
a city school district or the board of education or the members of  
the board of education of a city school district, except such laws  
in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and
3331. of the Revised Code, are applicable to a cooperative education school district and its board.

The treasurer and superintendent of a cooperative education school district shall have the same respective duties and powers as a treasurer and superintendent of a city school district, except for any powers and duties in this chapter and Chapters 124., 3306., 3317., 3318., 3323., and 3331. of the Revised Code.

(E) For purposes of this title, any student included in the formula ADM certified for any city, exempted village, or local school district under section 3317.03 of the Revised Code by virtue of being counted, in whole or in part, in the average daily membership of a cooperative education school district under division (A)(2)(f) of that section shall be construed to be enrolled both in that city, exempted village, or local school district and in that cooperative education school district. This division shall not be construed to mean that any such individual student may be counted more than once for purposes of determining the average daily membership of any one school district.

Sec. 3311.53. (A)(1) The board of education of any city, local, or exempted village school district that wishes to become part of a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may adopt a resolution proposing to become a part of the cooperative education school district.

(2) The board of education of any city, local, or exempted village school district that is contiguous to a cooperative education school district established pursuant to section 3311.521 of the Revised Code and that wishes to become part of that cooperative district may adopt a resolution proposing to become part of that cooperative district.

(B) If, after the adoption of a resolution in accordance with
division (A) of this section, the board of education of the cooperative education school district named in that resolution also adopts a resolution accepting the new district, the board of the district wishing to become part of the cooperative district shall advertise a copy of the cooperative district board's resolution in a newspaper of general circulation in the school district proposing to become a part of the cooperative education school district once each week for at least two weeks, or as provided in section 7.16 of the Revised Code, immediately following the date of the adoption of the resolution. The resolution shall become legally effective on the sixtieth day after its adoption, unless prior to the expiration of that sixty-day period qualified electors residing in the school district proposed to become a part of the cooperative education school district equal in number to a majority of the qualified electors voting at the last general election file with the board of education a petition of remonstrance against the transfer. If the resolution becomes legally effective, both of the following shall apply:

(1) The resolution that established the cooperative education school district pursuant to divisions (A) to (C) of section 3311.52 or section 3311.521 of the Revised Code shall be amended to reflect the addition of the new district to the cooperative district.

(2) The board of education of the cooperative education school district shall give written notice of this fact to the county auditor and the board of elections of each county in which the school district becoming a part of the cooperative education school district has territory. Any such county auditor shall thereupon have any outstanding levy for building purposes, bond retirement, or current expenses in force in the cooperative education school district spread over the territory of the school district.

(C) If the board of education of the cooperative education school district is not the governing board of an educational service center, the board of education of the cooperative education school district shall, on the addition of a city, local, or exempted village school district to the district pursuant to this section, submit to the state board of education a proposal to enlarge the membership of the board. In the case of a cooperative district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code, the proposal shall add one or more persons to the district's board, at least one of whom shall be a member of or selected by the board of education of the additional school district, and shall specify the term of each such additional member. In the case of a cooperative district established pursuant to section 3311.521 of the Revised Code, the proposal shall add two or more persons to the district's board, at least two of whom shall be a member of or selected by the board of education of the additional school district, and shall specify the term of each such additional member. On approval by the state board of education, the additional members shall be added to the cooperative education school district board of education.

**Sec. 3311.73.** (A) No later than ninety days before the general election held in the first even-numbered year occurring at least four years after the date it assumed control of the municipal school district pursuant to division (B) of section 3311.71 of the Revised Code, the board of education appointed under that division shall notify the board of elections of each county containing territory of the municipal school district of the referendum election required by division (B) of this section.

(B) At the general election held in the first even-numbered
year occurring at least four years after the date the new board assumed control of a municipal school district pursuant to division (B) of section 3311.71 of the Revised Code, the following question shall be submitted to the electors residing in the school district:

"Shall the mayor of ..... (here insert the name of the applicable municipal corporation) continue to appoint the members of the board of education of the ..... (here insert the name of the municipal school district)?"

The board of elections of the county in which the majority of the school district's territory is located shall make all necessary arrangements for the submission of the question to the electors, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers, provided that in any such election in which only part of the electors of a precinct are qualified to vote, the board of elections may assign voters in such part to an adjoining precinct. Such an assignment may be made to an adjoining precinct in another county with the consent and approval of the board of elections of such other county. Notice of the election shall be published in a newspaper of general circulation in the school district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election, and, if the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the question on which the election is being held. The ballot shall be in the form prescribed by the secretary of state. Costs of submitting the question to the electors shall be charged to the municipal school district in accordance with section 3501.17 of the Revised Code.

(C) If a majority of electors voting on the issue proposed in
division (B) of this section approve the question, the mayor shall
appoint a new board on the immediately following first day of July
pursuant to division (F) of section 3311.71 of the Revised Code.

(D) If a majority of electors voting on the issue proposed in
division (B) of this section disapprove the question, a new
seven-member board of education shall be elected at the next
regular election occurring in November of an odd-numbered year. At
such election, four members shall be elected for terms of four
years and three members shall be elected for terms of two years.
Thereafter, their successors shall be elected in the same manner
and for the same terms as members of boards of education of a city
school district. All members of the board of education of a
municipal school district appointed pursuant to division (B) of
section 3311.71 of the Revised Code shall continue to serve after
the end of the terms to which they were appointed until their
successors are qualified and assume office in accordance with
section 3313.09 of the Revised Code.

Sec. 3311.76. (A) Notwithstanding Chapters 3302., 3306., and
3317. of the Revised Code, upon written request of the district
chief executive officer the state superintendent of public
instruction may exempt a municipal school district from any rules
adopted under Title XXXIII of the Revised Code except for any rule
adopted under Chapter 3307. or 3309., sections 3319.07 to 3319.21,
or Chapter 3323. of the Revised Code, and may authorize a
municipal school district to apply funds allocated to the district
under Chapters 3306. and Chapter 3317. of the Revised Code, except
those specifically allocated to purposes other than current
expenses, to the payment of debt charges on the district's public
obligations. The request must specify the provisions from which
the district is seeking exemption or the application requested and
the reasons for the request. The state superintendent shall
approve the request if the superintendent finds the requested
exemption or application is in the best interest of the district's students. The superintendent shall approve or disapprove the request within thirty days and shall notify the district board and the district chief executive officer of approval or reasons for disapproving the request.

(B) In addition to the rights, authority, and duties conferred upon a municipal school district and its board of education in sections 3311.71 to 3311.76 of the Revised Code, a municipal school district and its board shall have all of the rights, authority, and duties conferred upon a city school district and its board by law that are not inconsistent with sections 3311.71 to 3311.76 of the Revised Code.

Sec. 3313.12. Each member of the educational service center governing board may be paid such compensation as the governing board provides by resolution, provided that any such compensation shall not exceed one hundred twenty-five dollars a day plus mileage both ways, at the rate per mile provided by resolution of the governing board, for attendance at any meeting of the board. Such compensation and the expenses of the educational service center superintendent, itemized and verified, shall be paid from the educational service center governing board fund upon vouchers signed by the president of the governing board.

The board of education of any city, local, or exempted village school district may provide by resolution for compensation of its members, provided that such compensation shall not exceed one hundred twenty-five dollars per member for meetings attended. The board may provide by resolution for the deduction of amounts payable for benefits under section 3313.202 of the Revised Code.

Each member of a district board or educational service center governing board may be paid such compensation as the respective board provides by resolution for attendance at an approved
training program, provided that such compensation shall not exceed sixty dollars a day for attendance at a training program three hours or fewer in length and one hundred twenty-five dollars a day for attendance at a training program longer than three hours in length.

Sec. 3313.29. The treasurer of each board of education shall keep an account of all school funds of the district. The treasurer shall receive all vouchers for payments and disbursements made to and by the board and preserve such vouchers for a period of ten years unless copied or reproduced according to the procedure prescribed in section 9.01 of the Revised Code. Thereafter, such vouchers may be destroyed by the treasurer upon applying to and obtaining an order from the school district records commission in the manner prescribed by section 149.41 of the Revised Code, except that it shall not be necessary to copy or reproduce such vouchers before their destruction. The treasurer shall render a statement to the board and to the superintendent of the school district, monthly, or more often if required, showing the revenues and receipts from whatever sources derived, the various appropriations made by the board, the expenditures and disbursements therefrom, the purposes thereof, the balances remaining in each appropriation, and the assets and liabilities of the school district. At the end of the fiscal year such statement shall be a complete exhibit of the financial affairs of the school district which may be published and distributed with the approval of the board. All monthly and yearly statements as required in this section shall be available for examination by the public.

On request of the principal or other chief administrator of any nonpublic school located within the school district's territory, the treasurer shall provide such principal or administrator with an account of the moneys received by the district under division (I)-(E) of section 3317.024 of the Revised Code.

**Sec. 3313.33.** (A) Conveyances made by a board of education shall be executed by the president and treasurer thereof.

(B) Except as provided in division (C) of this section, no member of the board shall have, directly or indirectly, any pecuniary interest in any contract of the board or be employed in any manner for compensation by the board of which the person is a member. No contract shall be binding upon any board unless it is made or authorized at a regular or special meeting of such board.

(C) A member of the board may have a pecuniary interest in a contract of the board if all of the following apply:

1. The member's pecuniary interest in that contract is that the member is employed by a political subdivision, instrumentality, or agency of the state that is contracting with the board;

2. The member does not participate in any discussion or debate regarding the contract or vote on the contract;

3. The member files with the school district treasurer an affidavit stating the member's exact employment status with the political subdivision, instrumentality, or agency contracting with the board.

(D) This section does not apply where a member of the board, being a shareholder of a corporation but not being an officer or director thereof, owns not in excess of five per cent of the stock of such corporation. If a stockholder desires to avail self of the exception, before entering upon such contract such person shall first file with the treasurer an affidavit stating the stockholder's exact status and connection with said corporation.

This section does not apply where a member of the board
elects to be covered by a health care plan under section 3313.202 of the Revised Code.

Sec. 3313.372. (A) As used in this section, "energy conservation measure" means an installation or modification of an installation in, or remodeling of, a building, to reduce energy consumption. It includes:

(1) Insulation of the building structure and systems within the building;

(7) Energy recovery systems;

(8) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;

(9) Any other modification, installation, or remodeling approved by the Ohio school facilities commission as an energy conservation measure.
(B) A board of education of a city, exempted village, local, or joint vocational school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The provisions of such installment payment contracts dealing with interest charges and financing terms shall not be subject to the competitive bidding requirements of section 3313.46 of the Revised Code, and shall be on the following terms:

(1) Not less than one-fifteenth of the costs thereof shall be paid within two years from the date of purchase.

(2) The remaining balance of the costs thereof shall be paid within fifteen years from the date of purchase.

An installment payment contract entered into by a board of education under this section shall require the board to contract in accordance with division (A) of section 3313.46 of the Revised Code for the installation, modification, or remodeling of energy conservation measures unless division (A) of section 3313.46 of the Revised Code does not apply pursuant to division (B)(3) of that section.

In the resolution authorizing the notes, the board may provide, without the vote of the electors of the district, for annually levying and collecting taxes in amounts sufficient to pay the interest on and retire the notes, except that the total net indebtedness of the district without a vote of the electors incurred under this and all other sections of the Revised Code, except section 3318.052 of the Revised Code,
shall not exceed one per cent of the district's tax valuation. Revenues derived from local taxes or otherwise, for the purpose of conserving energy or for defraying the current operating expenses of the district, may be applied to the payment of interest and the retirement of such notes. The notes may be sold at private sale or given to the contractor under the installment payment contract authorized by division (B) of this section.

(D) Debt incurred under this section shall not be included in the calculation of the net indebtedness of a school district under section 133.06 of the Revised Code.

(E) No school district board shall enter into an installment payment contract under division (B) of this section unless it first obtains a report of the costs of the energy conservation measures and the savings thereof as described under division (G) of section 133.06 of the Revised Code as a requirement for issuing energy securities, makes a finding that the amount spent on such measures is not likely to exceed the amount of money it would save in energy costs and resultant operational and maintenance costs as described in that division, except that that finding shall cover the ensuing fifteen years, and the Ohio school facilities commission determines that the district board's findings are reasonable and approves the contract as described in that division.

The district board shall monitor the savings and maintain a report of those savings, which shall be available submitted to the commission in the same manner as required by division (G) of section 133.06 of the Revised Code in the case of energy securities.

Sec. 3313.41. (A) Except as provided in divisions (C), (D), (F), and (G) of this section, when a board of education decides to dispose of real or personal property that it owns in its corporate
capacity and that exceeds in value ten thousand dollars, it shall sell the property at public auction, after giving at least thirty days' notice of the auction by publication in a newspaper of general circulation in the school district, by publication as provided in section 7.16 of the Revised Code, or by posting notices in five of the most public places in the school district in which the property, if it is real property, is situated, or, if it is personal property, in the school district of the board of education that owns the property. The board may offer real property for sale as an entire tract or in parcels.

(B) When the board of education has offered real or personal property for sale at public auction at least once pursuant to division (A) of this section, and the property has not been sold, the board may sell it at a private sale. Regardless of how it was offered at public auction, at a private sale, the board shall, as it considers best, sell real property as an entire tract or in parcels, and personal property in a single lot or in several lots.

(C) If a board of education decides to dispose of real or personal property that it owns in its corporate capacity and that exceeds in value ten thousand dollars, it may sell the property to the adjutant general; to any subdivision or taxing authority as respectively defined in divisions (A) and (C) of section 5705.01 of the Revised Code, township park district, board of park commissioners established under Chapter 755. of the Revised Code, or park district established under Chapter 1545. of the Revised Code; to a wholly or partially tax-supported university, university branch, or college; or to the board of trustees of a school district library, upon such terms as are agreed upon. The sale of real or personal property to the board of trustees of a school district library is limited, in the case of real property, to a school district library within whose boundaries the real property is situated, or, in the case of personal property, to a
school district library whose boundaries lie in whole or in part within the school district of the selling board of education.

(D) When a board of education decides to trade as a part or an entire consideration, an item of personal property on the purchase price of an item of similar personal property, it may trade the same upon such terms as are agreed upon by the parties to the trade.

(E) The president and the treasurer of the board of education shall execute and deliver deeds or other necessary instruments of conveyance to complete any sale or trade under this section.

(F) When a board of education has identified a parcel of real property that it determines is needed for school purposes, the board may, upon a majority vote of the members of the board, acquire that property by exchanging real property that the board owns in its corporate capacity for the identified real property or by using real property that the board owns in its corporate capacity as part or an entire consideration for the purchase price of the identified real property. Any exchange or acquisition made pursuant to this division shall be made by a conveyance executed by the president and the treasurer of the board.

(G) (1) When a school district board of education decides to dispose of real property suitable for use as classroom space, prior to disposing of that property under divisions (A) to (F) of this section, it shall first offer that property for sale by public auction as described in division (A) of this section. Only the governing authorities of the start-up community schools established under Chapter 3314. of the Revised Code located within the territory of the school district, at a price that is not higher than the appraised fair market value of that property. If more than one community school governing authority accepts the offer made by the school district board, the board shall sell the property to the governing authority that accepted the offer first.
in time, operators of community schools, and any persons or entities that have entered into a lease agreement with a governing authority or operator of a community school shall be eligible to bid at the auction. If no community school governing authority accepts the offer within sixty days after the offer is made by the school district board, operator, or lessor or leasing entity offers a bid to purchase the property, the board may dispose of the property in the applicable manner prescribed under divisions (A) to (F) of this section.

(2) When a school district board of education has not used real property suitable for classroom space for academic instruction, administration, storage, or any other educational purpose for one full school year and has not adopted a resolution outlining a plan for using that property for any of those purposes within the next three school years, it immediately shall offer that property for sale by public auction as described in division (A) of this section. Only the governing authorities of the start-up community schools established under Chapter 3314. of the Revised Code located within the territory of the school district, at a price that is not higher than the appraised fair market value of that property. If more than one community school governing authority accepts the offer made by the school district board, the board shall sell the property to the governing authority that accepted the offer first in time, operators of community schools, and any persons or entities that have entered into a lease agreement with a governing authority or operator of a community school shall be eligible to bid at the auction. If no governing authority, operator, or lessor or leasing entity offers a bid to purchase property, the board may dispose of property in the applicable manner under divisions (A) to (F) of this section.

(H) When a school district board of education has property that the board, by resolution, finds is not needed for school
district use, is obsolete, or is unfit for the use for which it was acquired, the board may donate that property in accordance with this division if the fair market value of the property is, in the opinion of the board, two thousand five hundred dollars or less.

The board shall first offer the property to the governing authorities and operators of community schools established under Chapter 3314. of the Revised Code located within the territory of the school district. If no community school governing authority or operator accepts the donation, the property may be donated to an eligible nonprofit organization that is located in this state and is exempt from federal income taxation pursuant to 26 U.S.C. 501(a) and (c)(3). Before donating any property under this division, the board shall adopt a resolution expressing its intent to make unneeded, obsolete, or unfit-for-use school district property available to these organizations. The resolution shall include guidelines and procedures the board considers to be necessary to implement the donation program and shall indicate whether the school district will conduct the donation program or the board will contract with a representative to conduct it. If a representative is known when the resolution is adopted, the resolution shall provide contact information such as the representative's name, address, and telephone number.

The resolution shall include within its procedures a requirement that any nonprofit organization desiring to obtain donated property under this division shall submit a written notice to the board or its representative. The written notice shall include evidence that the organization is a nonprofit organization that is located in this state and is exempt from federal income taxation pursuant to 26 U.S.C. 501(a) and (c)(3); a description of the organization's primary purpose; a description of the type or types of property the organization needs; and the name, address,
and telephone number of a person designated by the organization's governing board to receive donated property and to serve as its agent.

After adoption of the resolution, the board shall publish, in a newspaper of general circulation in the school district or as provided in section 7.16 of the Revised Code, notice of its intent to donate unneeded, obsolete, or unfit-for-use school district property to eligible nonprofit organizations. The notice shall include a summary of the information provided in the resolution and shall be published at least twice. The second and any subsequent notice shall be published not less than ten nor more than twenty days after the previous notice. A similar notice also shall be posted continually in the board's office, and, if the school district maintains a web site on the internet, the notice shall be posted continually at that web site.

The board or its representatives shall maintain a list of all nonprofit organizations that notify the board or its representative of their desire to obtain donated property under this division and that the board or its representative determines to be eligible, in accordance with the requirements set forth in this section and in the donation program's guidelines and procedures, to receive donated property.

The board or its representative also shall maintain a list of all school district property the board finds to be unneeded, obsolete, or unfit for use and to be available for donation under this division. The list shall be posted continually in a conspicuous location in the board's office, and, if the school district maintains a web site on the internet, the list shall be posted continually at that web site. An item of property on the list shall be donated to the eligible nonprofit organization that first declares to the board or its representative its desire to obtain the item unless the board previously has established, by
resolution, a list of eligible nonprofit organizations that shall be given priority with respect to the item's donation. Priority may be given on the basis that the purposes of a nonprofit organization have a direct relationship to specific school district purposes of programs provided or administered by the board. A resolution giving priority to certain nonprofit organizations with respect to the donation of an item of property shall specify the reasons why the organizations are given that priority.

Members of the board shall consult with the Ohio ethics commission, and comply with Chapters 102. and 2921. of the Revised Code, with respect to any donation under this division to a nonprofit organization of which a board member, any member of a board member's family, or any business associate of a board member is a trustee, officer, board member, or employee.

Any community school, or its governing authority or operator, or person or entity that has entered into a lease agreement with a governing authority or operator of a community school may bring civil action in the court of common pleas for the county in which the subject real property is located to enforce the provisions of division (G) or (H) of this section.

Sec. 3313.411. (A) On or after the effective date of this section, when a school district board of education decides to lease to another entity, on a basis of not less than one school year at a time, real property that it owns in its corporate capacity and that is suitable for use as classroom space or for other educational purposes, the board shall first offer to lease that property to the governing authorities of the community schools, established under Chapter 3314. of the Revised Code, located within the territory of the school district. The lease price offered by the district board shall not be higher than the
fair market value for such a leasehold. If more than one community school governing authority accepts the offer to lease that property, the district board shall lease the property to the governing authority that accepted the offer first in time, except that any conversion community school sponsored by the school district shall have highest priority for the leasehold. If no community school governing authority accepts the offer to lease the property within sixty days after the offer is made, the district board may offer the property for lease to any other entity.

(B) Notwithstanding division (A) of this section, a school district board may renew any agreement it originally entered into prior to the effective date of this section to lease real property to an entity other than a community school. Nothing in this section shall affect the leasehold arrangements between the district board and that other entity.

Sec. 3313.46. (A) In addition to any other law governing the bidding for contracts by the board of education of any school district, when any such board determines to build, repair, enlarge, improve, or demolish any school building, the cost of which will exceed twenty-five thousand dollars, except in cases of urgent necessity, or for the security and protection of school property, and except as otherwise provided in division (D) of section 713.23 and in section 125.04 of the Revised Code, all of the following shall apply:

(1) The board shall cause to be prepared the plans, specifications, and related information as required in divisions (A), (B)(1), (2), and (D)(3) of section 153.01 of the Revised Code unless the board determines that other information is sufficient to inform any bidders of the board's requirements. However, if the board determines that such other information is sufficient for
bidding a project, the board shall not engage in the construction of any such project involving the practice of professional engineering, professional surveying, or architecture, for which plans, specifications, and estimates have not been made by, and the construction thereof inspected by, a licensed professional engineer, licensed professional surveyor, or registered architect.

(2) The board shall advertise for bids once each week for a period of not less than two consecutive weeks, or as provided in section 7.16 of the Revised Code, in a newspaper of general circulation in the district before the date specified by the board for receiving bids. The board may also cause notice to be inserted in trade papers or other publications designated by it or to be distributed by electronic means, including posting the notice on the board's internet web site. If the board posts the notice on its web site, it may eliminate the second notice otherwise required to be published in a newspaper of general circulation within the school district, provided that the first notice published in such newspaper meets all of the following requirements:

(a) It is published at least two weeks before the opening of bids.

(b) It includes a statement that the notice is posted on the board of education's internet web site.

(c) It includes the internet address of the board's internet web site.

(d) It includes instructions describing how the notice may be accessed on the board's internet web site.

(3) Unless the board extends the time for the opening of bids they shall be opened at the time and place specified by the board in the advertisement for the bids.

(4) Each bid shall contain the name of every person
interested therein. Each bid shall meet the requirements of
section 153.54 of the Revised Code.

(5) When both labor and materials are embraced in the work
bid for, the board may require that each be separately stated in
the bid, with the price thereof, or may require that bids be
submitted without such separation.

(6) None but the lowest responsible bid shall be accepted.
The board may reject all the bids, or accept any bid for both
labor and material for such improvement or repair, which is the
lowest in the aggregate. In all other respects, the award of
contracts for improvement or repair, but not for purchases made
under section 3327.08 of the Revised Code, shall be pursuant to
section 153.12 of the Revised Code.

(7) The contract shall be between the board and the bidders.
The board shall pay the contract price for the work pursuant to
sections 153.13 and 153.14 of the Revised Code. The board shall
approve and retain the estimates referred to in section 153.13 of
the Revised Code and make them available to the auditor of state
upon request.

(8) When two or more bids are equal, in the whole, or in any
part thereof, and are lower than any others, either may be
accepted, but in no case shall the work be divided between such
bidders.

(9) When there is reason to believe there is collusion or
combination among the bidders, or any number of them, the bids of
those concerned therein shall be rejected.

(B) Division (A) of this section does not apply to the board
of education of any school district in any of the following
situations:

(1) The acquisition of educational materials used in
teaching.
(2) If the board determines and declares by resolution adopted by two-thirds of all its members that any item is available and can be acquired only from a single source.

(3) If the board declares by resolution adopted by two-thirds of all its members that division (A) of this section does not apply to any installation, modification, or remodeling involved in any energy conservation measure undertaken through an installment payment contract under section 3313.372 of the Revised Code or undertaken pursuant to division (G) of section 133.06 of the Revised Code.

(4) The acquisition of computer software for instructional purposes and computer hardware for instructional purposes pursuant to division (B)(4) of section 3313.37 of the Revised Code.

(C) No resolution adopted pursuant to division (B)(2) or (3) of this section shall have any effect on whether sections 153.12 to 153.14 and 153.54 of the Revised Code apply to the board of education of any school district with regard to any item.

Sec. 3314.20 3313.473. This section does not apply to any school district declared to be excellent or effective pursuant to division (B)(1) or (2) of section 3302.03 of the Revised Code.

(A) The state board of education shall adopt rules requiring school districts with a total student count of over five thousand, as determined pursuant to section 3317.03 of the Revised Code, to designate one school building to be operated by a site-based management council. The rules shall specify the composition of the council and the manner in which members of the council are to be selected and removed.

(B) The rules adopted under division (A) of this section shall specify those powers, duties, functions, and responsibilities that shall be vested in the management council.
and that would otherwise be exercised by the district board of education. The rules shall also establish a mechanism for resolving any differences between the council and the district board if there is disagreement as to their respective powers, duties, functions, and responsibilities.

(C) The board of education of any school district described by division (A) of this section may, in lieu of complying with the rules adopted under this section, file with the department of education an alternative structure for a district site-based management program in at least one of its school buildings. The proposal shall specify the composition of the council, which shall include an equal number of parents and teachers and the building principal, and the method of selection and removal of the council members. The proposal shall also clearly delineate the respective powers, duties, functions, and responsibilities of the district board and the council. The district's proposal shall comply substantially with the rules adopted under division (A) of this section.

Sec. 3313.482. (A) Annually, prior to the first day of September, the board of education of each city, local, and exempted village school district shall adopt a resolution specifying a contingency plan under which the district's students will make up days on which it was necessary to close schools for any of the reasons specified in division (A)(2) of section 3306.01 and division (B) of section 3317.01 of the Revised Code, if any such days must be made up in order to comply with the requirements of sections 3306.01, 3313.48, 3313.481, and 3317.01 of the Revised Code. The plan shall provide for making up at least five school days. The plan may provide for making up some or all of the days a school is closed by increasing the length of other school days in the manner authorized in division (B) of this section. No resolution adopted pursuant to this division shall conflict with
any collective bargaining agreement into which a board has entered pursuant to Chapter 4117. of the Revised Code and that is in effect in the district.

(B) Notwithstanding anything to the contrary in the contingency plan it adopts under division (A) of this section, if a school district closes or evacuates any school building for any of the reasons specified in division (A)(2) of section 3306.01 and division (B) of section 3317.01 of the Revised Code, or as a result of a bomb threat or any other report of an alleged or impending explosion, and if, as a result of the closing or evacuation, the school district would be unable to meet the requirements of sections 3306.01, 3313.48, 3313.481, and 3317.01 of the Revised Code regarding the number of days schools must be open for instruction or the requirements of the state minimum standards for the school day that are established by the department of education regarding the number of hours there must be in the school day, the school district may increase the length of one or more other school days for the school that was closed or evacuated, in increments of one-half hour, to make up the number of hours or days that the school building in question was so closed or evacuated for the purpose of satisfying the requirements of those sections.

A school district that makes up, as described in this division, all of the hours or days that its school buildings were closed or evacuated for any of the reasons identified in this division shall be deemed to have complied with the requirements of sections 3306.01, 3313.48, 3313.481, and 3317.01 of the Revised Code regarding the number of days schools must be open for instruction and the requirements of the state minimum standards regarding the number of hours there must be in the school day.

Sec. 3313.533. (A) The board of education of a city, exempted
village, or local school district may adopt a resolution to establish and maintain an alternative school in accordance with this section. The resolution shall specify, but not necessarily be limited to, all of the following:

(1) The purpose of the school, which purpose shall be to serve students who are on suspension, who are having truancy problems, who are experiencing academic failure, who have a history of class disruption, who are exhibiting other academic or behavioral problems specified in the resolution, or who have been discharged or released from the custody of the department of youth services under section 5139.51 of the Revised Code;

(2) The grades served by the school, which may include any of grades kindergarten through twelve;

(3) A requirement that the school be operated in accordance with this section. The board of education adopting the resolution under division (A) of this section shall be the governing board of the alternative school. The board shall develop and implement a plan for the school in accordance with the resolution establishing the school and in accordance with this section. Each plan shall include, but not necessarily be limited to, all of the following:

(a) Specification of the reasons for which students will be accepted for assignment to the school and any criteria for admission that are to be used by the board to approve or disapprove the assignment of students to the school;

(b) Specification of the criteria and procedures that will be used for returning students who have been assigned to the school back to the regular education program of the district;

(c) An evaluation plan for assessing the effectiveness of the school and its educational program and reporting the results of the evaluation to the public.

(B) Notwithstanding any provision of Title XXXIII of the
Revised Code to the contrary, the alternative school plan may include any of the following:

(1) A requirement that on each school day students must attend school or participate in other programs specified in the plan or by the chief administrative officer of the school for a period equal to the minimum school day set by the state board of education under section 3313.48 of the Revised Code plus any additional time required in the plan or by the chief administrative officer;

(2) Restrictions on student participation in extracurricular or interscholastic activities;

(3) A requirement that students wear uniforms prescribed by the district board of education.

(C) In accordance with the alternative school plan, the district board of education may employ teachers and nonteaching employees necessary to carry out its duties and fulfill its responsibilities or may contract with a nonprofit or for profit entity to operate the alternative school, including the provision of personnel, supplies, equipment, or facilities.

(D) An alternative school may be established in all or part of a school building.

(E) If a district board of education elects under this section, or is required by section 3313.534 of the Revised Code, to establish an alternative school, the district board may join with the board of education of one or more other districts to form a joint alternative school by forming a cooperative education school district under section 3311.52 or 3311.521 of the Revised Code, or a joint educational program under section 3313.842 of the Revised Code. The authority to employ personnel or to contract with a nonprofit or for profit entity under division (C) of this section applies to any alternative school program established
under this division.

(F) Any individual employed as a teacher at an alternative school operated by a nonprofit or for profit entity under this section shall be licensed and shall be subject to background checks, as described in section 3319.39 of the Revised Code, in the same manner as an individual employed by a school district.

(G) Division (G) of this section applies only to any alternative school that is operated by a nonprofit or for profit entity under contract with the school district.

(1) In addition to the specifications authorized under division (B) of this section, any plan adopted under that division for an alternative school to which division (G) of this section also applies shall include the following:

(a) A description of the educational program provided at the alternative school, which shall include:

(i) Provisions for the school to be configured in clusters or small learning communities;

(ii) Provisions for the incorporation of education technology into the curriculum;

(iii) Provisions for accelerated learning programs in reading and mathematics.

(b) A method to determine the reading and mathematics level of each student assigned to the alternative school and a method to continuously monitor each student’s progress in those areas. The methods employed under this division shall be aligned with the curriculum adopted by the school district board of education under section 3313.60 of the Revised Code.

(c) A plan for social services to be provided at the alternative school, such as, but not limited to, counseling services, psychological support services, and enrichment programs;
(d) A plan for a student's transition from the alternative school back to a school operated by the school district;

(e) A requirement that the alternative school maintain financial records in a manner that is compatible with the form prescribed for school districts by the auditor of state to enable the district to comply with any rules adopted by the auditor of state.

(2) Notwithstanding division (A)(2) of this section, any alternative school to which division (G) of this section applies shall include only grades six through twelve.

(3) Notwithstanding anything in division (A)(3)(a) of this section to the contrary, the characteristics of students who may be assigned to an alternative school to which division (G) of this section applies shall include only disruptive and low-performing students.

(H) When any district board of education determines to contract with a nonprofit or for profit entity to operate an alternative school under this section, the board shall use the procedure set forth in this division.

(1) The board shall publish notice of a request for proposals in a newspaper of general circulation in the district once each week for a period of at least two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the date specified by the board for receiving proposals. Notices of requests for proposals shall contain a general description of the subject of the proposed contract and the location where the request for proposals may be obtained. The request for proposals shall include all of the following information:

(a) Instructions and information to respondents concerning the submission of proposals, including the name and address of the office where proposals are to be submitted;
(b) Instructions regarding communications, including at least the names, titles, and telephone numbers of persons to whom questions concerning a proposal may be directed;

(c) A description of the performance criteria that will be used to evaluate whether a respondent to which a contract is awarded is meeting the district's educational standards or the method by which such performance criteria will be determined;

(d) Factors and criteria to be considered in evaluating proposals, the relative importance of each factor or criterion, and a description of the evaluation procedures to be followed;

(e) Any terms or conditions of the proposed contract, including any requirement for a bond and the amount of such bond;

(f) Documents that may be incorporated by reference into the request for proposals, provided that the request for proposals specifies where such documents may be obtained and that such documents are readily available to all interested parties.

(2) After the date specified for receiving proposals, the board shall evaluate the submitted proposals and may hold discussions with any respondent to ensure a complete understanding of the proposal and the qualifications of such respondent to execute the proposed contract. Such qualifications shall include, but are not limited to, all of the following:

(a) Demonstrated competence in performance of the required services as indicated by effective implementation of educational programs in reading and mathematics and at least three years of experience successfully serving a student population similar to the student population assigned to the alternative school;

(b) Demonstrated performance in the areas of cost containment, the provision of educational services of a high quality, and any other areas determined by the board;
(c) Whether the respondent has the resources to undertake the operation of the alternative school and to provide qualified personnel to staff the school;

(d) Financial responsibility.

(3) The board shall select for further review at least three proposals from respondents the board considers qualified to operate the alternative school in the best interests of the students and the district. If fewer than three proposals are submitted, the board shall select each proposal submitted. The board may cancel a request for proposals or reject all proposals at any time prior to the execution of a contract.

The board may hold discussions with any of the three selected respondents to clarify or revise the provisions of a proposal or the proposed contract to ensure complete understanding between the board and the respondent of the terms under which a contract will be entered. Respondents shall be accorded fair and equal treatment with respect to any opportunity for discussion regarding clarifications or revisions. The board may terminate or discontinue any further discussion with a respondent upon written notice.

(4) Upon further review of the three proposals selected by the board, the board shall award a contract to the respondent the board considers to have the most merit, taking into consideration the scope, complexity, and nature of the services to be performed by the respondent under the contract.

(5) Except as provided in division (H)(6) of this section, the request for proposals, submitted proposals, and related documents shall become public records under section 149.43 of the Revised Code after the award of the contract.

(6) Any respondent may request in writing that the board not disclose confidential or proprietary information or trade secrets
contained in the proposal submitted by the respondent to the board. Any such request shall be accompanied by an offer of indemnification from the respondent to the board. The board shall determine whether to agree to the request and shall inform the respondent in writing of its decision. If the board agrees to nondisclosure of specified information in a proposal, such information shall not become a public record under section 149.43 of the Revised Code. If the respondent withdraws its proposal at any time prior to the execution of a contract, the proposal shall not be a public record under section 149.43 of the Revised Code.

(I) Upon a recommendation from the department and in accordance with section 3301.16 of the Revised Code, the state board of education may revoke the charter of any alternative school operated by a school district that violates this section.

Sec. 3313.55. The board of education of any school district in which is located a state, district, county, or municipal hospital for children with epilepsy or any public institution, except state institutions for the care and treatment of delinquent, unstable, or socially maladjusted children, shall make provision for the education of all educable children therein; except that in the event another school district within the same county or an adjoining county is the source of sixty per cent or more of the children in said hospital or institution, the board of that school district shall make provision for the education of all the children therein. In any case in which a board provides educational facilities under this section, the board that provides the facilities shall be entitled to all moneys authorized for the attendance of pupils as provided in Chapter 3306. or 3317. of the Revised Code, tuition as provided in section 3317.08 of the Revised Code, and such additional compensation as is provided for crippled children in sections 3323.01 to 3323.12 of the Revised Code. Any board that provides the educational facilities for
children in county or municipal institutions established for the care and treatment of children who are delinquent, unstable, or socially maladjusted shall not be entitled to any moneys provided for crippled children in sections 3323.01 to 3323.12 of the Revised Code.

(C) Beginning with students who enter ninth grade for the first time on or after July 1, 2010, except as provided in divisions (D) to (F) of this section, the requirements for graduation from every public and chartered nonpublic high school shall include twenty units that are designed to prepare students for the workforce and college. The units shall be distributed as follows:

In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

(7) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C).
Ohioans must be prepared to apply increased knowledge and
skills in the workplace and to adapt their knowledge and skills
quickly to meet the rapidly changing conditions of the
twenty-first century. National studies indicate that all high
school graduates need the same academic foundation, regardless of
the opportunities they pursue after graduation. The goal of Ohio's
system of elementary and secondary education is to prepare all
students for and seamlessly connect all students to success in
life beyond high school graduation, regardless of whether the next
step is entering the workforce, beginning an apprenticeship,
engaging in post-secondary training, serving in the military, or
pursuing a college degree.

The Ohio core curriculum is the standard expectation for all
students entering ninth grade for the first time at a public or
chartered nonpublic high school on or after July 1, 2010. A
student may satisfy this expectation through a variety of methods,
including, but not limited to, integrated, applied,
career-technical, and traditional coursework.

Whereas teacher quality is essential for student success in
completing the Ohio core curriculum, the general assembly shall
appropriate funds for strategic initiatives designed to strengthen
schools' capacities to hire and retain highly qualified teachers
in the subject areas required by the curriculum. Such initiatives
are expected to require an investment of $120,000,000 over five
years.

Stronger coordination between high schools and institutions
of higher education is necessary to prepare students for more
challenging academic endeavors and to lessen the need for academic
remediation in college, thereby reducing the costs of higher
education for Ohio's students, families, and the state. The state
board and the chancellor of the Ohio board of regents shall
develop policies to ensure that only in rare instances will students who complete the Ohio core curriculum require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences whenever practicable across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools may shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall whenever practicable utilize technology access and electronic learning opportunities provided by the eTech Ohio commission, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2014, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the Ohio core curriculum prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) After the student has attended high school for two years, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the Ohio core curriculum and acknowledging that one consequence of not completing the Ohio core curriculum is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the
student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop an individual career plan for the student that specifies the student matriculating to a two-year degree program, acquiring a business and industry credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5) The student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

The department of education, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2014. The department shall submit its findings and any recommendations not later than August 1, 2014, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more rigorous minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education,
through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the Ohio core curriculum prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the
applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(6) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops an individual career plan for the student that specifies the student's matriculating to a two-year degree program, acquiring a business and industry credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the Ohio core curriculum and acknowledging that one consequence of not completing the Ohio core curriculum is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall...
award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) Units earned in English language arts, mathematics, science, and social studies that are delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

(J) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of
subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district, community school, and chartered nonpublic school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(7) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(7) of this section. If the course in grade seven or eight did not satisfy the requirements of...
division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(B)(1) of section 3301.0710 of the Revised Code on all the assessments required by that division, or attained the composite score designated for met the requirements of the assessments required by under division (B)(2) of that section, shall be awarded a diploma under this section.

Sec. 3313.614. (A) As used in this section, a person "fulfills the curriculum requirement for a diploma" at the time one of the following conditions is satisfied:

(1) The person successfully completes the high school curriculum of a school district, a community school, a chartered nonpublic school, or a correctional institution.

(2) The person successfully completes the individualized education program developed for the person under section 3323.08 of the Revised Code.

(3) A board of education issues its determination under section 3313.611 of the Revised Code that the person qualifies as having successfully completed the curriculum required by the district.

(B) This division specifies the assessment requirements that must be fulfilled as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who fulfills the curriculum requirement for a diploma before September 15, 2000, is not required to pass any proficiency test or achievement test in science as a condition to receiving a diploma.

person passed the ninth grade proficiency test prior to September
15, 2008. However, any such person who passes the Ohio graduation
test in any subject prior to passing the ninth grade proficiency
test in the same subject shall be deemed to have passed the ninth
grade proficiency test in that subject as a condition to receiving
a diploma. For this purpose, the ninth grade proficiency test in

studies. If a person began ninth grade prior to July 1, 2003, but
does not pass a ninth grade proficiency test or the Ohio
graduation test in a particular subject before September 15, 2008,
and passage of a test in that subject is a condition for the

that subject to receive a diploma.

(3) A person who begins ninth grade on or after July 1, 2003,
in a school district, community school, or chartered nonpublic

must pass Ohio graduation tests to meet the assessment
requirements applicable to that person as a condition to receiving
a diploma.

(4) A person who begins ninth grade on or after the date
prescribed by the state board of education under division
(D)(5) of section 3301.0712 of the Revised Code is not eligible

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including changes mandated by section 3313.603 of the Revised Code, the state board, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

**Sec. 3313.617.** (A) When a person who is at least sixteen years of age but less than nineteen years of age applies to the department of education to take the tests of general educational development, the person shall submit with the application written approval from the superintendent of the school district in which the person was last enrolled, or the superintendent's designee, except that if the person was last enrolled in a community school
established under Chapter 3314. of the Revised Code or a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code, the approval shall be from the principal of the school, or the principal's designee. The department may require the person also to submit written approval from the person's parent or guardian or a court official, if the person is younger than eighteen years of age.

(B) For the purpose of calculating graduation rates for the school district report cards under section 3302.03 of the Revised Code, the department shall count any person for whom approval is obtained from the superintendent or principal, or a designee, under division (A) of this section as a dropout from the district in which the person was last enrolled prior to obtaining the approval.

facility or placement, was not known to reside in this state,
tuition shall be paid by the district determined under division
(D) of section 3313.65 of the Revised Code as the district

(e) If the department of education has determined, pursuant
to division (A)(2) of section 2151.362 of the Revised Code, that a
school district other than the one named in the court's initial
order, or in a prior determination of the department, is
responsible to bear the cost of educating the child, the district

In the case of a child to which division (C)(4) of this
section applies, the total educational cost to be paid for the
child shall be determined by a formula approved by the department of education, which formula shall be designed to calculate a per diem cost for the educational services provided to the child for each day the child is served and shall reflect the total actual cost incurred in providing those services. The department shall certify the total educational cost to be paid for the child to both the school district providing the educational services and, if different, the school district that is responsible to pay tuition for the child. The department shall deduct the certified amount from the state basic aid funds payable under Chapter 3317 of the Revised Code to the district responsible to pay tuition and shall pay that amount to the district providing the educational services to the child.

(F) In the case of any individual entitled to attend school under this division, no tuition shall be charged by the school district of attendance and no other school district shall be required to pay tuition for the individual's attendance. Notwithstanding division (B), (C), or (E) of this section:

(1) All persons at least eighteen but under twenty-two years of age who live apart from their parents, support themselves by their own labor, and have not successfully completed the high school curriculum or the individualized education program developed for the person by the high school pursuant to section 3323.08 of the Revised Code, are entitled to attend school in the district in which they reside.

(2) Any child under eighteen years of age who is married is entitled to attend school in the child's district of residence.

The statement shall be supported by such other evidence as the board may require.

(6) A child under the age of twenty-two years who resides with a parent who is having a new house built in a school district outside the district where the parent is residing is entitled to attend school for a period of time in the district where the new house is being built. (b) A statement from the builder confirming that a new house is being built for the parent and that the house is at the location indicated in the parent's statement.

(7) A child under the age of twenty-two years residing with a parent who has a contract to purchase a house in a school district outside the district where the parent is residing and who is waiting upon the date of closing of the mortgage loan for the purchase of such house is entitled to attend school for a period of time in the district where the house is being purchased. In order to be entitled to such attendance, the parent shall provide
the district superintendent with the following:

(a) A sworn statement explaining the situation, revealing the location of the house being purchased, and stating the parent's intent to reside there;

(b) A statement from a real estate broker or bank officer confirming that the parent has a contract to purchase the house, that the parent is waiting upon the date of closing of the mortgage loan, and that the house is at the location indicated in the parent's statement.

The district superintendent shall establish a period of time not to exceed ninety days during which the child entitled to attend school under division (F)(6) or (7) of this section may attend without tuition obligation. A student attending a school under division (F)(6) or (7) of this section shall be eligible to participate in interscholastic athletics under the auspices of that school, provided the board of education of the school district where the student's parent resides, by a formal action, releases the student to participate in interscholastic athletics at the school where the student is attending, and provided the student receives any authorization required by a public agency or private organization of which the school district is a member exercising authority over interscholastic sports.

(8) A child whose parent is a full-time employee of a city, local, or exempted village school district, or of an educational service center, may be admitted to the schools of the district where the child's parent is employed, or in the case of a child whose parent is employed by an educational service center, in the district that serves the location where the parent's job is primarily located, provided the district board of education establishes such an admission policy by resolution adopted by a majority of its members. Any such policy shall take effect on the first day of the school year and the effective date of any
amendment or repeal may not be prior to the first day of the subsequent school year. The policy shall be uniformly applied to all such children and shall provide for the admission of any such child upon request of the parent. No child may be admitted under this policy after the first day of classes of any school year.

(9) A child who is with the child's parent under the care of a shelter for victims of domestic violence, as defined in section 3113.33 of the Revised Code, is entitled to attend school free in the district in which the child is with the child's parent, and no other school district shall be required to pay tuition for the child's attendance in that school district.

The enrollment of a child in a school district under this division shall not be denied due to a delay in the school district's receipt of any records required under section 3313.672 of the Revised Code or any other records required for enrollment. Any days of attendance and any credits earned by a child while enrolled in a school district under this division shall be transferred to and accepted by any school district in which the child subsequently enrolls. The state board of education shall adopt rules to ensure compliance with this division.

(10) Any child under the age of twenty-two years whose parent has moved out of the school district after the commencement of classes in the child's senior year of high school is entitled, subject to the approval of that district board, to attend school in the district in which the child attended school at the time of the parental move for the remainder of the school year and for one additional semester or equivalent term. A district board may also adopt a policy specifying extenuating circumstances under which a student may continue to attend school under division (F)(10) of this section for an additional period of time in order to successfully complete the high school curriculum for the individualized education program developed for the student by the
high school pursuant to section 3323.08 of the Revised Code.

(11) As used in this division, "grandparent" means a parent of a parent of a child. A child under the age of twenty-two years who is in the custody of the child's parent, resides with a grandparent, and does not require special education is entitled to attend the schools of the district in which the child's grandparent resides, provided that, prior to such attendance in any school year, the board of education of the school district in which the child's grandparent resides and the board of education of the school district in which the child's parent resides enter into a written agreement specifying that good cause exists for such attendance, describing the nature of this good cause, and consenting to such attendance.

In lieu of a consent form signed by a parent, a board of education may request the grandparent of a child attending school in the district in which the grandparent resides pursuant to division (F)(11) of this section to complete any consent form required by the district, including any authorization required by sections 3313.712, 3313.713, 3313.716, and 3313.718 of the Revised Code. Upon request, the grandparent shall complete any consent form required by the district. A school district shall not incur any liability solely because of its receipt of a consent form from a grandparent in lieu of a parent.

Division (F)(11) of this section does not create, and shall not be construed as creating, a new cause of action or substantive legal right against a school district, a member of a board of education, or an employee of a school district. This section does not affect, and shall not be construed as affecting, any immunities from defenses to tort liability created or recognized by Chapter 2744. of the Revised Code for a school district, member, or employee.

(12) A child under the age of twenty-two years is entitled to
attend school in a school district other than the district in which the child is entitled to attend school under division (B), (C), or (E) of this section provided that, prior to such attendance in any school year, both of the following occur:

(b) The superintendents of both districts enter into a written agreement that consents to the attendance and specifies that the purpose of such attendance is to protect the student's physical or mental well-being or to deal with other extenuating circumstances deemed appropriate by the superintendents.

While an agreement is in effect under this division for a student who is not receiving special education under Chapter 3323. of the Revised Code and notwithstanding Chapter 3327. of the Revised Code, the board of education of neither school district involved in the agreement is required to provide transportation for the student to and from the school where the student attends.

A student attending a school of a district pursuant to this division shall be allowed to participate in all student activities, including interscholastic athletics, at the school where the student is attending on the same basis as any student who has always attended the schools of that district while of compulsory school age.

(13) All school districts shall comply with the "McKinney-Vento Homeless Assistance Act," 42 U.S.C.A. 11431 et seq., for the education of homeless children. Each city, local, and exempted village school district shall comply with the requirements of that act governing the provision of a free, appropriate public education, including public preschool, to each
homeless child.

When a child loses permanent housing and becomes a homeless person, as defined in 42 U.S.C.A. 11481(5), or when a child who is such a homeless person changes temporary living arrangements, the child's parent or guardian shall have the option of enrolling the child in either of the following:

(a) The child's school of origin, as defined in 42 U.S.C.A. 11432(g)(3)(C);

(b) The school that is operated by the school district in which the shelter where the child currently resides is located and that serves the geographic area in which the shelter is located.

(14) A child under the age of twenty-two years who resides with a person other than the child's parent is entitled to attend school in the school district in which that person resides if both of the following apply:

(a) That person has been appointed, through a military power of attorney executed under section 574(a) of the "National Defense Authorization Act for Fiscal Year 1994," 107 Stat. 1674 (1993), 10 U.S.C. 1044b, or through a comparable document necessary to complete a family care plan, as the parent's agent for the care, custody, and control of the child while the parent is on active duty as a member of the national guard or a reserve unit of the armed forces of the United States or because the parent is a member of the armed forces of the United States and is on a duty assignment away from the parent's residence.

(b) The military power of attorney or comparable document includes at least the authority to enroll the child in school.

The entitlement to attend school in the district in which the parent's agent under the military power of attorney or comparable document resides applies until the end of the school year in which the military power of attorney or comparable document expires.
(G) A board of education, after approving admission, may waive tuition for students who will temporarily reside in the district and who are either of the following:

1. Residents or domiciliaries of a foreign nation who request admission as foreign exchange students;
2. Residents or domiciliaries of the United States but not of Ohio who request admission as participants in an exchange program operated by a student exchange organization.

(H) Pursuant to sections 3311.211, 3313.90, 3319.01, 3323.04, 3327.04, and 3327.06 of the Revised Code, a child may attend school or participate in a special education program in a school district other than in the district where the child is entitled to attend school under division (B) of this section.

(I)(1) Notwithstanding anything to the contrary in this section or section 3313.65 of the Revised Code, a child under twenty-two years of age may attend school in the school district in which the child, at the end of the first full week of October of the school year, was entitled to attend school as otherwise provided under this section or section 3313.65 of the Revised Code, if at that time the child was enrolled in the schools of the district but since that time the child or the child's parent has relocated to a new address located outside of that school district and within the same county as the child's or parent's address immediately prior to the relocation. The child may continue to attend school in the district, and at the school to which the child was assigned at the end of the first full week of October of the current school year, for the balance of the school year. Division (I)(1) of this section applies only if both of the following conditions are satisfied:

(a) The board of education of the school district in which the child was entitled to attend school at the end of the first...
full week in October and of the district to which the child or child's parent has relocated each has adopted a policy to enroll children described in division (I)(1) of this section.

(b) The child's parent provides written notification of the relocation outside of the school district to the superintendent of each of the two school districts.

(2) At the beginning of the school year following the school year in which the child or the child's parent relocated outside of the school district as described in division (I)(1) of this section, the child is not entitled to attend school in the school district under that division.

(3) Any person or entity owing tuition to the school district on behalf of the child at the end of the first full week in October, as provided in division (C) of this section, shall continue to owe such tuition to the district for the child's attendance under division (I)(1) of this section for the lesser of the balance of the school year or the balance of the time that the child attends school in the district under division (I)(1) of this section.

(4) A pupil who may attend school in the district under division (I)(1) of this section shall be entitled to transportation services pursuant to an agreement between the district and the district in which the child or child's parent has relocated unless the districts have not entered into such agreement, in which case the child shall be entitled to transportation services in the same manner as a pupil attending school in the district under interdistrict open enrollment as described in division (H) of section 3313.981 of the Revised Code, regardless of whether the district has adopted an open enrollment policy as described in division (B)(1)(b) or (c) of section 3313.98 of the Revised Code.
(J) This division does not apply to a child receiving special education.

A school district required to pay tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount deducted under division (F)(C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. A school district entitled to receive tuition pursuant to division (C)(2) or (3) of this section or section 3313.65 of the Revised Code shall have an amount credited under division (F)(C) of section 3317.023 of the Revised Code equal to its own tuition rate for the same period of attendance. If the tuition rate credited to the district of attendance exceeds the rate deducted from the district required to pay tuition, the department of education shall pay the district of attendance the difference from amounts deducted from all districts' payments under division (F)(C) of section 3317.023 of the Revised Code but not credited to other school districts under such division and from appropriations made for such purpose. The treasurer of each school district shall, by the fifteenth day of January and July, furnish the superintendent of public instruction a report of the names of each child who attended the district's schools under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code during the preceding six calendar months, the duration of the attendance of those children, the school district responsible for tuition on behalf of the child, and any other information that the superintendent requires.

Upon receipt of the report the superintendent, pursuant to division (F)(C) of section 3317.023 of the Revised Code, shall deduct each district's tuition obligations under divisions (C)(2) and (3) of this section or section 3313.65 of the Revised Code and pay to the district of attendance that amount plus any amount required to be paid by the state.
(K) In the event of a disagreement, the superintendent of public instruction shall determine the school district in which the parent resides.

(L) Nothing in this section requires or authorizes, or shall be construed to require or authorize, the admission to a public school in this state of a pupil who has been permanently excluded from public school attendance by the superintendent of public instruction pursuant to sections 3301.121 and 3313.662 of the Revised Code.

(M) In accordance with division (B)(1) of this section, a child whose parent is a member of the national guard or a reserve unit of the armed forces of the United States and is called to active duty, or a child whose parent is a member of the armed forces of the United States and is ordered to a temporary duty assignment outside of the district, may continue to attend school in the district in which the child's parent lived before being called to active duty or ordered to a temporary duty assignment outside of the district, as long as the child's parent continues to be a resident of that district, and regardless of where the child lives as a result of the parent's active duty status or temporary duty assignment. However, the district is not responsible for providing transportation for the child if the child lives outside of the district as a result of the parent's active duty status or temporary duty assignment.

Sec. 3313.6410. This section applies to any school that is operated by a school district and in which the enrolled students work primarily on assignments in nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method.

(A) Any school to which this section applies shall withdraw from the school any student who, for two consecutive school years,
has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (E) of section 3317.03 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education to be added to the list maintained by the department under section 3314.26 of the Revised Code.

(B) No school to which this section applies shall receive any state funds under Chapter 3306. or 3317. of the Revised Code for any enrolled student whose data verification code appears on the list maintained by the department under section 3314.26 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the school district that operates the school in an amount equal to the state funds the district otherwise would receive for that student, as determined by the department. A school to which this section applies may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3313.65. (A) As used in this section and section 3313.64 of the Revised Code:

(1) A person is "in a residential facility" if the person is a resident or a resident patient of an institution, home, or other residential facility that is:

(a) The person is an Ohio resident and is:

(i) Imprisoned, as defined in section 1.05 of the Revised Code;

(ii) Serving a term in a community-based correctional facility or a district community-based correctional facility;

(iii) Required, as a condition of parole, a post-release control sanction, a community control sanction, transitional
control, or early release from imprisonment, as a condition of

under the version of section 2967.26 of the Revised Code in effect  
prior to March 17, 1998, to reside in a halfway house or other  
community residential center licensed under section 2967.14 of the  
Revised Code or a similar facility designated by the court of  
common pleas that established the condition or by the adult parole  
authority.

(b) The person is imprisoned in a state correctional  
institution of another state or a federal correctional institution  
but was an Ohio resident at the time the sentence was imposed for  
the crime for which the person is imprisoned.

person is an Ohio resident who is under twenty-one years of age  
and has been removed, by the order of a juvenile court, from the

the court's jurisdiction in the matter that resulted in the  
person's removal.

(4) "Community control sanction" has the same meaning as in  
section 2929.01 of the Revised Code.

(5) "Post-release control sanction" has the same meaning as  
in section 2967.01 of the Revised Code.

(B) If the circumstances described in division (C) of this  
section apply, the determination of what school district must  
admit a child to its schools and what district, if any, is liable  
for tuition shall be made in accordance with this section, rather  
than section 3313.64 of the Revised Code.

(C) A child who does not reside in the school district in  
which the child's parent resides and for whom a tuition obligation  
previously has not been established under division (C)(2) of
section 3313.64 of the Revised Code shall be admitted to the
schools of the district in which the child resides if at least one
of the child's parents is in a residential or correctional
facility or a juvenile residential placement and the other parent,
if living and not in such a facility or placement, is not known to
reside in this state.

   (D) Regardless of who has custody or care of the child,
whether the child resides in a home, or whether the child receives
special education, if a district admits a child under division (C)
of this section, tuition shall be paid to that district as
follows:

   (1) If the child's parent is in a juvenile residential
placement, by the district in which the child's parent resided at
the time the parent became subject to the jurisdiction of the
juvenile court;

   (2) If the child's parent is in a correctional facility, by
the district in which the child's parent resided at the time the
sentence was imposed;

   (3) If the child's parent is in a residential facility, by
the district in which the parent resided at the time the parent
was admitted to the residential facility, except that if the
parent was transferred from another residential facility, tuition
shall be paid by the district in which the parent resided at the
time the parent was admitted to the facility from which the parent
first was transferred;

   (4) In the event of a disagreement as to which school
district is liable for tuition under division (C)(1), (2), or (3)
of this section, the superintendent of public instruction shall
determine which district shall pay tuition.

   (E) If a child covered by division (D) of this section
receives special education in accordance with Chapter 3323. of the
Revised Code, the tuition shall be paid in accordance with section 3323.13 or 3323.14 of the Revised Code. Tuition for children who do not receive special education shall be paid in accordance with division (J) of section 3313.64 of the Revised Code.

Sec. 3313.75. (A) The board of education of a city, exempted village, or local school district may authorize the opening of schoolhouses for any lawful purposes. This

(B) In accordance with this section and section 3313.77 of the Revised Code, a district board may rent or lease facilities under its control to any public or nonpublic institution of higher education for the institution's use in providing evening and summer classes.

(C) This section does not authorize a board to rent or lease a schoolhouse when such rental or lease interferes with the public schools in such district, or for any purpose other than is authorized by law.

Sec. 3313.842. (A) The boards of education or governing authorities of any two or more school districts or community schools may enter into an agreement for joint or cooperative establishment and operation of any educational program including any class, course, or program that may be included in a school district's or community school's graded course of study and staff development programs for teaching and nonteaching school employees. Each school district or community school that is party to such an agreement may contribute funds of the district or school in support of the agreement and for the establishment and operation of any educational program established under the agreement. The agreement shall designate one of the districts or community schools as the district responsible for receiving and disbursing the funds contributed by the districts that are parties
to the agreement.

(B) Notwithstanding sections 3313.48 and 3313.64 of the Revised Code, any school district that is party to an agreement for joint or cooperative establishment and operation of an educational program may charge fees or tuition for students who participate in the program and are entitled to attend school in the district under section 3313.64 or 3313.65 of the Revised Code. Except as otherwise provided in division (H) of section 3321.01 of the Revised Code, no community school that is party to the agreement shall charge fees or tuition for students who participate in the program and are reported by the school under division (B)(2) of section 3314.08 of the Revised Code.

Sec. 3313.843. (A) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to either of the following:

(1) Any cooperative education school district.

(2) Any city or exempted village school district with a total student count of thirteen thousand or more determined pursuant to section 3317.03 of the Revised Code that has not entered into one or more agreements pursuant to this section prior to July 1, 1993, unless the district’s total student count did not exceed thirteen thousand at the time it entered into an initial agreement under this section.

(B)(1) The board of education of a city or local school district and with a student count of sixteen thousand or less, as defined in section 3301.011 of the Revised Code, shall enter into an agreement with the governing board of an educational service center, through adoption of identical resolutions, under which the educational service center governing board will provide services to the city or exempted village school district.
The board of education of a city, exempted village, or local school district with a student count of more than sixteen thousand may enter into an agreement with the governing board of an educational service center, under which the educational service center governing board will provide services to the district.

Services provided under the agreement entered into under division (B)(1) or (2) of this section shall be specified in the agreement, and may include any one or a combination of the following: supervisory teachers; in-service and continuing education programs for city or exempted village school district personnel; curriculum services as provided to the local school districts under the supervision of the service center governing board; research and development programs; academic instruction for which the governing board employs teachers pursuant to section 3319.02 of the Revised Code; and assistance in the provision of special accommodations and classes for students with disabilities; or any other services the district board and service center governing board agree can be better provided by the service center and are not provided under an agreement entered into under section 3313.845 of the Revised Code. Services included in the agreement shall be provided to the city or exempted village district in the same manner they are provided to local school districts under the governing board's supervision, unless otherwise specified in the agreement. The city or exempted village district board of education shall reimburse the educational service center governing board pursuant to section 3317.11 of the Revised Code.

If an educational service center received funding under division (B) of former section 3317.11 or division (F) of section 3317.11 of the Revised Code for an agreement under this section involving a city school district whose total student count was less than thirteen thousand, the service center may continue to receive funding under that division for such an agreement in any
subsequent year if the city district’s total student count exceeds thirteen thousand. However, only the first thirteen thousand pupils in the formula ADM of such district shall be included in determining the amount of the per pupil subsidy the service center shall receive under division (F) of section 3317.11 of the Revised Code.

(D) Any agreement entered into pursuant to this section shall be valid only if a copy is filed with the department of education by the first day of July of the school year for which the agreement is in effect.

(D)(1) An agreement for services from an educational service center entered into under this section may be terminated by the school district board of education, at its option, by notifying the governing board of the service center by January 1, 2012, or by the first day of January of any odd-numbered year thereafter, that the district board intends to terminate the agreement in that year, and that termination shall be effective on the thirtieth day of June of that year. The failure of a district board to notify an educational service center of its intent to terminate an agreement by the first day of January of an odd-numbered year shall result in renewal of the existing agreement for the following two school years.

(2) If the school district that terminates an agreement for services under division (D)(1) of this section is also subject to the requirement of division (B)(1) of this section, the district board shall enter into a new agreement with a different educational service center so that the new agreement is effective on the first day of July of that same year.

Sec. 3313.845. The board of education of a city, exempted village, or local school district and the governing board of an educational service center may enter into an agreement through
adoption of identical resolutions, under which the educational
service center will provide services to the school district.
Services provided under the agreement and the amount to be paid
for such services shall be mutually agreed to by the district
board of education and the service center governing board, and
shall be specified in the agreement. Payment for services
specified in the agreement shall be made pursuant to division (D)
of section 3317.11 of the Revised Code and shall not include any
deduction under division (B), (C), or (F) of that section. Any
agreement entered into pursuant to this section shall be valid
only if a copy is filed with the department of education by the
first day of the school year for which the agreement is in effect.

The authority granted under this section to the boards of
education of city and, exempted village, and local school
districts is in addition to the authority granted to such boards
under section 3313.843 of the Revised Code. No city or exempted
village district that is eligible to receive services from an
educational service center under section 3313.843 of the Revised
Code may receive any of the services described in division (B) of
that section pursuant to an agreement entered into with an
educational service center under this section.

If a local school district enters into an agreement with an
educational service center under this section and the district is
not located within the territory of the service center, the
agreement shall not require the district to receive any
supervisory services described in division (B) of section 3317.11
of the Revised Code from the service center. The supervisory
services described in that section shall be provided to the
district by the educational service center of the territory in
which the district is located.

**Sec. 3313.846.** The governing board of an educational service
center may enter into a contract with any political subdivision as defined in section 2744.01 of the Revised Code, not including school districts, community schools, or STEM schools contracting for services under section 3313.843, 3313.844, 3313.845, or 3326.45 of the Revised Code, under which the educational service center will provide services to the political subdivision. Services provided under the contract and the amount to be paid for such services shall be mutually agreed to by the parties and shall be specified in the contract. The political subdivision shall directly pay an educational service center for services specified in the contract. The board of the educational service center shall file a copy of each contract entered into under this section with the department of education by the first day the contract is in effect.

**Sec. 3313.88.** (A)(1) Prior to the first day of August of each school year, the board of education of any school district or the governing authority of any chartered nonpublic school may submit to the department of education a plan to require students to access and complete classroom lessons posted on the district's or nonpublic school's web portal or web site in order to make up days in that school year on which it is necessary to close schools for any of the reasons specified in division (B) of section 3317.01 of the Revised Code in excess of the number of days permitted under sections 3313.48, 3313.481, and 3317.01 of the Revised Code.

Prior to the first day of August of each school year, the governing authority of any community school established under Chapter 3314. that is not an internet- or computer-based community school, as defined in section 3314.02 of the Revised Code, may submit to the department a plan to require students to access and complete classroom lessons posted on the school's web portal or
web site in order to make up days or hours in that school year on which it is necessary to close the school for any of the reasons specified in division (L)(4) of section 3314.08 of the Revised Code so that the school is in compliance with the minimum number of hours required under Chapter 3314. of the Revised Code.

A plan submitted by a school district board or chartered nonpublic school governing authority shall provide for making up any number of days, up to a maximum of three days. A plan submitted by a community school governing authority shall provide for making up any number of hours, up to a maximum of the equivalent of three days. Provided the plan meets all requirements of this section, the department shall permit the board or governing authority to implement the plan for the applicable school year.

(2) Each plan submitted under this section by a school district board of education shall include the written consent of the teachers' employee representative designated under division (B) of section 4117.04 of the Revised Code.

(3) Each plan submitted under this section shall provide for the following:

(a) Not later than the first day of November of the school year, each classroom teacher shall develop a sufficient number of lessons for each course taught by the teacher that school year to cover the number of make-up days or hours specified in the plan. The teacher shall designate the order in which the lessons are to be posted on the district's, community school's, or nonpublic school's web portal or web site in the event of a school closure. Teachers may be granted up to one professional development day to create lesson plans for those lessons.

(b) To the extent possible and necessary, a classroom teacher shall update or replace, based on current instructional progress,
one or more of the lesson plans developed under division (A)(3)(a) of this section before they are posted on the web portal or web site under division (A)(3)(c) of this section or distributed under division (B) of this section.

(c) As soon as practicable after a school closure, a district or school employee responsible for web portal or web site operations shall make the designated lessons available to students on the district's, community school's, or nonpublic school's portal or site. A lesson shall be posted for each course that was scheduled to meet on the day or hours of the closure.

(d) Each student enrolled in a course for which a lesson is posted on the portal or site shall be granted a two-week period from the date of posting to complete the lesson. The student's classroom teacher shall grade the lesson in the same manner as other lessons. The student may receive an incomplete or failing grade if the lesson is not completed on time.

(e) If a student does not have access to a computer at the student's residence and the plan does not include blizzard bags under division (B) of this section, the student shall be permitted to work on the posted lessons at school after the student's school reopens. If the lessons were posted prior to the reopening, the student shall be granted a two-week period from the date of the reopening, rather than from the date of posting as otherwise required under division (A)(3)(d) of this section, to complete the lessons. The district board or community school or nonpublic school governing authority may provide the student access to a computer before, during, or after the regularly scheduled school day or may provide a substantially similar paper lesson in order to complete the lessons.

(B)(1) In addition to posting classroom lessons online under division (A) of this section, the board of education of any school district or governing authority of any community or chartered
nonpublic school may include in the plan distribution of "blizzard bags," which are paper copies of the lessons posted online.

(2) If a school opts to use blizzard bags, teachers shall prepare paper copies in conjunction with the lessons to be posted online and update the paper copies whenever the teacher updates the online lesson plans.

(3) The board of education of any school district or governing authority of any community or chartered nonpublic school that opts to use blizzard bags shall specify in the plan the method of distribution of blizzard bag lessons, which may include, but not be limited to, requiring distribution by a specific deadline or requiring distribution prior to anticipated school closure as directed by the superintendent of a school district or the principal, director, chief administrative officer, or the equivalent, of a school.

(4) Students shall turn in completed lessons in accordance with division (A)(3)(d) of this section.

(C)(1) No school district that implements a plan in accordance with this section shall be considered to have failed to comply with division (B) of section 3317.01 of the Revised Code with respect to the number of make-up days specified in the plan.

(2) No community school that implements a plan in accordance with this section shall be considered to have failed to comply with the minimum number of hours required under Chapter 3314. of the Revised Code with respect to the number of make-up hours specified in the plan.

Sec. 3313.911. The state board of education may adopt a resolution assigning a city, exempted village, or local school district that is not a part of a joint vocational school district to membership in a joint vocational school district. A copy of the
resolution shall be certified to the board of education of the joint vocational school district and the board of education of the district proposed to be assigned. The board of education of the joint vocational school district shall advertise a copy of the resolution in a newspaper of general circulation in the district proposed to be assigned once each week for at least two weeks, or as provided in section 7.16 of the Revised Code, immediately following the certification of the resolution to the board. The assignment shall take effect on the ninety-first day after the state board adopts the resolution, unless prior to that date qualified electors residing in the school district proposed for assignment, equal in number to ten per cent of the qualified electors of that district voting at the last general election, file a petition against the assignment.

The petition of referendum shall be filed with the treasurer of the board of education of the district proposed to be assigned to the joint vocational school district. The treasurer shall give the person presenting the petition a receipt showing the time of day, date, and purpose of the petition. The treasurer shall cause the board of elections to determine the sufficiency of signatures on the petition and if the signatures are found to be sufficient, shall present the petition to the board of education of the district. The board of education shall promptly certify the question to the board of elections for the purpose of having the question placed on the ballot at the next general, primary, or special election not earlier than sixty days after the date of the certification.

Only those qualified electors residing in the district proposed for assignment to the joint vocational school district are qualified to vote on the question. If a majority of the electors voting on the question vote against the assignment, it shall not take place, and the state board of education shall
require the district to contract with the joint vocational school district or another school district as authorized by section 3313.91 of the Revised Code.

If a majority of the electors voting on the question do not vote against the assignment, the assignment shall take immediate effect, and the board of education of the joint vocational school district shall notify the county auditor of the county in which the school district becoming a part of the joint vocational school district is located to have any outstanding levy of the joint vocational school district spread over the territory of the school district that has become a part of the joint vocational school district.

The assignment of a school district to a joint vocational school district pursuant to this section is subject to any agreements made between the board of education of the assigned school district and the board of education of the joint vocational school district. Such an agreement may include provisions for a payment by the assigned school district to the joint vocational school district of an amount to be contributed toward the cost of the existing facilities of the joint vocational school district.

On the assignment of a school district to a joint vocational school district pursuant to this section, the joint vocational school district's board of education shall submit a proposal to the state board of education to enlarge or reorganize the membership of the joint vocational school district's board of education if expansion or reorganization of the board is necessary in order to comply with section 3311.19 of the Revised Code.

**Sec. 3313.975.** As used in this section and in sections 3313.975 to 3313.979 of the Revised Code, "the pilot project school district" or "the district" means any school district included in the pilot project scholarship program pursuant to this
section.

   (A) The superintendent of public instruction shall establish a pilot project scholarship program and shall include in such program any school districts that are or have ever been under federal court order requiring supervision and operational management of the district by the state superintendent. The program shall provide for a number of students residing in any such district to receive scholarships to attend alternative schools, and for an equal number of students to receive tutorial assistance grants while attending public school in any such district.

   (B) The state superintendent shall establish an application process and deadline for accepting applications from students residing in the district to participate in the scholarship program. In the initial year of the program students may only use a scholarship to attend school in grades kindergarten through third.

   The state superintendent shall award as many scholarships and tutorial assistance grants as can be funded given the amount appropriated for the program. In no case, however, shall more than fifty per cent of all scholarships awarded be used by students who were enrolled in a nonpublic school during the school year of application for a scholarship.

   (C)(1) The pilot project program shall continue in effect each year that the general assembly has appropriated sufficient money to fund scholarships and tutorial assistance grants. In each year the program continues, no new students may receive scholarships unless they are enrolled in grades kindergarten to twelve. However, any student who has received a scholarship the preceding year may continue to receive one until the student has completed grade ten. Beginning in the 2005-2006 academic year, a student who previously has received a scholarship...
may receive a scholarship in grade eleven. Beginning in the 2006-2007 academic year, a student who previously has received a scholarship may receive a scholarship in grade twelve.

(2) If the general assembly discontinues the scholarship program, all students who are attending an alternative school under the pilot project shall be entitled to continued admittance to that specific school through all grades that are provided in such school, under the same conditions as when they were participating in the pilot project. The state superintendent shall continue to make scholarship payments in accordance with division (A) or (B) of section 3313.979 of the Revised Code for students who remain enrolled in an alternative school under this provision in any year that funds have been appropriated for this purpose.

If funds are not appropriated, the tuition charged to the parents of a student who remains enrolled in an alternative school under this provision shall not be increased beyond the amount equal to the amount of the scholarship plus any additional amount charged that student's parent in the most recent year of attendance as a participant in the pilot project, except that tuition for all the students enrolled in such school may be increased by the same percentage.

(D) Notwithstanding sections 124.39, 3307.54, and 3319.17 of the Revised Code, if the pilot project school district experiences a decrease in enrollment due to participation in a state-sponsored scholarship program pursuant to sections 3313.974 to 3313.979 of the Revised Code, the district board of education may enter into an agreement with any teacher it employs to provide to that teacher severance pay or early retirement incentives, or both, if the teacher agrees to terminate the employment contract with the district board, provided any collective bargaining agreement in force pursuant to Chapter 4117. of the Revised Code does not prohibit such an agreement for termination of a teacher's
employment contract.

Sec. 3313.978. (A) Annually by the first day of November, the superintendent of public instruction shall notify the pilot project school district of the number of initial scholarships that the state superintendent will be awarding in each of grades kindergarten through eight twelve.

The state superintendent shall provide information about the scholarship program to all students residing in the district, shall accept applications from any such students until such date as shall be established by the state superintendent as a deadline for applications, and shall establish criteria for the selection of students to receive scholarships from among all those applying prior to the deadline, which criteria shall give preference to students from low-income families. For each student selected, the state superintendent shall also determine whether the student qualifies for seventy-five or ninety per cent of the scholarship amount. Students whose family income is at or above two hundred per cent of the maximum income level established by the state superintendent for low-income families shall qualify for seventy-five per cent of the scholarship amount and students whose family income is below two hundred per cent of that maximum income level shall qualify for ninety per cent of the scholarship amount. The state superintendent shall notify students of their selection prior to the fifteenth day of January and whether they qualify for seventy-five or ninety per cent of the scholarship amount.

(1) A student receiving a pilot project scholarship may utilize it at an alternative public school by notifying the district superintendent, at any time before the beginning of the school year, of the name of the public school in an adjacent school district to which the student has been accepted pursuant to section 3327.06 of the Revised Code.
(2) A student may decide to utilize a pilot project scholarship at a registered private school in the district if all of the following conditions are met:

(a) By the fifteenth day of February of the preceding school year, or at any time prior to the start of the school year, the parent makes an application on behalf of the student to a registered private school.

(b) The registered private school notifies the parent and the state superintendent as follows that the student has been admitted:

(i) By the fifteenth day of March of the preceding school year if the student filed an application by the fifteenth day of February and was admitted by the school pursuant to division (A) of section 3313.977 of the Revised Code;

(ii) Within one week of the decision to admit the student if the student is admitted pursuant to division (C) of section 3313.977 of the Revised Code.

(c) The student actually enrolls in the registered private school to which the student was first admitted or in another registered private school in the district or in a public school in an adjacent school district.

(B) The state superintendent shall also award in any school year tutorial assistance grants to a number of students equal to the number of students who receive scholarships under division (A) of this section. Tutorial assistance grants shall be awarded solely to students who are enrolled in the public schools of the district in a grade level covered by the pilot project. Tutorial assistance grants may be used solely to obtain tutorial assistance from a provider approved pursuant to division (D) of section 3313.976 of the Revised Code.

All students wishing to obtain tutorial assistance grants
shall make application to the state superintendent by the first day of the school year in which the assistance will be used. The state superintendent shall award assistance grants in accordance with criteria the superintendent shall establish. For each student awarded a grant, the state superintendent shall also determine whether the student qualifies for seventy-five or ninety per cent of the grant amount and so notify the student. Students whose family income is at or above two hundred per cent of the maximum income level established by the state superintendent for low-income families shall qualify for seventy-five per cent of the grant amount and students whose family income is below two hundred per cent of that maximum income level shall qualify for ninety per cent of the grant amount.

(C)(1) In the case of basic scholarships for students in grades kindergarten through eight, the scholarship amount shall not exceed the lesser of the tuition charges of the alternative school the scholarship recipient attends or three thousand dollars before fiscal year 2007 and three thousand four hundred fifty dollars in fiscal year 2007 through fiscal year 2011, and four thousand two hundred fifty dollars in fiscal year 2012 and thereafter.

(2) The state superintendent shall provide for an increase in the basic scholarship amount in the case of any student who is a mainstreamed student with a disability and shall further increase such amount in the case of any separately educated student with a
disability. Such increases shall take into account the instruction, related services, and transportation costs of educating such students.

(3) In the case of tutorial assistance grants, the grant amount shall not exceed the lesser of the provider's actual charges for such assistance or:

(a) Before fiscal year 2007, a percentage established by the state superintendent, not to exceed twenty per cent, of the amount of the pilot project school district's average basic scholarship amount;

(b) In fiscal year 2007 and thereafter, four hundred dollars.

(4) No scholarship or tutorial assistance grant shall be awarded unless the state superintendent determines that twenty-five or ten per cent, as applicable, of the amount specified for such scholarship or grant pursuant to division (C)(1), (2), or (3) of this section will be furnished by a political subdivision, a private nonprofit or for profit entity, or another person. Only seventy-five or ninety per cent of such amounts, as applicable, shall be paid from state funds pursuant to section 3313.979 of the Revised Code.

(D)(1) Annually by the first day of November, the state superintendent shall estimate the maximum per-pupil scholarship amounts for the ensuing school year. The state superintendent shall make this estimate available to the general public at the offices of the district board of education together with the forms required by division (D)(2) of this section.

(2) Annually by the fifteenth day of January, the chief administrator of each registered private school located in the pilot project district and the principal of each public school in such district shall complete a parental information form and forward it to the president of the board of education. (c) The independent contractor engaged to create and maintain data verification codes.

(2) Upon a request by the department under division (E)(1) of this section for the data verification code of a student seeking a scholarship or a request by the student's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to the student.

The department annually shall submit to each school district the name and data verification code of each student residing in
the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(3) The department shall not release any data verification code that it receives under division (E) of this section to any person except as provided by law.

In reporting student performance data under this division, the department shall not include any data that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report performance data for any group that contains less than ten students.

(4) The department shall provide the parent of each scholarship student enrolled in a registered private school with information comparing the student's performance on the assessments administered pursuant to division (A)(11) of section 3313.976 of the Revised Code with the average performance of similar students enrolled in the building operated by the pilot project school district that the scholarship student would otherwise attend. the person or group of individuals, or entity meets the requirements of this chapter, to become a community school.

(2) Any person or group of individuals, or entity may propose the creation of a community school pursuant to the provisions of this chapter. No nonpublic chartered or nonchartered school in existence on January 1, 1997, is eligible to become a community school under this chapter.

(B) A community school created under this chapter is a public school, independent of any school district, and is part of the state's program of education. A community school may sue and be sued, acquire facilities as needed, contract for any services necessary for the operation of the school, and enter into contracts with a sponsor pursuant to this chapter. The governing authority of a community school may carry out any act and ensure the performance of any function that is in compliance with the Ohio Constitution, this chapter, other statutes applicable to community schools, and the contract entered into under this chapter establishing the school.

Sec. 3314.013. (A) (1) Until July 1, 2000, no more than seventy-five contracts between start-up schools and the state board of education may be in effect outside the pilot project area at any time under this chapter.

(2) After July 1, 2000, and until July 1, 2001, no more than one hundred twenty-five contracts between start-up schools and the state board of education may be in effect outside the pilot project area at any time under this chapter.

(3) This division applies only to contracts between start-up schools and the state board of education and contracts between start-up schools and entities described in divisions (C)(1)(b) to (f) of section 3314.02 of the Revised Code.

Except as otherwise provided in section 3314.014 of the Revised Code, after July 1, 2005, and until July 1, 2007, the number of contracts to which this division applies in effect at any time under this chapter shall be not more than thirty plus the number of such contracts with schools that were open for operation as of May 1, 2005.

(5) This division applies only to contracts between a conversion school that is an internet- or computer-based community school or a start-up school and the board of education of the school district in which the school is or is proposed to be located.

Except as otherwise provided in section 3314.014 of the Revised Code, until July 1, 2007, the number of contracts to which this division applies in effect at any time under this chapter shall be not more than thirty plus the number of such contracts with schools that were open for operation as of May 1, 2005.

(6) Until the effective date of any standards enacted by the general assembly governing the operation of internet- or computer-based community schools, no internet- or computer-based community school shall operate unless the school was open for instruction as of May 1, 2005. No entity described in division (C)(1) of section 3314.02 of the Revised Code shall enter into a contract to sponsor an internet- or computer-based community school, including a conversion school, between May 1, 2005, and the effective date of any standards enacted by the general
assembly governing the operation of internet- or computer-based community schools, except as follows:

(a) Any entity described in division (C)(1) of that section may renew a contract that the entity entered into with an internet- or computer-based community school prior to May 1, 2005, if the school was open for operation as of that date.

(b) Any entity described in divisions (C)(1)(a) to (e) of that section may assume sponsorship of an existing internet- or computer-based community school that was formerly sponsored by another entity and may enter into a contract with that community school in accordance with section 3314.03 of the Revised Code.

(c) Any entity described in division (C)(1)(f) of that section may assume sponsorship of an existing internet- or computer-based community school in accordance with division (A)(7) of this section and may enter into a contract with that community school in accordance with section 3314.03 of the Revised Code.

If a sponsor entered into a contract with an internet- or computer-based community school, including a conversion school, but the school was not open for operation as of May 1, 2005, the contract shall be void and the entity shall not enter into another contract with the school until the effective date of any standards enacted by the general assembly governing the operation of internet- or computer-based community schools.

(7) Until July 1, 2005, any entity described in division (C)(1)(f) of section 3314.02 of the Revised Code may sponsor only a community school that formerly was sponsored by the state board of education under division (C)(1)(d) of that section, as it existed prior to April 8, 2003. After July 1, 2005, any such entity may assume sponsorship of any existing community school, and may sponsor any new community school that is not an internet-
or computer-based community school. Beginning on the effective date of any standards enacted by the general assembly governing the operation of internet- or computer-based community schools, any such entity may sponsor a new internet- or computer-based community school.

(B) Nothing in division (A) of this section prohibits an internet- or computer-based community school from increasing the number of grade levels it offers.

(B) Within twenty-four hours of a request by any person, the superintendent of public instruction shall indicate the number of preliminary agreements for start-up schools currently outstanding and the number of contracts for these schools in effect at the time of the request.

(C) It is the intent of the general assembly to consider whether to provide limitations on the number of start-up community schools after July 1, 2001, following its examination of the results of the studies by the legislative office of education oversight required under Section 50.39 of Am. Sub. H.B. No. 215 of the 122nd general assembly and Section 50.52.2 of Am. Sub. H.B. No. 215 of the 122nd general assembly, as amended by Am. Sub. H.B. No. 770 of the 122nd general assembly. Not later than July 1, 2013, the superintendent of public instruction, the chancellor of the Ohio board of regents, and the director of the governor's office of 21st century education jointly shall develop standards for the operation of internet- and computer-based community schools. The superintendent shall submit those standards to the speaker of the house of representatives and the president of the senate for consideration of enactment by the general assembly.

Sec. 3314.015. (A) The department of education shall be responsible for the oversight of any and all sponsors of the community schools established under this chapter and shall provide...
technical assistance to schools and sponsors in their compliance  
with applicable laws and the terms of the contracts entered into  
under section 3314.03 of the Revised Code and in the development  
and start-up activities of those schools. In carrying out its  
duties under this section, the department shall do all of the  
following:

(1) In providing technical assistance to proposing parties,  
governing authorities, and sponsors, conduct training sessions and  
distribute informational materials;

(2) Approve entities to be sponsors of community schools;

(3) Monitor the effectiveness of any and all sponsors in  
their oversight of the schools with which they have contracted;

(4) By December thirty-first of each year, issue a report to  
the governor, the speaker of the house of representatives, the  
president of the senate, and the chairpersons of the house and  
senate committees principally responsible for education matters  
regarding the effectiveness of academic programs, operations, and  
legal compliance and of the financial condition of all community  
schools established under this chapter and on the performance of  
community school sponsors;

(5) From time to time, make legislative recommendations to  
the general assembly designed to enhance the operation and  
performance of community schools.

(B)(1) Except as provided in sections 3314.021 and 3314.027  
of the Revised Code, no entity listed in division (C)(1) of  
section 3314.02 of the Revised Code shall enter into a preliminary  
agreement under division (C)(2) of section 3314.02 of the Revised  
Code until it has received approval from the department of  
education to sponsor community schools under this chapter and has  
entered into a written agreement with the department regarding the  
manner in which the entity will conduct such sponsorship. The
department shall adopt in accordance with Chapter 119. of the Revised Code rules containing criteria, procedures, and deadlines for processing applications for such approval, for oversight of sponsors, for revocation of the approval of sponsors, and for entering into written agreements with sponsors. The rules shall require an entity to submit evidence of the entity's ability and willingness to comply with the provisions of division (D) of section 3314.03 of the Revised Code. The rules also shall require entities approved as sponsors on and after June 30, 2005, to demonstrate a record of financial responsibility and successful implementation of educational programs. If an entity seeking approval on or after June 30, 2005, to sponsor community schools in this state sponsors or operates schools in another state, at least one of the schools sponsored or operated by the entity must be comparable to or better than the performance of Ohio schools in need of continuous improvement under section 3302.03 of the Revised Code, as determined by the department.

An **Subject to section** 3314.016 of the Revised Code, an entity that sponsors community schools may enter into preliminary agreements and sponsor up to one hundred schools **as follows**, provided each school and the contract for sponsorship meets the requirements of this chapter:

(a) An entity that sponsored fifty or fewer schools that were open for operation as of May 1, 2005, may sponsor not more than fifty schools.

(b) An entity that sponsored more than fifty but not more than seventy-five schools that were open for operation as of May 1, 2005, may sponsor not more than the number of schools the entity sponsored that were open for operation as of May 1, 2005.

(c) Until June 30, 2006, an entity that sponsored more than seventy-five schools that were open for operation as of May 1, 2005, may sponsor not more than the number of schools the entity
sponsored that were open for operation as of May 1, 2005. After
June 30, 2006, such an entity may sponsor not more than
seventy-five schools.

Upon approval of an entity to be a sponsor under this
division, the department shall notify the entity of the number of
schools the entity may sponsor.

The limit imposed on an entity to which division (B)(1) of
this section applies shall be decreased by one for each school
sponsored by the entity that permanently closes.

If at any time an entity exceeds the number of schools it may
sponsor under this division, the department shall assist the
schools in excess of the entity's limit in securing new sponsors.
If a school is unable to secure a new sponsor, the department
shall assume sponsorship of the school in accordance with division
(C) of this section. Those schools for which another sponsor or
the department assumes sponsorship shall be the schools that most
recently entered into contracts with the entity under section
3314.03 of the Revised Code.

(2) The department of education shall determine, pursuant to
criteria adopted by rule of the department, whether the mission
proposed to be specified in the contract of a community school to
be sponsored by a state university board of trustees or the
board's designee under division (C)(1)(e) of section 3314.02 of
the Revised Code complies with the requirements of that division.
Such determination of the department is final.

(3) The department of education shall determine, pursuant to
criteria adopted by rule of the department, if any tax-exempt
entity under section 501(c)(3) of the Internal Revenue Code that
is proposed to be a sponsor of a community school is an
education-oriented entity for purpose of satisfying the condition
prescribed in division (C)(1)(f)(iii) of section 3314.02 of the
Revised Code. Such determination of the department is final.

(C) If at any time the state board of education finds that a sponsor is not in compliance or is no longer willing to comply with its contract with any community school or with the department's rules for sponsorship, the state board or designee shall conduct a hearing in accordance with Chapter 119. of the Revised Code on that matter. If after the hearing, the state board or designee has confirmed the original finding, the department of education may revoke the sponsor's approval to sponsor community schools and may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor as described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The department may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.

(F) In carrying out its duties under this chapter, the department shall not impose requirements on community schools or
their sponsors that are not permitted by law or duly adopted rules.

**Sec. 3314.016.** This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code.

(A) An entity that sponsors a community school on the effective date of this section shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets both of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department.

(2) The entity is not ranked in the lowest ten per cent of community school sponsors on the ranking prescribed by division (B) of this section.

(B) For purposes of this section, the department shall develop a composite performance index score, as defined in section 3302.01 of the Revised Code, that measures the academic performance of students enrolled in all community schools sponsored by the same entity. The department annually shall rank all entities that sponsor community schools from highest to lowest according to the entities' composite performance index scores.

**Sec. 3314.02.** (A) As used in this chapter:

The district's per pupil amount under divisions (H) and (I) of section 3317.029 of the Revised Code shall be determined as described in division (C)(8) of this section.

(10) An amount equal to the sum of the amounts obtained when, for each school district where the community school's students are entitled to attend school, the district's per pupil amount of state parity aid funding calculated under either division (C) or (D) of section 3317.0217 of the Revised Code is multiplied by the sum of the number of that district's students enrolled in grades one through twelve, and one-half of the number of that district's students enrolled in kindergarten, in the community school as reported under division (B)(2)(a) and (b) of this section.

(E)(1) If a community school's costs for a fiscal year for a student receiving special education and related services pursuant to an IEP for a disability described in divisions (B) to (F) of section 3317.013 of the Revised Code exceed the threshold catastrophic cost for serving the student as specified in division (C)(3)(b) of section 3317.022 of the Revised Code, the school may

Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the community school an amount equal to the school's costs for the student in excess of the threshold catastrophic costs.

(2) The community school shall only report under division (E)(1) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(F) A community school may apply to the department of education for preschool children with disabilities or gifted unit funding the school would receive if it were a school district. Upon request of its governing authority, a community school that received such unit funding as a school district-operated school before it became a community school shall retain any units awarded to it as a school district-operated school provided the school continues to meet eligibility standards for the unit.

A community school shall be considered a school district and its governing authority shall be considered a board of education for the purpose of applying to any state or federal agency for grants that a school district may receive under federal or state law or any appropriations act of the general assembly. The governing authority of a community school may apply to any private entity for additional funds.

(G) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost.
to the school.

(H) A community school may not levy taxes or issue bonds secured by tax revenues.

(I) No community school shall charge tuition for the enrollment of any student.

(J)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to division (D) of this section. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(K) For purposes of determining the number of students for which divisions (D)(5) and (6) of this section applies in any school year, a community school may submit to the department of job and family services, no later than the first day of March, a list of the students enrolled in the school. For each student on the list, the community school shall indicate the student's name, address, and date of birth and the school district where the student is entitled to attend school. The department shall make this determination on the basis of
information readily available to it. Upon making this
determination and no later than ninety days after submission of
the list by the community school, the department shall report to
the state department of education the number of students on the
list who reside in each school district who were included in the
department's report under section 3317.10 of the Revised Code. In
complying with this division, the department of job and family
services shall not report to the state department of education any
personally identifiable information on any student.

(L) The department of education shall adjust the amounts
subtracted and paid under divisions (C) and (D) of this section to
reflect any enrollment of students in community schools for less
than the equivalent of a full school year. The state board of
education within ninety days after April 8, 2003, shall adopt in
accordance with Chapter 119. of the Revised Code rules governing
the payments to community schools under this section and section
3314.13 of the Revised Code including initial payments in a school
year and adjustments and reductions made in subsequent periodic
payments to community schools and corresponding deductions from
school district accounts as provided under divisions (C) and (D)
of this section and section 3314.13 of the Revised Code. For
purposes of this section and section 3314.13 of the Revised Code:

(1) A student shall be considered enrolled in the community
school for any portion of the school year the student is
participating at a college under Chapter 3365. of the Revised
Code.

(2) A student shall be considered to be enrolled in a
community school during a school year for the period of time
beginning on the later of the date on which the school both has
received documentation of the student's enrollment from a parent
and the student has commenced participation in learning
opportunities as defined in the contract with the sponsor, or
thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (L)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Beginning in the 2011-2012 school year, any student who completed the prior school year in a community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (L)(2) of this section.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by
the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (L)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(M) The department of education shall reduce the amounts paid under division (D) of this section to reflect payments made to colleges under division (B) of section 3365.07 of the Revised Code or through alternative funding agreements entered into under rules adopted under section 3365.12 of the Revised Code.

(N)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following
conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (D) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(O)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor.
within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(P) The department shall not subtract from a school
district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans the following:

(a) A veteran of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who applies for enrollment in a community school not later than four years after termination of war or the veteran's honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account under division (C) of this section and shall not pay to a community school under division (D) of this section any amount for that veteran.
(b) An individual enrolled under section 3314.38 of the Revised Code in a dropout prevention and recovery program operated by a community school.

Sec. 3314.087. (A) As used in this section:

(1) "Career-technical program" means vocational programs or classes described in division (A) or (B) of section 3317.014 of the Revised Code in which a student is enrolled.

(2) "Formula ADM," "category one or two vocational education ADM," and "FTE basis" have the same meanings as in section 3317.02 of the Revised Code.

(3) "Resident school district" means the city, exempted village, or local school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter or Chapter 3306. or 3317. of the Revised Code, a student enrolled in a community school may simultaneously enroll in the career-technical program operated by the student's resident school district. On an FTE basis, the student's resident school district shall count the student in the category one or two vocational education ADM for the proportion of the time the student is enrolled in the district's career-technical program and, accordingly, the department of education shall calculate funds under Chapters 3306. and Chapter 3317. for the district attributable to the student for the proportion of time the student attends the career-technical program. The community school shall count the student in its enrollment report under section 3314.08 of the Revised Code and shall report to the department the proportion of time that the student attends classes at the community school. The department shall pay the community school and deduct from the student's resident school district the amount...
computed for the student under section 3314.08 of the Revised Code in proportion to the fraction of the time on an FTE basis that the student attends classes at the community school. "Full-time equivalency" for a community school student, as defined in division (L) of section 3314.08 of the Revised Code, does not apply to the student.

Sec. 3314.088. (A) For purposes of applying sections 3314.08 and 3314.13 of the Revised Code to fiscal years 2010, 2012, and 2013:

(1) (A) The base formula amount for community schools for each of fiscal year 2010 is $5,718 and for fiscal year 2011 is $5,703. These respective amounts years 2012 and 2013 is $5,653. That amount shall be applied wherein sections 3314.08 and 3314.13 of the Revised Code the base formula amount is specified, except for deducting and paying amounts for special education weighted funding and vocational education weighted funding.

(2) (B) The base funding supplements under section 3317.012 of the Revised Code shall be deemed in each year to be the amounts specified in that section for fiscal year 2009.

(3) (C) Special education additional weighted funding shall be calculated by multiplying the applicable weight specified for fiscal year 2009 in section 3317.013 of the Revised Code, as it existed for that fiscal year 2009, times $5,732.

(4) (D) Vocational education additional weighted funding shall be calculated by multiplying the applicable weight specified in section 3317.014 of the Revised Code for fiscal year 2009 times $5,732.

(5) (E) The per pupil amounts paid to a school district under sections 3317.029 and 3317.0217 of the Revised Code shall be deemed to be the respective per pupil amounts paid under those
sections to that district for fiscal year 2009.

(F) A community school may receive all-day kindergarten payments under section 3314.13 of the Revised Code only for all-day kindergarten students who are entitled to attend school in school districts that, for fiscal year 2009, met the eligibility requirements of division (D) of section 3317.029 of the Revised Code. For students entitled to attend school in such school districts that actually received payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be deducted from the school district's state education aid. For students entitled to attend school in such school districts that did not receive payment for all-day kindergarten for fiscal year 2009, the payments to community schools under section 3314.13 of the Revised Code shall be paid out of the funds appropriated under appropriation item 200550, foundation funding, as appropriated in section 265.10 of Am. Sub. H. B. 1 of the 128th General Assembly. As used in this division, "entitled to attend school" has the same meaning as in section 3314.08 of the Revised Code.

(B) For purposes of applying section 3314.085 of the Revised Code to fiscal years 2010 and 2011, the minimum per pupil expenditure required for pupil instruction under that section is $2,931, which equals the minimum amount required by that section for fiscal year 2009.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement
to be effective, it must be certified by the superintendent of public instruction as having met all of the following requirements:

(1) It is submitted to the department of education by a deadline which shall be established by the department.

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.

(4) The sponsor of the community school also has signed the agreement.

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.

(2) For any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to
provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the thirty-first day of January of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code or who would otherwise be...
transported by the school district under the district's transportation policy. The governing authority shall report to the department of education the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the state board of education.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of this section, the department of education shall make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of this section.

If a community school governing authority accepts transportation responsibility under division (B) of this section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of this section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment
for the previous school year, the per pupil payment to the
community school shall be the following quotient:

(i) The total amount calculated for the school district in
which the child is entitled to attend school for student
transportation other than transportation of children with
disabilities; divided by

(ii) The number of students included in the district's
transportation ADM for the current fiscal year, as reported under
division (B)(13) of section 3317.03 of the Revised Code, plus the
number of students enrolled in the community school not counted in
the district's transportation ADM who are transported under
division (B)(1) or (2) of this section.

(b) For any fiscal year which the general assembly has
specified that the transportation payments to school districts be
calculated in accordance with section 3306.12 3317.0212 of the
Revised Code and any rules of the state board of education
implementing that section, the payment to the community school
shall be the amount so calculated that otherwise would be paid to
the school district in which the student is entitled to attend
school by the method of transportation the district would have
used. The community school, however, is not required to use the
same method to transport that student.

(c) Divisions (D)(1)(a) and (b) of this section do not apply
to fiscal years 2012 and 2013. Rather, for each of those fiscal
years, the per pupil payment to a community school for
transporting a student shall be the total amount paid under former
section 3306.12 of the Revised Code for fiscal year 2011 to the
school district in which the child is entitled to attend school
divided by that district's "qualifying ridership," as defined in
that section for fiscal year 2011.

As used in this division "entitled to attend school" means
entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) The department shall deduct the payment under division (D)(1) of this section from the state education aid, as defined in section 3314.08 of the Revised Code, and, if necessary, the payment under sections 321.14 and 323.156 of the Revised Code, that is otherwise paid to the school district in which the student enrolled in the community school is entitled to attend school. The department shall include the number of the district's native students for whom payment is made to a community school under division (D)(1) of this section in the calculation of the district's transportation payment under section 3306.12 3317.0212 of the Revised Code and the operating appropriations act.

(3) A community school shall be paid under division (D)(1) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

(4) A community school shall use payments received under this section solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent,
guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.10. (A)(1) The governing authority of any community school established under this chapter, or any operator of the school, or both, may employ teachers and nonteaching employees necessary to carry out its school's mission and fulfill its school's contract.

(2) Except as otherwise provided under this division (A)(3) of this section, employees hired by a community school governing authority under this section are not subject to Chapter 4117. of the Revised Code and may not organize and or collectively bargain pursuant to Chapter 4117. of the Revised Code that chapter. Notwithstanding division (D)(1) of section 4117.06 of the Revised Code, a unit containing teaching and nonteaching employees employed under this section shall be considered an appropriate unit. As applicable, employment under this section is subject to either Chapter 3307. or 3309. of the Revised Code.

(3) If a school is created by converting all or part of an existing public school rather than by establishment of a new school district, the school shall employ teachers and nonteaching employees necessary to carry out its school's mission and fulfill its school's contract, and the governing authority of the school or the operator of the school, or both, may hire employees as provided in division (A)(1) of this section.
start-up school, at the time of conversion, the employees of the community school shall remain part of any governing authority who are covered by a collective bargaining unit in which they were included immediately prior to the conversion and agreement on the effective date of this amendment shall remain subject to any that collective bargaining agreement for that unit in effect on the first day of July of the year in which the community school initially begins operation and shall be subject to any subsequent until the collective bargaining agreement for that unit, unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees. Any new employees of the community school shall also be included in the unit to which they would have been assigned had not the conversion taken place and shall be subject to the collective bargaining agreement for that unit unless a petition is certified as sufficient under division (A)(6) of this section with regard to those employees expires on its terms. Upon expiration of the collective bargaining agreement, the employees are not subject to Chapter 4117. of the Revised Code and may not organize or collectively bargain pursuant to that chapter.

Notwithstanding division (B) of section 4117.01 of the Revised Code, the board of education of a school district and not the governing authority of a community school shall be regarded, for purposes of Chapter 4117. of the Revised Code, as the "public employer" of the employees of a conversion community school subject to a collective bargaining agreement pursuant to division (A)(3) of this section unless a petition is certified under division (A)(6) of this section with regard to those employees. Only on and after the effective date of a petition certified as sufficient under division (A)(6) of this section shall division (A)(2) of this section apply to those employees of that community school and only on and after the effective date of that petition shall Chapter 4117. of the Revised Code apply to the governing
authority of that community school with regard to those employees.

(4) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease to be subject to that agreement and all subsequent agreements pursuant to that division and shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, if a majority of the employees of that community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement and be designated by the state employment relations board as a new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(b) That the employee organization certified as the exclusive representative of the employees of the bargaining unit from which the employees are to be removed be certified as the exclusive representative of the new and separate bargaining unit for purposes of Chapter 4117. of the Revised Code;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(5) Notwithstanding sections 4117.03 to 4117.18 of the Revised Code and Section 4 of Amended Substitute Senate Bill No. 133 of the 115th general assembly, the employees of a conversion community school who are subject to a collective bargaining agreement pursuant to division (A)(3) of this section shall cease...
to be subject to that agreement and all subsequent agreements pursuant to that division, shall cease to be part of the collective bargaining unit that is subject to that and all subsequent agreements, and shall cease to be represented by any exclusive representative of that collective bargaining unit, if a majority of the employees of the community school who are subject to that collective bargaining agreement sign and submit to the state employment relations board a petition requesting all of the following:

(a) That all the employees of the community school who are subject to that agreement be removed from the bargaining unit that is subject to that agreement;

(b) That any employee organization certified as the exclusive representative of the employees of that bargaining unit be decertified as the exclusive representative of the employees of the community school who are subject to that agreement;

(c) That the governing authority of the community school be regarded as the "public employer" of these employees for purposes of Chapter 4117. of the Revised Code.

(6) Upon receipt of a petition under division (A)(4) or (5) of this section, the state employment relations board shall check the sufficiency of the signatures on the petition. If the signatures are found sufficient, the board shall certify the sufficiency of the petition and so notify the parties involved, including the board of education, the governing authority of the community school, and any exclusive representative of the bargaining unit. The changes requested in a certified petition shall take effect on the first day of the month immediately following the date on which the sufficiency of the petition is certified under division (A)(6) of this section.

(B)(1) The board of education of each city, local, and
exempted village school district sponsoring a community school and  
the governing board of each educational service center in which a  
community school is located shall adopt a policy that provides a  
leave of absence of at least three years to each teacher or  
nonteaching employee of the district or service center who is  
employed by the government authority of a conversion or new  
start-up community school sponsored by the district or located in  
the district or center for the period during which the teacher or  
employee is continuously employed by the community school. The  
policy shall also provide that any teacher or nonteaching employee  
may return to employment by the district or service center if the  
teacher or employee leaves or is discharged from employment with  
the community school for any reason, unless, in the case of a  
teacher, the board of the district or service center determines  
that the teacher was discharged for a reason for which the board  
would have sought to discharge the teacher under section 3319.16  
of the Revised Code, in which case the board may proceed to  
discharge the teacher utilizing the procedures of that section.  
Upon termination of such a leave of absence, any seniority that is  
applicable to the person shall be calculated to include all of the  
following: all employment by the district or service center prior  
to the leave of absence; all employment by the community school  
during the leave of absence; and all employment by the district or  
service center after the leave of absence. The policy shall also  
provide that if any teacher holding valid certification returns to  
employment by the district or service center upon termination of  
such a leave of absence, the teacher shall be restored to the  
previous position and salary or to a position and salary similar  
thereto. If, as a result of teachers returning to employment upon  
termination of such leaves of absence, a school district or  
educational service center reduces the number of teachers it  
employs, it shall make such reductions in accordance with section  
3319.17 or, if applicable, 3319.171 of the Revised Code.
Unless a collective bargaining agreement providing otherwise is in effect for an employee of a conversion community school pursuant to division (A)(3) of this section, an employee on a leave of absence pursuant to this division shall remain eligible for any benefits that are in addition to benefits under Chapter 3307. or 3309. of the Revised Code provided by the district or service center to its employees provided the employee pays the entire cost associated with such benefits, except that personal leave and vacation leave cannot be accrued for use as an employee of a school district or service center while in the employ of a community school unless the district or service center board adopts a policy expressly permitting this accrual.

(2) While on a leave of absence pursuant to division (B)(1) of this section, a conversion community school shall permit a teacher to use sick leave accrued while in the employ of the school district from which the leave of absence was taken and prior to commencing such leave. If a teacher who is on such a leave of absence uses sick leave so accrued, the cost of any salary paid by the community school to the teacher for that time shall be reported to the department of education. The cost of employing a substitute teacher for that time shall be paid by the community school. The department of education shall add amounts to the payments made to a community school under this chapter as necessary to cover the cost of salary reported by a community school as paid to a teacher using sick leave so accrued pursuant to this section. The department shall subtract the amounts of any payments made to community schools under this division from payments made to such sponsoring school district under Chapters 3306. and Chapter 3317. of the Revised Code.

A school district providing a leave of absence and employee benefits to a person pursuant to this division is not liable for any action of that person while the person is on such leave and
employed by a community school.

Sec. 3314.13. Payments and deductions under this section for fiscal years 2010, 2012, and 2013 shall be made in accordance with section 3314.088 of the Revised Code.

(A) As used in this section:

(1) "All-day kindergarten" has the same meaning as in section 3317.029 of the Revised Code.

(2) "Formula amount" has the same meaning as in section 3317.02 of the Revised Code.

(B) Except as provided in division (C) of this section, the department of education annually shall pay each community school established under this chapter one-half of the formula amount for each student to whom both of the following apply:

(1) The student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code in a school district that is eligible to receive a payment under division (D) of section 3317.029 of the Revised Code if it provides all-day kindergarten;

(2) The student is reported by the community school as enrolled in all-day kindergarten at the community school.

(C) The department shall make no payments under this section to any internet- or computer-based community school.

(D) If a student for whom payment is made under division (B) of this section is entitled to attend school in a district that receives any payment for all-day kindergarten under division (D) of section 3317.029 of the Revised Code, the department shall deduct the payment to the community school under this section from the amount paid that school district under that division. If that school district does not receive payment for all-day kindergarten under that division because it does not provide all-day kindergarten, the department shall pay the community school from...
state funds appropriated generally for poverty-based assistance to
school districts.

(E) The department shall adjust the amounts deducted from
school districts and paid to community schools under this section
to reflect any enrollments of students in all-day kindergarten in
community schools for less than the equivalent of a full school
year.

Sec. 3314.19. The sponsor of each community school annually
shall provide the following assurances in writing to the
department of education not later than ten business five days
prior to the opening of the school:

(A) That a current copy of the contract between the sponsor
and the governing authority of the school entered into under
section 3314.03 of the Revised Code has been filed with the state
office of community schools established under section 3314.11 of
the Revised Code and that any subsequent modifications to that
contract will be filed with the office;

(B) That the school has submitted to the sponsor a plan for
providing special education and related services to students with
disabilities and has demonstrated the capacity to provide those
services in accordance with Chapter 3323. of the Revised Code and
federal law, as measured on an instructional-period basis;

(C) That the school has a plan and procedures for
administering the achievement and diagnostic assessments
prescribed by sections 3301.0710, 3301.0712, and 3301.0715 of the
Revised Code;

(D) That school personnel have the necessary training,
knowledge, and resources to properly use and submit information to
all databases maintained by the department for the collection of
education data, including the education management information
system established under section 3301.0714 of the Revised Code in accordance with methods and timelines established under section 3314.17 of the Revised Code;

(E) That all required information about the school has been submitted to the Ohio education directory system or any successor system;

(F) That the school will enroll at least the minimum number of students required by division (A)(11)(a) of section 3314.03 of the Revised Code in the school year for which the assurances are provided;

(G) That all classroom teachers are licensed in accordance with sections 3319.22 to 3319.31 of the Revised Code, except for noncertificated persons engaged to teach up to twelve hours per week pursuant to section 3319.301 of the Revised Code;

(H) That the school's fiscal officer is in compliance with section 3314.011 of the Revised Code;

(I) That the school has complied with sections 3319.39 and 3319.391 of the Revised Code with respect to all employees and that the school has conducted a criminal records check of each of its governing authority members;

(J) That the school holds all of the following:

(1) Proof of property ownership or a lease for the facilities used by the school;

(2) A certificate of occupancy;

(3) Liability insurance for the school, as required by division (A)(11)(b) of section 3314.03 of the Revised Code, that the sponsor considers sufficient to indemnify the school's facilities, staff, and governing authority against risk;

(4) A satisfactory health and safety inspection;

(5) A satisfactory fire inspection;
(6) A valid food permit, if applicable.

(K) That the sponsor has conducted a pre-opening site visit to the school for the school year for which the assurances are provided;

(L) That the school has designated a date it will open for the school year for which the assurances are provided that is in compliance with division (A)(25) of section 3314.03 of the Revised Code;

(M) That the school has met all of the sponsor's requirements for opening and any other requirements of the sponsor.

Sec. 3314.22. (A)(1) Each household with a child enrolled in an internet- or computer-based community school is entitled to at least one computer supplied by the school; however, If there are at least three children enrolled in an internet- or computer-based community school residing in the same household, the household shall be entitled to at least one additional computer supplied by the school. However, the parent of any child enrolled in the school may waive this entitlement in the manner specified in division (A)(3)(2) of this section. In no case shall an internet- or computer-based community school provide a stipend or other substitute to the household of an enrolled child or the child's parent in lieu of supplying a computer to the child or computers to the household as required by this section. The prohibition contained in the preceding sentence is intended to clarify the meaning of this division as it existed prior to September 29, 2005, and is not intended to change that meaning in any way.

(2) Notwithstanding division (A)(1) of this section, if more than one child living in a single residence is enrolled in an internet- or computer-based community school, at the option of the parent of those children, the school may supply less than one
computer per child, as long as at least one computer is supplied to the residence. An internet- or computer-based community school may supply no computer at all only if the parent has waived the entitlement prescribed in division (A)(1) of this section in the manner specified in division (A)(3) of this section. The parent may amend the decision to accept less than one computer per child anytime during the school year, and, in such case, within thirty days after the parent notifies the school of such amendment, the school shall provide any additional computers requested by the parent up to the number necessary to comply with division (A)(1) of this section.

(3) The parent of any child enrolled in an internet- or computer-based community school may waive the entitlement to one computer per child, and have no computer at all supplied by the school a computer or computers as specified in division (A)(1) of this section, if the school and parent set forth that waiver in writing with both parties attesting that there is a computer available to the child in the child's residence with sufficient hardware, software, programming, and connectivity so that the child may fully participate in all of the learning opportunities offered to the child by the school. The parent may amend the decision to waive the entitlement at any time during the school year and, in such case, within thirty days after the parent notifies the school of that decision, the school shall provide any additional computers requested by the parent up to the number necessary to comply with division (A)(1) of this section, regardless of whether there is any change in the conditions attested to in the waiver.

(4)(3) A copy of a waiver executed under division (A)(3)(2) of this section shall be retained by the internet- or computer-based community school and the parent who attested to the conditions prescribed in that division. The school shall submit a
copy of the waiver to the office of community schools, established under section 3314.11 of the Revised Code, immediately upon execution of the waiver.

(4) The school shall notify the office of community schools, in the manner specified by the office, of any parent's decision under division (A)(2) of this section to accept less than one computer per child or the parent's amendment to that decision, and of any parent's decision to amend the waiver executed under division (A)(3)(2) of this section.

(B) Each internet- or computer-based community school shall provide to each parent who is considering enrolling the parent's child in the school and to the parent of each child already enrolled in the school a written notice of the provisions prescribed in division (A) of this section.

(C) If a community school that is not an internet- or computer-based community school provides any of its enrolled students with nonclassroom-based learning opportunities provided via an internet- or other computer-based instructional method and requires such students to participate in any of those learning opportunities from their residences, the school shall be subject to this section and division (C)(1) of section 3314.21 of the Revised Code relative to each such student in the same manner as an internet- or computer-based community school, unless both of the following conditions apply to the student:

(1) The nonclassroom-based learning opportunities in which the student is required to participate from the student's residence are supplemental in nature or do not constitute a significant portion of the total classroom-based and nonclassroom-based learning opportunities provided to the student by the school;

(2) The student's residence is equipped with a computer
available for the student's use.

**Sec. 3314.26.** (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (P)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data verification code, as assigned pursuant to section 3301.0714 of the Revised Code, to the department of education. The department shall maintain a list of all data verification codes reported under this division and section 3313.6410 of the Revised Code and provide that list to each internet- or computer-based community school and to each school to which section 3313.6410 of the Revised Code applies.

Each internet- or computer-based school shall withdraw a student under this section not later than the end of the second consecutive school year in which the student has failed to participate in the spring administration of assessments as specified under this section.

(B) No internet- or computer-based community school shall receive any state funds under this chapter for any enrolled student whose data verification code appears on the list maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the contrary, the parent of any such student shall pay tuition to the internet- or computer-based community school in an amount equal to the state funds the school otherwise would receive for that student, as determined by the department. An internet- or
computer-based community school may withdraw any student for whom the parent does not pay tuition as required by this division.

Sec. 3314.35. (A)(1) Except as provided in division (A)(3) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2008, but before July 1, 2009:

(a) The school does not offer a grade level higher than three and has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for four consecutive school years.

(b) The school satisfies all of the following conditions:

(i) The school offers any of grade levels four to eight but does not offer a grade level higher than nine.

(ii) The school has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three consecutive school years.

(iii) For two of those school years, the school showed less than one standard year of academic growth in either reading or mathematics, as determined by the department of education in accordance with rules adopted under division (A) of section 3302.021 of the Revised Code.

(c) The school satisfies all of the following conditions:

(i) The school offers any of grade levels ten to twelve.

(ii) The school has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for three consecutive school years.

(iii) For two of those school years, the school showed less than two standard years of academic growth in either reading or mathematics, as determined by the department in accordance with
rules adopted under division (A) of section 3302.021 of the
Revised Code.

(2) Except as provided in division (A)(3) of this section,
this section applies to any community school that meets one of the
following criteria after July 1, 2009, but before July 1, 2011:

(a) The school does not offer a grade level higher than three
and has been declared to be in a state of academic emergency under
section 3302.03 of the Revised Code for three of the four most
recent school years.

(b) The school satisfies all of the following conditions:

(i) The school offers any of grade levels four to eight but
does not offer a grade level higher than nine.

(ii) The school has been declared to be in a state of
academic emergency under section 3302.03 of the Revised Code for
two of the three most recent school years.

(iii) In at least two of the three most recent school years,
the school showed less than one standard year of academic growth
in either reading or mathematics, as determined by the department
of education in accordance with rules adopted under division (A)
of section 3302.021 of the Revised Code.

(c) The school offers any of grade levels ten to twelve and
has been declared to be in a state of academic emergency under
section 3302.03 of the Revised Code for three of the four most
recent school years.

(2) Except as provided in division (A)(3) of this section,
this section applies to any community school that meets one of the
following criteria after July 1, 2011:

(a) The school does not offer a grade level higher than three
and has been declared to be in a state of academic emergency under
section 3302.03 of the Revised Code for two of the three most
recent school years.

(b) The school satisfies all of the following conditions:

(i) The school offers any of grade levels four to eight but
does not offer a grade level higher than nine.

(ii) The school has been declared to be in a state of
academic emergency under section 3302.03 of the Revised Code for
two of the three most recent school years.

(iii) In at least two of the three most recent school years,
the school showed less than one standard year of academic growth
in either reading or mathematics, as determined by the department
in accordance with rules adopted under division (A) of section
3302.021 of the Revised Code.

(c) The school offers any of grade levels ten to twelve and
has been declared to be in a state of academic emergency under
section 3302.03 of the Revised Code for two of the three most
recent school years.

(3) This section does not apply to either of the following:

(a) Any community school in which a majority of the students
are enrolled in a dropout prevention and recovery program that is
operated by the school and that has been granted a waiver under
section 3314.36 of the Revised Code;

(b) Any community school in which a majority of the enrolled
students are children with disabilities receiving special
education and related services in accordance with Chapter 3323. of
the Revised Code.

(B) Any community school to which this section applies shall
permanently close at the conclusion of the school year in which
the school first becomes subject to this section. The sponsor and
governing authority of the school shall comply with all procedures
for closing a community school adopted by the department under
division (E) of section 3314.015 of the Revised Code. The governing authority of the school shall not enter into a contract with any other sponsor under section 3314.03 of the Revised Code after the school closes.

(C) Not later than July 1, 2008, the department shall determine the feasibility of using the value-added progress dimension, as defined in section 3302.01 of the Revised Code, as a factor in evaluating the academic performance of community schools described in division (A)(1)(c)(i) of this section. Notwithstanding divisions (A)(1)(c)(ii) and (iii) of this section, if the department determines that using the value-added progress dimension to evaluate community schools described in division (A)(1)(c)(i) of this section is not feasible, a community school described in that division shall be required to permanently close under this section only if it has been declared to be in a state of academic emergency under section 3302.03 of the Revised Code for four consecutive school years.

(D) In accordance with division (B) of section 3314.012 of the Revised Code, the department shall not consider the performance ratings assigned to a community school for its first two years of operation when determining whether the school meets the criteria prescribed by division (A)(1) or (2) of this section. The department shall reevaluate each community school that the department directed to close at the conclusion of the 2009-2010 school year to determine if the school still meets the criteria prescribed by division (A)(2) of this section when the school's performance ratings for its first two years of operation are not considered and, if the school no longer meets those criteria, the department shall not require the school to close at the conclusion of that school year.

Sec. 3314.36. (A) Section 3314.35 of the Revised Code does
not apply to any community school in which a majority of the
students are enrolled in a dropout prevention and recovery program
that is operated by the school and that has been granted a waiver
by the department of education. The department shall grant a
waiver to a dropout prevention and recovery program, within sixty
days after the program applies for the waiver, if the program
meets all of the following conditions:

(1) The program serves only students not younger than sixteen
years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their
initial enrollment, either, or both, are at least one grade level
behind their cohort age groups or experience crises that
significantly interfere with their academic progress such that
they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the
applicable score designated for each of the assessments prescribed
under division (B)(1) of section 3301.0710 of the Revised Code or,
to the extent prescribed by rule of the state board of education
under division (E)(D)(6) of section 3301.0712 of the Revised Code,
division (B)(2) of that section.

(4) The program develops an individual career plan for the
student that specifies the student's matriculating to a two-year
degree program, acquiring a business and industry credential, or
entering an apprenticeship.

(5) The program provides counseling and support for the
student related to the plan developed under division (A)(4) of
this section during the remainder of the student's high school
experience.

(6) Prior to receiving the waiver, the program has submitted
to the department an instructional plan that demonstrates how the
academic content standards adopted by the state board of education
under section 3301.079 of the Revised Code will be taught and assessed.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(B) Notwithstanding division (A) of this section, the department shall not grant a waiver to any community school that did not qualify for a waiver under this section when it initially began operations, unless the state board of education approves the waiver.

**Sec. 3314.38.** An individual who is at least twenty-two but younger than thirty years of age and who has not been awarded a high school diploma or a certificate of high school equivalence, as defined in section 4109.06 of the Revised Code, may enroll in a dropout prevention and recovery program operated by a community school that has been granted a waiver under section 3314.36 of the Revised Code for the same educational program offered to students who are entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code for up to two cumulative school years. The community school shall include that individual in the school's student enrollment reported under division (B) of section 3314.08 of the Revised Code. The community school shall receive the amounts attributable to the individual's enrollment prescribed by division (D) of section 3314.08 of the Revised Code paid from funds specifically appropriated for that purpose.

**Sec. 3314.50.** If the governing authority of a community school contracts with an operator, all of the following shall apply:
(A) The governing authority may delegate any or all of the rights, duties, and responsibilities of the governing authority to the operator.

(B) Upon the expiration of the contract, the governing authority shall offer the operator the opportunity to renew the contract prior to soliciting services from any other operator.

(C) The operator shall have standing to bring an action or proceeding in any court concerning the school's operations or the renewal, nonrenewal, or termination of the governing authority's contract with the school's sponsor entered into under section 3314.03 of the Revised Code, or to appear in any such action or proceeding.

Sec. 3315.01. (A) Except as provided in division (B) of this section and notwithstanding sections 3315.12 and 3315.14 of the Revised Code, the board of education of any school district may adopt a resolution requiring the treasurer of the district to credit the earnings made on the investment of the principal of the moneys specified in the resolution to the fund from which the earnings arose or any other fund of the district as the board specifies in its resolution.

(B) This section does not apply to the earnings made on the investment of the bond retirement fund, the sinking fund, a project construction fund established pursuant to sections 3318.01 to 3318.20 of the Revised Code, or the payments received by school districts pursuant to division (E) of section 3317.024 of the Revised Code.

Sec. 3316.041. (A) Notwithstanding any provision of Chapter 133. or sections 3313.483 to 3313.4811 of the Revised Code, and subject to the approval of the superintendent of public instruction, a school district that is in a state of fiscal watch
declared under section 3316.03 of the Revised Code may restructure or refinance loans obtained or in the process of being obtained under section 3313.483 of the Revised Code if all of the following requirements are met:

(1) The operating deficit certified for the school district for the current or preceding fiscal year under section 3313.483 of the Revised Code exceeds fifteen per cent of the district's general revenue fund for the fiscal year preceding the year for which the certification of the operating deficit is made.

(2) The school district voters have, during the period of the fiscal watch, approved the levy of a tax under section 718.09, 718.10, 5705.194, 5705.21, or 5748.02 of the Revised Code that is not a renewal or replacement levy, or a levy under section 5705.199 of the Revised Code, and that will provide new operating revenue.

(3) The board of education of the school district has adopted or amended the financial plan required by section 3316.04 of the Revised Code to reflect the restructured or refinanced loans, and sets forth the means by which the district will bring projected operating revenues and expenditures, and projected debt service obligations, into balance for the life of any such loan.

(B) Subject to the approval of the superintendent of public instruction, the school district may issue securities to evidence the restructuring or refinancing authorized by this section. Such securities may extend the original period for repayment not to exceed ten years, and may alter the frequency and amount of repayments, interest or other financing charges, and other terms or agreements under which the loans were originally contracted, provided the loans received under sections 3313.483 of the Revised Code are repaid from funds the district would otherwise receive under Chapter 3306-3317, of the Revised Code, as required under division (E)(3) of section 3313.483 of the Revised Code.
Securities issued for the purpose of restructuring or refinancing under this section shall be repaid in equal payments and at equal intervals over the term of the debt and are not eligible to be included in any subsequent proposal to restructure or refinance.

(C) Unless the district is declared to be in a state of fiscal emergency under division (D) of section 3316.04 of the Revised Code, a school district shall remain in a state of fiscal watch for the duration of the repayment period of any loan restructured or refinanced under this section.

Sec. 3316.06. (A) Within one hundred twenty days after the first meeting of a school district financial planning and supervision commission, the commission shall adopt a financial recovery plan regarding the school district for which the commission was created. During the formulation of the plan, the commission shall seek appropriate input from the school district board and from the community. This plan shall contain the following:

(1) Actions to be taken to:

(a) Eliminate all fiscal emergency conditions declared to exist pursuant to division (B) of section 3316.03 of the Revised Code;

(b) Satisfy any judgments, past-due accounts payable, and all past-due and payable payroll and fringe benefits;

(c) Eliminate the deficits in all deficit funds, except that any prior year deficits in the capital and maintenance fund established pursuant to section 3315.18 of the Revised Code shall be forgiven;

(d) Restore to special funds any moneys from such funds that were used for purposes not within the purposes of such funds, or borrowed from such funds by the purchase of debt obligations of
the school district with the moneys of such funds, or missing from
the special funds and not accounted for, if any;

(e) Balance the budget, avoid future deficits in any funds,
and maintain on a current basis payments of payroll, fringe
benefits, and all accounts;

(f) Avoid any fiscal emergency condition in the future;

(g) Restore the ability of the school district to market
long-term general obligation bonds under provisions of law
applicable to school districts generally.

(2) The management structure that will enable the school
district to take the actions enumerated in division (A)(1) of this
section. The plan shall specify the level of fiscal and management
control that the commission will exercise within the school
district during the period of fiscal emergency, and shall
enumerate respectively, the powers and duties of the commission
and the powers and duties of the school board during that period.
The commission may elect to assume any of the powers and duties of
the school board it considers necessary, including all powers
related to personnel, curriculum, and legal issues in order to
successfully implement the actions described in division (A)(1) of
this section.

(3) The target dates for the commencement, progress upon, and
completion of the actions enumerated in division (A)(1) of this
section and a reasonable period of time expected to be required to
implement the plan. The commission shall prepare a reasonable time
schedule for progress toward and achievement of the requirements
for the plan, and the plan shall be consistent with that time
schedule.

(4) The amount and purpose of any issue of debt obligations
that will be issued, together with assurances that any such debt
obligations that will be issued will not exceed debt limits
supported by appropriate certifications by the fiscal officer of
the school district and the county auditor. Debt obligations
issued pursuant to section 133.301 of the Revised Code shall
include assurances that such debt shall be in an amount not to
exceed the amount certified under division (B) of such section. If
the commission considers it necessary in order to maintain or
improve educational opportunities of pupils in the school
district, the plan may include a proposal to restructure or
refinance outstanding debt obligations incurred by the board under
section 3313.483 of the Revised Code contingent upon the approval,
during the period of the fiscal emergency, by district voters of a
tax levied under section 718.09, 718.10, 5705.194, 5705.21,
5748.02, or 5748.08 of the Revised Code that is not a renewal or
replacement levy, or a levy under section 5705.199 of the Revised
Code, and that will provide new operating revenue. Notwithstanding
any provision of Chapter 133. or sections 3313.483 to 3313.4811 of
the Revised Code, following the required approval of the district
voters and with the approval of the commission, the school
district may issue securities to evidence the restructuring or
refinancing. Those securities may extend the original period for
repayment, not to exceed ten years, and may alter the frequency
and amount of repayments, interest or other financing charges, and
other terms of agreements under which the debt originally was
contracted, at the discretion of the commission, provided that any
loans received pursuant to section 3313.483 of the Revised Code
shall be paid from funds the district would otherwise receive
under Chapter 3306–3317. of the Revised Code, as required under
division (E)(3) of section 3313.483 of the Revised Code. The
securities issued for the purpose of restructuring or refinancing
the debt shall be repaid in equal payments and at equal intervals
over the term of the debt and are not eligible to be included in
any subsequent proposal for the purpose of restructuring or
refinancing debt under this section.
(B) Any financial recovery plan may be amended subsequent to its adoption. Each financial recovery plan shall be updated annually.

(C) Each school district financial planning and supervision commission shall submit the financial recovery plan it adopts or updates under this section to the state superintendent of public instruction for approval immediately following its adoption or updating. The state superintendent shall evaluate the plan and either approve or disapprove it within thirty calendar days from the date of its submission. If the plan is disapproved, the state superintendent shall recommend modifications that will render it acceptable. No financial planning and supervision commission shall implement a financial recovery plan that is adopted or updated on or after April 10, 2001, unless the state superintendent has approved it.

**Sec. 3316.20.** (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of
money appropriated to the account by the general assembly plus all
investment earnings of the fund. Money in the account shall be
used solely for the following:

(a) Solvency assistance to school districts that have been
declared under division (B) of section 3316.03 of the Revised Code
to be in a state of fiscal emergency, in the event that all money
in the shared resource account is utilized for solvency
assistance;

(b) Grants to school districts under division (C) of this
section.

(B) Solvency assistance payments under division (A)(2) or
(3)(a) of this section shall be made from the fund by the
superintendent of public instruction in accordance with rules
adopted by the director of budget and management, after consulting
with the superintendent, specifying approval criteria and
procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance
amounts paid under division (A)(2) or (3)(a) of this section not
later than the end of the second fiscal year following the fiscal
year in which the solvency assistance payment was made. If not
made directly by the school district, such reimbursement shall be
made by the director of budget and management from the amounts the
school district would otherwise receive pursuant to Chapter 3306,
3317, of the Revised Code, or from any other funds appropriated
for the district by the general assembly. Reimbursements shall be
credited to the respective account from which the solvency
assistance paid to the district was deducted.

(C) The superintendent of public instruction may make
recommendations, and the controlling board may grant money from
the catastrophic expenditures account to any school district that
suffers an unforeseen catastrophic event that severely depletes
the district's financial resources. The superintendent shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

**Sec. 3316.21.** (A) If a school district has been declared to be in a state of fiscal emergency by the auditor of state under section 3316.03 of the Revised Code, and if the auditor of state has further determined upon examination of the district's financial recovery plan that implementing that plan cannot reasonably be expected to correct and eliminate all of the district's fiscal emergency conditions within five fiscal years, the auditor of state shall notify the superintendent of public instruction of that determination.

(B) Not later than ninety days after the state superintendent receives the auditor of state's notification under division (A) of...
this section, the state superintendent shall develop an operations
plan for the district and submit that plan to the state board of
education for approval. Upon approval of the plan, the state board
shall suspend the charter of the district and shall take over the
operation of the district. The state board shall continue to
operate the school district until such time as the district's
board and its financial planning and supervision commission submit
an acceptable financial recovery plan to the state superintendent
and the auditor of state has determined that the district does
have a plan that can reasonably be expected to correct and
eliminate the district's fiscal emergency conditions within five
fiscal years.

   (C) While the state board is operating the district, all of
the following apply:

   (1) The state board shall exercise all powers granted to the
school district board under the Revised Code for management and
control of the schools of the district, except for the power to
propose property tax or school district income tax levies under
Title LVII of the Revised Code, and shall carry out such powers in
the place of the district board.

   (2) Subject to approval of the state board, the district
board shall continue to propose tax levies necessary to operate
the district and to resolve the district's fiscal emergency
conditions.

   (3) Employees and officers of the district shall be deemed
employees of the state board.

   (4) The state board may delegate any management and control
functions of the district to the district's financial planning and
supervision commission.

   (5) The state board shall not revoke the charter of the
district or transfer its territory to other districts.
Sec. 3317.01. As used in this section and section 3317.011 of the Revised Code, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed pursuant to this chapter shall be calculated and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board, in June of each year, shall submit a yearly distribution plan to the controlling board at its first meeting in July. The state board shall submit any proposed midyear revision of the plan to the controlling board in January. Any year-end revision of the plan shall be submitted to the controlling board in June. If moneys appropriated for each fiscal year are distributed other than monthly, such distribution shall be on the
same basis for each school district the state board's year-end 49138
distributions pursuant to this chapter. 49139

Except as otherwise provided, payments under this chapter 49140
shall be made only to those school districts in which: 49141

(A) The school district, except for any educational service 49142
center and any joint vocational or cooperative education school 49143
district, levies for current operating expenses at least twenty 49144
mills. Levies for joint vocational or cooperative education school 49145
districts or county school financing districts, limited to or to 49146
the extent apportioned to current expenses, shall be included in 49147
this qualification requirement. School district income tax levies 49148
under Chapter 5748. of the Revised Code, limited to or to the 49149
extent apportioned to current operating expenses, shall be 49150
included in this qualification requirement to the extent 49151
determined by the tax commissioner under division (D) of section 49152
3317.021 of the Revised Code. 49153

(B) The school year next preceding the fiscal year for which 49154
such payments are authorized meets the requirement of section 49155
3313.48 or 3313.481 of the Revised Code, with regard to the 49156
minimum number of days or hours school must be open for 49157
instruction with pupils in attendance, for individualized 49158
parent-teacher conference and reporting periods, and for 49159
professional meetings of teachers. This requirement shall be 49160
waived by the superintendent of public instruction if it had been 49161
necessary for a school to be closed because of disease epidemic, 49162
hazardous weather conditions, inoperability of school buses or 49163
other equipment necessary to the school's operation, damage to a 49164
school building, or other temporary circumstances due to utility 49165
failure rendering the school building unfit for school use, 49166
provided that for those school districts operating pursuant to 49167
section 3313.48 of the Revised Code the number of days the school 49168
was actually open for instruction with pupils in attendance and 49169
for individualized parent-teacher conference and reporting periods
is not less than one hundred seventy-five, or for those school
districts operating on a trimester plan the number of days the
school was actually open for instruction with pupils in attendance
not less than seventy-nine days in any trimester, for those school
districts operating on a quarterly plan the number of days the
school was actually open for instruction with pupils in attendance
not less than fifty-nine days in any quarter, or for those school
districts operating on a pentamester plan the number of days the
school was actually open for instruction with pupils in attendance
not less than forty-four days in any pentamester.

A school district shall not be considered to have failed to
comply with this division or section 3313.481 of the Revised Code
because schools were open for instruction but either twelfth grade
students were excused from attendance for up to three days or only
a portion of the kindergarten students were in attendance for up
to three days in order to allow for the gradual orientation to
school of such students.

The superintendent of public instruction shall waive the
requirements of this section with reference to the minimum number
of days or hours school must be in session with pupils in
attendance for the school year succeeding the school year in which
a board of education initiates a plan of operation pursuant to
section 3313.481 of the Revised Code. The minimum requirements of
this section shall again be applicable to such a district
beginning with the school year commencing the second July
succeeding the initiation of one such plan, and for each school
year thereafter.

A school district shall not be considered to have failed to
comply with this division or section 3313.48 or 3313.481 of the
Revised Code because schools were open for instruction but the
length of the regularly scheduled school day, for any number of
days during the school year, was reduced by not more than two  
hours due to hazardous weather conditions.

(C) The school district has on file, and is paying in  
accordance with, a teachers' salary schedule which complies with  
section 3317.13 of the Revised Code.

A board of education or governing board of an educational  
service center which has not conformed with other law and the  
rules pursuant thereto, shall not participate in the distribution  
of funds authorized by sections 3317.022 to 3317.0211, 3317.11,  
3317.16, 3317.17, and 3317.19 of the Revised Code this chapter,  
except for good and sufficient reason established to the  
satisfaction of the state board of education and the state  
controlling board.

All funds allocated to school districts under this chapter,  
extcept those specifically allocated for other purposes, shall be  
used to pay current operating expenses only.

Sec. 3317.013. Except for a preschool child with a disability  
for whom a scholarship has been awarded under section 3310.41 of  
the Revised Code, this section does not apply to preschool  
children with disabilities.

Analysis of special education cost data has resulted in a  
finding that the average special education additional cost per  
pupil, including the costs of related services, can be expressed  
as a multiple of the base cost per pupil calculated under section  
3317.012 of the Revised Code formula amount. The multiples for the  
following categories of special education programs, as these  
programs are defined for purposes of Chapter 3323. of the Revised  
Code, and adjusted as provided in this section, are as follows:

only identified disability is a speech and language disability, as
this term is defined pursuant to Chapter 3323. of the Revised Code;

(B) A multiple of 0.3694 for students identified as specific learning disabled or developmentally disabled, as these terms are defined pursuant to Chapter 3323. of the Revised Code, or as having an other health impairment-minor;

(C) A multiple of 1.7695 for students identified as hearing disabled, vision impaired, or severe behavior disabled, as these terms are defined pursuant to Chapter 3323. of the Revised Code;

(D) A multiple of 2.3646 for students identified as orthopedically disabled vision impaired, as this term is defined pursuant to Chapter 3323. of the Revised Code, or as having an other health impairment-major;

(E) A multiple of 3.1129 for students identified as orthopedically disabled or as having multiple disabilities, as this term is defined pursuant to Chapter 3323. of the Revised Code;

(F) A multiple of 4.7342 for students identified as autistic, having traumatic brain injuries, or as both visually and hearing impaired, as these terms are defined pursuant to Chapter 3323. of the Revised Code.

In fiscal years 2008, 2009, 2010, and 2011, the multiples specified in divisions (A) to (F) of this section shall be adjusted by multiplying them by 0.90.

Not later than the thirtieth day of December in 2007, 2008, and 2009, the department of education shall submit to the office of budget and management a report that specifies for each city, local, exempted village, and joint vocational school district the fiscal year allocation of the state and local shares of special education and related services additional weighted funding and
Sec. 3317.014. The average vocational education additional cost per pupil can be expressed as a multiple of the base cost per pupil calculated under section 3317.012 of the Revised Code formula amount. The multiples for the following categories of vocational education programs are as follows:

(A) A multiple of 0.57 for students enrolled in vocational education job-training and workforce development programs approved by the department of education in accordance with rules adopted under section 3313.90 of the Revised Code.

(B) A multiple of 0.28 for students enrolled in vocational education classes other than job-training and workforce development programs.

No other payments shall be made under that section 3317.022 of the Revised Code.

\]

(5) In any fiscal year, a school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

(c) "Transported student percentage" equals transportation ADM divided by transportation base.

(d) "Transportation cost per student" equals total operating costs for board-owned or contractor-operated school buses divided by transportation base.

(2) Analysis of student transportation cost data has resulted in a finding that an average efficient transportation use cost per student can be calculated by means of a regression formula that has as its two independent variables the number of daily bus miles per student and the transported student percentage. For fiscal year 1998 transportation cost data, the average efficient transportation use cost per student is expressed as follows:

\[ 51.79027 + (139.62626 \times \text{daily bus miles per student}) + (116.25573 \times \text{transported student percentage}) \]

The department shall notify the office of budget and management of such update by the fifteenth day of February of each year.

(3) In addition to funds paid under divisions (A), (C), and (E) of this section, each district with a transported student percentage greater than zero shall receive a payment equal to a
percentage of the product of the district’s transportation base from the prior fiscal year times the annually updated average efficient transportation use cost per student, times an inflation factor of two and eight tenths per cent to account for the one-year difference between the data used in updating the formula and calculating the payment and the year in which the payment is made. The percentage shall be the following percentage of that product specified for the corresponding fiscal year:

<table>
<thead>
<tr>
<th>FISCAL YEAR</th>
<th>PERCENTAGE</th>
</tr>

<tbody>
<tr>
<td>2000</td>
<td>52.5%</td>

(4) In addition to funds paid under divisions (D)(2) and (3) of this section, a school district shall receive a rough road subsidy if both of the following apply:

(a) Its county rough road percentage is higher than the statewide rough road percentage, as those terms are defined in division (D)(5) of this section;

(b) Its district student density is lower than the statewide student density, as those terms are defined in that division.

(5) The rough road subsidy paid to each district meeting the qualifications of division (D)(4) of this section shall be calculated in accordance with the following formula:

\[ \text{per rough mile subsidy} \times \text{total rough road miles} \times \text{density multiplier} \]
where:

(a) "Per rough mile subsidy" equals the amount calculated in accordance with the following formula:

\[ 0.75 - 0.75 \times \frac{(\text{maximum rough road percentage} - \text{county rough road percentage})}{(\text{maximum rough road percentage} - \text{statewide rough road percentage})} \]

(i) "Maximum rough road percentage" means the highest county rough road percentage in the state.

(ii) "County rough road percentage" equals the percentage of the mileage of state, municipal, county, and township roads that is rated by the department of transportation as type A, B, C, E2, or F in the county in which the school district is located or, if the district is located in more than one county, the county to which it is assigned for purposes of determining its cost-of-doing-business factor.

(iii) "Statewide rough road percentage" means the percentage of the statewide total mileage of state, municipal, county, and township roads that is rated as type A, B, C, E2, or F by the department of transportation.

(b) "Total rough road miles" means a school district's total bus miles traveled in one year times its county rough road percentage.

(c) "Density multiplier" means a figure calculated in accordance with the following formula:

\[ 1 - \frac{\text{(minimum student density - district student density)}}{\text{(minimum student density - statewide student density)}} \]

(ii) "District student density" means a school district's
transportation base divided by the number of square miles in the district.

(iii) "Statewide student density" means the sum of the transportation bases for all school districts divided by the sum of the square miles in all school districts.

(6) In addition to funds paid under divisions (D)(2) to (5) of this section, each district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than board-owned or contractor-operated buses and whose transportation is not funded under division (G) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(E)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each school district in accordance with the following formula:

\[
\text{state share percentage} \times \text{the formula amount} \times \text{total vocational education weight}
\]

In any fiscal year, a school district receiving funds under division (E)(D)(1) of this section shall spend those funds only for the purposes that the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (E)(D)(1) of this section may be spent.

(2) The department shall compute for each school district...
state funds for vocational education associated services in accordance with the following formula:

\[
\text{state share percentage} \times 0.05 \times \text{the formula amount} \times \text{the sum of categories one and two vocational education ADM}
\]

In any fiscal year, a school district receiving funds under division \((D)(2)\) of this section, or through a transfer of funds pursuant to division \((I)\) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division \((D)(2)\) of this section to any district that the department determines is not operating those services or is using funds paid under division \((D)(2)\) of this section, or through a transfer of funds pursuant to division \((I)\) of section 3317.023 of the Revised Code, for other purposes.

\((F)\) The actual local share in any fiscal year for the combination of special education and related services additional weighted costs funding calculated under division \((C)(1)\) of this section, transportation funding base payment calculated under divisions \((D)(2)\) and \((3)\) of this section 3317.0212 of the Revised Code, and vocational education and associated services additional weighted costs funding calculated under divisions \((D)(1)\) and \((2)\) of this section shall not exceed for any school district the product of three and three-tenths mills times the district's recognized valuation. The department annually shall pay each school district as an excess cost supplement any amount by which the sum of the district's attributed local shares for that funding exceeds that product. For purposes of calculating the excess cost supplement:
(1) The attributed local share for special education and related services additional weighted costs funding is the amount specified in division (C)(2) of this section.

(2) The attributed local share of the district's transportation funding base payment equals the difference of the total amount calculated for the district using the formula developed under division (D)(2)(E) of this section 3317.0212 of the Revised Code minus the actual amount paid to the district after applying the percentage specified in division (D)(E)(3) of this section.

(3) The attributed local share of vocational education and associated services additional weighted costs funding is the amount determined as follows:

\[
(1 - \text{state share percentage}) \times \left[ (\text{total vocational education weight} \times \text{the formula amount}) + \text{the payment under division (D)(2)} \right]
\]

Sec. 3317.023. (A) The amounts required to be paid to a district under this chapter and Chapter 3306. of the Revised Code shall be adjusted by the amount of the computations made under divisions (B) to (N)(K) of this section. 1. Divide the number of the district's full-time equivalent classroom teachers employed by one twenty-fifth;

2. Subtract the quotient in (1) from the district's regular student population;

3. Multiply the difference in (2) by seven hundred fifty-two dollars.

1. The mean annual salary of all full-time equivalent classroom teachers employed by the district at their respective training and experience levels minus;

2. The mean annual salary of all such teachers at their respective levels in all school districts receiving payments under this section.

The number of full-time equivalent classroom teachers used in this computation shall not exceed one twenty-fifth of the district's regular student population. attend school in another district pursuant to a shared education contract, compact, or cooperative education agreement other than an agreement entered into pursuant to section 3313.842 of the Revised Code, credit to that educating district on an FTE basis both of the following:

(a) An amount equal to the formula amount.

(B)(1) By the first day of August of any calendar year, a school district shall notify the department of education if it has any uncollected taxes from one port authority for the second preceding tax year whose taxes charged and payable represent at least one-half of one per cent of the district's total taxes charged and payable for that tax year.

(2) The department shall verify whether the district has such uncollected taxes by the first day of September, and if the district does, shall immediately request the county auditor of each county in which the school district has territory to certify the following information concerning the district's property values and taxes for the second preceding tax year, and each such auditor shall certify that information to the department within thirty days of receiving the request:

(a) The value of the property subject to taxation in the district that was classified as nonresidential/agricultural real property pursuant to section 5713.041 of the Revised Code, and the taxes charged and payable on that property; and

(b) The value of the property subject to taxation in the district that was classified as residential/agricultural real property under section 5713.041 of the Revised Code.

(C) By the fifteenth day of November, the department shall compute the district's effective nonresidential/agricultural real property value, effective residential/agricultural real property value, effective personal value, and effective value, and shall determine whether the school district's effective value for the second preceding tax year is at least one per cent less than its
total value for that year certified under divisions (A)(1) and (2) of section 3317.021 of the Revised Code. If it is, the department shall recompute the basic state aid payable to the district for the immediately preceding fiscal year using the effective value in lieu of the amounts previously certified under section 3317.021 of the Revised Code. The difference between the original basic state aid amount computed for the district for the preceding fiscal year and the recomputed amount shall be paid to the district from the lottery profits education fund before the end of the current fiscal year.

(D) Except as provided in division (E) of this section, amounts received by a school district under division (C) of this section shall be repaid to the department of education in any future year to the extent the district receives payments of uncollectable taxes in such future year. The department shall notify a district of any amount owed under this division.

(E) If a school district received a grant from the catastrophic expenditures account pursuant to division (C) of section 3316.20 of the Revised Code on the basis of the same circumstances for which a recomputation is made under this section, the amount of the recomputation shall be reduced and transferred in accordance with division (C) of section 3316.20 of the Revised Code.

Sec. 3306.12 3317.0212. (A) The department of education shall make no payments under this section for fiscal year 2012 or 2013.

district during the first full week of October.

(3) "Qualifying riders" means resident students enrolled in
regular education in grades kindergarten to twelve who are
provided school bus service by a school district and who live more
than one mile from the school they attend, including students with
dual enrollment in a joint vocational school district or a
cooperative education school district, and students enrolled in a
community school, STEM school, or nonpublic school.

(4) "Qualifying ridership" means the average number of
qualifying riders who are provided school bus service by a school
district during the first full week of October.

(5) "Rider density" means the number of qualifying riders per
square mile of a school district.

(6) "School bus service" means a school district's
transportation of qualifying riders in any of the following types
of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by
the district;

(c) School buses operated by another school district or
entity with which the district has contracted, either as part of a
consortium for the provision of transportation or otherwise.

(B) Not later than the fifteenth day of October each year,
each city, local, and exempted village school district shall
report to the department of education its qualifying ridership,
nontraditional ridership, number of qualifying riders per assigned
bus, and any other information requested by the department.
Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and
exempted village school district's transportation base payment as follows:

(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.

(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the greater of sixty per cent or the district's state share percentage, as defined in section 3317.02 of the Revised Code.

\]

(G) If a city, local, and or exempted village school district offers school bus service to all resident students who are enrolled in regular education in district schools in grades nine to twelve and who live more than one mile from the school they attend, the department shall calculate the district's high school ridership adjustment according to the following formula:

\[
0.025 \times \text{transportation base payment}
\]

(H) If a city, local, and or exempted village school district offers school bus service to students enrolled in grades kindergarten to eight who live more than one mile, but two miles or less, from the school they attend, the department shall calculate an additional adjustment according to the following formula:

\[
0.025 \times \text{transportation base payment}
\]
The department annually shall establish a target number of qualifying riders per assigned bus for each city, local, and exempted village school district. The department shall use the most recently available data in establishing the target number. The target number shall be based on the statewide median number of qualifying riders per assigned bus as adjusted to reflect the district's rider density in comparison to the rider density of all other districts. The department shall post on the department's website each district's target number of qualifying riders per assigned bus and a description of how the target number was determined.

The department shall determine each school district's efficiency index by dividing the district's median number of qualifying riders per assigned bus by its target number of qualifying riders per assigned bus.

The department shall determine each city, local, and exempted village school district's efficiency adjustment as follows:

(a) If the district's efficiency index is equal to or greater than 1.5, the efficiency adjustment shall be calculated according to the following formula:

\[0.1 \times \text{transportation base payment}\]

(b) If the district's efficiency index is less than 1.5 but equal to or greater than 1.0, the efficiency adjustment shall be calculated according to the following formula:

\[\left(\frac{\text{efficiency index} - 1}{5}\right) \times \text{transportation base payment}\]

(c) If the district's efficiency index is less than 1.0, the efficiency adjustment shall be zero.

The department shall pay each city, local, and exempted village school district the lesser of the following:

(1) The sum of the amounts calculated under divisions (E) to
(H) and (I)(3) of this section;

(2) The district's total costs for school bus service for the prior fiscal year.

(K) In addition to funds paid under division (J) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (G)(C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(L)(1) In fiscal years 2010 and 2011, the department shall pay each district a pro rata portion of the amounts calculated under division (J) of this section and described in division (K) of this section, based on state appropriations.

(2) In addition to the prorated payment under division (L)(1) of this section, in fiscal years 2010 and 2011, the department shall pay each school district that meets the conditions prescribed in division (L)(3) of this section an additional amount equal to the following product:

(a) The difference of (i) the amounts calculated under division (J) of this section and prescribed in division (K) of this section minus (ii) that prorated payment; times

(b) 0.30 in fiscal year 2010 and 0.70 in fiscal year 2011.

(3) Division (L)(2) of this section applies to each school district that meets all of the following conditions:

(a) The district qualifies for the calculation of a payment under division (J) of this section because it transports students on board-owned or contractor-owned school buses.

(b) The district's local wealth per pupil, calculated as
prescribed in section 3317.0217 of the Revised Code, is at or below the median local wealth per pupil of all districts that qualify for calculation of a payment under division (J) of this section.

(c) The district's rider density is at or below the median rider density of all districts that qualify for calculation of a payment under division (J) of this section.

(4) Any pupil who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for reenrollment in the public school system of their residence not later than four years after termination of war or their honorable discharge.

If, however, any veteran described by division (E)(4) of this section elects to enroll in special courses organized for veterans for whom tuition is paid under the provisions of federal laws, or otherwise, that veteran shall not be included in average daily membership.

Notwithstanding division (E)(3) of this section, the membership of any school may include a pupil who did not take an assessment required by section 3301.0711 of the Revised Code if the superintendent of public instruction grants a waiver from the requirement to take the assessment to the specific pupil and a parent is not paying tuition for the pupil pursuant to section 3313.6410 of the Revised Code. The superintendent may grant such a waiver only for good cause in accordance with rules adopted by the state board of education.

Except as provided in divisions (B)(2) and (F) of this section, the average daily membership figure of any local, city, exempted village, or joint vocational school district shall be determined by dividing the figure representing the sum of the number of pupils enrolled during each day the school of attendance is actually open for instruction during the week for which the average daily membership is being certified by the total number of days the school was actually open for instruction during that week. For purposes of state funding, "enrolled" persons are only those pupils who are attending school, those who have attended...
school during the current school year and are absent for authorized reasons, and those children with disabilities currently receiving home instruction.

The average daily membership figure of any cooperative education school district shall be determined in accordance with rules adopted by the state board of education.

(F)(1) If the formula ADM for the first full school week in February is at least three per cent greater than that certified for the first full school week in the preceding October, the superintendent of schools of any city, exempted village, or joint vocational school district or educational service center shall certify such increase to the superintendent of public instruction. Such certification shall be submitted no later than the fifteenth day of February. For the balance of the fiscal year, beginning with the February payments, the superintendent of public instruction shall use the increased formula ADM in calculating or recalculating the amounts to be allocated in accordance with section 3317.022 or 3317.16 of the Revised Code. In no event shall the superintendent use an increased membership certified to the superintendent after the fifteenth day of February. Division (F)(1) of this section does not apply after fiscal year 2006.

(2) If on the first school day of April the total number of classes or units for preschool children with disabilities that are eligible for approval under division (B) of section 3317.05 of the Revised Code exceeds the number of units that have been approved for the year under that division, the superintendent of schools of any city, exempted village, or cooperative education school district or educational service center shall make the certifications required by this section for that day. If the department determines additional units can be approved for the fiscal year within any limitations set forth in the acts appropriating moneys for the funding of such units, the department
shall approve additional units for the fiscal year on the basis of such average daily membership. For each unit so approved, the department shall pay an amount computed in the manner prescribed in section 3317.052 or 3317.19 and section 3317.053 of the Revised Code.

(3) If a student attending a community school under Chapter 3314. or a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code is not included in the formula ADM certified for the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code, the department of education shall adjust the formula ADM of that school district to include the student in accordance with division (C)(2) of this section, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the community school or the science, technology, engineering, and mathematics school during the week for which the formula ADM is being certified.

(4) If a student awarded an educational choice scholarship is not included in the formula ADM of the school district from which the department deducts funds for the scholarship under section 3310.08 of the Revised Code, the department shall adjust the formula ADM of that school district to include the student to the extent necessary to account for the deduction, and shall recalculate the school district's payments under this chapter and Chapter 3306. of the Revised Code for the entire fiscal year on the basis of that adjusted formula ADM. This requirement applies regardless of whether the student was enrolled, as defined in division (E) of this section, in the chartered nonpublic school,
the school district, or a community school during the week for
which the formula ADM is being certified.

For each unit so approved, the department shall pay an amount computed in the manner prescribed in sections 3317.052 and 3317.053 of the Revised Code.

The reporting official shall report separately the average daily membership of all pupils whose attendance in the district is unauthorized attendance, and the membership of each
such pupil shall be credited to the school district in which the pupil is entitled to attend school under division (B) of section 3313.64 or section 3313.65 of the Revised Code as determined by the department of education.

Sec. 3317.061. The superintendent of each school district, including each cooperative education and joint vocational school district and the superintendent of each educational service center, shall, on forms prescribed and furnished by the state board of education, certify to the state board of education, on or before the fifteenth day of October of each year, the name of each licensed employee employed, on an annual salary, in each school under such superintendent's supervision during the first full school week of said month of October, the number of years of recognized college training such licensed employee has completed, the college degrees from a recognized college earned by such licensed employee, the type of teaching license held by such licensed employee, the number of months such licensed employee is employed in the school district, the annual salary of such licensed employee, and such other information as the state board of education may request. For the purposes of Chapters 3306. and Chapter 3317. of the Revised Code, a licensed employee is any employee in a position that requires a license issued pursuant to sections 3319.22 to 3319.31 of the Revised Code.

Pursuant to standards adopted by the state board of education, experience of vocational teachers in trade and industry shall be recognized by such board for the purpose of complying with the requirements of recognized college training provided by Chapters 3306. and Chapter 3317. of the Revised Code.
Sec. 3317.07. The state board of education shall establish rules for the purpose of distributing subsidies for the purchase of school buses under division (D) of section 3317.024 of the Revised Code.

No school bus subsidy payments shall be paid to any district unless such district can demonstrate that pupils residing more than one mile from the school could not be transported without such additional aid.

The amount paid to a county DD board for buses purchased for transportation of children in special education programs operated by the board shall be based on a per pupil allocation for eligible students.

The amount paid to a school district for buses purchased for transportation of pupils with disabilities and nonpublic school pupils shall be determined by a per pupil allocation based on the number of special education and nonpublic school pupils for whom transportation is provided.

The state board of education shall adopt a formula to determine the amount of payments that shall be distributed to school districts to purchase school buses for pupils other than pupils with disabilities or nonpublic school pupils.

If any district or county DD board obtains bus services for pupil transportation pursuant to a contract, such district or board may use payments received under this section to defray the costs of contracting for bus services in lieu of for purchasing buses.

If the department of education determines that a county DD board no longer needs a school bus because the board no longer transports children to a special education program operated by the board, or if the department determines that a school district no
longer needs a school bus to transport pupils to a nonpublic
school or special education program, the department may reassign a
bus that was funded with payments provided pursuant to the version
of this section in effect prior to the effective date of this
amendment for the purpose of transporting such pupils. The
department may reassign a bus to a county DD board or school
district that transports children to a special education program
designated in the children's individualized education plans, or to
a school district that transports pupils to a nonpublic school,
and needs an additional school bus.

Sec. 3317.08. A board of education may admit to its schools a
child it is not required by section 3313.64 or 3313.65 of the
Revised Code to admit, if tuition is paid for the child.

Unless otherwise provided by law, tuition shall be computed
in accordance with this section. A district's tuition charge for a
school year shall be one of the following:

(A) For any child, except a preschool child with a disability
described in division (B) of this section, the quotient obtained
by dividing the sum of the amounts described in divisions (A)(1)
and (2) of this section by the district's formula ADM.

(1) The district's total taxes charged and payable for
current expenses for the tax year preceding the tax year in which
the school year begins as certified under division (A)(3) of
section 3317.021 of the Revised Code.

(2) The district's total taxes collected for current expenses
under a school district income tax adopted pursuant to section
5748.03 or 5748.08 of the Revised Code that are disbursed to the
district during the fiscal year, excluding any income tax receipts
allocated for the project cost, debt service, or maintenance
set-aside associated with a state-assisted classroom facilities
project as authorized by section 3318.052 of the Revised Code. On
or before the first day of June of each year, the tax commissioner shall certify the amount to be used in the calculation under this division for the next fiscal year to the department of education and the office of budget and management for each city, local, and exempted village school district that levies a school district income tax.

(B) For any preschool child with a disability not included in a unit approved under division (B) of section 3317.05 of the Revised Code, an amount computed for the school year as follows:

(1) For each type of special education service provided to the child for whom tuition is being calculated, determine the amount of the district's operating expenses in providing that type of service to all preschool children with disabilities not included in units approved under division (B) of section 3317.05 of the Revised Code;

(2) For each type of special education service for which operating expenses are determined under division (B)(1) of this section, determine the amount of such operating expenses that was paid from any state funds received under this chapter;

(3) For each type of special education service for which operating expenses are determined under division (B)(1) of this section, divide the difference between the amount determined under division (B)(1) of this section and the amount determined under division (B)(2) of this section by the total number of preschool children with disabilities not included in units approved under division (B) of section 3317.05 of the Revised Code who received that type of service;

(4) Determine the sum of the quotients obtained under division (B)(3) of this section for all types of special education services provided to the child for whom tuition is being calculated.
The state board of education shall adopt rules defining the types of special education services and specifying the operating expenses to be used in the computation under this section.

If any child for whom a tuition charge is computed under this section for any school year is enrolled in a district for only part of that school year, the amount of the district's tuition charge for the child for the school year shall be computed in proportion to the number of school days the child is enrolled in the district during the school year.

Except as otherwise provided in division (J) of section 3313.64 of the Revised Code, whenever a district admits a child to its schools for whom tuition computed in accordance with this section is an obligation of another school district, the amount of the tuition shall be certified by the treasurer of the board of education of the district of attendance, to the board of education of the district required to pay tuition for its approval and payment. If agreement as to the amount payable or the district required to pay the tuition cannot be reached, or the board of education of the district required to pay the tuition refuses to pay that amount, the board of education of the district of attendance shall notify the superintendent of public instruction. The superintendent shall determine the correct amount and the district required to pay the tuition and shall deduct that amount, if any, under division (G)(D) of section 3317.023 of the Revised Code, from the district required to pay the tuition and add that amount to the amount allocated to the district attended under such division. The superintendent of public instruction shall send to the district required to pay the tuition an itemized statement showing such deductions at the time of such deduction.

When a political subdivision owns and operates an airport, welfare, or correctional institution or other project or facility outside its corporate limits, the territory within which the
facility is located is exempt from taxation by the school district within which such territory is located, and there are school age children residing within such territory, the political subdivision owning such tax exempt territory shall pay tuition to the district in which such children attend school. The tuition for these children shall be computed as provided for in this section.

Sec. 3317.081. (A) Tuition shall be computed in accordance with this section if:

(1) The tuition is required by division (C)(3)(b) of section 3313.64 of the Revised Code; or

(2) Neither the child nor the child's parent resides in this state and tuition is required by section 3327.06 of the Revised Code.

(B) Tuition computed in accordance with this section shall equal the attendance district's tuition rate computed under section 3317.08 of the Revised Code plus the amount in state education aid that district would have received for the child pursuant to Chapter 3306. and sections 3317.023 and 3317.025 to 3317.0211 of the Revised Code during the school year had the attendance district been authorized to count the child in its formula ADM for that school year under section 3317.03 of the Revised Code.

Sec. 3317.082. As used in this section, "institution" means a residential facility that receives and cares for children maintained by the department of youth services and that operates a school chartered by the state board of education under section 3301.16 of the Revised Code.

(A) On or before the thirty-first day of each January and July, the superintendent of each institution that during the six-month period immediately preceding each January or July
provided an elementary or secondary education for any child, other than a child receiving special education under section 3323.091 of the Revised Code, shall prepare and submit to the department of education, a statement for each such child indicating the child's name, any school district responsible to pay tuition for the child as determined by the superintendent in accordance with division (C)(2) or (3) of section 3313.64 of the Revised Code, and the period of time during that six-month period that the child received an elementary or secondary education. If any school district is responsible to pay tuition for any such child, the department of education, no later than the immediately succeeding last day of February or August, as applicable, shall calculate the amount of the tuition of the district under section 3317.08 of the Revised Code for the period of time indicated on the statement and do one of the following:

(1) If the tuition amount is equal to or less than the amount of state basic aid funds payable to the district under Chapter 3306. and section 3317.023 of the Revised Code district's state education aid, pay to the institution submitting the statement an amount equal to the tuition amount, as provided under division (M)(G) of section 3317.024 of the Revised Code, and deduct the tuition amount from the state basic aid funds payable to the district, as provided under division (F)(C)(2) of section 3317.023 of the Revised Code;

(2) If the tuition amount is greater than the amount of state basic aid funds payable to the district under Chapter 3306. and section 3317.023 of the Revised Code district's state education aid, require the district to pay to the institution submitting the statement an amount equal to the tuition amount.

(B) In the case of any disagreement about the school district responsible to pay tuition for a child pursuant to this section, the superintendent of public instruction shall make the

All moneys distributed shall be coded as to county, school district or educational service center, source, and other pertinent information, and at the end of each month, a report of such distribution shall be made by such division of school finance to each school district and educational service center. If any board of education fails to make the report required in section 3319.33 of the Revised Code, the superintendent of public instruction shall be without authority to distribute funds to that school district or educational service center pursuant to sections 3317.022 to 3317.0211, 3317.11, 3317.16, 3317.17, or 3317.19 of the Revised Code under this chapter until such time as the required reports are filed with all specified officers, boards, or agencies.

The supervisory services shall be financed annually through supervisory units. Except as provided in division (B)(2) of this section, the number of supervisory units assigned to each district shall not exceed one unit for the first fifty classroom teachers required to be employed in the district, as calculated in the manner prescribed under former division (B) of section 3317.023 of the Revised Code, as that division existed prior to the effective date of this amendment, and one for each additional one hundred required classroom teachers, as so calculated. The cost of each supervisory unit shall be the sum of:

(a) The minimum salary prescribed by section 3317.13 of the Revised Code for the licensed supervisory employee of the governing board;

(3) The department shall apportion the total cost for all supervisory units among the service center's local and client school districts based on each district's total student count. The department shall deduct each district's apportioned share pursuant to division (B) of section 3317.023 of the Revised Code and pay the apportioned share to the service center.

(C) The department annually shall deduct from each local and client school district of each educational service center, pursuant to division (B) of section 3317.023 of the Revised Code, and pay to the service center an amount equal to six dollars and fifty cents times the school district's total student count. The board of education, or the superintendent acting on behalf of the board, of any local or client school district may agree to pay an amount in excess of six dollars and fifty cents per student in
total student count. If a majority of the boards of education, or superintendents acting on behalf of the boards, of the local school districts within a service center's territory approve an amount in excess of six dollars and fifty cents per student in total student count, the department shall deduct the approved excess per student amount from all of the local school districts within the service center's territory and pay the excess amount to the service center.

(D) The department shall pay each educational service center the amounts due to it from school districts pursuant to contracts, compacts, or agreements under which the service center furnishes services to the districts or their students. (2) The department annually shall pay state funds equal to forty dollars and fifty-two cents times the service center ADM to each educational service center comprising territory that was
included in the territory of at least three former service centers or county school districts, which former centers or districts engaged in one or more mergers under section 3311.053 of the Revised Code to form the present center.

(G) Each city, exempted village, local, joint vocational, or cooperative education school district shall pay to the governing board of an educational service center any amounts agreed to for each child enrolled in the district who receives special education and related services or career-technical education from the educational service center, unless these educational services are provided pursuant to a contract, compact, or agreement for which the department deducts and transfers payments under division (D) of this section and division (K)(H)(3) of section 3317.023 of the Revised Code.

All nonteaching school employees are to be notified of the position classification to which they are assigned and the salary for the classification. The compensation of all employees working for a particular school board shall be uniform for like positions except as compensation would be affected by salary increments based upon length of service.

On the fifteenth day of October each year the salary schedule and the list of job classifications and salaries in effect on that date shall be filed by each board of education with the superintendent of public instruction. If such salary schedule and classification plan is not filed the superintendent of public instruction shall order the board to file such schedules forthwith. If this condition is not corrected within ten days after receipt of the order from the superintendent of public instruction, no money shall be distributed to the district under Chapters 3306. and Chapter 3317. of the Revised Code until the superintendent has satisfactory evidence of the board of education's full compliance with such order.

* Percentages represent the percentage which each salary is of the base amount.

For purposes of determining the minimum salary at any level of training and service, the base of one hundred per cent shall be the base amount. The percentages used in this section show the relationships between the minimum salaries required by this section and the base amount and shall not be construed as requiring any school district or educational service center to adopt a schedule containing salaries in excess of the amounts set forth in this section for corresponding levels of training and
experience.

As used in this division:

(1) "Base amount" means twenty thousand dollars.

(2) "Five years of training" means at least one hundred fifty semester hours, or the equivalent, and a bachelor's degree from a recognized college or university.

(D) For purposes of this section, all credited training shall be from a recognized college or university.

Sec. 3317.14. Any This section shall not apply after the 2012-2013 school year.

Any school district board of education or educational service center governing board participating in funds distributed under Chapter 3317. of the Revised Code shall annually adopt a teachers' salary schedule with provision for increments based upon training and years of service. Notwithstanding sections 3317.13 and 3319.088 of the Revised Code, the board may establish its own service requirements and may grant service credit for such activities as teaching in public or nonpublic schools in this state or in another state, for service as an educational assistant other than as a classroom aide employed in accordance with section 5107.541 of the Revised Code, and for service in the military or in an appropriate state or federal governmental agency, provided no teacher receives less than the amount required to be paid pursuant to section 3317.13 of the Revised Code and provided full credit for a minimum of five years of actual teaching and military experience as defined in division (A) of section 3317.13 of the Revised Code is given to each teacher.

On the fifteenth day of October of each year the salary schedule in effect on that date in each school district and each educational service center shall be filed with the superintendent.
of public instruction. A copy of such schedule shall also annually be filed by the board of education of each local school district with the educational service center superintendent, who thereupon shall certify to the treasurer of such local district the correct salary to be paid to each teacher in accordance with the adopted schedule.

Each teacher who has completed training which would qualify such teacher for a higher salary bracket pursuant to this section shall file by the fifteenth day of September with the treasurer of the board of education or educational service center satisfactory evidence of the completion of such additional training. The treasurer shall then immediately place the teacher, pursuant to this section and section 3317.13 of the Revised Code, in the proper salary bracket in accordance with training and years of service before certifying such salary, training, and years of service to the superintendent of public instruction. No teacher shall be paid less than the salary to which such teacher is entitled pursuant to section 3317.13 of the Revised Code.

Sec. 3317.141. (A) Beginning with the school year that begins July 1, 2013, the board of education of each city, exempted village, local, or joint vocational school district and the governing board of each educational service center annually shall adopt a salary schedule for teachers based upon performance as described in division (B) of this section.

(B) For purposes of the schedule, a board shall measure a teacher's performance by considering all of the following:

(1) The level of license issued under section 3319.22 of the Revised Code that the teacher holds;

(2) Whether the teacher is a highly qualified teacher, as defined in section 3319.074 of the Revised Code;
(3) The ratings received by the teacher on performance evaluations conducted under section 3319.111 of the Revised Code.

(C) The schedule shall provide for annual adjustments based on performance on the evaluations conducted under section 3319.111 of the Revised Code. The annual performance-based adjustment for a teacher rated as highly effective shall be greater than the annual performance-based adjustment for a teacher rated as effective. The annual performance-based adjustment for a teacher rated as effective shall be at least fifty per cent but not more than seventy-five per cent of the annual performance-based adjustment for a teacher rated as highly effective.

(D) The salary schedule adopted under this section may provide for additional compensation for teachers who agree to perform duties, not contracted for under a supplemental contract, that the employing board determines warrant additional compensation. Those duties may include, but are not limited to, assignment to a school building eligible for funding under Title I of the "Elementary and Secondary Education Act of 1965," 20 U.S.C. 6301 et seq.; assignment to a building in "school improvement" status under the "No Child Left Behind Act of 2001," as defined in section 3302.01 of the Revised Code; teaching in a grade level or subject area in which the board has determined there is a shortage within the district or service center; or assignment to a hard-to-staff school, as determined by the board.

Sec. 3317.16. (A) As used in this section:

(1) The "total special education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in section 3317.022 of the Revised Code.

(2) The "total vocational education weight" for a joint vocational school district shall be calculated in the same manner as prescribed in section 3317.022 of the Revised Code.
(3) The "total recognized valuation" of a joint vocational school district shall be determined by adding the recognized valuations of all its constituent school districts that were subject to the joint vocational school district's tax levies for both the current and preceding tax years.

(4) "Resident district" means the city, local, or exempted village school district in which a student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(5) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(B) The department of education shall compute and distribute state base cost funding to each joint vocational school district for the fiscal year in accordance with the following formula:

\[
(formula \text{ amount} \times formula \text{ ADM}) - (0.0005 \times \text{total recognized valuation})
\]

If the difference obtained under this division is a negative number, the district's computation shall be zero.

(C)(1) The department shall compute and distribute state vocational education additional weighted costs funds to each joint vocational school district in accordance with the following formula:

\[
\text{state share percentage} \times \text{formula amount} \times \frac{\text{total vocational education weight}}{}
\]

In each fiscal year, a joint vocational school district receiving funds under division (C)(1) of this section shall spend those funds only for the purposes the department designates as approved for vocational education expenses. Vocational educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the joint vocational school district to report data annually so that the

department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (C)(1) of this section may be spent.

(2) The department shall compute for each joint vocational school district state funds for vocational education associated services costs in accordance with the following formula:

\[
\text{state share percentage} \times .05 \times \text{the formula amount} \times \text{the sum of categories one and two vocational education ADM}
\]

In any fiscal year, a joint vocational school district receiving funds under division (C)(2) of this section, or through a transfer of funds pursuant to division (L)(I) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for vocational education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other vocational education services, vocational evaluation, and other purposes designated by the department. The department may deny payment under division (C)(2) of this section to any district that the department determines is not operating those services or is using funds paid under division (C)(2) of this section, or through a transfer of funds pursuant to division (L)(I) of section 3317.023 of the Revised Code, for other purposes.

(D)(1) The department shall compute and distribute state special education and related services additional weighted costs funds to each joint vocational school district in accordance with the following formula:

\[
\text{state share percentage} \times \text{formula amount} \times \text{total special education weight}
\]

(2)(a) As used in this division, the "personnel allowance" means thirty thousand dollars in fiscal years 2008 and 2009.
(b) For the provision of speech language pathology services to students, including students who do not have individualized education programs prepared for them under Chapter 3323. of the Revised Code, and for no other purpose, the department shall pay each joint vocational school district an amount calculated under the following formula:

\[
\text{formula ADM divided by 2000} \times \text{the personnel allowance} \times \text{state share percentage}
\]

(3) In any fiscal year, a joint vocational school district shall spend for purposes that the department designates as approved for special education and related services expenses at least the amount calculated as follows:

\[
\text{(formula amount} \times \text{the sum of categories one through six special education ADM)} + \text{(total special education weight} \times \text{formula amount)}
\]

The purposes approved by the department for special education expenses shall include, but shall not be limited to, compliance with state rules governing the education of children with disabilities, providing services identified in a student's individualized education program as defined in section 3323.01 of the Revised Code, provision of speech language pathology services, and the portion of the district's overall administrative and overhead costs that are attributable to the district's special education student population.

The department shall require joint vocational school districts to report data annually to allow for monitoring compliance with division (D)(3) of this section. The department shall annually report to the governor and the general assembly the amount of money spent by each joint vocational school district for special education and related services.
(4) In any fiscal year, a joint vocational school district shall spend for the provision of speech language pathology services not less than the sum of the amount calculated under division (D)(1) of this section for the students in the district's category one special education ADM and the amount calculated under division (D)(2) of this section.

(E)(1) If a joint vocational school district's costs for a fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, as specified in division (C)(3)(b) of section 3317.022 of the Revised Code, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all of its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(a) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(b) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share percentage.

(2) The district shall only report under division (E)(1) of this section, and the department shall only pay for, the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(F) Each fiscal year, the department shall pay each joint vocational school district an amount for adult technical and vocational education and specialized consultants.
(G)(1) A joint vocational school district's local share of special education and related services additional weighted costs equals:

\[(1 - \text{state share percentage}) \times \text{Total special education weight} \times \text{the formula amount $5,732}\]

(2) For each student with a disability receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing those special education and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under divisions (B), (D), (E), and (G)(1) of this section.

Those excess costs shall be calculated by subtracting the sum of the following from the actual cost to provide special education and related services to the student:

(a) The formula amount;

(b) The product of the formula amount $5,732 times the applicable multiple specified in section 3306.11 3317.013 of the Revised Code as that section existed prior to the effective date of this amendment;

(c) Any funds paid under division (E) of this section for the student;

(d) Any other funds received by the joint vocational school district under this chapter to provide special education and related services to the student, not including the amount calculated under division (G)(2) of this section.

(3) The board of education of the joint vocational school
district may report the excess costs calculated under division 
(G)(2) of this section to the department of education.

(4) If the board of education of the joint vocational school 
district reports excess costs under division (G)(3) of this 
section, the department shall pay the amount of excess cost 
calculated under division (G)(2) of this section to the joint 
vocational school district and shall deduct that amount as 
provided in division (G)(4)(a) or (b) of this section, as 
applicable:

(a) If the student is not enrolled in a community school, the 
department shall deduct the amount from the account of the 
student's resident district pursuant to division (M)(J) of section 
3317.023 of the Revised Code.

(b) If the student is enrolled in a community school, the 
department shall deduct the amount from the account of the 
community school pursuant to section 3314.083 of the Revised Code.

Sec. 3317.18. (A) As used in this section, the terms "Chapter 
133. securities," "credit enhancement facilities," "debt charges," 
"general obligation," "legislation," "public obligations," and 
"securities" have the same meanings as in section 133.01 of the 
Revised Code.

(B) The board of education of any school district authorizing 
the issuance of securities under section 133.10, 133.301, or 
3313.372 of the Revised Code or general obligation Chapter 133. 
securities may adopt legislation requesting the state department 
of education to approve, and enter into an agreement with the 
school district and the primary paying agent or fiscal agent for 
such securities providing for, the withholding and deposit of 
funds, otherwise due the district under Chapters 3306. and Chapter 
3317. of the Revised Code, for the payment of debt service charges 
on such securities.
The board of education shall deliver to the state department a copy of such resolution and any additional pertinent information the state department may require.

The department of education and the office of budget and management shall evaluate each request received from a school district under this section and the department, with the advice and consent of the director of budget and management, shall approve or deny each request based on all of the following:

1. Whether approval of the request will enhance the marketability of the securities for which the request is made;

2. Any other pertinent factors or limitations established in rules made under division (I) of this section, including:

   a. Current and projected obligations of funds due to the requesting school district under Chapters 3306. and Chapter 3317. of the Revised Code including obligations of those funds to public obligations or relevant credit enhancement facilities under this section, Chapter 133. and section 3313.483 of the Revised Code, and under any other similar provisions of law;

   b. Whether the department of education or the office of budget and management has any reason to believe the requesting school district will be unable to pay when due the debt charges on the securities for which the request is made.

The department may require a school district to establish schedules for the payment of all debt charges that take into account the amount and timing of anticipated distributions of funds to the district under Chapter 3317. of the Revised Code.

(C) If the department approves the request of a school district to withhold and deposit funds pursuant to this section, the department shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the securities which shall provide for the withholding of funds.
pursuant to this section for the payment of debt charges on those securities, and may include both of the following:

(1) Provisions for certification by the district to the department, at a time prior to any date for the payment of applicable debt charges, whether the district is able to pay those debt charges when due;

(2) Requirements that the district deposit amounts for the payment of debt charges on the securities with the primary paying agent or fiscal agent for the securities prior to the date on which those debt charge payments are due to the owners or holders of the securities.

(D) Whenever a district notifies the department of education that it will be unable to pay debt charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the department that it has not timely received from a school district the full amount needed for the payment when due of those debt charges to the holders or owners of such securities, the department shall immediately contact the school district and the paying agent or fiscal agent to confirm or determine whether the district is unable to make the required payment by the date on which it is due.

Upon demand of the treasurer of state while holding a school district obligation purchased under division (G)(1) of section 135.143 of the Revised Code, the state department of education, without a request of the school district, shall withhold and deposit funds pursuant to this section for payment of debt service charges on that obligation.

If the department confirms or determines that the district will be unable to make such payment and payment will not be made pursuant to a credit enhancement facility, the department shall
promptly pay to the applicable primary paying agent or fiscal
agent the lesser of the amount due for debt charges or the amount
due the district for the remainder of the fiscal year under
Chapter 3317. of the Revised Code. If this amount is insufficient
to pay the total amount then due the agent for the payment of debt
charges, the department shall pay to the agent each fiscal year
thereafter, and until the full amount due the agent for unpaid
debt charges is paid in full, the lesser of the remaining amount
due the agent for debt charges or the amount due the district for
the fiscal year under Chapter 3317. of the Revised Code.

(E) The state department may make any payments under this
division by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under
this section shall be applied only to the payment of debt charges
on the securities of the school district subject to this section
or to the reimbursement to the provider of a credit enhancement
facility that has paid such debt charges.

(F) To the extent a school district whose securities are
subject to this section is unable to pay applicable debt charges
because of the failure to collect property taxes levied for the
payment of those debt charges, the district may transfer to or
deposit into any fund that would have received payments under
Chapter 3317. of the Revised Code that were withheld
under this section any such delinquent property taxes when later
collected, provided that transfer or deposit shall be limited to
the amounts withheld from that fund under this section.

(G) The department may make payments under this section to
paying agents or fiscal agents only from and to the extent that
money is appropriated by the general assembly for Chapter 3317. of
the Revised Code or for the purposes of this section. No
securities of a school district to which this section is made
applicable constitute an obligation or a debt or a pledge of the
faith, credit, or taxing power of the state, and the holders or owners of such securities have no right to have taxes levied or appropriations made by the general assembly for the payment of debt charges on those securities, and those securities, if the department requires, shall contain a statement to that effect. The agreement for or the actual withholding and payment of moneys under this section does not constitute the assumption by the state of any debt of a school district.

(H) In the case of securities subject to the withholding provisions of this section, the issuing board of education shall appoint a paying agent or fiscal agent who is not an officer or employee of the school district.

(I) The department of education, with the advice of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section and division (B) of section 133.25 of the Revised Code as it relates to the withholding and depositing of payments under Chapters 3306. and Chapter 3317. of the Revised Code to secure payment of debt charges on school district securities. Those rules shall include criteria for the evaluation and approval or denial of school district requests for withholding under this section and limits on the obligation for the purpose of paying debt charges or reimbursing credit enhancement facilities of funds otherwise to be paid to school districts under Chapter 3317. of the Revised Code.

(J) The authority granted by this section is in addition to and not a limitation on any other authorizations granted by or pursuant to law for the same or similar purposes.

Sec. 3317.19. (A) As used in this section, "total unit allowance" means an amount equal to the sum of the following:

(1) The total of the salary allowances for the teachers employed in the cooperative education school district for all
units approved under division (B) or (C) of section 3317.05 of the Revised Code. The salary allowance for each unit shall equal the minimum salary for the teacher of the unit calculated on the basis of the teacher's training level and years of experience pursuant to the salary schedule prescribed in the version of section 3317.13 of the Revised Code in effect prior to July 1, 2001.

(2) Fifteen per cent of the total computed under division (A)(1) of this section;

(3) The total of the unit operating allowances for all approved units. The amount of each allowance shall equal one of the following:

(a) Eight thousand twenty-three dollars times the number of units for preschool children with disabilities or fraction thereof approved for the year under division (B) of section 3317.05 of the Revised Code;

(b) Two thousand one hundred thirty-two dollars times the number of units or fraction thereof approved for the year under division (C) of section 3317.05 of the Revised Code.

(B) The state board of education shall compute and distribute to each cooperative education school district for each fiscal year an amount equal to the sum of the following:

(1) An amount equal to the total of the amounts credited to the cooperative education school district pursuant to division (K) of section 3317.023 of the Revised Code;

(2) The total unit allowance;

(3) An amount for assisting in providing free lunches to needy children and an amount for assisting needy school districts in purchasing necessary equipment for food preparation pursuant to division (H) of section 3317.024 of the Revised Code.

(C) If a cooperative education school district has had
additional special education units approved for the year under division (F)(2) of section 3317.03 of the Revised Code, the district shall receive an additional amount during the last half of the fiscal year. For each unit, the additional amount shall equal fifty per cent of the amount computed under division (A) of this section for a unit approved under division (B) of section 3317.05 of the Revised Code.

Sec. 3317.20. This section does not apply to preschool children with disabilities.

(A) As used in this section:

(1) "Applicable weight" means the multiple specified in section 3306.11 or 3317.013 of the Revised Code for a disability described in that section.

(2) "Child's school district" means the school district in which a child is entitled to attend school pursuant to section 3313.64 or 3313.65 of the Revised Code.

(3) "State share percentage" means the state share percentage of the child's school district.

(B) Except as provided in division (C) of this section, the department shall annually pay each county DD board for each child with a disability, other than a preschool child with a disability, for whom the county DD board provides special education and related services an amount equal to the formula amount + (state share percentage X formula amount X the applicable weight).

(C) If any school district places with a county DD board more children with disabilities than it had placed with a county DD board in fiscal year 1998, the department shall not make a payment under division (B) of this section for the number of children exceeding the number placed in fiscal year 1998. The department instead shall deduct from the district's payments under this
chapter and Chapter 3306. of the Revised Code, and pay to the county DD board, an amount calculated in accordance with the formula prescribed in division (B) of this section for each child over the number of children placed in fiscal year 1998.

(D) The department shall calculate for each county DD board receiving payments under divisions (B) and (C) of this section the following amounts:

(1) The amount received by the county DD board for approved special education and related services units, other than units for preschool children with disabilities, in fiscal year 1998, divided by the total number of children served in the units that year;

(2) The product of the quotient calculated under division (D)(1) of this section times the number of children for whom payments are made under divisions (B) and (C) of this section.

If the amount calculated under division (D)(2) of this section is greater than the total amount calculated under divisions (B) and (C) of this section, the department shall pay the county DD board one hundred per cent of the difference in addition to the payments under divisions (B) and (C) of this section.

(E) Each county DD board shall report to the department, in the manner specified by the department, the name of each child for whom the county DD board provides special education and related services and the child's school district.

(F)(1) For the purpose of verifying the accuracy of the payments under this section, the department may request from either of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to any child who is placed with a county DD board:

(a) The child's school district;
(b) The independent contractor engaged to create and maintain

data verification codes.

(2) Upon a request by the department under division (F)(1) of

this section for the data verification code of a child, the

child's school district shall submit that code to the department

in the manner specified by the department. If the child has not

been assigned a code, the district shall assign a code to that

child and submit the code to the department by a date specified by

the department. If the district does not assign a code to the

child by the specified date, the department shall assign a code to

the child.

The department annually shall submit to each school district

the name and data verification code of each child residing in the

district for whom the department has assigned a code under this

division.

(3) The department shall not release any data verification

code that it receives under division (F) of this section to any

person except as provided by law.

(G) Any document relative to special education and related

services provided by a county DD board that the department holds

in its files that contains both a student's name or other

personally identifiable information and the student's data

verification code shall not be a public record under section

149.43 of the Revised Code.

Sec. 3317.201. This section does not apply to preschool

children with disabilities.

(A) As used in this section, the "total special education

weight" for an institution means the sum of the following amounts:

(1) The number of children reported by the institution under

division (G)(1)(a)(i) of section 3317.03 of the Revised Code as
receiving services for a disability described in division (D)(1) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division;

(2) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(2) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division;

(3) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(3) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division;

(4) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(4) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division;

(5) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(5) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division;

(6) The number of children reported by the institution under division (G)(1)(a)(i) of section 3317.03 of the Revised Code as receiving services for a disability described in division (D)(6) of section 3306.02 3317.013 of the Revised Code multiplied by the multiple specified in that division.

(B) For each fiscal year, the department of education shall pay each state institution required to provide special education services under division (A) of section 3323.091 of the Revised Code...
Code an amount equal to the greater of:

(1) The formula amount times the institution's total special education weight;

(2) The aggregate amount of special education and related services unit funding the institution received for all children with disabilities other than preschool children with disabilities in fiscal year 2005 under sections 3317.052 and 3317.053 of the Revised Code, as those sections existed prior to June 30, 2005.

Sec. 3318.032. (A) Except as otherwise provided in divisions (C) and (D) of this section, the portion of the basic project cost supplied by the school district shall be the greater of:

(1) The required percentage of the basic project costs;

(2)(a) For all districts except a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the required level of indebtedness;

(b) For a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the following:

The required level of indebtedness X (the basic project cost of the segment as approved by the controlling board / the estimated basic project cost of the district's entire classroom facilities needs as determined jointly by the staff of the Ohio...
(B) The amount of the district's share determined under this section shall be calculated only as of the date the controlling board approved the project, and that amount applies throughout the one-year thirteen-month period permitted under section 3318.05 of the Revised Code for the district's electors to approve the propositions described in that section. If the amount reserved and encumbered for a project is released because the electors do not approve those propositions within that year period, and the school district later receives the controlling board's approval for the project, subject to a new project scope and estimated costs under section 3318.054 of the Revised Code, the district's portion shall be recalculated in accordance with this section as of the date of the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic project cost be greater than ninety-five per cent of the total basic project cost.

(D) If the controlling board approves a project under sections 3318.01 to 3318.20 of the Revised Code for a school district that previously received assistance under those sections or section 3318.37 of the Revised Code within the twenty-year period prior to the date on which the controlling board approves the new project, the district's portion of the basic project cost for the new project shall be the lesser of the following:

(1) The portion calculated under division (A) of this section;

(2) The greater of the following:

(a) The required percentage of the basic project costs for the new project;

(b) The percentage of the basic project cost paid by the district for the previous project.
Sec. 3318.05. The conditional approval of the Ohio school facilities commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within one year thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.
(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required
under division (B) of section 3318.05 of the Revised Code, if the
district board of education adopts a resolution petitioning the
Ohio school facilities commission to approve the transfer of money
in accordance with this section and the commission approves that
transfer. If so approved, the commission and the district board
shall enter into an agreement under which the board, in each of
twenty-three consecutive years beginning in the year in which the
board and the commission enter into the project agreement under
section 3318.08 of the Revised Code, shall transfer into the
maintenance fund required by division (D) of section 3318.05 of
the Revised Code not less than an amount equal to one-half mill
for each dollar of the district's valuation unless and until the
agreement to make those transfers is rescinded by the district
board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative
date prescribed by the commission, the district treasurer shall
certify to the commission and the auditor of state that the amount
required for the year has been transferred. The auditor of state
shall include verification of the transfer as part of any audit of
the district under section 117.11 of the Revised Code. If the
auditor of state finds that less than the required amount has been
deposited into a district's maintenance fund, the auditor of state
shall notify the district board of education in writing of that
fact and require the board to deposit into the fund, within ninety
days after the date of the notice, the amount by which the fund is
deficient for the year. If the district board fails to demonstrate
to the auditor of state's satisfaction that the board has made the
deposit required in the notice, the auditor of state shall notify
the department of education. At that time, the department shall
withhold an amount equal to ten per cent of the district's funds
calculated for the current fiscal year under Chapters 3306. and
Chapter 3317. of the Revised Code until the auditor of state
notifies the department that the auditor of state is satisfied.
that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as...
provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio school facilities commission establish a new scope, estimated basic project cost, estimated school district portion of the basic project cost, and rate of taxation necessary to pay the district's portion of the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope, estimated costs, and rate of taxation established under this division shall be valid for one year from the date the commission approves them.

(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope, estimated costs, and rate of taxation. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the following:

(1) Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district,
under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

(2) Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

(3) Encumber funds for the project under section 3318.11 of the Revised Code;

(4) Enter into an agreement with the district board under section 3318.08 of the Revised Code.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio school facilities commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the
agreement, in an amount equal to the school district's portion of
the basic project cost, including any securities authorized under
division (J) of section 133.06 of the Revised Code and dedicated
by the school district board to payment of the district's portion
of the basic project cost of the project; provided, that if at
that time the county treasurer of each county in which the school
district is located has not commenced the collection of taxes on
the general duplicate of real and public utility property for the
year in which the controlling board approved the project, the
school district board shall authorize the issuance of a first
installment of bond anticipation notes in an amount specified by
the agreement, which amount shall not exceed an amount necessary
to raise the net bonded indebtedness of the school district as of
the date of the controlling board's approval to within five
thousand dollars of the required level of indebtedness for the
preceding year. In the event that a first installment of bond
anticipation notes is issued, the school district board shall, as
soon as practicable after the county treasurer of each county in
which the school district is located has commenced the collection
of taxes on the general duplicate of real and public utility
property for the year in which the controlling board approved the
project, authorize the issuance of a second and final installment
of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of
bond anticipation notes or the value of the first and final issue
of bonds shall be equal to the school district's portion of the
basic project cost. The proceeds of any such bonds shall be used
first to retire any bond anticipation notes. Otherwise, the
proceeds of such bonds and of any bond anticipation notes, except
the premium and accrued interest thereon, shall be deposited in
the school district's project construction fund. In determining
the amount of net bonded indebtedness for the purpose of fixing
the amount of an issue of either bonds or bond anticipation notes,
gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school
districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions that section. The district board may rescind the provision
prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;
(I) The certification by the director of budget and
management that funds are available and have been set aside to
meet the state's share of the basic project cost as approved by
the controlling board pursuant to either section 3318.04 or
division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise
for and receive construction bids for the project, for and on
behalf of the commission, and to award contracts in the name of
the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school
district's project account upon issuance by the commission or the
commission's designated representative of vouchers for work done
to be certified to the commission by the treasurer of the school
district board;

(L) Disposal of any balance left in the school district's
project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so
long as any obligations issued to finance the project under
section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project
to the school district board when the obligations issued to
finance the project under section 3318.26 of the Revised Code are
outstanding;

(O) Provision for deposit of an executed copy of the
agreement in the office of the commission;

(P) Provision for termination of the contract and release of
the funds encumbered at the time of the conditional approval, if
the proceeds of the sale of the bonds of the school district board
are not paid into the school district's project construction fund
and if bids for the construction of the project have not been
taken within such period after the execution of the agreement as
may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R)(1) For all school districts except a district undertaking a project under section 3318.38 of the Revised Code or a joint vocational school district undertaking a project under sections 3318.40 to 3318.45 of the Revised Code, provision that all state funds reserved and encumbered to pay the state share of the cost of the project pursuant to section 3318.03 of the Revised Code be spent on the construction or acquisition of the project prior to the expenditure of any and the funds provided by the school district to pay for its share of the project cost, unless including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, in which cases, the school district may commit to spend, or spend, a greater portion of the funds it provides;

(2) For a school district undertaking a project under section 3318.38 of the Revised Code or a joint vocational school district undertaking a project under sections 3318.40 to 3318.45 of the Revised Code, provision that the state funds reserved and
encumbered and the funds provided by the school district to pay
the basic project cost of any segment of the project, or of the
entire project if it is not divided into segments, be spent on the
construction and acquisition of the project simultaneously in
proportion to the state's and the school district's respective
shares of that basic project cost as determined under section
3318.032 of the Revised Code or, if the district is a joint
vocational school district, under section 3318.42 of the Revised
Code during any specific period than would otherwise be required
under this division.

(S) A provision stipulating that the commission may prohibit
the district from proceeding with any project if the commission
determines that the site is not suitable for construction
purposes. The commission may perform soil tests in its
determination of whether a site is appropriate for construction
purposes.

(T) A provision stipulating that, unless otherwise authorized
by the commission, any contingency reserve portion of the
construction budget prescribed by the commission shall be used
only to pay costs resulting from unforeseen job conditions, to
comply with rulings regarding building and other codes, to pay
costs related to design clarifications or corrections to contract
documents, and to pay the costs of settlements or judgments
related to the project as provided under section 3318.086 of the
Revised Code;

(U) Provision stipulating that for continued release of
project funds the school district board shall comply with section
3313.41 of the Revised Code throughout the project and shall
notify the department of education and the Ohio community school
association when the board plans to dispose of facilities by sale
under that section;

(V) Provision that the commission shall not approve a
contract for demolition of a facility until the school district board has complied with section 3313.41 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project.

Sec. 3318.12. (A) The Ohio school facilities commission shall cause to be transferred to the school district's project construction fund the necessary amounts from amounts appropriated by the general assembly and set aside for such purpose, from time to time as may be necessary to pay obligations chargeable to such fund when due. All investment earnings of a school district's project construction fund shall be credited to the fund.

(B)(1) The treasurer of the school district board shall disburse funds from the school district's project construction fund, including investment earnings credited to the fund, only upon the approval of the commission or the commission's designated representative. The commission or the commission's designated representative shall issue vouchers against such fund, in such amounts, and at such times as required by the contracts for construction of the project.

(2) Notwithstanding anything to the contrary in division (B)(1) of this section, the school district board may, by a duly adopted resolution, choose to use all or part of the investment earnings of the district's project construction fund that are attributable to the district's contribution to the fund to pay the cost of classroom facilities or portions or components of classroom facilities that are not included in the district's basic project cost but that are related to the district's project. If the district board adopts a resolution in favor of using those investment earnings as authorized under division (B)(2) of this section, the treasurer shall disburse the amount as designated and
directed by the board. However, if the district board chooses to use any part of the investment earnings for classroom facilities or portions or components of classroom facilities that are not included in the basic project cost, as authorized under division (B)(2) of this section, and, subsequently, the cost of the project exceeds the amount in the project construction fund, the district board shall restore to the project construction fund the full amount of the investment earnings used under division (B)(2) of this section before any additional state moneys shall be released for the project.

(C) After the a certificate of completion has been issued for a project has been completed under section 3318.48 of the Revised Code:

(1) At the discretion of the school district board, any investment earnings remaining in the project construction fund that are attributable to the school district's contribution to the fund shall be:

(a) Retained in the project construction fund for future projects;

(b) Transferred to the district's maintenance fund required by division (B) of section 3318.05 or section 3318.43 of the Revised Code, and the money so transferred shall be used solely for maintaining the classroom facilities included in the project;

(c) Transferred to the district's permanent improvement fund.

(2) Any investment earnings remaining in the project construction fund that are attributable to the state's contribution to the fund shall be transferred to the commission for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(3) Any other surplus remaining in the school district's project construction fund after the project has been completed...
shall be transferred to the commission and the school district board in proportion to their respective contributions to the fund. The commission shall use the money transferred to it under this division for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(D) Pursuant to appropriations of the general assembly, any moneys transferred to the commission under division (C)(2) or (3) of this section from a project construction fund for a project under sections 3318.40 to 3318.45 of the Revised Code may be used for future expenditures for projects under sections 3318.40 to 3318.45 of the Revised Code, notwithstanding the two per cent annual limit specified in division (B) of section 3318.40 of the Revised Code.

Sec. 3318.31. (A) The Ohio school facilities commission may perform any act and ensure the performance of any function necessary or appropriate to carry out the purposes of, and exercise the powers granted under, Chapter 3318. of the Revised Code, including any of the following:

(1) Adopt, amend, and rescind, pursuant to section 111.15 of the Revised Code, rules for the administration of programs authorized under Chapter 3318. of the Revised Code.

(2) Contract with, retain the services of, or designate, and fix the compensation of, such agents, accountants, consultants, advisers, and other independent contractors as may be necessary or desirable to carry out the programs authorized under Chapter 3318. of the Revised Code, or authorize the executive director to perform such powers and duties.

(3) Receive and accept any gifts, grants, donations, and pledges, and receipts therefrom, to be used for the programs authorized under Chapter 3318. of the Revised Code.
(4) Make and enter into all contracts, commitments, and agreements, and execute all instruments, necessary or incidental to the performance of its duties and the execution of its rights and powers under Chapter 3318. of the Revised Code, or authorize the executive director to perform such powers and duties.

(5) Request the director of administrative services to debar a contractor as provided in section 153.02 of the Revised Code.

(B) The commission shall appoint and fix the compensation of an executive director who shall serve at the pleasure of the commission. The executive director shall supervise the operations of the commission and perform such other duties as delegated by the commission. The executive director also shall employ and fix the compensation of such employees as will facilitate the activities and purposes of the commission, who shall serve at the pleasure of the executive director. The employees of the commission shall be exempt from Chapter 4117. of the Revised Code and shall not be public employees as defined in section 4117.01 of the Revised Code.

(C) The attorney general shall serve as the legal representative for the commission and may appoint other counsel as necessary for that purpose in accordance with section 109.07 of the Revised Code.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in
which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(d) "Tangible personal property phase-out impacted district" means a school district for which the taxable value of its tangible personal property certified under division (A)(2) of section 3317.021 of the Revised Code for tax year 2005, excluding the taxable value of public utility personal property, made up eighteen per cent or more of its total taxable value for tax year 2005 as certified under that section.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year. However, in the case of a tangible personal property phase-out impacted district, the district's priority for assistance under sections 3318.01 to 3318.20 of the Revised Code and its portion of the basic project cost under those sections shall be determined in the manner...
prescribed, respectively, in divisions (B)(3)(b) and (E)(1)(b) of this section.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school facilities commission may enter into an agreement with the school district board of any school district under which the school district board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the school district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code and as recalculated under division (E) of this section, that are eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code when the school district becomes eligible for that assistance. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program. The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or
elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code, the commission shall use one of the following as applicable:

(a) Except for a tangible personal property phase-out impacted district, the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section;

(b) For a tangible personal property phase-out impacted district, the lesser of (i) the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section, or (ii) the district's current percentile ranking under section 3318.011 of the Revised Code.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as
provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of on-site visits and assessment, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the
school district board may identify a discrete part of its  
classroom facilities needs, which shall include only new  
construction of or additions or major repairs to a particular  
building, to address with local resources. Upon identifying a part  
of the school district's basic project cost to address with local  
resources, the school district board may allocate any available  
school district moneys to pay the cost of that identified part,  
including the proceeds of an issuance of bonds if approved by the  
electors of the school district.

All local resources utilized under this division shall first  
be deposited in the project construction account required under  
section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option  
under division (D)(3) of this section, for a school district to  
qualify for participation in the program authorized under this  
section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote  
shall approve the levy of taxes outside the ten-mill limitation  
for a period of twenty-three years at the rate of not less than  
one-half mill for each dollar of valuation to be used to pay the  
cost of maintaining the classroom facilities included in the basic  
project cost as determined by the commission. The form of the  
ballet to be used to submit the question whether to approve the  
tax required under this division to the electors of the school  
district shall be the form for an additional levy of taxes  
prescribed in section 3318.361 of the Revised Code, which may be  
combined in a single ballot question with the questions prescribed  
under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of  
the Revised Code, the school district board shall earmark from the  
proceeds of a permanent improvement tax levied under section  
5705.21 of the Revised Code, an amount equivalent to the
additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to
entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking under division (B)(3) of this section, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be one of the following as applicable:

(a) Except for a tangible personal property phase-out
impacted district, the percentage of the original basic project
cost assigned to the school district as its portion under division
(C) of this section;

(b) For a tangible personal property phase-out impacted
district, the lesser of (i) the percentage of the original basic
project cost assigned to the school district as its portion under
division (C) of this section, or (ii) the percentage of the new
basic project cost determined under section 3318.032 of the
Revised Code using the district's current percentile ranking under
section 3318.011 of the Revised Code. The

The commission shall deduct the expenditure of school
district moneys made under division (D)(1) of this section from
the school district's portion of the basic project cost as
recalculated under this division. If the amount of school district
resources applied by the school district board to the school
district's portion of the basic project cost under this section is
less than the total amount of such portion as recalculated under
this division, the school district board by a majority vote of all
of its members shall, if it desires to seek state assistance under
sections 3318.01 to 3318.20 of the Revised Code, adopt a
resolution as specified in section 3318.06 of the Revised Code to
submit to the electors of the school district the question of
approval of a bond issue in order to pay any additional amount of
school district portion required for state assistance. Any tax
levy approved under division (D) of this section satisfies the
requirements to levy the additional tax under section 3318.06 of
the Revised Code.

(2) If the amount of school district resources applied by the
school district board to the school district's portion of the
basic project cost under this section is more than the total
amount of such portion as recalculated under this division (E)(1)
of this section, within one year after the school district's
portion is so recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division (E)(1) of this section.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

(3) A tangible personal property phase-out impacted district shall receive credit under division (E) of this section for the expenditure of local resources pursuant to any prior agreement authorized by this section, notwithstanding any recalculation of its average taxable value.

Sec. 3318.37. (A)(1) As used in this section:

(a) "Large land area school district" means a school district with a territory of greater than three hundred square miles in any percentile as determined under section 3318.011 of the Revised
(b) "Low wealth school district" means a school district in the first through seventy-fifth percentiles as determined under section 3318.011 of the Revised Code.

(c) A "school district with an exceptional need for immediate classroom facilities assistance" means a low wealth or large land area school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students.

(2) No school district reasonably expected to be eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code within three fiscal years after the year of the application for assistance under this section shall be eligible for assistance under this section, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve and the district satisfies the conditions prescribed in divisions (A)(3)(a) and (b) of this section.

(3) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio school facilities commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that
section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio school facilities commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the
basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

Sec. 3318.371. The Ohio school facilities commission may provide assistance under the exceptional needs school facilities program established by section 3318.37 of the Revised Code to any school district for the purpose of the relocation or replacement of classroom facilities required as a result of any contamination of air, soil, or water that impacts the occupants of the facility. Assistance under this section is not limited to school districts in the first through seventy-fifth percentiles as determined under
section 3318.011 of the Revised Code.

The commission shall make a determination in accordance with guidelines adopted by the commission regarding eligibility and funding for projects under this section. The commission may contract with an independent environmental consultant to conduct a study to assist the commission in making the determination.

If the federal government or other public or private entity provides funds for restitution of costs incurred by the state or school district in the relocation or replacement of the classroom facilities, the school district shall use such funds in excess of the school district's share to refund the state for the state's contribution to the environmental contamination portion of the project. The school district may apply an amount of such restitution funds up to an amount equal to the school district's portion of the project, as defined by the commission, toward paying its portion of that project to reduce the amount of bonds the school district otherwise must issue to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.38. (A) As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

(B) There is hereby established the accelerated urban school building assistance program. Under the program, notwithstanding section 3318.02 of the Revised Code, any big-eight school district that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code by July 1, 2002, may beginning on that date apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.
The Ohio school facilities commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

1. Notwithstanding section 3318.02 of the Revised Code:
   a. Not later than June 30, 2002, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each big-eight school district eligible for assistance under this section;
   b. Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

2. If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

3. Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight school district eligible for assistance under this section may with the approval of the commission opt to divide the project as approved under division (B)(1)(b) of this section into discrete segments to be completed sequentially. Any project divided into segments shall comply with all other provisions of sections 3318.05, 3318.06, and 3318.08 of the Revised Code except as
If a project is divided into segments under this division:

(a) The school district need raise only the amount equal to its proportionate share, as determined under section 3318.032 of the Revised Code, of each segment at any one time and may seek voter approval of each segment separately;

(b) The state's proportionate share, as determined under section 3318.032 of the Revised Code, of only the segment which has been approved by the school district electors or for which the district has applied a local donated contribution under section 3318.084 of the Revised Code shall be encumbered in accordance with section 3318.11 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.

(c) The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.

(4) For any project under this section (C) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project under this section, or of the entire project if it is not divided into segments, shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.
Sec. 3318.41. (A)(1) The Ohio school facilities commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:

(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.
(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under
division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within one year thirteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.
(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.48. (A) When all of the following have occurred, a project undertaken by a school district pursuant to this chapter shall be considered complete and the Ohio school facilities commission shall issue a certificate of completion to the district board of education:

(1) All facilities to be constructed under the project, as specified in the project agreement entered into under section
3318.08 of the Revised Code, have been completed and the board has received a permanent certificate of occupancy for each of those facilities.

(2) The commission has issued certificates of contract completion on all prime construction contracts entered into by the board under section 3318.10 of the Revised Code.

(3) The commission has completed a final accounting of the district's project construction fund and has determined that all payments from the fund were made in compliance with all policies of the commission.

(4) Any litigation concerning the project has been finally resolved with no chance of appeal.

(5) All construction management services typically provided by the commission to school districts have been delivered and the commission has canceled any remaining encumbrance of funds for those services.

(B) The commission may issue a certificate of completion to a district board prior to all of the conditions described in division (A) of this section being satisfied, if the commission determines that the circumstances preventing the conditions from being satisfied are so minor in nature that the project should be considered complete. When issuing a certificate of completion under this division, the commission may specify any of the following:

(1) Any construction or work that has yet to be completed and the manner in which the board shall oversee its completion, which may include procedures for reporting progress to the commission and for accounting of expenditures;

(2) Terms and conditions for the resolution of any pending litigation;
(3) Any remaining responsibilities of the construction manager regarding the project.

(C) The commission may issue a certificate of completion to a district board that does not voluntarily participate in the process of closing out the district's project, if the construction manager for the project verifies that all facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the commission determines that those facilities have been occupied for at least one year. In that case, all funds due to the commission under division (C) of section 3318.12 of the Revised Code shall be returned to the commission not later than thirty days after receipt of the certificate of completion. If the funds due to the commission have not been returned within sixty days after receipt of the certificate of completion, the auditor of state shall issue a finding for recovery against the school district and shall request legal action under section 117.42 of the Revised Code.

(D) Upon issuance of a certificate of completion under this section, the commission's ownership of and interest in the project, as specified in division (F) of section 3318.08 of the Revised Code, shall cease. This cessation shall not alter or otherwise affect the state's or commission's interest in the project or any limitations on the use of the project as specified in the project agreement pursuant to divisions (G), (M), and (N) of that section or as specified in section 3318.16 of the Revised Code.

Sec. 3318.60. (A) As used in this section:

(1) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.
(2) "Ohio school facilities commission" and "classroom facilities" have the same meanings as in section 3318.01 of the Revised Code.

(B) There is hereby established the college-preparatory boarding school facilities program. Under the program, the Ohio school facilities commission shall provide assistance to the boards of trustees of college-preparatory boarding schools established under Chapter 3328. of the Revised Code for the acquisition of classroom facilities.

(C) To be eligible for assistance under this program, a board of trustees shall secure at least twenty million dollars of private money to satisfy its share of facilities acquisition. A board of trustees that receives assistance under the program shall fund the acquisition of residential facilities and any other facilities other than classroom facilities through private means.

(D) The lease payments made by the boards of trustees of college-preparatory boarding schools receiving assistance under the program shall be deposited into the state treasury and credited to the common schools capital facilities bond service fund created in section 151.03 of the Revised Code.

(E) The acquisition of classroom facilities with assistance provided under the program shall not be subject to sections 3318.01 to 3318.20 of the Revised Code.

(F) Within the ninety-day period immediately following the effective date of this section, the commission shall adopt rules necessary for the implementation and administration of the program.

Sec. 3319.02. (A)(1) As used in this section, "other administrator" means any of the following:

(a) Except as provided in division (A)(2) of this section,
any employee in a position for which a board of education requires a license designated by rule of the department of education for being an administrator issued under section 3319.22 of the Revised Code, including a professional pupil services employee or administrative specialist or an equivalent of either one who is not employed as a school counselor and spends less than fifty percent of the time employed teaching or working with students;

(b) Any nonlicensed employee whose job duties enable such employee to be considered as either a "supervisor" or a "management level employee," as defined in section 4117.01 of the Revised Code;

(c) A business manager appointed under section 3319.03 of the Revised Code.

(2) As used in this section, "other administrator" does not include a superintendent, assistant superintendent, principal, or assistant principal.

(B) The board of education of each school district and the governing board of an educational service center may appoint one or more assistant superintendents and such other administrators as are necessary. An assistant educational service center superintendent or service center supervisor employed on a part-time basis may also be employed by a local board as a teacher. The board of each city, exempted village, and local school district shall employ principals for all high schools and for such other schools as the board designates, and those boards may appoint assistant principals for any school that they designate.

(C) In educational service centers and in city, exempted village, and local school districts, assistant superintendents, principals, assistant principals, and other administrators shall only be employed or reemployed in accordance with nominations of
the superintendent, except that a board of education of a school
district or the governing board of a service center, by a
three-fourths vote of its full membership, may reemploy any
assistant superintendent, principal, assistant principal, or other
administrator whom the superintendent refuses to nominate.

The board of education or governing board shall execute a
written contract of employment with each assistant superintendent,
principal, assistant principal, and other administrator it employs
or reemploys. The term of such contract shall not exceed three
years except that in the case of a person who has been employed as
an assistant superintendent, principal, assistant principal, or
other administrator in the district or center for three years or
more, the term of the contract shall be for not more than five
years and, unless the superintendent of the district recommends
otherwise, not less than two years. If the superintendent so
recommends, the term of the contract of a person who has been
employed by the district or service center as an assistant
superintendent, principal, assistant principal, or other
administrator for three years or more may be one year, but all
subsequent contracts granted such person shall be for a term of
not less than two years and not more than five years. When a
teacher with continuing service status becomes an assistant
superintendent, principal, assistant principal, or other
administrator with the district or service center with which the
teacher holds continuing service status, the teacher retains such
status in the teacher's nonadministrative position as provided in
sections 3319.08 and 3319.09 of the Revised Code.

A board of education or governing board may reemploy an
assistant superintendent, principal, assistant principal, or other
administrator at any regular or special meeting held during the
period beginning on the first day of January of the calendar year
immediately preceding the year of expiration of the employment
contract and ending on the last day of March of the year the employment contract expires.

    Except by mutual agreement of the parties thereto, no assistant superintendent, principal, assistant principal, or other administrator shall be transferred during the life of a contract to a position of lesser responsibility. No contract may be terminated by a board except pursuant to section 3319.16 of the Revised Code. No contract may be suspended except pursuant to section 3319.17 or 3319.171 of the Revised Code. The salaries and compensation prescribed by such contracts shall not be reduced by a board unless such reduction is a part of a uniform plan affecting the entire district or center. The contract shall specify the employee's administrative position and duties as included in the job description adopted under division (D) of this section, the salary and other compensation to be paid for performance of duties, the number of days to be worked, the number of days of vacation leave, if any, and any paid holidays in the contractual year.

    An assistant superintendent, principal, assistant principal, or other administrator is, at the expiration of the current term of employment, deemed reemployed at the same salary plus any increments that may be authorized by the board, unless such employee notifies the board in writing to the contrary on or before the first day of June, or unless such board, on or before the last day of March of the year in which the contract of employment expires, either reemploys such employee for a succeeding term or gives written notice of its intention not to reemploy the employee. The term of reemployment of a person reemployed under this paragraph shall be one year, except that if such person has been employed by the school district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the
term of reemployment shall be two years.

(D)(1) Each board shall adopt procedures for the evaluation of all assistant superintendents, principals, assistant principals, and other administrators and shall evaluate such employees in accordance with those procedures. The procedures for the evaluation of principals shall be based on principles comparable to the teacher evaluation policy adopted by the board under section 3319.111 of the Revised Code, including the requirement for at least fifty per cent of each evaluation to be based on measures of student academic growth, but shall be tailored to the duties and responsibilities of principals and the environment in which principals work. An evaluation based upon such procedures adopted under this division shall be considered by the board in deciding whether to renew the contract of employment of an assistant superintendent, principal, assistant principal, or other administrator. In the case of a principal, the evaluation also shall be considered in making decisions about compensation, termination, reductions in force, and professional development.

(2) The evaluation shall measure each assistant superintendent's, principal's, assistant principal's, and other administrator's effectiveness in performing the duties included in the job description and the evaluation procedures shall provide for, but not be limited to, the following:

(a) Each assistant superintendent, principal, assistant principal, and other administrator shall be evaluated annually through a written evaluation process.

(b) The evaluation shall be conducted by the superintendent or designee.

(c) In order to provide time to show progress in correcting the deficiencies identified in the evaluation process, the evaluation process shall be completed as follows:
(i) In any school year that the employee's contract of employment is not due to expire, at least one evaluation shall be completed in that year. A written copy of the evaluation shall be provided to the employee no later than the end of the employee's contract year as defined by the employee's annual salary notice.

(ii) In any school year that the employee's contract of employment is due to expire, at least a preliminary evaluation and at least a final evaluation shall be completed in that year. A written copy of the preliminary evaluation shall be provided to the employee at least sixty days prior to any action by the board on the employee's contract of employment. The final evaluation shall indicate the superintendent's intended recommendation to the board regarding a contract of employment for the employee. A written copy of the evaluation shall be provided to the employee at least five days prior to the board's acting to renew or not renew the contract.

(3) Termination of an assistant superintendent, principal, assistant principal, or other administrator's contract shall be pursuant to section 3319.16 of the Revised Code. Suspension of any such employee shall be pursuant to section 3319.17 or 3319.171 of the Revised Code.

(4) Before taking action to renew or nonrenew the contract of an assistant superintendent, principal, assistant principal, or other administrator under this section and prior to the last day of March of the year in which such employee's contract expires, the board shall notify each such employee of the date that the contract expires and that the employee may request a meeting with the board. Upon request by such an employee, the board shall grant the employee a meeting in executive session. In that meeting, the board shall discuss its reasons for considering renewal or nonrenewal of the contract. The employee shall be permitted to have a representative, chosen by the employee, present at the
meeting.

(5) The establishment of an evaluation procedure shall not create an expectancy of continued employment. Nothing in division (D) of this section shall prevent a board from making the final determination regarding the renewal or nonrenewal of the contract of any assistant superintendent, principal, assistant principal, or other administrator. However, if a board fails to provide evaluations pursuant to division (D)(2)(c)(i) or (ii) of this section, or if the board fails to provide at the request of the employee a meeting as prescribed in division (D)(4) of this section, the employee automatically shall be reemployed at the same salary plus any increments that may be authorized by the board for a period of one year, except that if the employee has been employed by the district or service center as an assistant superintendent, principal, assistant principal, or other administrator for three years or more, the period of reemployment shall be for two years.

(E) On nomination of the superintendent of a service center a governing board may employ supervisors who shall be employed under written contracts of employment for terms not to exceed five years each. Such contracts may be terminated by a governing board pursuant to section 3319.16 of the Revised Code. Any supervisor employed pursuant to this division may terminate the contract of employment at the end of any school year after giving the board at least thirty days' written notice prior to such termination. On the recommendation of the superintendent the contract or contracts of any supervisor employed pursuant to this division may be suspended for the remainder of the term of any such contract pursuant to section 3319.17 or 3319.171 of the Revised Code.

(F) A board may establish vacation leave for any individuals employed under this section. Upon such an individual's separation from employment, a board that has such leave may compensate such
an individual's current rate of pay for all lawfully accrued and unused vacation leave credited at the time of separation, not to exceed the amount accrued within three years before the date of separation. In case of the death of an individual employed under this section, such unused vacation leave as the board would have paid to the individual upon separation under this section shall be paid in accordance with section 2113.04 of the Revised Code, or to the estate.

(G) The board of education of any school district may contract with the governing board of the educational service center from which it otherwise receives services to conduct searches and recruitment of candidates for assistant superintendent, principal, assistant principal, and other administrator positions authorized under this section.

Sec. 3319.08. (A) The board of education of each city, exempted village, local, and joint vocational school district and the governing board of each educational service center shall enter into written contracts for the employment and reemployment of all teachers. Contracts for the employment of teachers shall be of two types, limited contracts and continuing contracts. The board of each school district or service center that authorizes compensation in addition to the base salary stated in the teachers' salary schedule paid under section 3317.14 or 3317.141 of the Revised Code for the performance of duties by a teacher that are in addition to the teacher's regular teaching duties, shall enter into a supplemental written contract with each teacher who is to perform additional duties. Such supplemental written contracts shall be limited contracts. Such written contracts and supplemental written contracts shall set forth the teacher's duties and shall specify the salaries and compensation to be paid for regular teaching duties and additional teaching duties, respectively, either or both of which may be increased but not
diminished during the term for which the contract is made, except as provided in section 3319.12 of the Revised Code.

If a board adopts a motion or resolution to employ a teacher under a limited or continuing contract and the teacher accepts such employment, the failure of such parties to execute a written contract shall not void such employment contract.

(B) Teachers must be paid for all time lost when the schools in which they are employed are closed due to an epidemic or other public calamity, and for time lost due to illness or otherwise for not less than five days annually as authorized by regulations which each board shall adopt.

(C) A limited contract is:

(1) For a superintendent, a contract for such term as authorized by section 3319.01 of the Revised Code;

(2) For an assistant superintendent, principal, assistant principal, or other administrator, a contract for such term as authorized by section 3319.02 of the Revised Code;

(3) For a classroom teacher, a contract for a term not to exceed the following:

(a) Five years, in the case of a contract entered into prior to the effective date of this amendment;

(b) A term as authorized in division (D) of this section, in the case of a contract entered into on or after the effective date of this amendment.

(4) For all other teachers, a contract for a term not to exceed five years.

(D) The term of an initial limited contract for a classroom teacher described in division (C)(3)(b) of this section shall not exceed three years. Any subsequent limited contract entered into with that classroom teacher shall be for a term of not less than
two years and not more than five years.

(E) A continuing contract is a contract that remains in effect until the teacher resigns, elects to retire, or is retired pursuant to former section 3307.37 of the Revised Code, or becomes subject to division (F) of section 3319.111 of the Revised Code, or until it is terminated or suspended and shall be granted only to the following:

(1) Any teacher holding a professional, permanent, or life teacher's certificate;

(2) Any teacher who met the following conditions prior to the effective date of this amendment:

   (a) The teacher was initially issued a teacher's certificate or educator license prior to January 1, 2011.

   (b) The teacher held a professional educator license issued under section 3319.22 or 3319.222 or former section 3319.22 of the Revised Code or a senior professional educator license or lead professional educator license issued under section 3319.22 of the Revised Code.

   (c) The teacher has completed the applicable one of the following:

      (i) If the teacher did not hold a master's degree at the time of initially receiving a teacher's certificate under former law or an educator license, thirty semester hours of coursework in the area of licensure or in an area related to the teaching field since the initial issuance of such certificate or license, as specified in rules which the state board of education shall adopt;

      (ii) If the teacher held a master's degree at the time of initially receiving a teacher's certificate under former law or an educator license, six semester hours of graduate coursework in the area of licensure or in an area related to the teaching field
since the initial issuance of such certificate or license, as
specified in rules which the state board shall adopt.

(3) Any teacher who meets the following conditions:

(a) The teacher never held a teacher's certificate and was
initially issued an educator license on or after January 1, 2011.

(b) The teacher holds a professional educator license, senior
professional educator license, or lead professional educator
license issued under section 3319.22 of the Revised Code.

(c) The teacher has held an educator license for at least
seven years.

(d) The teacher has completed the applicable one of the
following:

(i) If the teacher did not hold a master's degree at the time
of initially receiving an educator license, thirty semester hours
of coursework in the area of licensure or in an area related to
the teaching field since the initial issuance of that license, as
specified in rules which the state board shall adopt;

(ii) If the teacher held a master's degree at the time of
initially receiving an educator license, six semester hours of
graduate coursework in the area of licensure or in an area related
to the teaching field since the initial issuance of that license, as
specified in rules which the state board shall adopt.

(E) Division (D) (E) of this section applies only to
continuing contracts entered into on or after the effective date
of this amendment the effective date of the amendment of this
section by H.B. 153 of the 129th general assembly. Nothing in that
division shall be construed to void or otherwise affect a
continuing contract entered into prior to that date.

Notwithstanding any provision to the contrary in Chapter
4117. of the Revised Code, the:
(1) The requirements of division (E)(3) of this section, as it existed prior to the effective date of this amendment, prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment between October 16, 2009, and that effective date.

(2) The requirements of division (E) of this section, as it exists on and after the effective date of this amendment, prevail over any conflicting provisions of a collective bargaining agreement entered into on or after that effective date.

(F) (G) Wherever the term "educator license" is used in this section without reference to a specific type of educator license, the term does not include an educator license for substitute teaching issued under section 3319.226 of the Revised Code.

Sec. 3319.088. As used in this section, "educational assistant" means any nonteaching employee in a school district who directly assists a teacher as defined in section 3319.09 of the Revised Code, by performing duties for which a license issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required.

(A) The state board of education shall issue educational aide permits and educational paraprofessional licenses for educational assistants and shall adopt rules for the issuance and renewal of such permits and licenses which shall be consistent with the provisions of this section. Educational aide permits and educational paraprofessional licenses may be of several types and the rules shall prescribe the minimum qualifications of education, health, and character for the service to be authorized under each type. The prescribed minimum qualifications may require special training or educational courses designed to qualify a person to perform effectively the duties authorized under an educational aide permit or educational paraprofessional license.
(B)(1) Any application for a permit or license, or a renewal or duplicate of a permit or license, under this section shall be accompanied by the payment of a fee in the amount established under division (A) of section 3319.51 of the Revised Code. Any fees received under this division shall be paid into the state treasury to the credit of the state board of education licensure fund established under division (B) of section 3319.51 of the Revised Code.

(2) Any person applying for or holding a permit or license pursuant to this section is subject to sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code and sections 3319.31 and 3319.311 of the Revised Code.

(C) Educational assistants shall at all times while in the performance of their duties be under the supervision and direction of a teacher as defined in section 3319.09 of the Revised Code. Educational assistants may assist a teacher to whom assigned in the supervision of pupils, in assisting with instructional tasks, and in the performance of duties which, in the judgment of the teacher to whom the assistant is assigned, may be performed by a person not licensed pursuant to sections 3319.22 to 3319.30 of the Revised Code and for which a teaching license, issued pursuant to sections 3319.22 to 3319.30 of the Revised Code is not required. The duties of an educational assistant shall not include the assignment of grades to pupils. The duties of an educational assistant need not be performed in the physical presence of the teacher to whom assigned, but the activity of an educational assistant shall at all times be under the direction of the teacher to whom assigned. The assignment of an educational assistant need not be limited to assisting a single teacher. In the event an educational assistant is assigned to assist more than one teacher the assignments shall be clearly delineated and so arranged that...
the educational assistant shall never be subject to simultaneous supervision or direction by more than one teacher.

Educational assistants assigned to supervise children shall, when the teacher to whom assigned is not physically present, maintain the degree of control and discipline that would be maintained by the teacher.

Educational assistants may not be used in place of classroom teachers or other employees and any payment of compensation by boards of education to educational assistants for such services is prohibited. The ratio between the number of licensed teachers and the pupils in a school district may not be decreased by utilization of educational assistants and no grouping, or other organization of pupils, for utilization of educational assistants shall be established which is inconsistent with sound educational practices and procedures. A school district may employ up to one full time equivalent educational assistant for each six full time equivalent licensed employees of the district. Educational assistants shall not be counted as licensed employees for purposes of state support in the school foundation program and no grouping or regrouping of pupils with educational assistants may be counted as a class or unit for school foundation program purposes. Neither special courses required by the regulations of the state board of education, prescribing minimum qualifications of education for an educational assistant, nor years of service as an educational assistant shall be counted in any way toward qualifying for a teacher license, or for a teacher contract of any type, or for determining placement on a salary schedule in a school district as a teacher.

(D) Educational assistants employed by a board of education shall have all rights, benefits, and legal protection available to other nonteaching employees in the school district, except that provisions of Chapter 124. of the Revised Code shall not apply to...
any person employed as an educational assistant, and shall be
members of the school employees retirement system. Educational
assistants shall be compensated according to a salary plan adopted
annually by the board.

Except as provided in this section nonteaching employees
shall not serve as educational assistants without first obtaining
an appropriate educational aide permit or educational
paraprofessional license from the state board of education. A
nonteaching employee who is the holder of a valid educational aide
permit or educational paraprofessional license shall neither
render nor be required to render services inconsistent with the
type of services authorized by the permit or license held. No
person shall receive compensation from a board of education for
services rendered as an educational assistant in violation of this
provision.

Nonteaching employees whose functions are solely
secretarial-clerical and who do not perform any other duties as
educational assistants, even though they assist a teacher and work
under the direction of a teacher shall not be required to hold a
permit or license issued pursuant to this section. Students
preparing to become licensed teachers or educational assistants
shall not be required to hold an educational aide permit or
paraprofessional license for such periods of time as such students
are assigned, as part of their training program, to work with a
teacher in a school district. Such students shall not be
compensated for such services.

Following the determination of the assignment and general job
description of an educational assistant and subject to supervision
by the teacher's immediate administrative officer, a teacher to
whom an educational assistant is assigned shall make all final
determinations of the duties to be assigned to such assistant.
Teachers shall not be required to hold a license designated for
being a supervisor or administrator in order to perform the necessary supervision of educational assistants.

(E) No person who is, or who has been employed as an educational assistant shall divulge, except to the teacher to whom assigned, or the administrator of the school in the absence of the teacher to whom assigned, or when required to testify in a court or proceedings, any personal information concerning any pupil in the school district which was obtained or obtainable by the educational assistant while so employed. Violation of this provision is grounds for disciplinary action or dismissal, or both.

Sec. 3319.11. (A) As used in this section:

1) "Evaluation procedures" means the procedures required by the policy adopted pursuant to division (B)(A) of section 3319.111 of the Revised Code.

2) "Limited contract" means a limited contract, as described in section 3319.08 of the Revised Code, that a school district board of education or governing board of an educational service center enters into with a teacher who is not eligible for continuing service status.

3) "Extended limited contract" means a limited contract, as described in section 3319.08 of the Revised Code, that a board of education or governing board enters into with a teacher who is eligible for continuing service status.

(B) Teachers eligible for continuing service status in any city, exempted village, local, or joint vocational school district or educational service center shall be those teachers qualified as described in division (D)(E) of section 3319.08 of the Revised Code, who within the last five years prior to the effective date of this amendment have taught for at least three years in the
district or center, and those teachers who, having attained continuing contract status elsewhere, have served two years in the district or center, but the board, upon the recommendation of the superintendent, may at the time of employment or at any time within such two-year period, declare any of the latter teachers eligible. **Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this paragraph prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment.**

(1) Upon the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed, a continuing contract shall be entered into between the board and the teacher unless the board by a three-fourths vote of its full membership rejects the recommendation of the superintendent. If the board rejects by a three-fourths vote of its full membership the recommendation of the superintendent that a teacher eligible for continuing service status be reemployed and the superintendent makes no recommendation to the board pursuant to division (C) of this section, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to division (A) of section 3319.111 of the Revised Code or the board does not give the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year of two years at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year of two years unless such teacher notifies the board in writing to the contrary on or before the first day of June, and an
extended limited contract for a term not to exceed one year of two years shall be executed accordingly. Upon any subsequent reemployment of the teacher only a continuing contract may be entered into.

(2) If the superintendent recommends that a teacher eligible for continuing service status not be reemployed, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to division (A) of section 3319.111 of the Revised Code or the board does not give the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year of two years at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year of two years unless such teacher notifies the board in writing to the contrary on or before the first day of June, and an extended limited contract for a term not to exceed one year of two years shall be executed accordingly. Upon any subsequent reemployment of a teacher only a continuing contract may be entered into.

(3) Any teacher receiving written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(C)(1) If a board rejects the recommendation of the superintendent for reemployment of a teacher pursuant to division (B)(1) of this section, the superintendent may recommend reemployment of the teacher, if continuing service status has not previously been attained elsewhere, under an extended limited
contract for a term not to exceed two years, provided that written notice of the superintendent's intention to make such recommendation has been given to the teacher with reasons directed at the professional improvement of the teacher on or before the thirtieth day of April. Upon subsequent reemployment of the teacher only a continuing contract may be entered into.

(2) If a board of education takes affirmative action on a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years but the board does not give the teacher written notice of its affirmative action on the superintendent's recommendation of an extended limited contract on or before the thirtieth day of April, the teacher is deemed reemployed under a continuing contract at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under such continuing contract unless such teacher notifies the board in writing to the contrary on or before the first day of June, and a continuing contract shall be executed accordingly.

(3) A board shall not reject a superintendent's recommendation, made pursuant to division (C)(1) of this section, of an extended limited contract for a term not to exceed two years except by a three-fourths vote of its full membership. If a board rejects by a three-fourths vote of its full membership the recommendation of the superintendent of an extended limited contract for a term not to exceed two years, the board may declare its intention not to reemploy the teacher by giving the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher. If evaluation procedures have not been complied with pursuant to division (A) of section 3319.111 of the Revised Code or if the board does not give the teacher written notice on or before the thirtieth day of April of
its intention not to reemploy the teacher, the teacher is deemed reemployed under an extended limited contract for a term not to exceed one year of two years at the same salary plus any increment provided by the salary schedule. The teacher is presumed to have accepted employment under the extended limited contract for a term not to exceed one year of two years unless such teacher notifies the board in writing to the contrary on or before the first day of June, and an extended limited contract for a term not to exceed one year of two years shall be executed accordingly. Upon any subsequent reemployment of the teacher only a continuing contract may be entered into.

Any teacher receiving written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(D) A teacher eligible for continuing contract status employed under an extended limited contract pursuant to division (B) or (C) of this section, is, at the expiration of such extended limited contract, deemed reemployed under a continuing contract at the same salary plus any increment granted by the salary schedule, unless evaluation procedures have been complied with pursuant to division (A) of section 3319.111 of the Revised Code and the employing board, acting on the superintendent's recommendation that the teacher not be reemployed, gives the teacher written notice on or before the thirtieth day of April of its intention not to reemploy such teacher. A teacher who does not have evaluation procedures applied in compliance with division (A) of section 3319.111 of the Revised Code or who does not receive notice on or before the thirtieth day of April of the intention of the board not to reemploy such teacher is presumed to have accepted employment under a continuing contract unless such teacher notifies the board in writing to the contrary on or before
the first day of June, and a continuing contract shall be executed accordingly.

Any teacher receiving a written notice of the intention of a board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(E) A The board shall enter into a limited contract may be entered into by each board with each teacher who has not been in the employ of the board for at least three years and shall be entered into, regardless of length of previous employment, with each teacher employed by the board who is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract, and not eligible to be considered for a continuing contract, is, at the expiration of such limited contract, considered reemployed under the provisions of this division at the same salary plus any increment provided by the salary schedule unless evaluation procedures have been complied with pursuant to division (A) of section 3319.111 of the Revised Code and the employing board, acting upon the superintendent's written recommendation that the teacher not be reemployed, gives such teacher written notice of its intention not to reemploy such teacher on or before the thirtieth day of April. A teacher who does not have evaluation procedures applied in compliance with division (A) of section 3319.111 of the Revised Code or who does not receive notice of the intention of the board not to reemploy such teacher on or before the thirtieth day of April is presumed to have accepted such employment unless such teacher notifies the board in writing to the contrary on or before the first day of June, and a written contract for the succeeding school year shall be executed accordingly.

Any teacher receiving a written notice of the intention of a
board not to reemploy such teacher pursuant to this division is entitled to the hearing provisions of division (G) of this section.

(F) The failure of a superintendent to make a recommendation to the board under any of the conditions set forth in divisions (B) to (E) of this section, or the failure of the board to give such teacher a written notice pursuant to divisions (C) to (E) of this section shall not prejudice or prevent a teacher from being deemed reemployed under either a limited or continuing contract as the case may be under the provisions of this section. A failure of the parties to execute a written contract shall not void any automatic reemployment provisions of this section.

(G)(1) Any teacher receiving written notice of the intention of a board of education not to reemploy such teacher pursuant to division (B), (C)(3), (D), or (E) of this section may, within ten days of the date of receipt of the notice, file with the treasurer of the board a written demand for a written statement describing the circumstances that led to the board's intention not to reemploy the teacher.

(2) The treasurer of a board, on behalf of the board, shall, within ten days of the date of receipt of a written demand for a written statement pursuant to division (G)(1) of this section, provide to the teacher a written statement describing the circumstances that led to the board's intention not to reemploy the teacher.

(3) Any teacher receiving a written statement describing the circumstances that led to the board's intention not to reemploy the teacher pursuant to division (G)(2) of this section may, within five days of the date of receipt of the statement, file with the treasurer of the board a written demand for a hearing before the board pursuant to divisions (G)(4) to (6) of this section.
(4) The treasurer of a board, on behalf of the board, shall, within ten days of the date of receipt of a written demand for a hearing pursuant to division (G)(3) of this section, provide to the teacher a written notice setting forth the time, date, and place of the hearing. The board shall schedule and conclude the hearing within forty days of the date on which the treasurer of the board receives a written demand for a hearing pursuant to division (G)(3) of this section.

(5) Any hearing conducted pursuant to this division shall be conducted by a majority of the members of the board. The hearing shall be held in executive session of the board unless the board and the teacher agree to hold the hearing in public. The superintendent, assistant superintendent, the teacher, and any person designated by either party to take a record of the hearing may be present at the hearing. The board may be represented by counsel and the teacher may be represented by counsel or a designee. A record of the hearing may be taken by either party at the expense of the party taking the record.

(6) Within ten days of the conclusion of a hearing conducted pursuant to this division, the board shall issue to the teacher a written decision containing an order affirming the intention of the board not to reemploy the teacher reported in the notice given to the teacher pursuant to division (B), (C)(3), (D), or (E) of this section or an order vacating the intention not to reemploy and expunging any record of the intention, notice of the intention, and the hearing conducted pursuant to this division.

(7) A teacher may appeal an order affirming the intention of the board not to reemploy the teacher to the court of common pleas of the county in which the largest portion of the territory of the school district or service center is located, within thirty days of the date on which the teacher receives the written decision, on the grounds that the board has not complied with this section or
section 3319.111 of the Revised Code.

Notwithstanding section 2506.04 of the Revised Code, the court in an appeal under this division is limited to the determination of procedural errors and to ordering the correction of procedural errors and shall have no jurisdiction to order a board to reemploy a teacher, except that the court may order a board to reemploy a teacher in compliance with the requirements of division (B), (C)(3), (D), or (E) of this section when the court determines that evaluation procedures have not been complied with pursuant to division (A) of section 3319.111 of the Revised Code or the board has not given the teacher written notice on or before the thirtieth day of April of its intention not to reemploy the teacher pursuant to division (B), (C)(3), (D), or (E) of this section. Otherwise, the determination whether to reemploy or not reemploy a teacher is solely a board's determination and not a proper subject of judicial review and, except as provided in this division, no decision of a board whether to reemploy or not reemploy a teacher shall be invalidated by the court on any basis, including that the decision was not warranted by the results of any evaluation or was not warranted by any statement given pursuant to division (G)(2) of this section.

No appeal of an order of a board may be made except as specified in this division.

(H)(1) In giving a teacher any notice required by division (B), (C), (D), or (E) of this section, the board or the superintendent shall do either of the following:

(a) Deliver the notice by personal service upon the teacher;

(b) Deliver the notice by certified mail, return receipt requested, addressed to the teacher at the teacher's place of employment and deliver a copy of the notice by certified mail, return receipt requested, addressed to the teacher at the
teacher's place of residence.

(2) In giving a board any notice required by division (B), (C), (D), or (E) of this section, the teacher shall do either of the following:

(a) Deliver the notice by personal delivery to the office of the superintendent during regular business hours;

(b) Deliver the notice by certified mail, return receipt requested, addressed to the office of the superintendent and deliver a copy of the notice by certified mail, return receipt requested, addressed to the president of the board at the president's place of residence.

(3) When any notice and copy of the notice are mailed pursuant to division (H)(1)(b) or (2)(b) of this section, the notice or copy of the notice with the earlier date of receipt shall constitute the notice for the purposes of division (B), (C), (D), or (E) of this section.

(I) The provisions of this section shall not apply to any supplemental written contracts entered into pursuant to section 3319.08 of the Revised Code.

Sec. 3319.111. (A) Any Not later than July 1, 2012, the board of education that of each school district, in consultation with teachers employed by the board, shall adopt a policy for the evaluation of teachers that complies with this section. The board shall submit its policy to the superintendent of public instruction for approval prior to implementing the policy.

(b) The provisions of this section relating to the grounds for termination of the contract of a teacher, as they exist on and after the effective date of this amendment, prevail over any conflicting provisions of a collective bargaining agreement entered into on or after that effective date.

(B) Before terminating any contract, the employing board shall furnish the teacher a written notice signed by its treasurer of its intention to consider the termination of the teacher's contract with full specification of the grounds for such consideration. The board shall not proceed with formal action to terminate the contract until after the tenth day after receipt of the notice by the teacher. Within ten days after receipt of the notice from the treasurer of the board, the teacher may file with the treasurer a written demand for a hearing before the board or before a referee, and the board shall set a time for the hearing.
which shall be within thirty days from the date of receipt of the written demand, and the treasurer shall give the teacher at least twenty days' notice in writing of the time and place of the hearing. termination of the contract, the charges and the record of the
hearing shall be physically expunged from the minutes, and, if the

paragraph prevail over any conflicting provisions of a collective
collective bargaining agreement entered into on or after the effective date
of this amendment.

(C) An appeal of the board's order of termination to the
court of common pleas shall be filed within thirty days after
receipt of notice of the entry of such order. The appeal shall be
an original action in the court and shall be commenced by the
filing of a complaint against the board, in which complaint the
facts shall be alleged upon which the teacher relies for a
reversal or modification of such order of termination of contract.
Upon service or waiver of summons in that appeal, the board
immediately shall transmit to the clerk of the court for filing a
transcript of the original papers filed with the board, a
certified copy of the minutes of the board into which the
termination finding was entered, and a certified transcript of all
evidence adduced at the hearing or hearings before the board or a
certified transcript of all evidence adduced at the hearing or
hearings before the referee, whereupon the cause shall be at issue.
without further pleading and shall be advanced and heard without delay. The court shall examine the transcript and record of the hearing and shall hold such additional hearings as it considers advisable, at which it may consider other evidence in addition to the transcript and record.

Upon final hearing, the court shall grant or deny the relief prayed for in the complaint as may be proper in accordance with the evidence adduced in the hearing. Such an action is a special proceeding, and either the teacher or the board may appeal from the decision of the court of common pleas pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code.

(D) A violation of division (A)(7) of section 2907.03 of the Revised Code is grounds for termination of a teacher contract under this section.

(E) A board may terminate the contract of a teacher without good and just cause at any time in the teacher's first year of employment with the board, if the board has entered into a one-year contract with the teacher under section 3319.08 of the Revised Code. In the case of a termination under this division, the teacher shall not be entitled to the due process procedures prescribed by divisions (B) and (C) of this section.

Sec. 3319.17. (A) As used in this section, "interdistrict contract" means any contract or agreement entered into by an educational service center governing board and another board or other public entity pursuant to section 3313.17, 3313.841,
3313.842, 3313.843, 3313.844, 3313.845, 3313.91, or 3323.08 of the Revised Code, including any such contract or agreement for the provision of services funded under division (I)(E) of section 3317.024 of the Revised Code or provided in any unit approved under section 3317.05 of the Revised Code.

(B) When, for any of the following reasons that apply to any city, exempted village, local, or joint vocational school district or any educational service center, the board decides that it will be necessary to reduce the number of teachers it employs, it may make a reasonable reduction:

(1) In the case of any district or service center, return to duty of regular teachers after leaves of absence including leaves provided pursuant to division (B) of section 3314.10 of the Revised Code, suspension of schools, territorial changes affecting the district or center, or financial reasons;

(2) In the case of any city, exempted village, local, or joint vocational school district, decreased enrollment of pupils in the district;

(3) In the case of any governing board of a service center providing any particular service directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total number of pupils the governing board is required to provide with the service under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these interdistrict contracts;

(4) In the case of any governing board providing any particular service that it does not provide directly to pupils pursuant to one or more interdistrict contracts requiring such service, reduction in the total level of the service the governing board is required to provide under all interdistrict contracts as a result of the termination or nonrenewal of one or more of these contracts.
interdistrict contracts.

(C) In making any such reduction, any city, exempted village, local, or joint vocational school the district board or service center governing board shall proceed to suspend contracts in accordance with the recommendation of the superintendent of schools who shall, within each teaching field affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority. In making any such reduction, any governing board of a service center shall proceed to suspend contracts in accordance with the recommendation of the superintendent who shall, within each teaching field or service area affected, give preference first to teachers on continuing contracts and then to teachers who have greater seniority. The board shall consider evaluations conducted under section 3319.111 of the Revised Code in determining the order of reductions under this section. Within the teaching field or service area affected, the board shall suspend teachers with evaluation ratings of unsatisfactory first, teachers with evaluation ratings of needs improvement second, teachers with evaluation ratings of effective third, and teachers with evaluation ratings of highly effective last, until all necessary reductions have occurred. The board shall not give preference in retention to any teacher based on seniority.

On a case-by-case basis, in lieu of suspending a contract in whole, a board may suspend a contract in part, so that an individual is required to work a percentage of the time the employee otherwise is required to work under the contract and receives a commensurate percentage of the full compensation the employee otherwise would receive under the contract.

The teachers whose continuing contracts are suspended by any board pursuant to this section shall have the right of restoration to continuing service status by that board in the order of
seniority of service in the district or service center if and when teaching positions become vacant or are created for which any of such teachers are or become qualified. No teacher whose continuing contract has been suspended pursuant to this section shall lose that right of restoration to continuing service status by reason of having declined recall to a position that is less than full-time or, if the teacher was not employed full-time just prior to suspension of the teacher's continuing contract, to a position requiring a lesser percentage of full-time employment than the position the teacher last held while employed in the district or service center.

(D) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the:

1. The requirements of this section, as it existed prior to the effective date of this amendment, prevail over any conflicting provisions of agreements between employee organizations and public employers entered into after between September 29, 2005, and that effective date;

2. The requirements of this section, as it exists on and after the effective date of this amendment, prevail over any conflicting provisions of agreements between employee organizations and public employers entered into on or after that effective date.

Sec. 3319.18. If an entire school district or that part of a school district which comprises the territory in which a school is situated is transferred to any other district, or if a new school district is created, the teachers in such districts or schools employed on continuing contracts immediately prior to such transfer, or creation shall, subject to section 3319.17 or 3319.171 of the Revised Code, have continuing service status in the newly created district, or in the district to which the
territory is transferred.

The limited contracts of the teachers employed in such districts or schools immediately prior to such transfer, or creation, shall become the legal obligations of the board of education in the newly created district, or in the district to which the territory is transferred, subject to section 3319.17 or 3319.171 of the Revised Code. The teaching experience of such teachers in such prior districts or schools shall be included in the three years of service required under section 3319.11 of the Revised Code for a teacher to become eligible for continuing service status.

Teachers employed on limited or continuing contracts in an entire school district or that part of a school district which comprises the territory in which a school is situated which is transferred to any other district or which is merged with other school territory to create a new school district, shall be placed, on the effective date of such transfer or merger, on the salary schedule of the district to which the territory is transferred or the newly created district, according to their training and experience. Such experience shall be the total sum of the years taught in the district whose territory was transferred or merged to create a new district, plus the total number of years of teaching experience recognized by such previous district upon its first employment of such teachers.

The placement of the teachers on the salary schedule, pursuant to this section, shall not result, however, in the salary of any teacher being less than the teacher's current annual salary for regular duties, in existence immediately prior to the merger or transfer.

In making any reduction in the number of teachers under section 3319.17 of the Revised Code by reason of the transfer or consolidation of school territory, the years of teaching service
of the teachers employed in the district or schools transferred to any other district or merged with any school territory to create a new district, shall be included as a part of the seniority on which the recommendation of the superintendent of schools shall be based, under section 3319.17 of the Revised Code. Such service shall have been continuous and shall include years of service in the previous district as well as the years of continuous service in any district which had been previously transferred to or consolidated to form such district. When suspending contracts in accordance with an administrative personnel suspension policy adopted under section 3319.171 of the Revised Code, a board may consider years of teaching service in the previous district in its decision if it is a part of the suspension policy.

Sec. 3319.19. (A) Except as provided in division (D) of this section or division (A)(2) of section 3313.37 of the Revised Code, upon request, the board of county commissioners shall provide and equip offices in the county for the use of the superintendent of an educational service center, and shall provide heat, light, water, and janitorial services for such offices. Except as provided in division (B) of this section, such offices shall be located in the county seat or, upon the approval of the governing board, may be located outside of the county seat.

(B) In the case of a service center formed under section 3311.053 or 3311.059 of the Revised Code, the governing board shall designate the site of its offices. Except as provided in division (D) of this section or division (A)(2) of section 3313.37 of the Revised Code, the board of county commissioners of the county in which the designated site is located shall provide and equip the offices as under division (A) of this section, but the
costs of such offices and equipment shall be apportioned among the boards of county commissioners of all counties having any territory in the area under the control of the governing board, according to the proportion of local school district pupils under the supervision of such board residing in the respective counties. Where there is a dispute as to the amount any board of county commissioners is required to pay, the probate judge of the county in which the greatest number of pupils under the supervision of the governing board reside shall apportion such costs among the boards of county commissioners and notify each such board of its share of the costs.

(C) As used in division (C) of this section, in the case of a building, facility, or office space that a board of county commissioners leases or rents, "actual cost per square foot" means all cost on a per square foot basis incurred by the board under the lease or rental agreement. In the case of a building, facility, or office space that the board owns in fee simple, "actual cost per square foot" means the fair rental value on a per square foot basis of the building, facility, or office space either as compared to a similarly situated building, facility, or office space in the general vicinity or as calculated under a formula that accounts for depreciation, amortization of improvements, and other reasonable factors, including, but not limited to, parking space and other amenities.

Not later than the thirty-first day of March of 2002, 2003, 2004, and 2005 a board of county commissioners required to provide or equip offices pursuant to division (A) or (B) of this section shall make a written estimate of the total cost it will incur for the ensuing fiscal year to provide and equip the offices and to provide heat, light, water, and janitorial services for such offices. The total estimate of cost shall include:

(1) The total square feet of space to be utilized by the
(2) The total square feet of any common areas that should be reasonably allocated to the center and the methodology for making this allocation;

(3) The actual cost per square foot for both the space utilized by and the common area allocated to the center;

(4) An explanation of the methodology used to determine the actual cost per square foot;

(5) The estimated cost of providing heat, light, and water, including an explanation of how these costs were determined;

(6) The estimated cost of providing janitorial services including an explanation of the methodology used to determine this cost;

(7) Any other estimated costs that the board anticipates it will incur and a detailed explanation of the costs and the rationale used to determine such costs.

A copy of the total estimate of costs under this division shall be sent to the superintendent of the educational service center not later than the fifth day of April. The superintendent shall review the total estimate and shall notify the board of county commissioners not later than twenty days after receipt of the estimate of either agreement with the estimate or any specific objections to the estimates and the reasons for the objections. If the superintendent agrees with the estimate, it shall become the final total estimate of cost. Failure of the superintendent to make objections to the estimate by the twentieth day after receipt of it shall be deemed to mean that the superintendent is in agreement with the estimate.

If the superintendent provides specific objections to the board of county commissioners, the board shall review the
objections and may modify the original estimate and shall send a revised total estimate to the superintendent within ten days after the receipt of the superintendent's objections. The superintendent shall respond to the revised estimate within ten days after its receipt. If the superintendent agrees with it, it shall become the final total estimated cost. If the superintendent fails to respond within the required time, the superintendent shall be deemed to have agreed with the revised estimate. If the superintendent disagrees with the revised estimate, the superintendent shall send specific objections to the county commissioners.

If a superintendent has sent specific objections to the revised estimate within the required time, the probate judge of the county which has the greatest number of resident local school district pupils under the supervision of the educational service center shall determine the final estimated cost and certify this amount to the superintendent and the board of county commissioners prior to the first day of July.

(D)(1) A board of county commissioners shall be responsible for the following percentages of the final total estimated cost established by division (C) of this section:

(a) Eighty per cent for fiscal year 2003;
(b) Sixty per cent for fiscal year 2004;
(c) Forty per cent for fiscal year 2005;
(d) Twenty per cent for fiscal year 2006.

In fiscal years 2003, 2004, 2005, and 2006 the educational service center shall be responsible for the remainder of any costs in excess of the amounts specified in division (D)(1)(a), (b), (c), or (d) of this section, as applicable, associated with the provision and equipment of offices for the educational service center and for provision of heat, light, water, and janitorial services for such offices, including any unanticipated or
unexpected increases in the costs beyond the final estimated cost amount.

Beginning in fiscal year 2007, no board of county commissioners shall have any obligation to provide and equip offices for an educational service center or to provide heat, light, water, or janitorial services for such offices.

(2) Nothing in this section shall prohibit the board of county commissioners and the governing board of an educational service center from entering into a contract for providing and equipping offices for the use of an educational service center and for providing heat, light, water, and janitorial services for such offices. The term of any such contract shall not exceed a period of four years and may be renewed for additional periods not to exceed four years. Any such contract shall supersede the provisions of division (D)(1) of this section and no educational service center may be charged, at any time, any additional amount for the county's provision of an office and equipment, heat, light, water, and janitorial services beyond the amount specified in such contract.

(3) No contract entered into under division (D)(2) of this section in any year prior to fiscal year 2007 between an educational service center formed under section 3311.053 or 3311.059 of the Revised Code and the board of county commissioners required to provide and equip its office pursuant to division (B) of this section shall take effect unless the boards of county commissioners of all other counties required to participate in the funding for such offices pursuant to division (B) of this section adopt resolutions approving the contract.

Sec. 3319.227. (A) This section applies only to a person who meets the following conditions:

(1) Holds a minimum of a baccalaureate degree;
(2) Has been licensed and employed as a teacher in another state for each of the preceding five years;

(3) Was initially licensed as a teacher in any state within the preceding fifteen years;

(4) Has not had a teacher's license suspended or revoked in any state.

(B)(1) Not later than July 1, 2012, the superintendent of public instruction shall develop a list of states that the superintendent considers to have standards for teacher licensure that are inadequate to ensure that a person to whom this section applies and who was most recently licensed to teach in that state is qualified for a professional educator license issued under section 3319.22 of the Revised Code.

(2) Following development of the list, the superintendent shall establish a panel of experts to evaluate the adequacy of the teacher licensure standards of each state on the list. Each person selected by the superintendent to be a member of the panel shall be approved by the state board of education. In evaluating the superintendent's list, the panel shall provide an opportunity for representatives of the department of education, or similar state-level agency, of each state on the list to provide evidence to refute the state's placement on the list.

Not later than April 1, 2013, the panel shall recommend to the state board that the list be approved without changes or that specified states be removed from the list prior to approval. Not later than July 1, 2013, the state board shall approve a final list of states with standards for teacher licensure that are inadequate to ensure that a person to whom this section applies and who was most recently licensed to teach in that state is qualified for a professional educator license issued under section 3319.22 of the Revised Code.
(C) Except as otherwise provided in division (E)(1) of this section, until the date on which the state board approves a final list of states with inadequate teacher licensure standards under division (B)(2) of this section, the state board shall issue a one-year provisional educator license to any applicant to whom this section applies. On and after that date, neither the state board nor the department of education shall be party to any reciprocity agreement with a state on that list that requires the state board to issue a person to whom this section applies any type of professional educator license on the basis of the person's licensure and teaching experience in that state.

(D) Upon the expiration of a provisional license issued to a person under division (C) of this section, the state board shall issue the person a professional educator license, if the person satisfies either of the following conditions:

(1) The person was issued the provisional license prior to the development of the list by the state superintendent under division (B)(1) of this section and, prior to issuance of the provisional license, the person was most recently licensed to teach by a state not on the superintendent's list or, if the final list of states with inadequate teacher licensure standards has been approved by the state board under division (B)(2) of this section, by a state not on that list.

(2) All of the following apply to the person:

(a) Prior to obtaining the provisional license, the person was most recently licensed to teach by a state on the superintendent's list or, if the final list of states with inadequate teacher licensure standards has been approved by the state board under division (B)(2) of this section, by a state on that list.

(b) The person was employed under the provisional license by
a school district; community school established under Chapter 3314. of the Revised Code; science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code; or an entity contracted by such a district or school to provide internet- or computer-based instruction or distance learning programs to students.

(c) The district or school certifies to the state board that the person's teaching was satisfactory while employed or contracted by the district or school.

(E)(1) From July 1, 2012, until the date on which the state board approves a final list of states with inadequate teacher licensure standards under division (B)(2) of this section, the state board shall issue a professional educator license to any applicant to whom this section applies and who was most recently licensed to teach by a state that is not on the list developed by the state superintendent under division (B)(1) of this section.

(2) Beginning on the date on which the state board approves a final list of states with inadequate teacher licensure standards under division (B)(2) of this section, the state board shall issue a professional educator license to any applicant to whom this section applies and who was most recently licensed to teach by a state that is not on that list.

Sec. 3319.26. (A) The state board of education shall adopt rules establishing the standards and requirements for obtaining an alternative resident educator license for teaching in grades four to twelve, or the equivalent, in a designated subject area. However, an alternative resident educator license in the area of intervention specialist, as defined by rule of the state board, shall be valid for teaching in grades kindergarten to twelve.

(B) The superintendent of public instruction and the chancellor of the Ohio board of regents jointly shall develop an
intensive pedagogical training institute to provide instruction in the principles and practices of teaching for individuals seeking an alternative resident educator license. The instruction shall cover such topics as student development and learning, pupil assessment procedures, curriculum development, classroom management, and teaching methodology.

(C) The rules adopted under this section shall require applicants for the alternative resident educator license to satisfy the following conditions prior to issuance of the license, but they shall not require applicants to have completed a major in the subject area for which application is being made:

(2) Successfully complete the pedagogical training institute described in division (B) of this section;

(3) Pass an examination in the subject area for which application is being made.

(D) An alternative resident educator license shall be valid for four years, except that the state board, on a case-by-case basis, may extend the license's duration as necessary to enable the license holder to complete the Ohio teacher residency program established under section 3319.223 of the Revised Code.

(E) The rules shall require the holder of an alternative resident educator license, as a condition of continuing to hold the license, to do all of the following:

(1) Participate in the Ohio teacher residency program;

(2) Show satisfactory progress in taking and successfully completing at least twelve additional semester hours, or the equivalent, of college coursework in the principles and practices of teaching;

(3) Take an assessment of professional knowledge in the second year of teaching under the license.

(E) The rules shall provide for the granting of a professional educator license to a holder of an alternative resident educator license upon successfully completing all of the following:

(1) Four years of teaching under the alternative license;

(2) The twelve semester hours, or the equivalent, of the additional college coursework or professional development described in division (D)(2) of this section;

(3) The assessment of professional knowledge described in division (D)(3) of this section. The standards for successfully completing this assessment and the manner of conducting the assessment shall be the same as for any other individual who is required to take the assessment pursuant to rules adopted by the state board under section 3319.22 of the Revised Code.

(4) The Ohio teacher residency program;

(B) For any of the following reasons, the state board of education, in accordance with Chapter 119. and section 3319.311 of the Revised Code, may refuse to issue a license to an applicant; may limit a license it issues to an applicant; may suspend, revoke, or limit a license that has been issued to any person; or may revoke a license that has been issued to any person and has expired:

(e) A violation of an ordinance of a municipal corporation that is substantively comparable to an offense listed in divisions
(B)(2)(a) to (d) of this section.

(3) A judicial finding of eligibility for intervention in lieu of conviction under section 2951.041 of the Revised Code, or agreeing to participate in a pre-trial diversion program under section 2935.36 of the Revised Code, or a similar diversion program under rules of a court, for any offense listed in division (B)(2) or (C) of this section;

(4) Failure to comply with section 3314.40, 3319.313, 3326.24, 3328.19, or 5126.253 of the Revised Code.

(C) Upon learning of a plea of guilty to, a finding of guilt by a jury or court of, or a conviction of any of the offenses listed in this division by a person who holds a current or expired license or is an applicant for a license or renewal of a license, the state board or the superintendent of public instruction, if the state board has delegated the duty pursuant to division (D) of this section, shall by a written order revoke the person's license or deny issuance or renewal of the license to the person. The state board or the superintendent shall revoke a license that has been issued to a person to whom this division applies and has expired in the same manner as a license that has not expired.

Revocation of a license or denial of issuance or renewal of a license under this division is effective immediately at the time and date that the board or superintendent issues the written order and is not subject to appeal in accordance with Chapter 119. of the Revised Code. the court that overturned the plea, finding, or conviction, shall
notify the state board that the plea, finding, or conviction has
been overturned. Within thirty days after receiving the
notification, the state board shall initiate proceedings to
reconsider the revocation or denial of the person's license in
accordance with division (E)(2) of this section. In addition, the
person whose license was revoked or denied may file with the state
board a petition for reconsideration of the revocation or denial
along with appropriate court documents.

(2) Upon receipt of a court notification or a petition and
supporting court documents under division (E)(1) of this section,
the state board, after offering the person an opportunity for an
adjudication hearing under Chapter 119. of the Revised Code, shall
determine whether the person committed the act in question in the
prior criminal action against the person that is the basis of the
revocation or denial and may continue the revocation or denial,
may reinstate the person's license, with or without limits, or may
grant the person a new license, with or without limits. The
decision of the board shall be based on grounds for revoking,
denying, suspending, or limiting a license adopted by rule under
division (G) of this section and in accordance with the
evidentiary standards the board employs for all other licensure
hearings. The decision of the board under this division is subject
to appeal under Chapter 119. of the Revised Code.

(3) A person whose license is revoked or denied under
division (C) of this section shall not apply for any license if
the plea of guilty, finding of guilt, or conviction that is the
basis of the revocation or denial, upon completion of the criminal
appeal, either is upheld or is overturned but the state board
continues the revocation or denial under division (E)(2) of this
section and that continuation is upheld on final appeal.
(F) The state board may take action under division (B) of this section, and the state board or the superintendent shall take the action required under division (C) of this section, on the basis of substantially comparable conduct occurring in a jurisdiction outside this state or occurring before a person applies for or receives any license.

(G) The state board may adopt rules in accordance with Chapter 119. of the Revised Code to carry out this section and section 3319.311 of the Revised Code.

Sec. 3319.311. (A)(1) The state board of education, or the superintendent of public instruction on behalf of the board, may investigate any information received about a person that reasonably appears to be a basis for action under section 3319.31 of the Revised Code, including information received pursuant to section 3314.40, 3319.291, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code. Except as provided in division (A)(2) of this section, the board shall contract with the office of the Ohio attorney general to conduct any investigation of that nature. The board shall pay for the costs of the contract only from moneys in the state board of education licensure fund established under section 3319.51 of the Revised Code. Except as provided in division (A)(2) of this section, all information received pursuant to section 3314.40, 3319.291, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code, and all information obtained during an investigation is confidential and is not a public record under section 149.43 of the Revised Code. If an investigation is conducted under this division regarding information received about a person and no action is taken against the person under this section or section 3319.31 of the Revised Code within two years of the completion of the investigation, all records of the investigation shall be expunged.
(2) In the case of a person about whom the board has learned
of a plea of guilty to, finding of guilt by a jury or court of, or
a conviction of an offense listed in division (C) of section
3319.31 of the Revised Code, or substantially comparable conduct
occurring in a jurisdiction outside this state, the board or the
superintendent of public instruction need not conduct any further

(B) The superintendent of public instruction shall review the
results of each investigation of a person conducted under division
(A)(1) of this section and shall determine, on behalf of the state
board, whether the results warrant initiating action under
division (B) of section 3319.31 of the Revised Code. The
superintendent shall advise the board of such determination at a
meeting of the board. Within fourteen days of the next meeting of
the board, any member of the board may ask that the question of
initiating action under section 3319.31 of the Revised Code be
placed on the board's agenda for that next meeting. Prior to
initiating that action against any person, the person's name and
any other personally identifiable information shall remain
confidential.

(C) The board shall take no action against a person under
division (B) of section 3319.31 of the Revised Code without
providing the person with written notice of the charges and with
an opportunity for a hearing in accordance with Chapter 119. of
the Revised Code.

(D) For purposes of an investigation under division (A)(1) of
this section or a hearing under division (C) of this section or
under division (E)(2) of section 3319.31 of the Revised Code, the
board, or the superintendent on behalf of the board, may administer oaths, order the taking of depositions, issue subpoenas, and compel the attendance of witnesses and the production of books, accounts, papers, records, documents, and testimony. The issuance of subpoenas under this division may be by certified mail or personal delivery to the person.

(E) The superintendent, on behalf of the board, may enter into a consent agreement with a person against whom action is being taken under division (B) of section 3319.31 of the Revised Code. The board may adopt rules governing the superintendent's action under this division.

(F) No surrender of a license shall be effective until the board takes action to accept the surrender unless the surrender is pursuant to a consent agreement entered into under division (E) of this section.

(G) The name of any person who is not required to report information under section 3314.40, 3319.313, 3326.24, 3328.19, 5126.253, or 5153.176 of the Revised Code, but who in good faith provides information to the state board or superintendent of public instruction about alleged misconduct committed by a person who holds a license or has applied for issuance or renewal of a license, shall be confidential and shall not be released. Any such person shall be immune from any civil liability that otherwise might be incurred or imposed for injury, death, or loss to person or property as a result of the provision of that information.

(H)(1) No person shall knowingly make a false report to the superintendent of public instruction or the state board of education alleging misconduct by an employee of a public or chartered nonpublic school or an employee of the operator of a community school established under Chapter 3314. or a college-preparatory boarding school established under Chapter 3328. of the Revised Code.
(2)(a) In any civil action brought against a person in which it is alleged and proved that the person violated division (H)(1) of this section, the court shall award the prevailing party reasonable attorney's fees and costs that the prevailing party incurred in the civil action or as a result of the false report that was the basis of the violation.

(b) If a person is convicted of or pleads guilty to a violation of division (H)(1) of this section, if the subject of the false report that was the basis of the violation was charged with any violation of a law or ordinance as a result of the false report, and if the subject of the false report is found not to be guilty of the charges brought against the subject as a result of the false report or those charges are dismissed, the court that sentences the person for the violation of division (H)(1) of this section, as part of the sentence, shall order the person to pay restitution to the subject of the false report, in an amount equal to reasonable attorney's fees and costs that the subject of the false report incurred as a result of or in relation to the charges.

Sec. 3319.39. (c) The applicant presents proof that the applicant has been a resident of this state for the five-year period immediately prior to the date upon which the criminal records check is requested or provides evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of investigation in a criminal records check.

(2) A person required by division (A)(1) of this section to request a criminal records check shall provide to each applicant a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code, provide to each applicant a standard impression sheet to obtain fingerprint impressions prescribed pursuant to division (C)(2) of section 109.572 of the Revised Code, obtain the completed form and impression sheet from each applicant, and forward the completed form and impression sheet to the superintendent of the bureau of criminal identification and investigation at the time the person requests a criminal records check pursuant to division (A)(1) of this section.

(3) An applicant who receives pursuant to division (A)(2) of this section a copy of the form prescribed pursuant to division
(C)(1) of section 109.572 of the Revised Code and a copy of an
impression sheet prescribed pursuant to division (C)(2) of that
section and who is requested to complete the form and provide a
set of fingerprint impressions shall complete the form or provide
all the information necessary to complete the form and shall
provide the impression sheet with the impressions of the
applicant's fingerprints. If an applicant, upon request, fails to

Sec. 3327.02. (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district may determine that it is impractical to transport a pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

(1) The time and distance required to provide the transportation;
(2) The number of pupils to be transported;

(3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;

(4) Whether similar or equivalent service is provided to other pupils eligible for transportation;

(5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;

(6) Whether other reimbursable types of transportation are available.

(B)(1) Based on its consideration of the factors established in division (A) of this section, the board may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality.

(2) The board shall report its determination to the state board of education in a manner determined by the state board.

(3) The board of education of a local school district additionally shall submit the resolution for concurrence to the educational service center that contains the local district's territory. If the educational service center governing board considers transportation by school conveyance practicable, it shall so inform the local board and transportation shall be provided by such local board. If the educational service center board agrees with the view of the local board, the local board may offer payment in lieu of transportation as provided in this section.

(C) After passing the resolution declaring the impracticality of transportation, the district board shall offer to provide payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department of education, informing the pupil's parent, guardian,
or other person in charge of the pupil of both of the following:

(a) The board's resolution;

(b) The right of the pupil's parent, guardian, or other person in charge of the pupil to accept the offer of payment in lieu of transportation or to reject the offer and instead request the department to initiate mediation procedures.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board shall pay the parent, guardian, or other person in charge of the child pupil an amount that shall be not less than the amount determined by the department of education as the minimum for payment in lieu of transportation, and not more than the amount determined by the department as the average cost of pupil transportation for the previous school year. Payment may be prorated if the time period involved is only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other person in charge of the pupil who rejected the payment in lieu of transportation, the department shall conduct mediation procedures.

(b) If the mediation does not resolve the dispute, the state board of education shall conduct a hearing in accordance with Chapter 119. of the Revised Code. The state board may approve the payment in lieu of transportation or may order the board of education to provide transportation. The decision of the state board is binding in subsequent years and on future parties in interest provided the facts of the determination remain
comparable.

(2) The school district shall provide transportation for the pupil from the time the parent, guardian, or other person in charge of the pupil requests mediation until the matter is resolved under division (E)(1)(a) or (b) of this section.

(F)(1) If the department determines that a school district board has failed or is failing to provide transportation as required by division (E)(2) of this section or as ordered by the state board under division (E)(1)(b) of this section, the department shall order the school district board to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to the state average daily cost of transportation as determined by the state board of education for the previous year. The school district board shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any pupil transportation payments the department makes to the school district board under section 3306.12 3317.0212 of the Revised Code or other provisions of law. The department shall use the moneys so deducted to make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:
(1) Disburse the entire amount of the payments to the parent, guardian, or other person in control charge of the pupil affected by the failure of the school district of residence to provide transportation;

(2) Use the entire amount of the payments to provide acceptable transportation for the affected pupil.

Sec. 3327.04. (A) The board of education of any city, exempted village, or local school district may contract with the board of another district for the admission or transportation, or both, of pupils into any school in such other district, on terms agreed upon by such boards.

(B) The boards of two school districts may enter into a contract under this section to share the provision of transportation to a child who resides in one school district and attends school in the other district. Under such an agreement, one district may claim the total transportation subsidy available for such child under section 3306.12 3317.0212 of the Revised Code or other provisions of law and may agree to pay any portion of such subsidy to the other district sharing the provision of transportation to that child. The contract shall delineate the transportation responsibilities of each district.

A school district that enters into a contract under this section is not liable for any injury, death, or loss to the person or property of a student that may occur while the student is being furnished transportation by the other school district that is a party to the contract.

(C) Whenever a board not maintaining a high school enters into an agreement with one or more boards maintaining such school for the schooling of all its high school pupils, the board making such agreement is exempt from the payment of tuition at other high schools of pupils living within three miles of the school.
designated in the agreement. In case no such agreement is entered into, the high school to be attended can be selected by the pupil holding an eighth grade diploma, and the tuition shall be paid by the board of the district of school residence.

**Sec. 3327.05.** (A) Except as provided in division (B) of this section, no board of education of any school district shall provide transportation for any pupil who is a school resident of another school district unless the pupil is enrolled pursuant to section 3313.98 of the Revised Code or the board of the other district has given its written consent thereto. If the board of any school district files with the state board of education a written complaint that transportation for resident pupils is being provided by the board of another school district contrary to this division, the state board of education shall make an investigation of such complaint. If the state board of education finds that transportation is being provided contrary to this section, it may withdraw from state funds due the offending district any part of the amount that has been approved for transportation pursuant to section 3306.12 3317.0212 of the Revised Code or other provisions of law.

(B) Notwithstanding division (D) of section 3311.19 and division (D) of section 3311.52 of the Revised Code, this division does not apply to any joint vocational or cooperative education school district.

A board of education may provide transportation to and from the nonpublic school of attendance if both of the following apply:

(1) The parent, guardian, or other person in charge of the pupil agrees to pay the board for all costs incurred in providing the transportation that are not reimbursed pursuant to Chapter 3306. or 3317. of the Revised Code;

(2) The pupil's school district of residence does not provide
transportation for public school pupils of the same grade as the pupil being transported under this division, or that district is not required under section 3327.01 of the Revised Code to transport the pupil to and from the nonpublic school because the direct travel time to the nonpublic school is more than thirty minutes.

Upon receipt of the request to provide transportation, the board shall review the request and determine whether the board will accommodate the request. If the board agrees to transport the pupil, the board may transport the pupil to and from the nonpublic school and a collection point in the district, as determined by the board. If the board transports the pupil, the board may include the pupil in the district's transportation ADM reported to the department of education under section 3317.03 of the Revised Code and, accordingly, may receive a state payment under section 3306.12 3317.0212 of the Revised Code or other provisions of law for transporting the pupil.

If the board declines to transport the pupil, the board, in a written communication to the parent, guardian, or other person in charge of the pupil, shall state the reasons for declining the request.

(C) Any employee of a college-preparatory boarding school
established under this chapter or its operator who in good faith reports to the chief administrator of the school, or the chief administrator's designee, information about alleged misconduct committed by another employee of the school or operator shall be immune from any civil liability that otherwise might be incurred or imposed for injury, death, or loss to person or property as a result of the reporting of that information.

If the alleged misconduct involves a person who holds a license but the chief administrator is not required to submit a report to the superintendent of public instruction under section 3328.19 of the Revised Code and the chief administrator, or the chief administrator's designee, in good faith reports the alleged misconduct to the superintendent of public instruction or the state board, the chief administrator, or the chief administrator's designee, shall be immune from any civil liability that otherwise might be incurred or imposed for injury, death, or loss to person or property as a result of the reporting of that information.

(D)(1) In any civil action brought against a person in which it is alleged and proved that the person violated division (B) of this section, the court shall award the prevailing party reasonable attorney's fees and costs that the prevailing party incurred in the civil action or as a result of the false report that was the basis of the violation.

(2) If a person is convicted of or pleads guilty to a violation of division (B) of this section, if the subject of the false report that was the basis of the violation was charged with any violation of a law or ordinance as a result of the false report, and if the subject of the false report is found not to be guilty of the charges brought against the subject as a result of the false report or those charges are dismissed, the court that sentences the person for the violation of division (B) of this section, as part of the sentence, shall order the person to pay
restitution to the subject of the false report, in an amount equal
to reasonable attorney's fees and costs that the subject of the
false report incurred as a result of or in relation to the
charges.

Sec. 3328.20. (A) As used in this section:

(1) "Designated official" means the chief administrator of a
college-preparatory boarding school established under this
chapter, or the chief administrator's designee.

(2) "Essential school services" means services provided by a
private company under contract with a college-preparatory boarding
school established under this chapter that the chief administrator
of the school has determined are necessary for the operation of
the school and that would need to be provided by persons employed
by the school or its operator if the services were not provided by
the private company.

(3) "License" has the same meaning as in section 3319.31 of
the Revised Code.

(B) This section applies to any person who is an employee of
a private company under contract with a college-preparatory
boarding school established under this chapter to provide
essential school services and who will work in the school in a
position that does not require a license issued by the state board
of education, is not for the operation of a vehicle for pupil
transportation, and that involves routine interaction with a child
or regular responsibility for the care, custody, or control of a
child.

(C) No college-preparatory boarding school established under
this chapter shall permit a person to whom this section applies to
work in the school, unless one of the following applies to the
person:
(1) The person's employer presents proof of both of the following to the designated official:

(a) That the person has been the subject of a criminal records check conducted in accordance with division (D) of this section within the five-year period immediately prior to the date on which the person will begin working in the school;

(b) That the criminal records check indicates that the person has not been convicted of or pleaded guilty to any offense described in division (B)(1) of section 3319.39 of the Revised Code.

(2) During any period of time in which the person will have routine interaction with a child or regular responsibility for the care, custody, or control of a child, the designated official has arranged for an employee of the school to be present in the same room with the child or, if outdoors, to be within a thirty-yard radius of the child or to have visual contact with the child.

(D) Any private company that has been hired or seeks to be hired by a college-preparatory boarding school established under this chapter to provide essential school services may request the bureau of criminal identification and investigation to conduct a criminal records check of any of its employees for the purpose of complying with division (C)(1) of this section. Each request for a criminal records check under this division shall be made to the superintendent of the bureau in the manner prescribed in section 3319.39 of the Revised Code. Upon receipt of a request, the bureau shall conduct the criminal records check in accordance with section 109.572 of the Revised Code as if the request had been made under section 3319.39 of the Revised Code.

Notwithstanding division (H) of section 109.57 of the Revised Code, the private company may share the results of any criminal records check conducted under this division with the designated
official for the purpose of complying with division (C)(1) of this section, but in no case shall the designated official release that information to any other person.

Sec. 3328.21. (A) Any eligible student may apply for admission to a college-preparatory boarding school established under this chapter in a grade level offered by the school that is appropriate for the student and shall be admitted to the school in that grade level to the extent the student's admission is within the capacity of the school as established by the school's board of trustees, subject to division (B) of this section. If more eligible students apply for admission than the number of students permitted by the capacity established by the board of trustees, admission shall be by lot.

(B) In the first year of operation, each school established under this chapter shall offer only grade five or six and shall not admit more than eighty students to the school. In each subsequent year of operation, the school may add additional grade levels as specified in the contract under section 3328.12 of the Revised Code, but at no time shall the school's total student population exceed four hundred students.

Sec. 3328.22. The educational program of a college-preparatory boarding school established under this chapter shall include at least all of the following:

(A) A remedial curriculum for students in grades lower than grade nine;

(B) A college-preparatory curriculum for high school students that, at a minimum, shall comply with section 3313.603 of the Revised Code as that section applies to school districts;

(C) Extracurricular activities, including athletic and cultural activities;
(D) College admission counseling;

(E) Health and mental health services;

(F) Tutoring services;

(G) Community services opportunities;

(H) A residential student life program.

Sec. 3328.23. (A) A college-preparatory boarding school established under this chapter and the school's operator shall comply with Chapter 3323. of the Revised Code as if the school were a school district. For each child with a disability enrolled in the school for whom an IEP has been developed, the school and its operator shall verify in the manner prescribed by the department of education that the school is providing the services required under the child's IEP.

(B) The school district in which a child with a disability enrolled in the college-preparatory boarding school is entitled to attend school and the child's school district of residence, if different, are not obligated to provide the student with a free appropriate public education under Chapter 3323. of the Revised Code for as long as the child is enrolled in the college-preparatory boarding school.

Sec. 3328.24. A college-preparatory boarding school established under this chapter, its operator, and its board of trustees shall comply with sections 3301.0710, 3301.0711, 3301.0712, 3301.0714, 3319.39, and 3319.391 of the Revised Code as if the school and the operator were a school district and the school's board of trustees were a district board of education.

Sec. 3328.25. (A) The board of trustees of a college-preparatory boarding school established under this chapter shall grant a diploma to any student enrolled in the school to
whom all of the following apply:

(1) The student has successfully completed the school's high school curriculum or the IEP developed for the student by the school pursuant to section 3323.08 of the Revised Code or has qualified under division (D) or (F) of section 3313.603 of the Revised Code, provided that the school shall not require a student to remain in school for any specific number of semesters or other terms if the student completes the required curriculum early.

(2) Subject to section 3313.614 of the Revised Code, the student has met the assessment requirements of division (A)(2)(a) or (b) of this section, as applicable.

(a) If the student entered ninth grade prior to the date prescribed by rule of the state board of education under division (E)(2) of section 3301.0712 of the Revised Code, the student either:

(i) Has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments prescribed by that division unless division (L) of section 3313.61 of the Revised Code applies to the student;

(ii) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(b) If the person entered ninth grade on or after the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the student has attained on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of section 3301.0712 of the Revised Code, except to the extent that the student is excused from some portion of that assessment system pursuant to division (L) of section 3313.61 of the Revised Code.
(3) The student is not eligible to receive an honors diploma granted under division (B) of this section.

No diploma shall be granted under this division to anyone except as provided in this division.

(B) In lieu of a diploma granted under division (A) of this section, the board of trustees shall grant an honors diploma, in the same manner that boards of education of school districts grant honors diplomas under division (B) of section 3313.61 of the Revised Code, to any student enrolled in the school who accomplishes all of the following:

(1) Successfully completes the school's high school curriculum or the IEP developed for the student by the school pursuant to section 3323.08 of the Revised Code;

(2) Subject to section 3313.614 of the Revised Code, has met the assessment requirements of division (B)(2)(a) or (b) of this section, as applicable.

(a) If the student entered ninth grade prior to the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the student either:

(i) Has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments prescribed under that division;

(ii) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(b) If the person entered ninth grade on or after the date prescribed by rule of the state board under division (E)(2) of section 3301.0712 of the Revised Code, the student has attained on the entire assessment system prescribed under division (B)(2) of section 3301.0710 of the Revised Code at least the required passing composite score, designated under division (C)(1) of
section 3301.0712 of the Revised Code.

(3) Has met the additional criteria for granting an honors diploma prescribed by the state board under division (B) of section 3313.61 of the Revised Code for the granting of honors diplomas by school districts.

An honors diploma shall not be granted to a student who is subject to the Ohio core curriculum prescribed in division (C) of section 3313.603 of the Revised Code but elects the option of division (D) or (F) of that section. No honors diploma shall be granted to anyone failing to comply with this division, and not more than one honors diploma shall be granted to any student under this division.

(C) A diploma or honors diploma awarded under this section shall be signed by the presiding officer of the board of trustees. Each diploma shall bear the date of its issue and be in such form as the board of trustees prescribes.

(D) Upon granting a diploma to a student under this section, the presiding officer of the board of trustees shall provide notice of receipt of the diploma to the board of education of the city, exempted village, or local school district where the student is entitled to attend school when not residing at the college-preparatory boarding school. The notice shall indicate the type of diploma granted.

Sec. 3328.26. (A) The department of education shall issue an annual report card for each college-preparatory boarding school established under this chapter that includes all information applicable to school buildings under section 3302.03 of the Revised Code.

(B) For each student enrolled in the school, the department shall combine data regarding the academic performance of that
student with comparable data from the school district in which the student is entitled to attend school for the purpose of calculating the performance of the district as a whole on the report card issued for the district under section 3302.03 of the Revised Code.

(C) Each college-preparatory boarding school and its operator shall comply with sections 3302.04 and 3302.041 of the Revised Code, except that any action required to be taken by a school district pursuant to those sections shall be taken by the school.

Sec. 3328.41. Each participating school district shall be responsible for providing transportation on a weekly basis for each student enrolled in a college-preparatory boarding school established under this chapter who is entitled to attend school in the district to and from that college-preparatory boarding school.

Sec. 3328.45. (A) If the state board of education determines that a college-preparatory boarding school established under this chapter is not in compliance with any provision of this chapter or the terms of the contract entered into under section 3328.12 of the Revised Code, or that the school has failed to meet the academic goals or performance standards specified in that contract, the state board may initiate the termination procedures specified in the contract. No termination shall take effect prior to the end of a school year. Upon the effective date of a termination, the school shall close.

(B) If a college-preparatory boarding school is required to close under division (A) of this section or closes for any other reason, the school's board of trustees shall execute the closing as provided in the contract under section 3328.12 of the Revised Code.

Sec. 3328.50. The state board of education shall adopt rules...
in accordance with Chapter 119. of the Revised Code prescribing procedures necessary for the implementation of this chapter.

Sec. 3328.99. (A) Whoever violates division (F) of section 3328.19 of the Revised Code shall be punished as follows:

(1) Except as otherwise provided in division (A)(2) of this section, the person is guilty of a misdemeanor of the fourth degree.

(2) The person is guilty of a misdemeanor of the first degree if both of the following conditions apply:

(a) The employee who is the subject of the report that the person fails to submit was required to be reported for the commission or alleged commission of an act or offense involving the infliction on a child of any physical or mental wound, injury, disability, or condition of a nature that constitutes abuse or neglect of the child.

(b) During the period between the violation of division (F) of section 3328.19 of the Revised Code and the conviction of or plea of guilty by the person for that violation, the employee who is the subject of the report that the person fails to submit inflicts on any child attending a school district, educational service center, public or nonpublic school, or county board of developmental disabilities where the employee works any physical or mental wound, injury, disability, or condition of a nature that constitutes abuse or neglect of the child.

(B) Whoever violates division (B) of section 3328.193 of the Revised Code is guilty of a misdemeanor of the first degree.

Sec. 3329.08. At any regular meeting, the board of education of each local school district, from lists adopted by the educational service center governing board, and the board of
education of each city, and exempted village school district shall determine by a majority vote of all members elected or appointed under division (B) or (F) of section 3311.71 of the Revised Code which of such textbooks or electronic textbooks so filed shall be used in the schools under its control.

Sec. 3331.01. (A) As used in this chapter:

(1) "Superintendent" or "superintendent of schools" of a school district means the person employed as the superintendent or that person's designee. In the case of a local school district, such designee may be the superintendent of the educational service center to which the school district belongs.

(2) "Chief administrative officer" means the chief administrative officer of a nonpublic or community school or that person's designee.

(B)(1) Except as provided in division (B)(2) of this section, an age and schooling certificate may be issued only by the superintendent of the city, local, joint vocational, or exempted village school district in which the child in whose name such certificate is issued resides or by the chief administrative officer of the nonpublic or community school the child attends, and only upon satisfactory proof that the child to whom the certificate is issued is at least fourteen years of age.

(2) A child who resides in this state shall apply for an age and schooling certificate to the superintendent of the school district in which the child resides, or to the chief administrative officer of the school that the child attends. Residents of other states who work in Ohio shall apply to the superintendent of the school district in which the place of employment is located, as a condition of employment or service.

(C) Any such age and schooling certificate may be issued only
upon satisfactory proof that the employment contemplated by the child is not prohibited by any law regulating the employment of such children. Section 4113.08 of the Revised Code does not apply to such employer in respect to such child while engaged in an employment legal for a child of the age stated therein.

(D) Age and schooling certificate forms shall be approved by the state board of education, including forms submitted electronically. Forms shall not display the social security number of the child. Except as otherwise provided in this section, every application for an age and schooling certificate must be signed in the presence of the officer issuing it by the child in whose name it is issued.

(E) A child shall furnish the superintendent or chief administrative officer all information required by this chapter in support of the issuance of a certificate.

(F) On and after September 1, 2002, each superintendent and chief administrative officer who issues an age and schooling certificate shall file electronically the certificate with the director of commerce in accordance with rules adopted by the director of administrative services pursuant to section 1306.21 of the Revised Code. On and after September 1, 2002, only electronically filed certificates are valid to satisfy the requirements of Chapter 4109. of the Revised Code.

Sec. 3333.03. (A) The governor, with the advice and consent of the senate, shall appoint the chancellor of the Ohio board of regents. The governor may remove the chancellor in accordance with section 3.04 of the Revised Code, except that the removal shall not require the advice and consent of the senate. The chancellor shall serve at the pleasure of the governor, and the governor shall prescribe the chancellor's duties in addition to the chancellor's duties prescribed by law. In no case shall the
chancellor assume any duties prescribed by the governor or law until the senate has consented to the chancellor's appointment. The governor shall fix the compensation for the chancellor. The chancellor shall be a member of the governor's cabinet.

(B) The term of office of the chancellor shall be five years. Any person appointed chancellor to fill a vacancy occurring prior to the expiration of the term for which the predecessor was appointed shall hold office for the remainder of that term. Any vacancy in the office shall be filled within sixty days after the vacancy occurs. Each chancellor shall continue in office subsequent to the expiration date of the term for which the chancellor was appointed until a successor takes office, or until a period of sixty days has elapsed, whichever occurs first. The chancellor may be reappointed. The term of the chancellor in office on the effective date of this amendment shall coincide with the term of that chancellor's appointing governor. Subsequent appointments to the office of chancellor shall be made pursuant to division (A) of this section.

(C) The chancellor is responsible for appointing and fixing the compensation of all professional, administrative, and clerical employees and staff members necessary to assist in the performance of the chancellor's duties. All employees and staff shall serve at the chancellor's pleasure.

(D) The chancellor shall be a person qualified by training and experience to understand the problems and needs of the state in the field of higher education and to devise programs, plans, and methods of solving the problems and meeting the needs.

(E) Neither the chancellor nor any staff member or employee of the chancellor shall be a trustee, officer, or employee of any public or private college or university while serving as chancellor, staff member, or employee.
Sec. 3333.043. (A) As used in this section:

(1) "Institution of higher education" means the state universities listed in section 3345.011 of the Revised Code, municipal educational institutions established under Chapter 3349. of the Revised Code, community colleges established under Chapter 3354. of the Revised Code, university branches established under Chapter 3355. of the Revised Code, technical colleges established under Chapter 3357. of the Revised Code, state community colleges established under Chapter 3358. of the Revised Code, any institution of higher education with a certificate of registration from the state board of career colleges and schools, and any institution for which the chancellor of the Ohio board of regents receives a notice pursuant to division (C) of this section.

(2) "Community service" has the same meaning as in section 3313.605 of the Revised Code.

(B)(1) The board of trustees or other governing entity of each institution of higher education shall encourage and promote participation of students in community service through a program appropriate to the mission, student population, and environment of each institution. The program may include, but not be limited to, providing information about community service opportunities during student orientation or in student publications; providing awards for exemplary community service; encouraging faculty members to incorporate community service into students' academic experiences wherever appropriate to the curriculum; encouraging recognized student organizations to undertake community service projects as part of their purposes; and establishing advisory committees of students, faculty members, and community and business leaders to develop cooperative programs that benefit the community and enhance student experience. The program shall be flexible in design so as to permit participation by the greatest possible
number of students, including part-time students and students for whom participation may be difficult due to financial, academic, personal, or other considerations. The program shall emphasize community service opportunities that can most effectively use the skills of students, such as tutoring or literacy programs. The programs shall encourage students to perform services that will not supplant the hiring of, result in the displacement of, or impair any existing employment contracts of any particular employee of any private or governmental entity for which services are performed.

(2) The chancellor of the Ohio board of regents shall encourage all institutions of higher education in the development of community service programs. With the assistance of the Ohio community commission on service council and volunteerism created in section 121.40 of the Revised Code, the chancellor shall make available information about higher education community service programs to institutions of higher education and to statewide organizations involved with or promoting volunteerism, including information about model community service programs, teacher training courses, and community service curricula and teaching materials for possible use by institutions of higher education in their programs. The chancellor shall encourage institutions of higher education to jointly coordinate higher education community service programs through consortia of institutions or other appropriate means of coordination.

(C) The board of trustees of any nonprofit institution with a certificate of authorization issued pursuant to Chapter 1713. of the Revised Code or the governing authority of a private institution exempt from regulation under Chapter 3332. of the Revised Code as prescribed in section 3333.046 of the Revised Code may notify the chancellor that it is making itself subject to divisions (A) and (B) of this section. Upon receipt of such a
notice, these divisions shall apply to that institution.

Sec. 3333.31. (A) For state subsidy and tuition surcharge purposes, status as a resident of Ohio shall be defined by the chancellor of the Ohio board of regents by rule promulgated pursuant to Chapter 119. of the Revised Code. No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code. The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it any of the legal connotations appurtenant thereto. Rather, except as provided in division (B) and (D) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(B) The rules of the chancellor for determining student residency shall grant residency status to a veteran and to the veteran's spouse and any dependent of the veteran, if both of the following conditions are met:

1. The veteran either:
   a. Served one or more years on active military duty and was honorably discharged or received a medical discharge that was related to the military service;
   b. Was killed while serving on active military duty or has been declared to be missing in action or a prisoner of war.
(2) If the veteran seeks residency status for tuition surcharge purposes, the veteran has established domicile in this state as of the first day of a term of enrollment in an institution of higher education. If the spouse or a dependent of the veteran seeks residency status for tuition surcharge purposes, the veteran and the spouse or dependent seeking residency status have established domicile in this state as of the first day of a term of enrollment in an institution of higher education, except that if the veteran was killed while serving on active military duty or has been declared to be missing in action or a prisoner of war, only the spouse or dependent seeking residency status shall be required to have established domicile in accordance with this division.

(C) The rules of the chancellor for determining student residency shall not deny residency status to a student who is either a dependent child of a parent, or the spouse of a person who, as of the first day of a term of enrollment in an institution of higher education, has accepted full-time employment and established domicile in this state for reasons other than gaining the benefit of favorable tuition rates.

Documentation of full-time employment and domicile shall include both of the following documents:

(1) A sworn statement from the employer or the employer's representative on the letterhead of the employer or the employer's representative certifying that the parent or spouse of the student is employed full-time in Ohio;

(2) A copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state, a copy of the closing statement on residential real property of which the parent or spouse is the owner and occupant in this state or, if the parent or spouse is not the lessee or owner of the residence in which the parent or spouse has
established domicile, a letter from the owner of the residence certifying that the parent or spouse resides at that residence.

Residency officers may also evaluate, in accordance with the chancellor's rule, requests for immediate residency status from dependent students whose parents are not living and whose domicile follows that of a legal guardian who has accepted full-time employment and established domicile in the state for reasons other than gaining the benefit of favorable tuition rates.

(D) The rules of the chancellor for determining student residency shall grant residency status to a person who, while a resident of this state for state subsidy and tuition surcharge purposes, graduated from a high school in this state, if the person enrolls in an institution of higher education and establishes domicile in this state within ten years after graduating from high school, regardless of the student's residence prior to that enrollment.

(E) "Dependent," "domicile," "institution of higher education," and "residency officer" have the meanings ascribed in the chancellor's rules adopted under this section.

Sec. 3333.43. (A) The chancellor of the Ohio board of regents shall require all state institutions of higher education that offer baccalaureate degrees, as a condition of reauthorization for certification of each baccalaureate program offered by the institution, to submit a statement describing how each major for which the school offers a baccalaureate degree may be completed within three academic years. The chronology of the statement shall begin with the fall semester of a student's first year of the baccalaureate program.

(B) The statement required under this section may include, but not be limited to, any of the following methods to contribute to earning a baccalaureate degree in three years:
(1) Advanced placement credit;

(2) International baccalaureate program credit;

(3) A waiver of degree and credit-hour requirements by completion of courses that are widely available at community colleges in the state or through online programs offered by state institutions of higher education or private nonprofit institutions of higher education holding certificates of authorization under Chapter 1713. of the Revised Code, and through courses taken by the student through the post-secondary enrollment options program under Chapter 3365. of the Revised Code;

(4) Completion of coursework during summer sessions;

(5) A waiver of foreign-language degree requirements based on a proficiency examination specified by the institution.

(C)(1) Not later than October 15, 2012, each state institution of higher education shall provide statements required under this section for ten per cent of all baccalaureate degree programs offered by the institution.

(2) Not later than June 30, 2014, each state institution of higher education shall provide statements required under this section for sixty per cent of all baccalaureate degree programs offered by the institution.

(D) Each state institution of higher education required to submit statements under this section shall post its three-year option on its web site and also provide that information to the department of education. The department shall distribute that information to the superintendent, high school principal, and guidance counselor, or equivalents, of each school district, community school established under Chapter 3314. of the Revised Code, and STEM school established under Chapter 3326. of the Revised Code.
(E) Nothing in this section requires an institution to take any action that would violate the requirements of any independent association accrediting baccalaureate degree programs.

Sec. 3333.66. (A)(1) Except as provided in division (A)(2) of this section, in each academic year, no student who receives a choose Ohio first scholarship shall receive less than one thousand five hundred dollars or more than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities. For this purpose, if Miami university is implementing the pilot tuition restructuring plan originally recognized in Am. Sub. H.B. 95 of the 125th general assembly, that university's instructional and general fees shall be considered to be the average full-time in-state undergraduate instructional and general fee amount after taking into account the Ohio resident and Ohio leader scholarships and any other credit provided to all Ohio residents.

(2) The chancellor of the Ohio board of regents may authorize a state university or college or a nonpublic Ohio institution of higher education to award a choose Ohio first scholarship in an amount greater than one-half of the highest in-state undergraduate instructional and general fees charged by all state universities to either of the following:

(a) Any undergraduate student who qualifies for a scholarship and is enrolled in a program leading to a teaching profession in science, technology, engineering, mathematics, or medicine;

(b) Any graduate student who qualifies for a scholarship, if any initiatives are selected for award under division (B) of this section.

(B) The chancellor shall encourage state universities and colleges, alone or in collaboration with other state institutions of higher education, nonpublic Ohio universities and colleges, or
other public or private Ohio entities, to submit proposals under the choose Ohio first scholarship program for initiatives that recruit either of the following:

(1) Ohio residents who enrolled in colleges and universities in other states or other countries to return to Ohio and enroll in state universities or colleges as graduate students in the fields of science, technology, engineering, mathematics, and medicine, or in the fields of science, technology, engineering, mathematics, or medical education. If such proposals are submitted and meet the chancellor's competitive criteria for awards, the chancellor, subject to approval by the controlling board, shall give at least one of the proposals preference for an award.

(2) Graduates, or undergraduates who will graduate in time to participate in the program described in this division by the subsequent school year, from an Ohio college or university who received, or will receive, a degree in science, technology, engineering, mathematics, or medicine to participate in a graduate-level teacher education masters program in one of those fields that requires the student to establish a domicile in the state and to commit to teach for a minimum of three years in a hard-to-staff school district in the state upon completion of the master's degree program. The chancellor may require a college or university to give priority to qualified candidates who graduated from a high school in this state.

"Hard-to-staff" shall be as defined by the department of education.

(C) The general assembly intends that money appropriated for the choose Ohio first scholarship program in each fiscal year be used for scholarships in the following academic year.

Sec. 3333.81. As used in sections 3333.81 to 3333.88 of the Revised Code:
(A) "Clearinghouse" means the clearinghouse established under section 3333.82 of the Revised Code.

(B) "Community school" means a community school established under Chapter 3314. of the Revised Code.

The chancellor shall not be responsible for the content of courses offered through the clearinghouse; however, all such courses shall be delivered only in accordance with technical specifications approved by the chancellor and on a common statewide platform administered by the chancellor.

The clearinghouse's distance learning program for students in grades kindergarten to twelve shall be based on the following principles:

(1) All Ohio students shall have access to high quality distance learning courses at any point in their educational careers.

(2) The student's school district, community school, or STEM school agrees to accept for credit the grade assigned by the course provider, if that provider is another school district, community school, or STEM school. Each school district, community school, and STEM school shall encourage students to take advantage

Sec. 3333.84. (A) The fee charged for any course offered through the clearinghouse shall be set by the course provider.

(B) The chancellor of the Ohio board of regents shall prescribe the manner in which the fee for a course shall be collected or deducted from the school district, school, college or university, or individual subscribing to the course and in which manner the fee shall be paid to the course provider.

(C) The chancellor may retain a percentage of the fee charged for a course to offset the cost of maintaining and operating the clearinghouse, including the payment of compensation for an entity or a private entity that is under contract with the chancellor under division (F) of section 3333.82 of the Revised Code. The percentage retained shall be determined by the chancellor.

(D) Nothing in this section shall be construed to require the school district, community school, or STEM school in which a student is enrolled to pay the fee charged for a course taken by the student.

Sec. 3333.85. (A) The grade for a student enrolled in a school operated by a school district or in a community school or STEM school for a course provided through the clearinghouse by another school district, community school, or STEM school shall be assigned by the course provider and shall be transmitted to the student's school district, community school, or STEM school.

(c) A state community college district as defined in section 3358.01 of the Revised Code.

(7) "Credit enhancement facilities" has the same meaning as in section 133.01 of the Revised Code.

(B) The board of trustees of any community or technical college district authorizing the issuance of obligations under section 3354.12, 3354.121, 3357.11, 3357.112, or 3358.10 of the Revised Code, or for whose benefit and on whose behalf the issuing authority proposes to issue obligations under division (G) of section 152.09 154.25 of the Revised Code, may adopt a resolution requesting the chancellor to enter into an agreement with the community or technical college district and the primary paying agent or fiscal agent for such obligations, providing for the withholding and deposit of funds otherwise due the district or the community or technical college it operates in respect of its allocated state share of instruction, for the payment of bond service charges on such obligations.

The board of trustees shall deliver to the chancellor a copy of the resolution and any additional pertinent information the board deems necessary in support of the resolution.
chancellor may require.

The chancellor and the office of budget and management, and the issuing authority in the case of obligations to be issued by the issuing authority, shall evaluate each request received from a community or technical college district under this section. The chancellor, with the advice and consent of the director of budget and management and the issuing authority in the case of obligations to be issued by the issuing authority, shall approve each request if all of the following conditions are met:

(1) Approval of the request will enhance the marketability of the obligations for which the request is made;

(2) The chancellor and the office of budget and management, and the issuing authority in the case of obligations to be issued by the issuing authority, have no reason to believe the requesting community or technical college district or the community or technical college it operates will be unable to pay when due the bond service charges on the obligations for which the request is made, and bond service charges on those obligations are therefore not anticipated to be paid pursuant to this section from the allocated state share of instruction for purposes of Section 17 of Article VIII, Ohio Constitution.

(3) Any other pertinent conditions established in rules adopted under division (H) of this section.

(C) If the chancellor approves the request of a community or technical college district to withhold and deposit funds pursuant to this section, the chancellor shall enter into a written agreement with the district and the primary paying agent or fiscal agent for the obligations, which agreement shall provide for the withholding of funds pursuant to this section for the payment of bond service charges on those obligations. The agreement may also include both of the following:
(1) Provisions for certification by the district to the chancellor, prior to the deadline for payment of the applicable bond service charges, whether the district and the community or technical college it operates are able to pay those bond service charges when due;

(2) Requirements that the district or the community or technical college it operates deposits amounts for the payment of those bond service charges with the primary paying agent or fiscal agent for the obligations prior to the date on which the bond service charges are due to the owners or holders of the obligations.

(D) Whenever a district or the community or technical college it operates notifies the chancellor that it will not be able to pay the bond service charges when they are due, subject to the withholding provisions of this section, or whenever the applicable paying agent or fiscal agent notifies the chancellor that it has not timely received from a district or from the college it operates the full amount needed for payment of the bond service charges when due to the holders or owners of such obligations, the chancellor shall immediately contact the district or college and the paying agent or fiscal agent to confirm that the district and the college are not able to make the required payment by the date on which it is due.

If the chancellor confirms that the district and the college are not able to make the payment and the payment will not be made pursuant to a credit enhancement facility, the chancellor shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or to the college in respect of its allocated state share of instruction. If this amount is insufficient to pay the total amount then due the agent for the payment of bond service charges when due.
charges, the chancellor shall continue to pay to the agent from each periodic distribution thereafter, and until the full amount due the agent for unpaid bond service charges is paid in full, the lesser of the remaining amount due the agent for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or college in respect of its allocated state share of instruction.

(E) The chancellor may make any payments under this section by direct deposit of funds by electronic transfer.

Any amount received by a paying agent or fiscal agent under this section shall be applied only to the payment of bond service charges on the obligations of the community or technical college district or community or technical college subject to this section or to the reimbursement of the provider of a credit enhancement facility that has paid the bond service charges.

(F) The chancellor may make payments under this section to paying agents or fiscal agents during any fiscal biennium of the state only from and to the extent that money is appropriated to the board of regents by the general assembly for distribution during such biennium for the state share of instruction and only to the extent that a portion of the state share of instruction has been allocated to the community or technical college district or community or technical college. Obligations of the issuing authority or of a community or technical college district to which this section is made applicable do not constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of those obligations have no right to have excises or taxes levied or appropriations made by the general assembly for the payment of bond service charges on the obligations, and the obligations shall contain a statement to that effect. The agreement for or the actual withholding and payment of money under this section does not constitute the
assumption by the state of any debt of a community or technical college district or a community or technical college, and bond service charges on the related obligations are not anticipated to be paid from the state general revenue fund for purposes of Section 17 of Article VIII, Ohio Constitution.

(G) In the case of obligations subject to the withholding provisions of this section, the issuing community or technical college district, or the issuing authority in the case of obligations issued by the issuing authority, shall appoint a paying agent or fiscal agent who is not an officer or employee of the district or college.

(H) The chancellor, with the advice and consent of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section to secure payment of bond service charges on obligations issued by a community or technical college district or by the issuing authority for the benefit of a community or technical college district or the community or technical college it operates. Those rules shall include criteria for the evaluation and approval or denial of community or technical college district requests for withholding under this section.

(I) The authority granted by this section is in addition to and not a limitation on any other authorizations granted by or pursuant to law for the same or similar purposes.

Sec. 3334.19. be loaned or otherwise transferred or used by the state for any other purpose. This section shall not be construed to prohibit the investment agents of the authority from investing, by purchase or otherwise, in bonds, notes, or other obligations of the state or any agency or instrumentality of the state. Unless otherwise specified by the authority, assets of the program shall be expended in the following order of priority:

(1) To make payments on behalf of beneficiaries;

(2) To make refunds upon termination of variable college savings program contracts;

(3) To pay the authority's costs of administering the program;

(4) To pay or cover any other expenditure or disbursement the authority determines necessary or appropriate.

(G) Fees, charges, and other costs imposed or collected by the authority in connection with the variable college savings program, including any fees or other payments that the authority requires an investment agent to pay to the authority, shall be credited to either the variable operating fund or the index operating fund at the discretion of the authority. These funds are hereby created in the state treasury. Expenses incurred in the administration of the variable college savings program, as well as other expenses, disbursements, or payments the authority considers appropriate for the benefit of any college savings programs administered by the authority, the state of Ohio and its citizens, shall be paid from the variable operating fund or the index operating fund at the discretion of the authority.

(H) No records of the authority indicating the identity of purchasers, contributors, and beneficiaries under the program or amounts contributed to, earned by, or distributed from program accounts are public records within the meaning of section 149.43.

(D) Not later than August 15, 2011, the chancellor shall submit to the general assembly and the governor a report of findings and recommendations for use in developing policy, statutory, and administrative rule changes necessary to implement the plan. No institution shall be designated a charter university until the general assembly, after considering the chancellor's plan, has enacted legislation establishing a procedure for making the designation. The chancellor shall not adopt, amend, or rescind any rules with respect to designating institutions as charter universities until that legislation is enacted. The general assembly intends that the general assembly, governor, and chancellor will take actions necessary for implementation of the plan for charter universities to commence July 1, 2012.

If provision is to be made under such agreement for the transfer of, or grant of the right to use, all or a substantial part of the assets of the municipal university to the state university and assumption by the state university of educational functions of the municipal university, such agreement shall not become effective, under sections 3349.27 to 3349.30 of the Revised Code until the electors of the municipal corporation have approved such transfer or grant.

The legislative authority of the municipal corporation shall, by ordinance, submit the question to the electors at a general, primary, or a special election to be held on the date specified in the ordinance. The ordinance shall be certified to the board of elections not later than the forty-fifth day preceding the date of the election. Notice of the election shall be published in one or more newspapers of general circulation in the municipal corporation once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code, prior to the election and if the board of elections operates and maintains a web site, notice of the election also shall be posted on that web site for thirty days prior to the election. The form of the ballot to be used at the election shall be substantially as follows, with such variations as may be appropriate to reflect the general nature of the transfer or grant of use of assets and the transfer of educational functions contemplated:

(A) Upon the request by resolution approved by the board of trustees of a community college district, and upon certification to the board of elections not less than ninety days prior to the election, the boards of elections of the county or counties comprising such district shall place upon the ballot in their respective counties the question of levying a tax on all the taxable property in the community college district outside the ten-mill limitation, for a specified period of years or for a continuing period of time, to provide funds for any one or more of the following purposes: the acquisition of sites, the erection, furnishing, and equipment of buildings, the acquisition, construction, or improvement of any property which the board of trustees of a community college district is authorized to acquire, construct, or improve and which has an estimated life of usefulness of five years or more as certified by the fiscal officer, and the payment of operating costs. Not more than two special elections shall be held in any one calendar year. Levies for a continuing period of time adopted under this section may be reduced in accordance with section 5705.261 of the Revised Code.

If such proposal is to be or include the renewal of an existing levy at the expiration thereof, the ballot for such election shall state whether it is a renewal of a tax; a renewal of a stated number of mills and an increase of a stated number of mills, or a renewal of a part of an existing levy with a reduction in accordance with section 5705.261 of the Revised Code.

The ballot shall also state the period of years for such levy or that it is for a continuing period of time. If a levy for a continuing period of time provides for but is not limited to current expenses, the resolution of the board of trustees providing for the election on such levy shall apportion the annual rate of the levy between current expenses and the other purpose or purposes. Such apportionment need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purpose or purposes shall be limited by such apportionment. The portion of the rate apportioned to the other purpose or purposes shall be reduced as provided in division (B) of this section.

If a majority of the electors in such district voting on such question approve thereof, the county auditor or auditors of the county or counties comprising such district shall annually, for the applicable years, place such levy on the tax duplicate in such district, in an amount determined by the board of trustees, but not to exceed the amount set forth in the proposition approved by the electors.

The boards of trustees of a community college district shall establish a special fund for all revenue derived from any tax levied pursuant to this section.

The boards of elections of the county or counties comprising the district shall cause to be published in a newspaper of general circulation in each such county an advertisement of the proposed tax levy question once a week for two consecutive weeks, or as
provided in section 7.16 of the Revised Code, prior to the
election at which the question is to appear on the ballot, and,
If a board of elections operates and maintains a web site,
that board also shall post a similar advertisement on its web
site for thirty days prior to that election.

After the approval of such levy by vote, the board of
trustees of a community college district may anticipate a fraction
of the proceeds of such levy and from time to time issue
anticipation notes having such maturity or maturities that the
aggregate principal amount of all such notes maturing in any
calendar year shall not exceed seventy-five per cent of the
anticipated proceeds from such levy for such year, and that no
note shall mature later than the thirty-first day of December of
the tenth calendar year following the calendar year in which such
note is issued. Each issue of notes shall be sold as provided in
Chapter 133. of the Revised Code.

The amount of bonds or anticipatory notes authorized pursuant
to Chapter 3354. of the Revised Code, may include sums to repay
moneys previously borrowed, advanced, or granted and expended for
the purposes of such bond or anticipatory note issues, whether
such moneys were advanced from the available funds of the
community college district or by other persons, and the community
college district may restore and repay to such funds or persons
from the proceeds of such issues the moneys so borrowed, advanced
or granted.

All operating costs of such community college may be paid out
of any gift or grant from the state, pursuant to division (K) of
section 3354.09 of the Revised Code; out of student fees and
tuition collected pursuant to division (G) of section 3354.09 of
the Revised Code; or out of unencumbered funds from any other
source of the community college income not prohibited by law.

(B) Prior to the application of section 319.301 of the
Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district's total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

Sec. 3354.16. (A) When the board of trustees of a community college district has by resolution determined to let by contract the work of improvements pursuant to the official plan of such district, contracts in amounts exceeding a dollar amount set by the board, which dollar amount shall not exceed fifty two hundred thousand dollars, shall be advertised after notices calling for bids have been published once a week for three consecutive weeks or as provided in section 7.16 of the Revised Code, in at least one newspaper of general circulation within the community college district wherein the work is to be done. Subject to section 3354.10 of the Revised Code, the board of trustees of the district may let such contract to the lowest responsive and responsible bidder, in accordance with section 9.312 of the Revised Code, who meets the requirements of section 153.54 of the Revised Code. Such contract shall be in writing and shall be accompanied by or shall refer to plans and specifications for the work to be done. The board of trustees also may require a single, combined proposal for the entire project for materials or doing work, or both, in the board's discretion, that includes each separate and distinct branch or class of work entering into the improvement. The board of trustees need not solicit separate proposals for a branch or class of work for an improvement if the estimate cost for that branch or class of work is less than five thousand dollars.

(D) When more than one branch or class of work is required, no contract for the entire job, or for a greater portion thereof than is embraced in one such branch or class of work shall be awarded, unless the separate bids do not cover all the work and materials required or the bids for the whole or for two or more kinds of work or materials are lower than the separate bids in the aggregate. The board of trustees need not award separate contracts for a branch or class of work entering into an improvement if the
estimated cost for that branch or class of work is less than five thousand dollars.

(D) The acquisition, construction, or improvement of any property which the university branch district managing authority is authorized to acquire, construct, or improve and which has been certified by the fiscal officer to have an estimated useful life of five or more years.

The managing authority of the university branch district shall establish a special fund pursuant to section 3355.07 of the Revised Code for all revenue derived from any tax levied pursuant to provisions of this section.

The boards of election of the county or counties comprising the district shall cause to be published in a newspaper of general circulation in each such county an advertisement of the proposed
tax levy question once a week for two consecutive weeks, or as
provided in section 7.16 of the Revised Code, prior to the
election at which the question is to appear on the ballot, and, If a board of elections operates and maintains a web site, that board also shall post a similar advertisement on its web site for thirty days prior to the election.

After the approval of such levy by vote, the managing authority of the university branch district may anticipate a fraction of the proceeds of such levy and from time to time, during the life of such levy, issue anticipation notes in an amount not to exceed seventy-five per cent of the estimated proceeds of such levy to be collected in each year over a period of five years after the date of the issuance of such notes, less an amount equal to the proceeds of such levy previously obligated for such year by the issuance of anticipation notes, provided, that the total amount maturing in any one year shall not exceed seventy-five per cent of the anticipated proceeds of such levy for that year.

Each issue of notes shall be sold as provided in Chapter 133 of the Revised Code and shall mature serially in substantially equal amounts, during each remaining year of the levy, not to exceed five, after their issuance.

Such contract shall be in writing and shall be accompanied by or shall refer to plans and specifications for the work to be done. Such contract shall be approved by the board of trustees and signed by the president of the board and by the contractor.

(B) On the first day of January of every even-numbered year, the chancellor of the board of regents shall adjust the fifty two hundred thousand dollar contract limit set forth in division (A) of this section, as adjusted in any previous year pursuant to this division. The chancellor shall adjust the limit according to the average increase or decrease for each of the two years immediately preceding the adjustment as set forth in the United States department of commerce, bureau of economic analysis implicit price deflator for gross domestic product, nonresidential structures, or an alternative if the federal government ceases to publish this metric, provided that no increase or decrease for any year shall exceed three per cent of the contract limit in existence at the time of the adjustment. Notwithstanding division (A) of this section, the limit adjusted under this division shall be used thereafter in lieu of the limit in division (A) of this section.

(C) Before entering into an improvement pursuant to division (A) of this section, and except for contracts made with a construction manager at risk, a design-build firm, or a general contracting firm, as those terms are defined in section 153.50 of the Revised Code, the board of trustees of a technical college district shall require separate and distinct proposals to be made for furnishing materials or doing work on the improvement, or both, in the board's discretion, for each separate and distinct
branch or class of work entering into the improvement. The board of trustees also may require a single, combined proposal for the entire project for materials or doing work, or both, in the board's discretion, that includes each separate and distinct branch or class of work entering into the improvement. The board of trustees need not solicit separate proposals for a branch or class of work for an improvement if the estimate cost for that branch or class of work is less than five thousand dollars.

(D) When more than one branch or class of work is required, no contract for the entire job, or for a greater portion thereof than is embraced in one such branch or class of work shall be awarded, unless the separate bids do not cover all the work and materials required or the bids for the whole or for two or more kinds of work or materials are lower than the separate bids in the aggregate. If the board of elections requests a transfer of funds from one of its appropriation items to another, the board of county commissioners shall adopt a resolution providing for the transfer except as otherwise provided in section 5705.40 of the Revised Code. The expenses of the board of elections shall be apportioned among the county and the various subdivisions as provided in this section, and the amount chargeable to each subdivision shall be withheld by the county auditor from the moneys payable thereto at the time of the next tax settlement. At the time of submitting budget estimates in each year, the board of elections shall submit to the taxing authority of each subdivision, upon the request of the subdivision, an estimate of the amount to be withheld from the subdivision during the next fiscal year.

A board of township trustees may, by resolution, request that the county auditor withhold expenses charged to the township from a specified township fund that is to be credited with revenue at a tax settlement. The resolution shall specify the tax levy ballot issue, the date of the election on the levy issue, and the township fund from which the expenses the board of elections incurs related to that ballot issue shall be withheld.

(B) Except as otherwise provided in division (F) of this section, the compensation of the members of the board of elections and of the director, deputy director, and regular employees in the board's offices, other than compensation for overtime worked; the expenditures for the rental, furnishing, and equipping of the office of the board and for the necessary office supplies for the
use of the board; the expenditures for the acquisition, repair, care, and custody of the polling places, booths, guardrails, and other equipment for polling places; the cost of tally sheets, maps, flags, ballot boxes, and all other permanent records and equipment; the cost of all elections held in and for the state and county; and all other expenses of the board which are not chargeable to a political subdivision in accordance with this section shall be paid in the same manner as other county expenses are paid.

(C) The compensation of judges of elections and intermittent employees in the board's offices; the cost of renting, moving, heating, and lighting polling places and of placing and removing ballot boxes and other fixtures and equipment thereof, including voting machines, marking devices, and automatic tabulating equipment; the cost of printing and delivering ballots, cards of instructions, registration lists required under section 3503.23 of the Revised Code, and other election supplies, including the supplies required to comply with division (H) of section 3506.01 of the Revised Code; the cost of contractors engaged by the board to prepare, program, test, and operate voting machines, marking devices, and automatic tabulating equipment; and all other expenses of conducting primaries and elections in the odd-numbered years shall be charged to the subdivisions in and for which such primaries or elections are held. The charge for each primary or general election in odd-numbered years for each subdivision shall be determined in the following manner: first, the total cost of all chargeable items used in conducting such elections shall be ascertained; second, the total charge shall be divided by the number of precincts participating in such election, in order to fix the cost per precinct; third, the cost per precinct shall be prorated by the board of elections to the subdivisions conducting elections for the nomination or election of offices in such precinct; fourth, the total cost for each subdivision shall be
determined by adding the charges prorated to it in each precinct within the subdivision.

(D) The entire cost of special elections held on a day other than the day of a primary or general election, both in odd-numbered or in even-numbered years, shall be charged to the subdivision. Where a special election is held on the same day as a primary or general election in an even-numbered year, the subdivision submitting the special election shall be charged only for the cost of ballots and advertising. Where a special election is held on the same day as a primary or general election in an odd-numbered year, the subdivision submitting the special election shall be charged for the cost of ballots and advertising for such special election, in addition to the charges prorated to such subdivision for the election or nomination of candidates in each precinct within the subdivision, as set forth in the preceding paragraph.

(E) Where a special election is held on the day specified by division (E) of section 3501.01 of the Revised Code for the holding of a primary election, for the purpose of submitting to the voters of the state constitutional amendments proposed by the general assembly, and a subdivision conducts a special election on the same day, the entire cost of the special election shall be divided proportionally between the state and the subdivision based upon a ratio determined by the number of issues placed on the ballot by each, except as otherwise provided in division (G) of this section. Such proportional division of cost shall be made only to the extent funds are available for such purpose from amounts appropriated by the general assembly to the secretary of state. If a primary election is also being conducted in the subdivision, the costs shall be apportioned as otherwise provided in this section.

(F) When a precinct is open during a general, primary, or
special election solely for the purpose of submitting to the voters a statewide ballot issue, the state shall bear the entire cost of the election in that precinct and shall reimburse the county for all expenses incurred in opening the precinct.

(G)(1) The state shall bear the entire cost of advertising in newspapers statewide ballot issues, explanations of those issues, and arguments for or against those issues, as required by Section 1g of Article II and Section 1 of Article XVI, Ohio Constitution, and any other section of law. Appropriations made to the controlling board shall be used to reimburse the secretary of state for all expenses the secretary of state incurs for such advertising under division (G) of section 3505.062 of the Revised Code.

(2) There is hereby created in the state treasury the statewide ballot advertising fund. The fund shall receive transfers approved by the controlling board, and shall be used by the secretary of state to pay the costs of advertising state ballot issues as required under division (G)(1) of this section. Any such transfers may be requested from and approved by the controlling board prior to placing the advertising, in order to facilitate timely provision of the required advertising.

(H) The cost of renting, heating, and lighting registration places; the cost of the necessary books, forms, and supplies for the conduct of registration; and the cost of printing and posting precinct registration lists shall be charged to the subdivision in which such registration is held.

(I) At the request of a majority of the members of the board of elections, the board of county commissioners may, by resolution, establish an elections revenue fund. Except as otherwise provided in this division, the purpose of the fund shall be to accumulate revenue withheld by or paid to the county under this section for the payment of any expense related to the duties...
of the board of elections specified in section 3501.11 of the Revised Code, upon approval of a majority of the members of the board of elections. The fund shall not accumulate any revenue withheld by or paid to the county under this section for the compensation of the members of the board of elections or of the director, deputy director, or other regular employees in the board's offices, other than compensation for overtime worked.

Notwithstanding sections 5705.14, 5705.15, and 5705.16 of the Revised Code, the board of county commissioners may, by resolution, transfer money to the elections revenue fund from any other fund of the political subdivision from which such payments lawfully may be made. Following an affirmative vote of a majority of the members of the board of elections, the board of county commissioners may, by resolution, rescind an elections revenue fund established under this division. If an elections revenue fund is rescinded, money that has accumulated in the fund shall be transferred to the county general fund.

(J) As used in this section:

(1) "Political subdivision" and "subdivision" mean any board of county commissioners, board of township trustees, legislative authority of a municipal corporation, board of education, or any other board, commission, district, or authority that is empowered to levy taxes or permitted to receive the proceeds of a tax levy, regardless of whether the entity receives tax settlement moneys as described in division (A) of this section;

(2) "Statewide ballot issue" means any ballot issue, whether proposed by the general assembly or by initiative or referendum, that is submitted to the voters throughout the state.

Sec. 3505.13. A contract for the printing of ballots involving a cost in excess of ten thousand dollars shall not be let until after five days' notice published once in a leading
newspaper published of general circulation in the county or upon notice given by mail by the board of elections, addressed to the responsible printing offices within the state. Except as otherwise provided in this section, each bid for such printing must be accompanied by a bond with at least two sureties, or a surety company, satisfactory to the board, in a sum double the amount of the bid, conditioned upon the faithful performance of the contract for such printing as is awarded and for the payment as damages by such bidder to the board of any excess of cost over the bid which it may be obliged to pay for such work by reason of the failure of the bidder to complete the contract. No bid unaccompanied by such bond shall be considered by the board. The board may, however, waive the requirement that each bid be accompanied by a bond if the cost of the contract is ten thousand dollars or less. The contract shall be let to the lowest responsible bidder in the state. All ballots shall be printed within the state.

Sec. 3506.05. (A) As used in this section, except when used as part of the phrase "tabulating equipment" or "automatic tabulating equipment":

(1) "Equipment" means a voting machine, marking device, automatic tabulating equipment, or software.

(2) "Vendor" means the person that owns, manufactures, distributes, or has the legal right to control the use of equipment, or the person's agent.

(B) No voting machine, marking device, automatic tabulating equipment, or software for the purpose of casting or tabulating votes or for communications among systems involved in the tabulation, storage, or casting of votes shall be purchased, leased, put in use, or continued to be used, except for experimental use as provided in division (B) of section 3506.04 of the Revised Code, unless it, a manual of procedures governing its
use, and training materials, service, and other support arrangements have been certified by the secretary of state and unless the board of elections of each county where the equipment will be used has assured that a demonstration of the use of the equipment has been made available to all interested electors. The secretary of state shall appoint a board of voting machine examiners to examine and approve equipment and its related manuals and support arrangements. The board shall consist of four members, who shall be appointed as follows:

(1) Two members appointed by the secretary of state.

(2) One member appointed by either the speaker of the house of representatives or the minority leader of the house of representatives, whichever is a member of the opposite political party from the one to which the secretary of state belongs.

(3) One member appointed by either the president of the senate or the minority leader of the senate, whichever is a member of the opposite political party from the one to which the secretary of state belongs.

In all cases of a tie vote or a disagreement in the board, if no decision can be arrived at, the board shall submit the matter in controversy to the secretary of state, who shall summarily decide the question, and the secretary of state's decision shall be final. Each member of the board shall be a competent and experienced election officer or a person who is knowledgeable about the operation of voting equipment and shall serve during the secretary of state's term. Any vacancy on the board shall be filled in the same manner as the original appointment. The secretary of state shall provide staffing assistance to the board, at the board's request.

For the member's service, each member of the board shall receive three hundred dollars per day for each combination of
marking device, tabulating equipment, and voting machine examined
and reported, but in no event shall a member receive more than six
hundred dollars to examine and report on any one marking device,
item of tabulating equipment, or voting machine. Each member of
the board shall be reimbursed for expenses the member incurs
during an examination or during the performance of any related
duties that may be required by the secretary of state.
Reimbursement of these expenses shall be made in accordance with,
and shall not exceed, the rates provided for under section 126.31
of the Revised Code.

Neither the secretary of state nor the board, nor any public
officer who participates in the authorization, examination,
testing, or purchase of equipment, shall have any pecuniary
interest in the equipment or any affiliation with the vendor.

(C)(1) A vendor who desires to have the secretary of state
certify equipment shall first submit the equipment, all current
related procedural manuals, and a current description of all
related support arrangements to the board of voting machine
examiners for examination, testing, and approval. The submission
shall be accompanied by a fee of eighteen two thousand four
hundred dollars and a detailed explanation of the construction and
method of operation of the equipment, a full statement of its
advantages, and a list of the patents and copyrights used in
operations essential to the processes of vote recording and
tabulating, vote storage, system security, and other crucial
operations of the equipment as may be determined by the board. An
additional fee, in an amount to be set by rules promulgated by the
board, may be imposed to pay for the costs of alternative testing
or testing by persons other than board members, record-keeping,
and other extraordinary costs incurred in the examination process.
Moneys not used shall be returned to the person or entity
submitting the equipment for examination.
(2) Fees collected by the secretary of state under this section shall be deposited into the state treasury to the credit of the board of voting machine examiners fund, which is hereby created. All moneys credited to this fund shall be used solely for the purpose of paying for the services and expenses of each member of the board or for other expenses incurred relating to the examination, testing, reporting, or certification of voting machine devices, the performance of any related duties as required by the secretary of state, or the reimbursement of any person submitting an examination fee as provided in this chapter.

(D) Within sixty days after the submission of the equipment and payment of the fee, or as soon thereafter as is reasonably practicable, but in any event within not more than ninety days after the submission and payment, the board of voting machine examiners shall examine the equipment and file with the secretary of state a written report on the equipment with its recommendations and its determination or condition of approval regarding whether the equipment, manual, and other related materials or arrangements meet the criteria set forth in sections 3506.07 and 3506.10 of the Revised Code and can be safely used by the voters at elections under the conditions prescribed in Title XXXV of the Revised Code, or a written statement of reasons for which testing requires a longer period. The board may grant temporary approval for the purpose of allowing experimental use of equipment. If the board finds that the equipment meets the criteria set forth in sections 3506.06, 3506.07, and 3506.10 of the Revised Code, can be used safely and can be depended upon to record and count accurately and continuously the votes of electors, and has the capacity to be warranted, maintained, and serviced, it shall approve the equipment and recommend that the secretary of state certify the equipment. The secretary of state shall notify all boards of elections of any such certification. Equipment of the same model and make, if it provides for recording
of voter intent, system security, voter privacy, retention of vote, and communication of voting records in an identical manner, may then be adopted for use at elections.

(E) The vendor shall notify the secretary of state, who shall then notify the board of voting machine examiners, of any enhancement and any significant adjustment to the hardware or software that could result in a patent or copyright change or that significantly alters the methods of recording voter intent, system security, voter privacy, retention of the vote, communication of voting records, and connections between the system and other systems. The vendor shall provide the secretary of state with an updated operations manual for the equipment, and the secretary of state shall forward the manual to the board. Upon receiving such a notification and manual, the board may require the vendor to submit the equipment to an examination and test in order for the equipment to remain certified. The board or the secretary of state shall periodically examine, test, and inspect certified equipment to determine continued compliance with the requirements of this chapter and the initial certification. Any examination, test, or inspection conducted for the purpose of continuing certification of any equipment in which a significant problem has been uncovered or in which a record of continuing problems exists shall be performed pursuant to divisions (C) and (D) of this section, in the same manner as the examination, test, or inspection is performed for initial approval and certification.

(F) If, at any time after the certification of equipment, the board of voting machine examiners or the secretary of state is notified by a board of elections of any significant problem with the equipment or determines that the equipment fails to meet the requirements necessary for approval or continued compliance with the requirements of this chapter, or if the board of voting machine examiners determines that there are significant
enhancements or adjustments to the hardware or software, or if notice of such enhancements or adjustments has not been given as required by division (E) of this section, the secretary of state shall notify the users and vendors of that equipment that certification of the equipment may be withdrawn.

(G)(1) The notice given by the secretary of state under division (F) of this section shall be in writing and shall specify both of the following:

(a) The reasons why the certification may be withdrawn;

(b) The date on which certification will be withdrawn unless the vendor takes satisfactory corrective measures or explains why there are no problems with the equipment or why the enhancements or adjustments to the equipment are not significant.

(2) A vendor who receives a notice under division (F) of this section shall, within thirty days after receiving it, submit to the board of voting machine examiners in writing a description of the corrective measures taken and the date on which they were taken, or the explanation required under division (G)(1)(b) of this section.

(3) Not later than fifteen days after receiving a written description or explanation under division (G)(2) of this section from a vendor, the board shall determine whether the corrective measures taken or the explanation is satisfactory to allow continued certification of the equipment, and the secretary of state shall send the vendor a written notice of the board's determination, specifying the reasons for it. If the board has determined that the measures taken or the explanation given is unsatisfactory, the notice shall include the effective date of withdrawal of the certification. This date may be different from the date originally specified in division (G)(1)(b) of this section.
(4) A vendor who receives a notice under division (G)(3) of this section indicating a decision to withdraw certification may, within thirty days after receiving it, request in writing that the board hold a hearing to reconsider its decision. Any interested party shall be given the opportunity to submit testimony or documentation in support of or in opposition to the board's recommendation to withdraw certification. Failure of the vendor to take appropriate steps as described in division (G)(1)(b) or to comply with division (G)(2) of this section results in a waiver of the vendor's rights under division (G)(4) of this section.

(H)(1) The secretary of state, in consultation with the board of voting machine examiners, shall establish, by rule, guidelines for the approval, certification, and continued certification of the voting machines, marking devices, and tabulating equipment to be used under Title XXXV of the Revised Code. The guidelines shall establish procedures requiring vendors or computer software developers to place in escrow with an independent escrow agent approved by the secretary of state a copy of all source code and related documentation, together with periodic updates as they become known or available. The secretary of state shall require that the documentation include a system configuration and that the source code include all relevant program statements in low- or high-level languages. As used in this division, "source code" does not include variable codes created for specific elections.

(2) Nothing in any rule adopted under division (H) of this section shall be construed to limit the ability of the secretary of state to follow or adopt, or to preclude the secretary of state from following or adopting, any guidelines proposed by the federal election commission, any entity authorized by the federal election commission to propose guidelines, the election assistance commission, or any entity authorized by the election assistance commission to propose guidelines.
(3)(a) Before the initial certification of any direct recording electronic voting machine with a voter verified paper audit trail, and as a condition for the continued certification and use of those machines, the secretary of state shall establish, by rule, standards for the certification of those machines. Those standards shall include, but are not limited to, all of the following:

(i) A definition of a voter verified paper audit trail as a paper record of the voter's choices that is verified by the voter prior to the casting of the voter's ballot and that is securely retained by the board of elections;

(ii) Requirements that the voter verified paper audit trail shall not be retained by any voter and shall not contain individual voter information;

(iii) A prohibition against the production by any direct recording electronic voting machine of anything that legally could be removed by the voter from the polling place, such as a receipt or voter confirmation;

(iv) A requirement that paper used in producing a voter verified paper audit trail be sturdy, clean, and resistant to degradation;

(v) A requirement that the voter verified paper audit trail shall be capable of being optically scanned for the purpose of conducting a recount or other audit of the voting machine and shall be readable in a manner that makes the voter's ballot choices obvious to the voter without the use of computer or electronic codes;

(vi) A requirement, for office-type ballots, that the voter verified paper audit trail include the name of each candidate selected by the voter;

(vii) A requirement, for questions and issues ballots, that
the voter verified paper audit trail include the title of the question or issue, the name of the entity that placed the question or issue on the ballot, and the voter's ballot selection on that question or issue, but not the entire text of the question or issue.

(b) The secretary of state, by rule adopted under Chapter 119. of the Revised Code, may waive the requirement under division (H)(3)(a)(v) of this section, if the secretary of state determines that the requirement is cost prohibitive.

(4)(a) Except as otherwise provided in division (H)(4)(c) of this section, any voting machine, marking device, or automatic tabulating equipment initially certified or acquired on or after December 1, 2008, shall have the most recent federal certification number issued by the election assistance commission.

(b) Any voting machine, marking device, or automatic tabulating equipment certified for use in this state on the effective date of this amendment September 12, 2008, shall meet, as a condition of continued certification and use, the voting system standards adopted by the federal election commission in 2002.

(c) A county that acquires additional voting machines, marking devices, or automatic tabulating equipment on or after December 1, 2008, shall not be considered to have acquired those machines, devices, or equipment on or after December 1, 2008, for the purpose of division (H)(4)(a) of this section if all of the following apply:

(i) The voting machines, marking devices, or automatic tabulating equipment acquired are the same as the machines, devices, or equipment currently used in that county.

(ii) The acquisition of the voting machines, marking devices, or automatic tabulating equipment does not replace or change the
primary voting system used in that county.

(iii) The acquisition of the voting machines, marking devices, or automatic tabulating equipment is for the purpose of replacing inoperable machines, devices, or equipment or for the purpose providing additional machines, devices, or equipment required to meet the allocation requirements established pursuant to division (I) of section 3501.11 of the Revised Code.

Sec. 3521.04. Notwithstanding any provision of section 109.02 of the Revised Code to the contrary, the speaker of the house of representatives and the president of the senate jointly may choose to have the general assembly represented by either the attorney general or by private legal counsel in regard to any lawsuit challenging the constitutionality or legality of congressional districts established under this chapter.

Sec. 3701.021. (A) The public health council shall adopt, in accordance with Chapter 119. of the Revised Code, such rules as are necessary to carry out sections 3701.021 to 3701.0210 of the Revised Code, including, but not limited to, rules to establish the following:

(1) Medical and financial eligibility requirements for the program for medically handicapped children;

(2) Eligibility requirements for providers of services for medically handicapped children;

(3) Procedures to be followed by the department of health in disqualifying providers for violating requirements adopted under division (A)(2) of this section;

(4) Procedures to be used by the department regarding application for diagnostic services under division (B) of section 3701.023 of the Revised Code and payment for those services under division (E) of that section;
(5) Standards for the provision of service coordination by the department of health and city and general health districts;

(6) Procedures for the department to use to determine the amount to be paid annually by each county for services for medically handicapped children and to allow counties to retain funds under divisions (A)(2) and (3) of section 3701.024 of the Revised Code;

(7) Financial eligibility requirements for services for Ohio residents twenty-one years of age or older who have cystic fibrosis;

(8) Criteria for payment of approved providers who provide services for medically handicapped children;

(9) Criteria for the department to use in determining whether the payment of health insurance premiums of participants in the program for medically handicapped children is cost-effective;

(10) Procedures for appeal of denials of applications under divisions (A) and (D) of section 3701.023 of the Revised Code, disqualification of providers, and amounts paid for services;

(11) Terms of appointment for members of the medically handicapped children's medical advisory council created in section 3701.025 of the Revised Code;

(12) Eligibility requirements for the hemophilia program, including income and hardship requirements;

(13) If a manufacturer rebate or discount program is established under division (J) of section 3701.023 of the Revised Code, procedures for administering the program, including criteria and other requirements for participation in the program by manufacturers of drugs and nutritional formulas.

(B) The department of health shall develop a manual of operational procedures and guidelines for the program for...
medically handicapped children to implement sections 3701.021 to
3701.0210 of the Revised Code.

Sec. 3701.023. (A) The department of health shall review
applications for eligibility for the program for medically
handicapped children that are submitted to the department by city
and general health districts and physician providers approved in
accordance with division (C) of this section. The department shall
determine whether the applicants meet the medical and financial
eligibility requirements established by the public health council
pursuant to division (A)(1) of section 3701.021 of the Revised
Code, and by the department in the manual of operational
procedures and guidelines for the program for medically
handicapped children developed pursuant to division (B) of that
section. Referrals of potentially eligible children for the
program may be submitted to the department on behalf of the child
by parents, guardians, public health nurses, or any other
interested person. The department of health may designate other
agencies to refer applicants to the department of health.

(B) In accordance with the procedures established in rules
adopted under division (A)(4) of section 3701.021 of the Revised
Code, the department of health shall authorize a provider or
providers to provide to any Ohio resident under twenty-one years
of age, without charge to the resident or the resident's family
and without restriction as to the economic status of the resident
or the resident's family, diagnostic services necessary to
determine whether the resident has a medically handicapping or
potentially medically handicapping condition.

(C) The department of health shall review the applications of
health professionals, hospitals, medical equipment suppliers, and
other individuals, groups, or agencies that apply to become
providers. The department shall enter into a written agreement
with each applicant who is determined, pursuant to the
requirements set forth in rules adopted under division (A)(2) of
section 3701.021 of the Revised Code, to be eligible to be a
provider in accordance with the provider agreement required by the
medical assistance program established under section 5111.01 of
the Revised Code. No provider shall charge a medically handicapped
child or the child's parent or guardian for services authorized by
the department under division (B) or (D) of this section.

The department, in accordance with rules adopted under
division (A)(3) of section 3701.021 of the Revised Code, may
disqualify any provider from further participation in the program
for violating any requirement set forth in rules adopted under
division (A)(2) of that section. The disqualification shall not
take effect until a written notice, specifying the requirement
violated and describing the nature of the violation, has been
delivered to the provider and the department has afforded the
provider an opportunity to appeal the disqualification under
division (H) of this section.

(D) The department of health shall evaluate applications from
city and general health districts and approved physician providers
for authorization to provide treatment services, service
coordination, and related goods to children determined to be
eligible for the program for medically handicapped children
pursuant to division (A) of this section. The department shall
authorize necessary treatment services, service coordination, and
related goods for each eligible child in accordance with an
individual plan of treatment for the child. As an alternative, the
department may authorize payment of health insurance premiums on
behalf of eligible children when the department determines, in
accordance with criteria set forth in rules adopted under division
(A)(9) of section 3701.021 of the Revised Code, that payment of
the premiums is cost-effective.
(E) The department of health shall pay, from appropriations to the department, any necessary expenses, including but not limited to, expenses for diagnosis, treatment, service coordination, supportive services, transportation, and accessories and their upkeep, provided to medically handicapped children, provided that the provision of the goods or services is authorized by the department under division (B) or (D) of this section. Money appropriated to the department of health may also be expended for reasonable administrative costs incurred by the program. The department of health also may purchase liability insurance covering the provision of services under the program for medically handicapped children by physicians and other health care professionals.

Payments made to providers by the department of health pursuant to this division for inpatient hospital care, outpatient care, and all other medical assistance furnished to eligible recipients shall be made in accordance with rules adopted by the public health council pursuant to division (A) of section 3701.021 of the Revised Code.

The departments of health and job and family services shall jointly implement procedures to ensure that duplicate payments are not made under the program for medically handicapped children and the medical assistance program established under section 5111.01 of the Revised Code and to identify and recover duplicate payments.

(F) At the time of applying for participation in the program for medically handicapped children, a medically handicapped child or the child's parent or guardian shall disclose the identity of any third party against whom the child or the child's parent or guardian has or may have a right of recovery for goods and services provided under division (B) or (D) of this section. The department of health shall require a medically handicapped child
who receives services from the program or the child's parent or guardian to apply for all third-party benefits for which the child may be eligible and require the child, parent, or guardian to apply all third-party benefits received to the amount determined under division (E) of this section as the amount payable for goods and services authorized under division (B) or (D) of this section. The department is the payer of last resort and shall pay for authorized goods or services, up to the amount determined under division (E) of this section for the authorized goods or services, only to the extent that payment for the authorized goods or services is not made through third-party benefits. When a third party fails to act on an application or claim for benefits by a medically handicapped child or the child's parent or guardian, the department shall pay for the goods or services only after ninety days have elapsed since the date the child, parents, or guardians made an application or claim for all third-party benefits. Third-party benefits received shall be applied to the amount determined under division (E) of this section. Third-party payments for goods and services not authorized under division (B) or (D) of this section shall not be applied to payment amounts determined under division (E) of this section. Payment made by the department shall be considered payment in full of the amount determined under division (E) of this section. Medicaid payments for persons eligible for the medical assistance program established under section 5111.01 of the Revised Code shall be considered payment in full of the amount determined under division (E) of this section.

(G) The department of health shall administer a program to provide services to Ohio residents who are twenty-one or more years of age who have cystic fibrosis and who meet the eligibility requirements established by the rules of the public health council pursuant to division (A)(7) of section 3701.021 of the Revised Code, subject to all provisions of this section, but not subject
to section 3701.024 of the Revised Code.

   (H) The department of health shall provide for appeals, in
accordance with rules adopted under section 3701.021 of the
Revised Code, of denials of applications for the program for
medically handicapped children under division (A) or (D) of this
section, disqualification of providers, or amounts paid under
division (E) of this section. Appeals under this division are not
subject to Chapter 119. of the Revised Code.

   The department may designate ombudspersons to assist
medically handicapped children or their parents or guardians, upon
the request of the children, parents, or guardians, in filing
appeals under this division and to serve as children's, parents',
or guardians' advocates in matters pertaining to the
administration of the program for medically handicapped children
and eligibility for program services. The ombudspersons shall
receive no compensation but shall be reimbursed by the department,
in accordance with rules of the office of budget and management,
for their actual and necessary travel expenses incurred in the
performance of their duties.

   (I) The department of health, and city and general health
districts providing service coordination pursuant to division
(A)(2) of section 3701.024 of the Revised Code, shall provide
service coordination in accordance with the standards set forth in
the rules adopted under section 3701.021 of the Revised Code,
without charge, and without restriction as to economic status.

   (J) The department of health may establish a manufacturer
rebate or discount program under which it requires a manufacturer
of a drug or nutritional formula to enter into a rebate or
discount agreement with the department as a condition of having
the drug or nutritional formula covered by the programs
administered by the department's bureau for children with medical
handicaps. The program shall be administered in accordance with

If a public hearing is held, at least twenty days prior to the public hearing the board shall give written
notice of the hearing to each entity affected by the proposed fee. The notice shall be mailed to the last known address of each entity and shall specify the date, time, and place of the hearing and the amount of the proposed fee.

(D) If payment of a fee established under this section is not received by the day on which payment is due, the board of health shall assess a penalty. The amount of the penalty shall be equal to twenty-five per cent of the applicable fee.

(E) All rules adopted by a board of health under this section shall be adopted, recorded, and certified as are ordinances of municipal corporations and the record thereof shall be given in all courts the same effect as is given such ordinances, but the advertisements of such rules shall be by publication in one newspaper of general circulation within the health district. Publication shall be made once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code, and such rules shall take effect and be in force ten days from the date of the first publication.

Sec. 3709.21. The board of health of a general health district may make such orders and regulations as are necessary for its own government, for the public health, the prevention or restriction of disease, and the prevention, abatement, or suppression of nuisances. Such board may require that no human, animal, or household wastes from sanitary installations within the district be discharged into a storm sewer, open ditch, or watercourse without a permit therefor having been secured from the board under such terms as the board requires. All orders and regulations not for the government of the board, but intended for the general public, shall be adopted, recorded, and certified as are ordinances of municipal corporations and the record thereof shall be given in all courts the same effect as is given such ordinances, but the advertisements of such orders and regulations shall be by publication in one a newspaper published and of general circulation within the district. Publication shall be made once a week for two consecutive weeks or as provided in section
7.16 of the Revised Code, and such orders and regulations shall take effect and be in force ten days from the date of the first publication. Sec. 3709.34. (A) The board of county commissioners or the legislative authority of any city may furnish suitable quarters for any board of health or health department having jurisdiction over all or a major part of such county or that city.

(B)(1) Subject to division (B)(6) of this section, a board of county commissioners shall provide office space and utilities through fiscal year 2011 for the board of health having jurisdiction over the county's general health district. Thereafter, subject to division (B)(6) of this section, the board of county commissioners shall make payments as provided in division (B)(3) of this section for the office space and utilities until fiscal year 2016. Starting in fiscal year 2016, the board has no duty to provide the office space or utilities, or to make payments for the office space or utilities, for the board of health of the county's general health district.

(2)(a) Not later than the thirtieth day of September 2011, 2012, 2013, and 2014, the board of county commissioners shall make a written estimate of the total cost for the ensuing fiscal year to provide office space and utilities to the board of health of the county's general health district. The estimate of total cost shall include all of the following:

(i) The total square feet of space to be used by the board of health;

(b) The board of county commissioners shall forward a copy of the estimate of total cost to the director of the board of health not later than the fifth day of October 2011, 2012, 2013, and 2014. The director shall review the estimate and, not later than twenty days after its receipt, notify the board of county commissioners that the director agrees with the estimate, or objects to it giving specific reasons for the objections.

(c) If the director agrees with the estimate, it shall become the final estimate of total cost. Failure of the director to make objections to the estimate by the twentieth day after its receipt shall be deemed to mean that the director is in agreement with the estimate.

(d) If the director timely objects to the estimate and provides specific objections to the board of county commissioners, the board shall review the objections and may modify the original estimate and send a revised estimate of total cost to the director within ten days after receipt of the objections. The director
shall respond to a revised estimate within ten days after its receipt. If the director agrees with it, the revised estimate shall become the final estimate of total cost. If the director fails to respond within the ten-day period, the director shall be deemed to have agreed with the revised estimate. If the director disagrees with the revised estimate, the director shall send specific objections to the board of county commissioners within the ten-day period.

(e) If the director timely objected to the original estimate or sends specific objections to a revised estimate within the required time, or if there is no revised estimate, the probate judge of the county shall determine the final estimate of total cost and certify this amount to the director and the board of county commissioners before the first day of January 2012, 2013, 2014, or 2015, as applicable.

Beginning in fiscal year 2016, the board of county commissioners has no obligation to provide office space or utilities, or to make payments for office space or utilities, for the board of health.

(4) After fiscal year 2015, the board of county commissioners and the board of health of the county's general health district may enter into a contract for the board of county commissioners to provide office space for the use of the board of health and to provide utilities for that office space. The term of the contract shall not exceed four years and may be renewed for additional periods not to exceed four years.

(5) Notwithstanding divisions (B)(1) to (4) of this section, in any fiscal year the board of county commissioners, in its discretion, may provide office space and utilities for the board of health of the county's general health district free of charge.

(6) If the board of health of a general health district rents, leases, lease-purchases, or otherwise acquires office space to facilitate the performance of its functions, or constructs, enlarges, renovates, or otherwise modifies buildings or other structures to provide office space to facilitate the performance of its functions, the board of county commissioners of the county served by the general health district has no further obligation under division (B) of this section to provide office space or utilities, or to make payments for office space or utilities, for the board of health, unless the board of county commissioners enters into a contract with the board of health under division (B)(4) of this section, or exercises its option under division (B)(5) of this section.

by the board of health of the general or combined district, the
board of county commissioners may convey the property, buildings,
and furnishings to the board of health to be used as quarters by
the board of health. The instrument conveying the property,
buildings, and furnishings shall include a reverter clause that,
in the event the board of health subsequently sells the property,
buildings, and furnishings:

(A) Reverts the property, buildings, and furnishings to the
board of county commissioners if they initially were donated by
the board of county commissioners; or

(B) Specifies how the proceeds of the board of health's
subsequent sale of the property, buildings, and furnishings shall
be distributed, if they initially were sold by the board of county
commissioners.

Sec. 3721.02. (A) The director of health shall license homes
and establish procedures to be followed in inspecting and licensing homes. The director may inspect a home at any time. Each home shall be inspected by the director at least once prior to the issuance of a license and at least once every fifteen months thereafter. The state fire marshal or a township, municipal, or other legally constituted fire department approved by the marshal shall also inspect a home prior to issuance of a license, at least once every fifteen months thereafter, and at any other time requested by the director. A home does not have to be inspected prior to issuance of a license by the director, state fire marshal, or a fire department if ownership of the home is assigned or transferred to a different person and the home was licensed under this chapter immediately prior to the assignment or transfer. The director may enter at any time, for the purposes of investigation, any institution, residence, facility, or other structure that has been reported to the director or that the director has reasonable cause to believe is operating as a nursing home, residential care facility, or home for the aging without a valid license required by section 3721.05 of the Revised Code or, in the case of a county home or district home, is operating despite the revocation of its residential care facility license. The director may delegate the director's authority and duties under this chapter to any division, bureau, agency, or official of the department of health.

(B) A single facility may be licensed both as a nursing home pursuant to this chapter and as an adult care facility pursuant to Chapter 3722-5119. of the Revised Code if the director determines that the part or unit to be licensed as a nursing home can be maintained separate and discrete from the part or unit to be licensed as an adult care facility.

(C) In determining the number of residents in a home for the purpose of licensing, the director shall consider all the
individuals for whom the home provides accommodations as one group unless one of the following is the case:

(1) The home is a home for the aging, in which case all the individuals in the part or unit licensed as a nursing home shall be considered as one group, and all the individuals in the part or unit licensed as a rest home shall be considered as another group.

(2) The home is both a nursing home and an adult care facility. In that case, all the individuals in the part or unit licensed as a nursing home shall be considered as one group, and all the individuals in the part or unit licensed as an adult care facility shall be considered as another group.

(3) The home maintains, in addition to a nursing home or residential care facility, a separate and discrete part or unit that provides accommodations to individuals who do not require or receive skilled nursing care and do not receive personal care services from the home, in which case the individuals in the separate and discrete part or unit shall not be considered in determining the number of residents in the home if the separate and discrete part or unit is in compliance with the Ohio basic building code established by the board of building standards under Chapters 3781. and 3791. of the Revised Code and the home permits the director, on request, to inspect the separate and discrete part or unit and speak with the individuals residing there, if they consent, to determine whether the separate and discrete part or unit meets the requirements of this division.

(D)(1) The director of health shall charge the following application fee and annual renewal licensing and inspection fee for each fifty persons or part thereof of a home's licensed capacity:

(a) For state fiscal year 2010, two hundred twenty dollars;

(c) For each state fiscal year thereafter, three hundred twenty dollars.

(2) All fees collected by the director for the issuance or renewal of licenses shall be deposited into the state treasury to the credit of the general operations fund created in section 3701.83 of the Revised Code for use only in administering and enforcing this chapter and rules adopted under it.

(E)(1) Except as otherwise provided in this section, the results of an inspection or investigation of a home that is conducted under this section, including any statement of deficiencies and all findings and deficiencies cited in the statement on the basis of the inspection or investigation, shall be used solely to determine the home's compliance with this chapter or another chapter of the Revised Code in any action or proceeding other than an action commenced under division (I) of section 3721.17 of the Revised Code. Those results of an inspection or investigation, that statement of deficiencies, and the findings and deficiencies cited in that statement shall not be used in any court or in any action or proceeding that is pending in any court and are not admissible in evidence in any action or proceeding unless that action or proceeding is an appeal of an action by the department of health under this chapter or is an action by any department or agency of the state to enforce this chapter or another chapter of the Revised Code.

(2) Nothing in division (E)(1) of this section prohibits the results of an inspection or investigation conducted under this section from being used in a criminal investigation or prosecution.

**Sec. 3721.04.** (A) The public health council shall adopt and publish rules governing the operation of homes, which shall have uniform application throughout the state, and shall prescribe
standards for homes with respect to, but not limited to, the following matters:

(C) The following apply to the public health council when adopting rules under division (A)(2) of this section regarding the number and qualifications of personnel in homes:

or sites or in other facilities.

(V) "Temporary park-camp" means any tract of land used for a
period not to exceed a total of twenty-one days per calendar year
for the purpose of parking five or more recreational vehicles,
dependent recreational vehicles, or portable camping units, or any
combination thereof, for one or more periods of time that do not
exceed seven consecutive days or parts thereof.

(W) "Tract" means a contiguous area of land that consists of
one or more parcels, lots, or sites that have been separately
surveyed regardless of whether the individual parcels, lots, or
sites have been recorded and regardless of whether the one or more
parcels, lots, or sites are under common or different ownership.

Sec. 3733.41. As used in sections 3733.41 to 3733.49 of the
Revised Code:

(A) "Agricultural labor camp" means one or more buildings or
structures, trailers, tents, or vehicles, together with any land
appertaining thereto, established, operated, or used as temporary
living quarters for two or more families or five or more persons
intending to engage in or engaged in agriculture or related food
processing, whether occupancy is by rent, lease, or mutual
agreement. "Agricultural labor camp" does not include a hotel or
motel, or a trailer manufactured home park as defined and
regulated pursuant to sections 3733.01 4781.26 to 3733.08 4781.52 of the Revised Code, and rules adopted thereunder.

(B) "Board of health" means the board of health of a city or general health district or the authority having the duties of a board of health in any city as authorized by section 3709.05 of the Revised Code or an authorized representative of the board of health.

(C) "Director" means the director of the department of health or the director's authorized representative.

(D) "Licensor" means the director of health.

(E) "Person" means the state, any political subdivision, public or private corporation, partnership, association, trust, individual, or other entity.

(F) "Public health council" means the public health council as created by section 3701.33 of the Revised Code.

Sec. 3733.99. (A) Whoever violates division (A) of section 3733.08 of the Revised Code is guilty of a misdemeanor of the fourth degree.

(B) Whoever violates section 3733.30 of the Revised Code is guilty of a minor misdemeanor. Each day that such violation continues is a separate offense.

(C) Whoever violates section 3733.48 of the Revised Code is guilty of a minor misdemeanor.

Sec. 3734.02. (A) The director of environmental protection, in accordance with Chapter 119. of the Revised Code, shall adopt and may amend, suspend, or rescind rules having uniform application throughout the state governing solid waste facilities and the inspections of and issuance of permits and licenses for all solid waste facilities in order to ensure that the facilities...
will be located, maintained, and operated, and will undergo closure and post-closure care, in a sanitary manner so as not to create a nuisance, cause or contribute to water pollution, create a health hazard, or violate 40 C.F.R. 257.3-2 or 40 C.F.R. 257.3-8, as amended. The rules may include, without limitation, financial assurance requirements for closure and post-closure care and corrective action and requirements for taking corrective action in the event of the surface or subsurface discharge or migration of explosive gases or leachate from a solid waste facility, or of ground water contamination resulting from the transfer or disposal of solid wastes at a facility, beyond the boundaries of any area within a facility that is operating or is undergoing closure or post-closure care where solid wastes were disposed of or are being disposed of. The rules shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating solid waste facilities. The director, in accordance with Chapter 119. of the Revised Code, shall adopt and may amend, suspend, or rescind rules governing the issuance, modification, revocation, suspension, or denial of variances from the director's solid waste rules, including, without limitation, rules adopted under this chapter governing the management of scrap tires.

Variances shall be issued, modified, revoked, suspended, or rescinded in accordance with this division, rules adopted under it, and Chapter 3745. of the Revised Code. The director may order the person to whom a variance is issued to take such action within such time as the director may determine to be appropriate and reasonable to prevent the creation of a nuisance or a hazard to the public health or safety or the environment. Applications for variances shall contain such detail plans, specifications, and information regarding objectives, procedures, controls, and other pertinent data as the director may require. The director shall grant a variance only if the applicant demonstrates to the
director's satisfaction that construction and operation of the solid waste facility in the manner allowed by the variance and any terms or conditions imposed as part of the variance will not create a nuisance or a hazard to the public health or safety or the environment. In granting any variance, the director shall state the specific provision or provisions whose terms are to be varied and also shall state specific terms or conditions imposed upon the applicant in place of the provision or provisions. The director may hold a public hearing on an application for a variance or renewal of a variance at a location in the county where the operations that are the subject of the application for the variance are conducted. The director shall give not less than twenty days' notice of the hearing to the applicant by certified mail and shall publish at least one notice of the hearing in a newspaper with general circulation in the county where the hearing is to be held. The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing. Within ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal of a variance within six months of the date upon which the director receives a complete application with all pertinent information and data required. No variance shall be issued, revoked, modified, or denied until the director has considered the relative interests of the applicant, other persons and property affected by the variance, and the general public. Any variance granted under this division shall be for a period specified by the director and may be renewed from time to time on such terms and conditions as the director deems reasonable.
for such periods as the director determines to be appropriate. No application shall be denied and no variance shall be revoked or modified without a written order stating the findings upon which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail.

(B) The director shall prescribe and furnish the forms necessary to administer and enforce this chapter. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this chapter. The director may exercise all incidental powers necessary to carry out the purposes of this chapter.

The director may use moneys in the infectious waste management fund created in section 3734.021 of the Revised Code exclusively for administering and enforcing the provisions of this chapter governing the management of infectious wastes. Of each registration and renewal fee collected under rules adopted under division (A)(2)(a) of section 3734.021 or under section 3734.022 of the Revised Code, the director, within forty-five days of its receipt, shall remit from the fund one-half of the fee received to the board of health of the health district in which the registered premises is located, or, in the instance of an infectious wastes transporter, to the board of health of the health district in which the transporter's principal place of business is located. However, if the board of health having jurisdiction over a registrant's premises or principal place of business is not on the approved list under section 3734.08 of the Revised Code, the director shall not make that payment to the board of health.

(C) Except as provided in this division and divisions (N)(2) and (3) of this section, no person shall establish a new solid waste facility or infectious waste treatment facility, or modify an existing solid waste facility or infectious waste treatment...
facility, without submitting an application for a permit with
accompanying detail plans, specifications, and information
regarding the facility and method of operation and receiving a
permit issued by the director, except that no permit shall be
required under this division to install or operate a solid waste
facility for sewage sludge treatment or disposal when the
treatment or disposal is authorized by a current permit issued
under Chapter 3704. or 6111. of the Revised Code.

No person shall continue to operate a solid waste facility
for which the director has denied a permit for which an
application was required under division (A)(3) of section 3734.05
of the Revised Code, or for which the director has disapproved
plans and specifications required to be filed by an order issued
under division (A)(5) of that section, after the date prescribed
for commencement of closure of the facility in the order issued
under division (A)(6) of section 3734.05 of the Revised Code
denying the permit application or approval.

On and after the effective date of the rules adopted under
division (A) of this section and division (D) of section 3734.12
of the Revised Code governing solid waste transfer facilities, no
person shall establish a new, or modify an existing, solid waste
transfer facility without first submitting an application for a
permit with accompanying engineering detail plans, specifications,
and information regarding the facility and its method of operation
to the director and receiving a permit issued by the director.

No person shall establish a new compost facility or continue
to operate an existing compost facility that accepts exclusively
source separated yard wastes without submitting a completed
registration for the facility to the director in accordance with
rules adopted under divisions (A) and (N)(3) of this section.

This division does not apply to an infectious waste treatment
facility that meets any of the following conditions:
(1) Is owned or operated by the generator of the wastes and exclusively treats, by methods, techniques, and practices established by rules adopted under division (C)(1) or (3) of section 3734.021 of the Revised Code, wastes that are generated at any premises owned or operated by that generator regardless of whether the wastes are generated on the premises where the generator's treatment facility is located or, if the generator is a hospital as defined in section 3727.01 of the Revised Code, infectious wastes that are described in division (A)(1)(g), (h), or (i) of section 3734.021 of the Revised Code;

(2) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(3) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(b) Chapter 918. of the Revised Code;

(c) Chapter 953. of the Revised Code.

(D) Neither this chapter nor any rules adopted under it apply to single-family residential premises; to infectious wastes generated by individuals for purposes of their own care or treatment that are disposed of with solid wastes from the individual's residence; to the temporary storage of solid wastes, other than scrap tires, prior to their collection for disposal; to the storage of one hundred or fewer scrap tires unless they are stored in such a manner that, in the judgment of the director or the board of health of the health district in which the scrap tires are stored, the storage causes a nuisance, a hazard to public health or safety, or a fire hazard; or to the collection of solid wastes, other than scrap tires, by a political subdivision
or a person holding a franchise or license from a political
subdivision of the state; to composting, as defined in section
1511.01 of the Revised Code, conducted in accordance with section
1511.022 of the Revised Code; or to any person who is licensed to
transport raw rendering material to a compost facility pursuant to
section 953.23 of the Revised Code.

(E)(1) As used in this division:

(a) "On-site facility" means a facility that stores, treats,
or disposes of hazardous waste that is generated on the premises
of the facility.

(b) "Off-site facility" means a facility that stores, treats,
or disposes of hazardous waste that is generated off the premises
of the facility and includes such a facility that is also an
on-site facility.

(c) "Satellite facility" means any of the following:

(i) An on-site facility that also receives hazardous waste
from other premises owned by the same person who generates the
waste on the facility premises;

(ii) An off-site facility operated so that all of the
hazardous waste it receives is generated on one or more premises
owned by the person who owns the facility;

(iii) An on-site facility that also receives hazardous waste
that is transported uninterruptedly and directly to the facility
through a pipeline from a generator who is not the owner of the
facility.

(2) Except as provided in division (E)(3) of this section, no
person shall establish or operate a hazardous waste facility, or
use a solid waste facility for the storage, treatment, or disposal
of any hazardous waste, without a hazardous waste facility
installation and operation permit issued in accordance with
section 3734.05 of the Revised Code and subject to the payment of an application fee not to exceed one thousand five hundred dollars, payable upon application for a hazardous waste facility installation and operation permit and upon application for a renewal permit issued under division (H) of section 3734.05 of the Revised Code, to be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code. The term of a hazardous waste facility installation and operation permit shall not exceed ten years.

In addition to the application fee, there is hereby levied an annual permit fee to be paid by the permit holder upon the anniversaries of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits and to be credited to the hazardous waste facility management fund. Annual permit fees totaling forty thousand dollars or more for any one facility may be paid on a quarterly basis with the first quarterly payment each year being due on the anniversary of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits. The annual permit fee shall be determined for each permit holder by the director in accordance with the following schedule:

A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.

In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage and treatment. A facility using more than one method of storage,
treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119. of the Revised Code, the director shall adopt,
and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in accordance with this chapter;

(2) A facility in another state operating under a license or permit issued in accordance with the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended;

(3) A facility in another nation operating in accordance with the laws of that nation;

(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.

(G) The director, by order, may exempt any person generating,
collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119. of the Revised Code.

A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those portions of its existing lines; of the existing poles, towers,
foundations, or other structures sustaining or supporting its lines; or of the appurtenances to any such supporting or sustaining structure, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.

(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The director shall adopt, and may amend, suspend, or rescind, rules in
accordance with Chapter 119. of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) No owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes, other than those subject to division (A)(1)(c) of section 3734.021 of the Revised Code, that have not been treated to render them noninfectious. For the purposes of this division, certification by the owner or operator of the treatment facility where the wastes were treated on the shipping paper required by rules adopted under division (D)(2) of that section creates a rebuttable presumption that the wastes have been so treated.

(L) The director, in accordance with Chapter 119. of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste technologies, enforcement procedures, and rules;

(2) The course shall be offered on an annual basis;

(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;

(4) Persons who successfully complete the course shall be certified by the director;

(5) Certification shall be required for all employees of
boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1541. of the Revised Code, a state park purchase area established under section 1541.02 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the
United States department of the interior, located in this state, or any candidate area located in this state and identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility or proposed facility is or is to be used exclusively for the disposal of solid wastes generated within the park or recreation area and the director determines that the facility or proposed facility will not degrade any of the natural or cultural resources of the park or recreation area. The director shall not issue a variance under division (A) of this section and rules adopted under it, or issue an exemption order under division (G) of this section, that would authorize any such establishment or expansion of a solid waste facility within the boundaries of any such park or recreation area, state park purchase area, or candidate area, other than a solid waste facility exclusively for the disposal of solid wastes generated within the park or recreation area when the director determines that the facility will not degrade any of the natural or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section, other than those governing variances, do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. Those facilities are subject to and governed by rules adopted under sections 3734.70 to 3734.73 of the Revised Code, as applicable.

(2) Division (C) of this section does not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The establishment and modification of those facilities are subject to sections 3734.75 to 3734.78 and section 3734.81 of the Revised Code, as applicable.
The director may adopt, amend, suspend, or rescind rules under division (A) of this section creating an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1), (2)(a), (3), and (4) of section 3734.05 of the Revised Code to a solid waste compost facility.

Sec. 3734.05. (A)(1) Except as provided in divisions (A)(4), (8), and (9) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing solid waste facility shall procure a license under this division to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of
health or to the director, as appropriate, on or before the last
day of September of the year preceding that for which the license
is sought. In addition to the application fee prescribed in
division (A)(2) of this section, a person who submits an
application after that date shall pay an additional ten per cent
of the amount of the application fee for each week that the
application is late. Late payment fees accompanying an application
submitted to the board of health shall be credited to the special
fund of the health district created in division (B) of section
3734.06 of the Revised Code, and late payment fees accompanying an
application submitted to the director shall be credited to the
general revenue fund. A person who has received a license, upon
sale or disposition of a solid waste facility, and upon consent of
the board of health and the director, may have the license
transferred to another person. The board of health or the director
may include such terms and conditions in a license or revision to
a license as are appropriate to ensure compliance with this
chapter and rules adopted under it. The terms and conditions may
establish the authorized maximum daily waste receipts for the
facility. Limitations on maximum daily waste receipts shall be
specified in cubic yards of volume for the purpose of regulating
the design, construction, and operation of solid waste facilities.
Terms and conditions included in a license or revision to a
license by a board of health shall be consistent with, and pertain
only to the subjects addressed in, the rules adopted under
division (A) of section 3734.02 and division (D) of section
3734.12 of the Revised Code.

(2)(a) Except as provided in divisions (A)(2)(b), (8), and (9) of this section, each person proposing to open a new solid
waste facility or to modify an existing solid waste facility shall
submit an application for a permit with accompanying detail plans
and specifications to the environmental protection agency for
required approval under the rules adopted by the director pursuant
to division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code at least two hundred seventy days before proposed operation of the facility and shall concurrently make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the proposed facility is to be located.

(b) On and after the effective date of the rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, each person proposing to open a new solid waste transfer facility or to modify an existing solid waste transfer facility shall submit an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the environmental protection agency for required approval under those rules at least two hundred seventy days before commencing proposed operation of the facility and concurrently shall make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the facility is located or proposed.

(c) Each application for a permit under division (A)(2)(a) or (b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (A)(1) or (2) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code. If the application for an annual license is...
submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (A)(1), (2), (3), or (4), or (5) of section 3734.06 of the Revised Code.

(d) As used in divisions (A)(2)(d), (e), and (f) of this section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at a solid waste facility;

(iii) Any increase in the depth of excavation at a solid waste facility;

(iv) Any change in the technique of waste receipt or type of waste received at a solid waste facility that may endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code.

Not later than thirty-five forty-five days after submitting an application under division (A)(2)(a) or (b) of this section for a permit to open a new or modify an existing solid waste facility, the applicant, in conjunction with an officer or employee of the environmental protection agency, shall hold a public meeting on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the public meeting on the application, the applicant shall publish notice of the meeting in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is
published in the county, the applicant shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public meeting and a general description of the proposed new or modified facility. Not later than five days after publishing the notice, the applicant shall send by certified mail a copy of the notice and the date the notice was published to the director and the legislative authority of each municipal corporation, township, and county, and to the chief executive officer of each municipal corporation, in which the facility is or is proposed to be located. At the public meeting, the applicant shall provide information and describe the application and respond to comments or questions concerning the application, and the officer or employee of the agency shall describe the permit application process. At the public meeting, any person may submit written or oral comments on or objections to the application. Not more than thirty days after the public meeting, the applicant shall provide the director with a copy of a transcript of the full meeting, copies of any exhibits, displays, or other materials presented by the applicant at the meeting, and the original copy of any written comments submitted at the meeting.

(e) Except as provided in division (A)(2)(f) of this section, prior to taking an action, other than a proposed or final denial, upon an application submitted under division (A)(2)(a) of this section for a permit to open a new or modify an existing solid waste facility, the director shall hold a public information session and a public hearing on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. If the application is for a permit to open a new solid waste facility, the director shall hold the hearing not less than fourteen days after the information session. If the application is for a permit to modify an existing solid waste facility, the director may hold
both the information session and the hearing on the same day unless any individual affected by the application requests in writing that the information session and the hearing not be held on the same day, in which case the director shall hold the hearing not less than fourteen days after the information session. The director shall publish notice of the public information session or public hearing not less than thirty days before holding the information session or hearing, as applicable. The notice shall be published in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the information session or hearing, as applicable, and a general description of the proposed new or modified facility. At the public information session, an officer or employee of the environmental protection agency shall describe the status of the permit application and be available to respond to comments or questions concerning the application. At the public hearing, any person may submit written or oral comments on or objections to the approval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the information session and public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the information session and hearing.

(f) The solid waste management policy committee of a county or joint solid waste management district may adopt a resolution requesting expeditious consideration of a specific application submitted under division (A)(2)(a) of this section for a permit to modify an existing solid waste facility within the district. The
resolution shall make the finding that expedited consideration of the application without the public information session and public hearing under division (A)(2)(e) of this section is in the public interest and will not endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code. Upon receiving such a resolution, the director, at the director's discretion, may issue a final action upon the application without holding a public information session or public hearing pursuant to division (A)(2)(e) of this section.

(3) Except as provided in division (A)(10) of this section, and unless the owner or operator of any solid waste facility, other than a solid waste transfer facility or a compost facility that accepts exclusively source separated yard wastes, that commenced operation on or before July 1, 1968, has obtained an exemption from the requirements of division (A)(3) of this section in accordance with division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code in accordance with the following schedule:

   (a) Not later than September 24, 1988, if the facility is located in the city of Garfield Heights or Parma in Cuyahoga county;

   (b) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or Vinton county;

   (c) Not later than March 24, 1989, if the facility is located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn or
Cuyahoga Heights in Cuyahoga county;

(d) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Garfield Heights, Parma, Brooklyn, and Cuyahoga Heights;

(e) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(f) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (A)(3)(a) to (e) of this section;

(g) Notwithstanding divisions (A)(3)(a) to (f) of this section, not later than December 31, 1990, if the facility is a solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated and if the facility disposes of more than one hundred thousand tons of solid wastes per year, provided that any such facility shall be subject to division (A)(5) of this section.

(4) Except as provided in divisions (A)(8), (9), and (10) of this section, unless the owner or operator of any solid waste facility for which a permit was issued after July 1, 1968, but before January 1, 1980, has obtained an exemption from the requirements of division (A)(4) of this section under division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under those rules.
(5) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of a solid waste facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(6) The director shall act upon an application submitted under division (A)(3) or (4) of this section and any updated engineering plans, specifications, and information submitted under division (A)(5) of this section within one hundred eighty days after receiving them. If the director denies any such permit application, the order denying the application or disapproving the plans shall include the requirements that the owner or operator submit a plan for closure and post-closure care of the facility to the director for approval within six months after issuance of the order, cease accepting solid wastes for disposal or transfer at the facility, and commence closure of the facility not later than one year after issuance of the order. If the director determines that closure of the facility within that one-year period would result in the unavailability of sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of denial or disapproval may postpone...
commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(6) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(7) If the director determines that standards more stringent than those applicable in rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are necessary to ensure that a solid waste facility constructed at the proposed location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued, the director shall state in the order issuing it the specific findings supporting each such term or condition.

(8) Divisions (A)(1), (2)(a), (3), and (4) of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered...
under division (C) of section 3734.02 of the Revised Code or,
unless otherwise provided in rules adopted under division (N)(3)
of section 3734.02 of the Revised Code, to a solid waste compost
facility if the director has adopted rules establishing an
alternative system for authorizing the establishment, operation,
or modification of a solid waste compost facility under that
division.

(9) Divisions (A)(1) to (7) of this section do not apply to
scrap tire collection, storage, monocell, monofill, and recovery
facilities. The approval of plans and specifications, as
applicable, and the issuance of registration certificates,
permits, and licenses for those facilities are subject to sections
3734.75 to 3734.78 of the Revised Code, as applicable, and section
3734.81 of the Revised Code.

(10) Divisions (A)(3) and (4) of this section do not apply to
a solid waste incinerator that was placed into operation on or
before October 12, 1994, and that is not authorized to accept and
treat infectious wastes pursuant to division (B) of this section.

(B)(1) Each person who is engaged in the business of treating
infectious wastes for profit at a treatment facility located off
the premises where the wastes are generated that is in operation
on August 10, 1988, and who proposes to continue operating the
facility shall submit to the board of health of the health
district in which the facility is located an application for a
license to operate the facility.

Thereafter, no person shall operate or maintain an infectious
waste treatment facility without a license issued by the board of
health of the health district in which the facility is located or
by the director when the health district in which the facility is
located is not on the approved list under section 3734.08 of the
Revised Code.
(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to section 3734.021 of the Revised Code.
hundred seventy days before proposed operation of the facility and
concurrently shall make application for a license with the board
of health of the health district in which the facility is or is
proposed to be located. Not later than ninety days after receiving
a completed application under division (B)(2)(b) of this section
for a permit to open a new infectious waste treatment facility or
modify an existing infectious waste treatment facility to expand
its treatment capacity, or receiving a completed application under
division (A)(2)(a) of this section for a permit to open a new
solid waste incineration facility, or modify an existing solid
waste incineration facility to also treat infectious wastes or to
increase its infectious waste treatment capacity, that pertains to
a facility for which a notation authorizing infectious waste
treatment is included or proposed to be included in the solid
waste incineration facility's license pursuant to division (B)(3)
of this section, the director shall hold a public hearing on the
application within the county in which the new or modified
infectious waste or solid waste facility is or is proposed to be
located or within a contiguous county. Not less than thirty days
before holding the public hearing on the application, the director
shall publish notice of the hearing in each newspaper that has
general circulation and that is published in the county in which
the facility is or is proposed to be located. If there is no
newspaper that has general circulation and that is published in
the county, the director shall publish the notice in a newspaper
of general circulation in the county. The notice shall contain the
date, time, and location of the public hearing and a general
description of the proposed new or modified facility. At the
public hearing, any person may submit written or oral comments on
or objections to the approval or disapproval of the application.
The applicant, or a representative of the applicant who has
knowledge of the location, construction, and operation of the
facility, shall attend the public hearing to respond to comments
or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the hearing.

(c) Each application for a permit under division (B)(2)(b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (B)(2)(a) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (C) of section 3734.06 of the Revised Code.

(d) The owner or operator of any infectious waste treatment facility that commenced operation on or before July 1, 1968, shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code in accordance with the following schedule:

(i) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or Vinton county;

(ii) Not later than March 24, 1989, if the facility is located in any other county.
located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn, Cuyahoga Heights, or Parma in Cuyahoga county;

(iii) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Brooklyn, Cuyahoga Heights, and Parma;

(iv) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(v) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (B)(2)(d)(i) to (iv) of this section.

The owner or operator of an infectious waste treatment facility required to submit a permit application under division (B)(2)(d) of this section is not required to pay any permit application fee under division (B)(2)(c) of this section, or permit fee under division (Q) of section 3745.11 of the Revised Code, with respect thereto unless the owner or operator also proposes to modify the facility.

(e) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated
engineering detail plans, specifications, and information to the
director within one hundred eighty days after the effective date
of the order.

(f) The director shall act upon an application submitted
under division (B)(2)(d) of this section and any updated
ing工程ing plans, specifications, and information submitted under
division (B)(2)(e) of this section within one hundred eighty days
after receiving them. If the director denies any such permit
application or disapproves any such updated engineering plans,
specifications, and information, the director shall include in the
order denying the application or disapproving the plans the
requirement that the owner or operator cease accepting infectious
wastes for treatment at the facility.

(3) Division (B) of this section does not apply to an
infectious waste treatment facility that meets any of the
following conditions:

(a) Is owned or operated by the generator of the wastes and
exclusively treats, by methods, techniques, and practices
established by rules adopted under division (C)(1) or (3) of
section 3734.021 of the Revised Code, wastes that are generated at
any premises owned or operated by that generator regardless of
whether the wastes are generated on the same premises where the
generator's treatment facility is located or, if the generator is
a hospital as defined in section 3727.01 of the Revised Code,
infectious wastes that are described in division (A)(1)(g), (h),
or (i) of section 3734.021 of the Revised Code;

(b) Holds a license or renewal of a license to operate a
crematory facility issued under Chapter 4717. and a permit issued
under Chapter 3704. of the Revised Code;

(c) Treats or disposes of dead animals or parts thereof, or
the blood of animals, and is subject to any of the following:

(ii) Chapter 918. of the Revised Code;

(iii) Chapter 953. of the Revised Code.

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

On and after the effective date of the amendments to the rules adopted under division (C)(2) of section 3734.021 of the Revised Code that are required by Section 6 of Substitute House Bill No. 98 of the 120th General Assembly, the director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in the required amendments to those rules.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located of the submission of
the application within ten days after the submission or at such 62931
earlier time as the director may establish by rule. If the 62932
application is for a proposed new hazardous waste disposal or 62933
thermal treatment facility, the applicant also shall give actual 62934
notice of the general design and purpose of the facility to the 62935
legislative authority of each municipal corporation, township, and 62936
county in which the facility is proposed to be located at least 62937
ninety days before the permit application is submitted to the 62938
environmental protection agency.

In accordance with rules adopted under section 3734.12 of the 62939
Revised Code, prior to the submission of a complete application 62940
for a hazardous waste facility installation and operation permit, 62941
the applicant shall hold at least one meeting in the township or 62942
municipal corporation in which the facility is proposed to be 62943
located, whichever is geographically closer to the proposed 62944
location of the facility. The meeting shall be open to the public 62945
and shall be held to inform the community of the proposed 62946
hazardous waste management activities and to solicit questions 62947
from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised 62948
Code, upon receipt of a complete application for a hazardous waste 62949
facility installation and operation permit under division (C) of 62950
this section, the director shall consider the application and 62951
accompanying information to determine whether the application 62952
complies with agency rules and the requirements of division (D)(2) 62953
of this section. After making a determination, the director shall 62954
issue either a draft permit or a notice of intent to deny the 62955
permit. The director, in accordance with rules adopted under 62956
section 3734.12 of the Revised Code or with rules adopted to 62957
implement Chapter 3745. of the Revised Code, shall provide public 62958
notice of the application and the draft permit or the notice of 62959
intent to deny the permit, provide an opportunity for public 62960
comments, and, if significant interest is shown, schedule a public meeting in the county in which the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:

(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;

(b) That the facility complies with the director's hazardous waste standards adopted pursuant to section 3734.12 of the Revised Code;

(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;

(d) That the facility represents the minimum risk of all of the following:

(i) Fires or explosions from treatment, storage, or disposal methods;

(ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;

(iii) Adverse impact on the public health and safety.

(e) That the facility will comply with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them;

(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from...
which the person may influence the installation and operation of the facility has been involved in any prior activity involving transportation, treatment, storage, or disposal of hazardous waste, that person has a history of compliance with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them, the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of other states if any such prior operation was located in another state that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under the applicable provisions of this chapter and Chapters 3704. and 6111. of the Revised Code, the applicable rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility. For off-site facilities, as defined in section 3734.41 of the Revised Code, the director may use the investigative reports of the attorney general prepared pursuant to section 3734.42 of the Revised Code as a basis for making a finding and determination under division (D)(2)(f) of this section.

(g) That the active areas within a new hazardous waste facility where acute hazardous waste as listed in 40 C.F.R. 261.33 (e), as amended, or organic waste that is toxic and is listed under 40 C.F.R. 261, as amended, is being stored, treated, or disposed of and where the aggregate of the storage design capacity and the disposal design capacity of all hazardous waste in those areas is greater than two hundred fifty thousand gallons, are not located or operated within any of the following:

(i) Two thousand feet of any residence, school, hospital, jail, or prison;
(ii) Any naturally occurring wetland;

(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.

Division (D)(2)(g) of this section does not apply to the facility of any applicant who demonstrates to the director that the limitations specified in that division are not necessary because of the nature or volume of the waste and the manner of management applied, the facility will impose no substantial danger to the health and safety of persons occupying the structures listed in division (D)(2)(g)(i) of this section, and the facility is to be located or operated in an area where the proposed hazardous waste activities will not be incompatible with existing land uses in the area.

(h) That the facility will not be located within the boundaries of a state park established or dedicated under Chapter 1541. of the Revised Code, a state park purchase area established under section 1541.02 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility will be used exclusively for the storage of hazardous waste generated within the park or recreation area in conjunction with the operation of the park or recreation area. Division (D)(2)(h) of this section does not apply to the facility of any applicant for modification.
of a permit unless the modification application proposes to increase the land area included in the facility or to increase the quantity of hazardous waste that will be treated, stored, or disposed of at the facility.

(3) Not later than one hundred eighty days after the end of the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745. of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E) No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the construction or operation of a hazardous waste facility authorized by a hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any
plans, specifications, data, reports, records, manifests, or other
information required to be kept or submitted to the director by
this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation
permit issued under this section and who wishes to obtain a permit
renewal shall submit a completed application for an installation
and operation permit renewal and any necessary accompanying
general plans, detail plans, specifications, and such information
as the director may require to the director no later than one
hundred eighty days prior to the expiration date of the existing
permit or upon a later date prior to the expiration of the
existing permit if the permittee can demonstrate good cause for
the late submittal. The director shall consider the application
and accompanying information, inspection reports of the facility,
results of performance tests, a report regarding the facility's
compliance or noncompliance with the terms and conditions of its
permit and rules adopted by the director under this chapter, and
such other information as is relevant to the operation of the
facility and shall issue a draft renewal permit or a notice of
intent to deny the renewal permit. The director, in accordance
with rules adopted under this section or with rules adopted to
implement Chapter 3745. of the Revised Code, shall give public
notice of the application and draft renewal permit or notice of
intent to deny the renewal permit, provide for the opportunity for
public comments within a specified time period, schedule a public
meeting in the county in which the facility is located if
significant interest is shown, and give public notice of the
public meeting.

(2) Within sixty days after the public meeting or close of
the public comment period, the director, without prior hearing,
shall issue or deny the renewal permit in accordance with Chapter
3745. of the Revised Code. The director shall not issue a renewal
permit unless the director determines that the facility under the existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(I)(1) As used in this section, "modification" means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted
under division (K) of this section. Modifications classified as Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a modification that involves the transfer of a hazardous waste facility installation and operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the director or upon the written request of the permittee only if any of the following applies:

(a) The permittee desires to accomplish alterations, additions, or deletions to the permitted facility or to undertake alterations, additions, deletions, or activities that are inconsistent with or not authorized by the existing permit;

(b) New information or data justify permit conditions in addition to or different from those in the existing permit;

(c) The standards, criteria, or rules upon which the existing
permit is based have been changed by new, amended, or rescinded standards, criteria, or rules, or by judicial decision after the existing permit was issued, and the change justifies permit conditions in addition to or different from those in the existing permit;

(d) The permittee proposes to transfer the permit to another person.

(3) The director shall approve or disapprove an application for a modification in accordance with division (D)(2) of this section and rules adopted under division (K) of this section for all of the following categories of Class 3 modifications:

(a) Authority to conduct treatment, storage, or disposal at a site, location, or tract of land that has not been authorized for the proposed category of treatment, storage, or disposal activity by the facility's permit;

(b) Modification or addition of a hazardous waste management unit, as defined in rules adopted under section 3734.12 of the Revised Code, that results in an increase in a facility's storage capacity of more than twenty-five per cent over the capacity authorized by the facility's permit, an increase in a facility's treatment rate of more than twenty-five per cent over the rate so authorized, or an increase in a facility's disposal capacity over the capacity so authorized. The authorized disposal capacity for a facility shall be calculated from the approved design plans for the disposal units at that facility. In no case during a five-year period shall a facility's storage capacity or treatment rate be modified to increase by more than twenty-five per cent in the aggregate without the director's approval in accordance with division (D)(2) of this section. Notwithstanding any provision of division (I) of this section to the contrary, a request for modification of a facility's annual total waste receipt limit shall be classified and approved or disapproved by the director;
under division (I)(5) of this section.

(c) Authority to add any of the following categories of regulated activities not previously authorized at a facility by the facility's permit: storage at a facility not previously authorized to store hazardous waste, treatment at a facility not previously authorized to treat hazardous waste, or disposal at a facility not previously authorized to dispose of hazardous waste; or authority to add a category of hazardous waste management unit not previously authorized at the facility by the facility's permit. Notwithstanding any provision of division (I) of this section to the contrary, a request for authority to add or to modify an activity or a hazardous waste management unit for the purposes of performing a corrective action shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(d) Authority to treat, store, or dispose of waste types listed or characterized as reactive or explosive, in rules adopted under section 3734.12 of the Revised Code, or any acute hazardous waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not previously authorized to treat, store, or dispose of those types of wastes by the facility's permit unless the requested authority is limited to wastes that no longer exhibit characteristics meeting the criteria for listing or characterization as reactive or explosive wastes, or for listing as acute hazardous waste, but still are required to carry those waste codes as established in rules adopted under section 3734.12 of the Revised Code because of the requirements established in 40 C.F.R. 261(a) and (e), as amended, that is, the "mixture," "derived-from," or "contained-in" regulations.

(4) A written request for a modification from the permittee shall be submitted to the director and shall contain such information as is necessary to support the request. Requests for
modifications shall be acted upon by the director in accordance with this section and rules adopted under it.

(5) Class 1 modification applications that require prior approval of the director, as provided in division (I)(1) of this section or as determined in accordance with rules adopted under division (K) of this section, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director in accordance with rules adopted under division (K) of this section. The board of county commissioners of the county, the board of township trustees of the township, and the city manager or mayor of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

As used in division (I) of this section:

(a) "Owner" means the person who owns a majority or controlling interest in a facility.

(b) "Operator" means the person who is responsible for the overall operation of a facility.

The director shall approve or disapprove an application for a Class 1 modification that requires the director's approval within sixty days after receiving the request for modification. The director shall approve or disapprove an application for a Class 2 modification within three hundred days after receiving the request for modification. The director shall approve or disapprove an application for a Class 3 modification within three hundred sixty-five days after receiving the request for modification.

(6) The approval or disapproval by the director of a Class 1 modification application is not a final action that is appealable.
under Chapter 3745. of the Revised Code. The approval or
disapproval by the director of a Class 2 modification or a Class 3
modification is a final action that is appealable under that
chapter. In approving or disapproving a request for a
modification, the director shall consider all comments pertaining
to the request that are received during the public comment period
and the public meetings. The administrative record for appeal of a
final action by the director in approving or disapproving a
request for a modification shall include all comments received
during the public comment period relating to the request for
modification, written materials submitted at the public meetings
relating to the request, and any other documents related to the
director's action.

(7) Notwithstanding any other provision of law to the
contrary, a change or alteration to a hazardous waste facility
described in division (E)(3)(a) or (b) of section 3734.02 of the
Revised Code, or its operations, is a modification for the
purposes of this section. An application for a modification at
such a facility shall be submitted, classified, and approved or
disapproved in accordance with divisions (I)(1) to (6) of this
section in the same manner as a modification to a hazardous waste
facility installation and operation permit.

(J)(1) Except as provided in division (J)(2) of this section,
an owner or operator of a hazardous waste facility that is
operating in accordance with a permit by rule under rules adopted
by the director under division (E)(3)(b) of section 3734.02 of the
Revised Code shall submit either a hazardous waste facility
installation and operation permit application for the facility or
a modification application, whichever is required under division
(J)(1)(a) or (b) of this section, within one hundred eighty days
after the director has requested the application or upon a later
date if the owner or operator demonstrates to the director good
cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.

(2) The owner or operator of a boiler or industrial furnace that is conducting thermal treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director
has requested the submission of the application or upon a later
date if the owner or operator demonstrates to the director good
cause for the late submittal. The application shall be accompanied
by information necessary to support the request. The director
shall approve or disapprove an application for a hazardous waste
facility installation and operation permit in accordance with
division (D) of this section and approve or disapprove an
application for a modification in accordance with division (I)(3)
of this section, except that the director shall not disapprove an
application for the thermal treatment activities on the basis of
the criteria set forth in division (D)(2)(g) or (h) of this
section.

(3) As used in division (J) of this section:

(a) "Modification application" means a request for a
modification submitted in accordance with division (I) of this
section.

(b) "Thermal treatment," "boiler," and "industrial furnace"
have the same meanings as in rules adopted under section 3734.12
of the Revised Code.

(K) The director shall adopt, and may amend, suspend, or
rescind, rules in accordance with Chapter 119. of the Revised Code
in order to implement divisions (H) and (I) of this section.
Except when in actual conflict with this section, rules governing
the classification of and procedures for the modification of
hazardous waste facility installation and operation permits shall
be substantively and procedurally identical to the regulations
governing hazardous waste facility permitting and permit
modifications adopted under the "Resource Conservation and
amended.

Sec. 3734.06. (A)(1) Except as provided in division divisions
(A)(2), (3), and (4), and (5) of this section and in section 3734.82 of the Revised Code, the annual fee for a solid waste facility license shall be in accordance with the following schedule:

<table>
<thead>
<tr>
<th>AUTHORIZED MAXIMUM DAILY WASTE RECEIPT (TONS)</th>
<th>ANNUAL LICENSE FEE</th>

For the purpose of determining the applicable license fee under divisions (A)(1) and (2), and (3) of this section, the authorized maximum daily waste receipt shall be the maximum amount of wastes the facility is authorized to receive daily that is established in the permit for the facility, and any modifications to that permit, issued under division (A)(2) or (3) of section 3734.05 of the Revised Code; the annual license for the facility, and any revisions to that license, issued under division (A)(1) of section 3734.05 of the Revised Code; the approved operating plan or operational report for which submission and approval are required by rules adopted by the director of environmental protection under section 3734.02 of the Revised Code; an order issued by the director as authorized by rule; or the updated engineering plans, specifications, and facility and operation information approved under division (A)(4) of section 3734.05 of the Revised Code. If no authorized maximum daily waste receipt is so established, the annual license fee is sixty thousand dollars under division (A)(1) of this section and thirty thousand dollars under divisions (A)(2) and (3) of this section.

The authorized maximum daily waste receipt set forth in any such document shall be stated in terms of cubic yards of volume.
for the purpose of regulating the design, construction, and operation of a solid waste facility. For the purpose of determining applicable license fees under this section, the authorized maximum daily waste receipt so stated shall be converted from cubic yards to tons as the unit of measurement based upon a conversion factor of three cubic yards per ton for compacted wastes generally and one cubic yard per ton for baled wastes.

(2) The annual license fee for a facility that is an incinerator facility is one-half the amount shown in division (A)(1) of this section. When a municipal corporation, county, or township owns and operates more than one incinerator within its boundaries, the municipal corporation, county, or township shall pay one fee for the licenses for all of its incinerators. The fee shall be determined on the basis of the aggregate maximum daily waste receipt for all the incinerators owned and operated by the municipal corporation, county, or township in an amount that is one-half the amount shown in division (A)(1) of this section.

(3) The annual fee for a solid waste compost facility license shall be in accordance with the following schedule:

The annual license fee for a solid waste facility, regardless of its authorized maximum daily waste receipt, is five thousand dollars for a facility meeting either of the following qualifications:

(a) The facility is owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated.

(b) The facility exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

The annual license fee for a facility that is a transfer facility is seven hundred fifty dollars.

The same fees shall apply to private operators and to the state and its political subdivisions and shall be paid within thirty days after issuance of a license. The fee includes the cost of licensing, all inspections, and other costs associated with the administration of the solid waste provisions of this chapter and rules adopted under them, excluding the provisions governing scrap tires. Each such license shall specify that it is conditioned upon payment of the applicable fee to the board of health or the director, as appropriate, within thirty days after issuance of the license.

The board of health shall retain two thousand five hundred dollars of each license fee collected by the board under
divisions (A)(1), (2), and (3), and (4) of this section or the entire amount of any such fee that is less than two thousand five hundred dollars. The moneys retained shall be paid into a special fund, which is hereby created in each health district, and used solely to administer and enforce the solid waste provisions of this chapter and the rules adopted under them, excluding the provisions governing scrap tires. The remainder of each license fee collected by the board shall be transmitted to the director within forty-five days after receipt of the fee. The director shall transmit these moneys to the treasurer of state to be credited to the general revenue fund. The board of health shall retain the entire amount of each fee collected under division (A)(4)(5) of this section, which moneys shall be paid into the special fund of the health district.

(C)(1) Except as provided in divisions (C)(2) and (3) of this section, the annual fee for an infectious waste treatment facility license shall be in accordance with the following schedule:

<table>
<thead>
<tr>
<th>AVERAGE DAILY WASTE RECEIPT (TONS)</th>
<th>ANNUAL LICENSE FEE</th>

For the purpose of determining the applicable license fee under divisions (C)(1) and (2) of this section, the average daily waste receipt shall be the average amount of infectious wastes the facility is authorized to receive daily that is established in the permit for the facility, and any modifications to that permit, issued under division (B)(2)(b) or (d) of section 3734.05 of the Revised Code; or the annual license for the facility, and any revisions to that license, issued under division (B)(2)(a) of
section 3734.05 of the Revised Code. If no average daily waste
receipt is so established, the annual license fee is sixty
thousand dollars under division (C)(1) of this section and thirty
thousand dollars under division (C)(2) of this section.

(2) The annual license fee for an infectious waste treatment
facility that is an incinerator is one-half the amount shown in
division (C)(1) of this section.

(3) Fees levied under divisions (C)(1) and (2) of this
section shall apply to private operators and to the state and its
political subdivisions and shall be paid within thirty days after
issuance of a license. The fee includes the cost of licensing, all
inspections, and other costs associated with the administration of
the infectious waste provisions of this chapter and rules adopted
under them. Each such license shall specify that it is conditioned
upon payment of the applicable fee to the board of health or the
director, as appropriate, within thirty days after issuance of the
license.

(4) The board of health shall retain two thousand five
hundred dollars of each license fee collected by the board under
divisions (C)(1) and (2) of this section. The moneys retained
shall be paid into a special infectious waste fund, which is
hereby created in each health district, and used solely to
administer and enforce the infectious waste provisions of this
chapter and the rules adopted under them. The remainder of each
license fee collected by the board shall be transmitted to the
director within forty-five days after receipt of the fee. The
director shall transmit these moneys to the treasurer of state to
be credited to the general revenue fund.

Sec. 3734.18. (A) As used in this section:

(1) "On-site facility" means a facility that treats or
disposes of hazardous waste that is generated on the premises of
the facility.

(2) "Off-site facility" means a facility that treats or disposes of hazardous waste that is generated off the premises of the facility.

(3) "Satellite facility" means any of the following:

(a) An on-site facility that also receives hazardous waste from other premises owned by the same person who generates the waste on the facility premises;

(b) An off-site facility operated so that all of the hazardous waste it receives is generated on one or more premises owned by the person who owns the facility;

(c) An on-site facility that also receives hazardous waste that is transported uninterruptedly and directly to the facility through a pipeline from a generator who is not the owner of the facility.

(B) A treatment or disposal facility that is subject to the fees that are levied under this section may be both an on-site facility and an off-site facility. The determination of whether an on-site facility fee or an off-site facility fee is to be paid for a hazardous waste that is treated or disposed of at the facility shall be based on whether that hazardous waste was generated on or off the premises of the facility.

(C) There are hereby levied fees on the disposal of hazardous waste to be collected according to the following schedule at each disposal facility to which a hazardous waste facility installation and operation permit or renewal of a permit has been issued under this chapter or that is operating in accordance with a permit by rule under rules adopted by the director of environmental protection:

(1) For disposal facilities that are off-site facilities,
fees shall be levied at the rate of four dollars and fifty cents
per ton for hazardous waste disposed of by deep well injection and
nine dollars per ton for hazardous waste disposed of by land
application or landfilling. The owner or operator of the facility,
as a trustee for the state, shall collect the fees and forward
them to the director in accordance with rules adopted under this
section.

(2) For disposal facilities that are on-site or satellite
cfacilities, fees shall be levied at the rate of two dollars per
ton for hazardous waste disposed of by deep well injection and
four dollars per ton for hazardous waste disposed of by land
application or landfilling. The maximum annual disposal fee for an
on-site disposal facility that disposes of one hundred thousand
tons or less of hazardous waste in a year is twenty-five thousand
dollars. The maximum annual disposal fee for an on-site facility
that disposes of more than one hundred thousand tons of hazardous
waste in a year by land application or landfilling is fifty
thousand dollars, and the maximum annual fee for an on-site
facility that disposes of more than one hundred thousand tons of
hazardous waste in a year by deep well injection is one hundred
thousand dollars. The maximum annual disposal fee for a satellite
facility that disposes of one hundred thousand tons or less of
hazardous waste in a year is thirty-seven thousand five hundred
dollars, and the maximum annual disposal fee for a satellite
facility that disposes of more than one hundred thousand tons of
hazardous waste in a year is seventy-five thousand dollars, except
that a satellite facility defined under division (A)(3)(b) of this
section that receives hazardous waste from a single generation
site is subject to the same maximum annual disposal fees as an
on-site disposal facility. The owner or operator shall pay the fee
to the director each year upon the anniversary of the date of
issuance of the owner's or operator's installation and operation
permit during the term of that permit and any renewal permit
issued under division (H) of section 3734.05 of the Revised Code or on the anniversary of the date of a permit by rule. If payment is late, the owner or operator shall pay an additional ten percent of the amount of the fee for each month that it is late.

(D) There are hereby levied fees at the rate of two dollars per ton on hazardous waste that is treated at treatment facilities that are not on-site or satellite facilities to which a hazardous waste facility installation and operation permit or renewal of a permit has been issued under this chapter, whose owner or operator is operating in accordance with a permit by rule under rules adopted by the director, or that are not subject to the hazardous waste facility installation and operation permit requirements under rules adopted by the director.

(E) There are hereby levied additional fees on the treatment and disposal of hazardous waste at the rate of ten per cent of the applicable fees prescribed in division (C) or (D) of this section for the purposes of paying the costs of municipal corporations and counties for conducting reviews of applications for hazardous waste facility installation and operation permits for proposed new or modified hazardous waste landfills within their boundaries, emergency response actions with respect to releases of hazardous waste from hazardous waste facilities within their boundaries, monitoring the operation of such hazardous waste facilities, and local waste management planning programs. The owner or operator of a facility located within a municipal corporation, as a trustee for the municipal corporation, shall collect the fees levied by this division and forward them to the treasurer of the municipal corporation or such officer as, by virtue of the charter, has the duties of the treasurer in accordance with rules adopted under this section. The owner or operator of a facility located in an unincorporated area, as a trustee of the county in which the facility is located, shall collect the fees levied by this
division and forward them to the county treasurer of that county in accordance with rules adopted under this section. The owner or operator shall pay the fees levied by this division to the treasurer or such other officer of the municipal corporation or to the county treasurer each year upon the anniversary of the date of issuance of the owner's or operator's installation and operation permit during the term of that permit and any renewal permit issued under division (H) of section 3734.05 of the Revised Code or on the anniversary of the date of a permit by rule or the date on which the facility became exempt from hazardous waste facility installation and operation permit requirements under rules adopted by the director. If payment is late, the owner or operator shall pay an additional ten per cent of the amount of the fee for each month that the payment is late.

Moneys received by a municipal corporation under this division shall be paid into a special fund of the municipal corporation and used exclusively for the purposes of conducting reviews of applications for hazardous waste facility installation and operation permits for new or modified hazardous waste landfills located or proposed within the municipal corporation, conducting emergency response actions with respect to releases of hazardous waste from facilities located within the municipal corporation, monitoring operation of such hazardous waste facilities, and conducting waste management planning programs within the municipal corporation through employees of the municipal corporation or pursuant to contracts entered into with persons or political subdivisions. Moneys received by a board of county commissioners under this division shall be paid into a special fund of the county and used exclusively for those purposes within the unincorporated area of the county through employees of the county or pursuant to contracts entered into with persons or political subdivisions.
As used in this section, "treatment" or "treated" does not include any method, technique, or process designed to recover energy or material resources from the waste or to render the waste amenable for recovery. The fees levied by division (D) of this section do not apply to hazardous waste that is treated and disposed of on the same premises or by the same person.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe any dates not specified in this section and procedures for collecting and forwarding the fees prescribed by this section and may prescribe other requirements that are necessary to carry out this section.

The director shall deposit the moneys collected under divisions (C) and (D) of this section into one or more minority banks, as "minority bank" is defined in division (F)(1) of section 135.04 of the Revised Code, to the credit of the hazardous waste facility management fund, which is hereby created in the state treasury, except that the director shall deposit to the credit of the underground injection control fund created in section 6111.046 of the Revised Code moneys in excess of fifty thousand dollars that are collected during a fiscal year under division (C)(2) of this section from the fee levied on the disposal of hazardous waste by deep well injection at an on-site disposal facility that disposes of more than one hundred thousand tons of hazardous waste in a year.

The environmental protection agency may use moneys in the hazardous waste facility management fund for administration of the hazardous waste program established under this chapter and, in accordance with this section, may request approval by the controlling board on an annual basis for that use on an annual basis. In addition, the agency may use and pledge moneys in that fund for repayment of and for interest on any loans made by the
Ohio water development authority to the agency for the hazardous waste program established under this chapter without the necessity of requesting approval by the controlling board, which use and pledge shall have priority over any other use of the moneys in the fund and for the purposes specified in sections 3734.19 to 3734.27 of the Revised Code.

Until September 28, 1996, the director also may use moneys in the fund to pay the start-up costs of administering Chapter 3746 of the Revised Code.

If moneys in the fund that the agency uses in accordance with this chapter are reimbursed by grants or other moneys from the United States government, the grants or other moneys shall be placed in the fund.

Before the agency makes any expenditure from the fund other than for repayment of and interest on any loan made by the Ohio water development authority to the agency in accordance with this section, the controlling board shall approve the expenditure.

Sec. 3734.19. (A) If the legislative or executive authority of a municipal corporation, county, or township has evidence to indicate that locations within its boundaries once served as hazardous waste facilities or that significant quantities of hazardous waste were disposed of in solid waste facilities within its boundaries, it may file a formal written request with the director of environmental protection, accompanied by supporting evidence, to survey the locations or facilities.

Upon receipt of a request and a review of the evidence submitted with the request, the director shall conduct an investigation to determine if hazardous waste was actually treated, stored, or disposed of at the locations or facilities and, if so, to determine the nature and approximate quantity and types of the waste treated, stored, or disposed of at the
particular locations or facilities. In addition, the director shall determine whether the locations or facilities, because of their present condition and the nature and quantities of waste treated, stored, or disposed of therein, result or are likely to result in air pollution, pollution of the waters of the state, or soil contamination or constitute a present or imminent and substantial threat to public health or safety. The director shall report the findings of the investigation to the municipal corporation, county, or township requesting the survey.

For the purpose of conducting investigations under this section, the director or his authorized representative may enter upon any public or private property. The director or his authorized representative may apply for, and any judge of a court of common pleas shall issue, an appropriate search warrant necessary to achieve the purposes of this section within the court's territorial jurisdiction. When conducting investigations under this section, the director shall cause no unnecessary damage to any property. The director may expend moneys from the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, or the environmental protection remediation fund created in section 3734.281 of the Revised Code for conducting investigations.

(B) As used in this section and in sections 3734.20, 3734.21, 3734.23, 3734.25, and 3734.26 of the Revised Code, "soil contamination" means the presence in or on the soil of any hazardous waste or hazardous waste residue resulting from the discharge, deposit, injection, dumping, spilling, leaking, emitting, or placing into or on the soil of hazardous waste or hazardous waste residue, or any material that when discharged, deposited, injected, dumped, spilled, leaked, emitted, or placed
into or on the soil becomes a hazardous waste, in any quantity or having any characteristics that are or threaten to be injurious to public health or safety, plant or animal life, or the environment or that unreasonably interfere with the comfortable enjoyment of life or property.

Sec. 3734.20. (A) If the director of environmental protection has reason to believe that hazardous waste was treated, stored, or disposed of at any location within the state, the director may conduct such investigations and make such inquiries, including obtaining samples and examining and copying records, as are reasonable or necessary to determine if conditions at a hazardous waste facility, solid waste facility, or other location where the director has reason to believe hazardous waste was treated, stored, or disposed of constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. The director or the director's authorized representative may apply for, and any judge of a court of common pleas shall issue, an appropriate search warrant necessary to achieve the purposes of this section within the court's territorial jurisdiction. The director may expend moneys from the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, or the environmental protection remediation fund created in section 3734.281 of the Revised Code for conducting investigations under this section.

(B) If the director determines that conditions at a hazardous waste facility, solid waste facility, or other location where hazardous waste was treated, stored, or disposed of constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or
water pollution or soil contamination, the director shall initiate appropriate action under this chapter or Chapter 3704. or 6111. of the Revised Code or seek any other appropriate legal or equitable remedies to abate the pollution or contamination or to protect public health or safety.

If an order of the director to abate or prevent air or water pollution or soil contamination or to remedy a threat to public health or safety caused by conditions at such a facility issued pursuant to this chapter or Chapter 3704. or 6111. of the Revised Code is not wholly complied with within the time prescribed in the order, the director may, through officers or employees of the environmental protection agency or through contractors employed for that purpose in accordance with the bidding procedure established in division (C) of section 3734.23 of the Revised Code, enter upon the facility and perform those measures necessary to abate or prevent air or water pollution or soil contamination from the facility or to protect public health or safety, including, but not limited to, measures prescribed in division (B) of section 3734.23 of the Revised Code. The director shall keep an itemized record of the cost of the investigation and measures performed, including costs for labor, materials, and any contract services required. Upon completion of the investigation or measures, the director shall record the cost of performing those measures at the office of the county recorder of the county in which the facility is located. The cost so recorded constitutes a lien against the property on which the facility is located until discharged. Upon written request of the director, the attorney general shall institute a civil action to recover the cost. Any moneys so received shall be credited to the hazardous waste facility management fund, the hazardous waste clean-up fund, or the environmental protection remediation fund, as applicable.

When entering upon a facility under this division, the...
director shall perform or cause to be performed only those measures necessary to abate or prevent air or water pollution or soil contamination caused by conditions at the facility or to abate threats to public health or safety caused by conditions at the facility. For this purpose the director may expend moneys from either the hazardous waste facility management fund, the hazardous waste clean-up fund, or the environmental protection remediation fund and may expend moneys from loans from the Ohio water development authority to the environmental protection agency that pledge moneys from either the hazardous waste facility management fund, the hazardous waste clean-up fund, or the environmental protection remediation fund for the repayment of and for the interest on such loans.

Sec. 3734.21. (A) The director of environmental protection may expend moneys credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code or the environmental protection remediation fund created in section 3734.281 of the Revised Code for the payment of the cost of measures necessary for the proper closure of hazardous waste facilities or any solid waste facilities containing significant quantities of hazardous waste, for the payment of costs of the development and construction of suitable hazardous waste facilities required by division (B) of section 3734.23 of the Revised Code to the extent the director determines that such facilities are not available, and for the payment of costs that are necessary to abate conditions thereon that are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination or that constitute a substantial threat to public health or safety. In addition, the director may expend and pledge moneys credited to either the hazardous waste facility management fund, the hazardous waste
clean-up fund, or the environmental protection remediation fund for repayment of and for interest on any loan made by the Ohio water development authority to the environmental protection agency for the payment of such costs.

(B) Before beginning to clean up any facility under this section, the director shall develop a plan for the cleanup and an estimate of the cost thereof. The plan shall include only those measures necessary to abate conditions thereon that are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination or that constitute a substantial threat to public health or safety, including, but not limited to, establishment and maintenance of an adequate cover of soil and vegetation on any facility for the burial of hazardous waste to prevent the infiltration of water into cells where hazardous waste is buried, the accumulation or runoff of contaminated surface water, the production of leachate, and air emissions of hazardous waste; the collection and treatment of contaminated surface water runoff; the collection and treatment of leachate; or, if conditions so require, the removal of hazardous waste from the facility and the treatment or disposal of the waste at a suitable hazardous waste facility. The plan or any part of the plan for the cleanup of the facility shall be carried out by entering into contracts therefor in accordance with the procedures established in division (C) of section 3734.23 of the Revised Code.

Sec. 3734.22. Before beginning to clean up any facility under section 3734.21 of the Revised Code, the director of environmental protection shall endeavor to enter into an agreement with the owner of the land on which the facility is located, or with the owner of the facility, specifying the measures to be performed and authorizing the director, employees of the agency, or contractors retained by the director to enter upon the land and perform the
specified measures.

Each agreement may contain provisions for the reimbursement of the state for the costs of the cleanup.

All reimbursements and payments shall be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, or the environmental protection remediation fund created in section 3734.281 of the Revised Code, as applicable.

The agreement may require the owner to execute an easement whereby the director, an authorized employee of the agency, or a contractor employed by the agency in accordance with the bidding procedure established in division (C) of section 3734.23 of the Revised Code may enter upon the facility to sample, repair, or reconstruct air and water quality monitoring equipment constructed under the agreement. Such easements shall be for a specified period of years and may be extinguished by agreement between the owner and the director. When necessary to protect the public health or safety, the agreement may require the owner to enter into an environmental covenant with the director in accordance with sections 5301.80 to 5301.92 of the Revised Code.

Upon a breach of the reimbursement provisions of the agreement by the owner of the land or facility, or upon notification to the director by the owner that the owner is unable to perform the duties under the reimbursement provisions of the agreement, the director may record the unreimbursed portion of the costs of cleanup at the office of the county recorder of the county in which the facility is located. The costs so recorded constitute a lien against the property on which the facility is located until discharged. Upon written request of the director, the attorney general shall institute a civil action to recover the unreimbursed portion of the costs of cleanup. Any moneys so
recovered shall be credited to the hazardous waste facility management fund, the hazardous waste clean-up fund, or the environmental protection remediation fund, as applicable.

Sec. 3734.23. (A) The director of environmental protection may acquire by purchase, gift, donation, contribution, or appropriation in accordance with sections 163.01 to 163.21 of the Revised Code any hazardous waste facility or any solid waste facility containing significant quantities of hazardous waste that, because of its condition and the types and quantities of hazardous waste contained in the facility, constitutes an imminent and substantial threat to public health or safety or results in air pollution, pollution of the waters of the state, or soil contamination. For this purpose and for the purposes of division (B) of this section, the director may expend moneys from the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, or the environmental protection remediation fund created in section 3734.281 of the Revised Code and may expend moneys from loans from the Ohio water development authority to the environmental protection agency that pledge moneys from either the hazardous waste facility management fund, the hazardous waste clean-up fund, or the environmental protection remediation fund for the repayment of and for the interest on such loans. Any lands or facilities purchased or acquired under this section shall be deeded to the state, but no deed shall be accepted or the purchase price paid until the title has been approved by the attorney general.

(B) The director shall, with respect to any land or facility acquired under this section or cleaned up under section 3734.20 of the Revised Code, perform closure or other measures necessary to abate conditions thereon that are causing or contributing to or threatening to cause or contribute to air or water pollution or

soil contamination or that constitute a substantial threat to public health or safety, including, but not limited to, establishment and maintenance of an adequate cover of soil and vegetation on any facility for the burial of hazardous waste to prevent the infiltration of water into cells where hazardous waste is buried, the accumulation or runoff of contaminated surface water, the production of leachate, and air emissions of hazardous waste; the collection and treatment of contaminated surface water runoff; the collection and treatment of leachate; or, if conditions so require, the removal of hazardous waste from the facility and the treatment or disposal of the waste at a suitable hazardous waste facility. After performing these measures, the director shall provide for the post-closure care, maintenance, and monitoring of facilities cleaned up under this section.

(C) Before proceeding to clean up any facility under this section or section 3734.20 or 3734.21 of the Revised Code, the director shall develop a plan for the cleanup of the facility and an estimate of the cost thereof. The director may carry out the plan or any part of the plan by contracting for the services, construction, and repair necessary therefor. The director shall award each such contract to the lowest responsible bidder after sealed bids therefor are received, opened, and published at the time fixed by the director and notice of the time and place at which the sealed bids will be received, opened, and published has been published by the director in a newspaper of general circulation in the county in which the facility to be cleaned up under the contract is located at least once within the ten days before the opening of the bids. However, if after advertising for bids for the contract, no bids are received by the director at the time and place fixed for receiving them, the director may advertise again for bids, or the director may, if the director considers the public interest will best be served thereby, enter into a contract for the cleanup of the facility without further
advertisement for bids. The director may reject any or all bids received and fix and publish again notice of the time and place at which bids for the contracts will be received, opened, and published.

(D) The director shall keep an itemized record of the costs of any acquisition under division (A) of this section and the costs of cleanup under division (B) of this section.

Sec. 3734.24. After the cleanup of a solid waste facility or a hazardous waste facility acquired and cleaned up under section 3734.23 of the Revised Code, the director of environmental protection may, if the facility is suitable for use by any other state department, agency, office, or institution and if the proposed use of the facility is compatible with the condition of the facility as cleaned up, transfer the facility to that state department, agency, office, or institution. The director shall continue to provide for the post-closure care, maintenance, and monitoring of any such cleaned-up facility as required by section 3734.23 of the Revised Code.

If the director determines that any facility so cleaned up is suitable, because of its condition as cleaned up, for restricted or unrestricted use, the director may, with the approval of the attorney general, sell the facility if the sale is advantageous to the state. Prior to selling the cleaned-up facility, the director shall, when necessary to protect public health or safety, enter into an environmental covenant in accordance with sections 5301.80 to 5301.92 of the Revised Code. When selling any such cleaned-up facility, the director shall retain the right to enter upon the facility, in person or by an authorized agent, to provide for the post-closure care, maintenance, and monitoring of the facility. The director shall provide for the post-closure care, maintenance, and monitoring of any such facility sold as required by section
3734.23 of the Revised Code.

With the approval of the attorney general, the director may grant easements or leases on any such cleaned-up facility if the director determines that the use of the facility under the easement or lease is compatible with its condition as cleaned up.

Any moneys derived from the sale of such cleaned-up facilities or from payments from easements or leases shall be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code, the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, or the environmental protection remediation fund created in section 3734.281 of the Revised Code, as applicable.

**Sec. 3734.25.** (A) The director of environmental protection may make grants of moneys from the hazardous waste facility management fund created in section 3734.18 of the Revised Code or the hazardous waste clean-up fund created in section 3734.28 of the Revised Code for payment by the state of up to two-thirds of the reasonable and necessary expenses incurred by a municipal corporation, county, or township for the proper closure of or abatement of air or water pollution or soil contamination from a solid waste facility in which significant quantities of hazardous waste were disposed of and that the political subdivision owns and once operated.

(B) A municipal corporation, county, or township shall submit an application for a grant on forms provided by the director, together with detail plans and specifications indicating the measures to be performed, an itemized estimate of the project's cost, a description of the project's benefits, and such other information as the director prescribes. The plan for closure or abatement of air or water pollution or soil contamination may be prepared in consultation with the director or the board of health.
of the city or general health district in which the facility is located. The director may award the applicant a grant only if the director finds that the proposed measures will provide for the proper closure of the facility and will abate or prevent air or water pollution or soil contamination, including, but not limited to, those measures necessary or desirable to:

(1) In the case of a facility at which land burial of hazardous waste occurred, establish and maintain a suitable cover of soil and vegetation over the cells in which waste is buried in order to minimize erosion, the infiltration of surface water into the cells, the production of leachate, and the accumulation or runoff of contaminated surface waters and to prevent air emissions of hazardous waste from the facility;

(2) Collect and treat contaminated surface water runoff from the facility;

(3) Collect and treat leachate produced at the facility;

(4) Install test wells and other equipment or facilities to monitor the quality of surface waters receiving runoff from the facility or to monitor air emissions of hazardous waste from the facility;

(5) Regularly monitor and analyze surface water runoff from the facility, the quality of waters receiving the runoff, and ground water quality in the vicinity of the facility, and regularly monitor leachate collection and treatment systems installed under the grant and analyze samples from them;

(6) Remove and dispose of hazardous waste from the facility at a suitable hazardous waste disposal facility where necessary to protect public health or safety or to prevent or abate air or water pollution or soil contamination.

(C) The director shall determine the amount of the grant based upon the director's determination of what constitutes
reasonable and necessary expenses for the proper closure of the facility or for the prevention or elimination of air or water pollution or soil contamination from the facility. In making a grant, the director shall enter into a contract with the municipal corporation, county, or township that owns the facility to ensure that the moneys granted are used for the purposes of this section and that measures performed are properly done. The final payment under a grant may not be made until the director inspects and approves the completed cleanup.

The contract shall require the municipal corporation, county, or township to execute an easement whereby the director, an authorized employee of the agency, or a contractor employed by the director may enter upon the facility to sample, repair, or reconstruct air and water quality monitoring equipment constructed under the contract. Such easements shall be for a specified period of years and may be extinguished by agreement between the political subdivision and the director.

When necessary to protect public health or safety, the contract may require the municipal corporation, county, or township to enter into an environmental covenant with the director in accordance with sections 5301.80 to 5301.92 of the Revised Code.

Sec. 3734.26. (A) The director of environmental protection may make grants of moneys from the hazardous waste facility management fund created in section 3734.18 of the Revised Code or the hazardous waste clean-up fund created in section 3734.28 of the Revised Code to the owner, other than a political subdivision, of a solid waste facility in which significant quantities of hazardous waste were disposed of or a hazardous waste facility for up to fifty per cent of the cost of the reasonable and necessary expenses incurred for the proper closure of or abatement or
prevention of air or water pollution or soil contamination from the facility and for developing the land on which it was located for use in industry, commerce, distribution, or research.

The director shall not make grants to the owner of any land on which such facilities are located if the owner at any time owned or operated the facility located thereon for profit or in conjunction with any profit-making enterprise located in this state or to any person who at any time owned or operated a facility concerning which the director has taken action under section 3734.20, 3734.22, or 3734.23 of the Revised Code. However, the director may make grants under this section to any subsequent owner of the land, provided that the person has no affiliation with any person who owned or operated the facility located on the land for profit or in conjunction with any profit-making enterprise located in this state or who owned or operated a facility concerning which the director has taken action under section 3734.20, 3734.22, or 3734.23 of the Revised Code.

(B) The owner shall submit an application for a grant on forms furnished by the director, together with detail plans and specifications for the measures to be performed to close the facility properly or to abate or prevent air or water pollution or soil contamination from the facility, an itemized estimate of the project's cost, a description of the project's estimated benefits, and such other information as the director prescribes. The plan may be prepared in consultation with the director or with the board of health of the city or general health district in which the facility is located. The director may award the applicant a grant only after finding that the proposed measures will provide for the proper closure of the facility or will abate or prevent air or water pollution or soil contamination from the facility, including, but not limited to, those measures necessary or desirable to:
(1) In the case of a facility for the land burial of hazardous waste, establish and maintain a suitable cover of soil and vegetation over the cells in which waste is buried in order to minimize erosion, the infiltration of surface water into the cells, the production of leachate, and the accumulation or runoff of contaminated surface water and to prevent air emissions of hazardous waste from the facility;

(2) Collect and treat contaminated surface water runoff from the facility;

(3) Collect and treat leachate produced at the facility;

(4) Install test wells and other equipment or facilities to monitor the quality of surface waters receiving runoff from the facility or to monitor air emissions of hazardous waste from the facility;

(5) Regularly monitor and analyze surface water runoff from the facility, the quality of waters receiving the runoff, and ground water quality in the vicinity of the facility, and regularly monitor leachate collection and treatment systems installed under the grant and analyze samples from them;

(6) Remove and dispose of hazardous waste from the facility at a suitable hazardous waste disposal facility where necessary to protect public health or safety or to abate or prevent air or water pollution or soil contamination.

(C) The director shall determine the amount of the grant based upon the director's determination of what constitutes reasonable and necessary expenses for the proper closure of the facility or for the abatement or prevention of air or water pollution or soil contamination from the facility. The amount of the grant shall not exceed one-half of the total, as determined by the director, of what constitutes reasonable and necessary expenses actually incurred for the proper closure of or abatement
or prevention of air or water pollution or soil contamination from
the facility.

In making a grant, the director shall enter into a contract
for funding with each applicant awarded a grant to ensure that the
moneys granted are used for the purpose of this section and that
the measures performed are properly performed. The final payment
under a grant may not be made until the director inspects and
approves the completed cleanup and the plans for developing the
land for use in industry, commerce, distribution, or research.

Each contract for funding shall contain provisions for the
reimbursement of the state of a portion of the costs of the
cleanup that is commensurate with the increase in the market value
of the property attributable to the cleanup thereon, as determined
by appraisals made before and after cleanup in the manner stated
in the contract. For reimbursement of that portion, the contract
may include provisions for:

(1) Payment to the state of the share of the income derived
from the productive use of the land;

(2) Imposition of a lien in the amount of the increase in
fair market value payable upon the transfer or conveyance to a new
owner;

(3) Waiver of all reimbursement if the determination
discloses an increase in value that is insubstantial in comparison
to the benefits to the public from the abatement of threats to
public health or safety or from the abatement or prevention of
pollution or contamination, considering the applicant's share of
the cleanup cost.

All reimbursements and payments shall be credited to the
hazardous waste facility management fund or the hazardous waste
clean-up fund created in section 3734.28 of the Revised Code, as
applicable.
(D) The contract shall require the owner to execute an easement whereby the director, an authorized employee of the agency, or a contractor employed by the agency may enter upon the facility to sample, repair, or reconstruct air and water quality monitoring equipment constructed under the contract. Such easements shall be for a specified period of years and may be extinguished by agreement between the owner and the director. When necessary to protect the public health or safety, the contract may require the owner to enter into an environmental covenant with the director in accordance with sections 5301.80 to 5301.92 of the Revised Code.

(E) As used in this section, "commerce" includes, but is not limited to, agriculture, forestry, and housing.

Sec. 3734.27. Before making grants from the hazardous waste facility management fund created in section 3734.18 of the Revised Code or the hazardous waste clean-up fund created in section 3734.28 of the Revised Code, the director of environmental protection shall consider each project application submitted by a political subdivision under section 3734.25 of the Revised Code, each application submitted by the owner of a facility under section 3734.26 of the Revised Code, and each facility surveyed under section 3734.19 of the Revised Code and, based upon the feasibility, cost, and public benefits of restoring the particular land and the availability of federal or other financial assistance for restoration, establish priorities for awarding grants from the fund.

Sec. 3734.28. Except as otherwise provided in section 3734.281 and 3734.282 of the Revised Code, moneys collected under sections 3734.122, 3734.13, 3734.20, 3734.22, 3734.24, and 3734.26 of the Revised Code and under the "Comprehensive Environmental Response, Compensation, and Liability
Act of 1980," 94 Stat. 2767, 42 U.S.C.A. 9601, as amended, including moneys recovered under division (B)(1) of this section, shall be paid into the state treasury to the credit of the hazardous waste clean-up fund, which is hereby created. In addition, any moneys both of the following shall be credited to the fund:

(A) Moneys recovered for costs paid from the fund for activities described in divisions (A)(1) and (2) of section 3745.12 of the Revised Code shall be credited to the fund;

(B) Natural resource damage assessment costs recovered under any of the following:

(3) The Federal Water Pollution Control Act as defined in section 6111.01 of the Revised Code;

(4) Any other applicable federal or state law.

The environmental protection agency shall use the moneys in the fund for the purposes set forth in division (D) of section 3734.122, sections 3734.19, 3734.20, 3734.21, 3734.23, 3734.25, 3734.26, and 3734.27, divisions (A)(1) and (2) of section 3745.12, and Chapter 3746. of the Revised Code, including any related enforcement expenses. In addition, the agency shall use the moneys in the fund to pay the state's long-term operation and maintenance costs or matching share for actions taken under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," as amended. If those moneys are reimbursed by grants or other moneys from the United States or any other person, the moneys shall be placed in the fund and not in the general revenue fund.
The director of environmental protection may enter into contracts and grant agreements with federal, state, or local government agencies, nonprofit organizations, and colleges and universities for the purpose of carrying out the responsibilities of the environmental protection agency for which money may be expended from the fund.

Sec. 3734.282. All Except for natural resource damage assessment costs recovered by the state that are required by section 3734.28 of the Revised Code to be credited to the hazardous waste clean-up fund created in that section, all money collected by the state for natural resources damages under the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," 94 Stat. 2767, 42 U.S.C. 9601 et seq., as amended, the "Oil Pollution Act of 1990," 104 Stat. 484, 33 U.S.C. 2701 et seq., as amended, the "Clean Federal Water Pollution Control Act," 86 Stat. 862, 33 U.S.C. 1321, as amended defined in section 6111.01 of the Revised Code, or any other applicable federal or state law shall be paid into the state treasury to the credit of the natural resource damages fund, which is hereby created. The director of environmental protection shall use money in the fund only in accordance with the purposes of and the limitations on natural resources damages set forth in the "Comprehensive Environmental Response, Compensation, and Liability Act of 1980," as amended, the "Oil Pollution Act of 1990," as amended, the "Clean Federal Water Pollution Control Act," as amended, or another applicable federal or state law. All investment earnings of the fund shall be credited to the fund.

The director of environmental protection may enter into contracts and grant agreements with federal, state, or local government agencies, nonprofit organizations, and colleges and universities for the purpose of carrying out the director's responsibilities for which money may be expended from the fund.
Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) One dollar per ton on and after July 1, 2003, through June 30, 2012, one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and one-half of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional one dollar per ton on and after July 1, 2003, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the solid waste fund, which is hereby created. The environmental protection agency shall use money in the solid waste fund to pay the costs of administering and enforcing the laws pertaining to solid wastes, infectious wastes, and construction and demolition debris, including, without limitation, ground water evaluations related to solid wastes, infectious wastes, and construction and demolition debris, under this chapter and Chapter 3714. of the Revised Code and any rules adopted under them, providing compliance assistance to small businesses, and paying a share of the administrative costs of the environmental protection agency pursuant to section 3745.014 of the Revised Code.

(3) An additional one dollar two dollars and fifty cents per ton on and after July 1, 2005, through June 30, 2012, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional one dollar per ton on and after August 1, 2009, through June 30, 2012, the proceeds of which shall be
deposited in the state treasury to the credit of the environmental protection fund.

(5) An additional twenty-five cents per ton on and after August 1, 2009, through June 30, 2013, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 1515.14 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the
director of environmental protection each month a return
indicating the total tonnage of solid wastes received at the
facility during that month and the total amount of the fees
required to be collected under this division during that month. In
addition, the owner or operator of a solid waste disposal facility
shall indicate on the return the total tonnage of solid wastes
received from transfer facilities located in this state during
that month for which the fees were required to be collected by the
transfer facilities. The monthly returns shall be filed on a form
prescribed by the director. Not later than thirty days after the
last day of the month to which a return applies, the owner or
operator shall mail to the director the return for that month
together with the fees required to be collected under this
division during that month as indicated on the return or may
submit the return and fees electronically in a manner approved by
the director. If the return is filed and the amount of the fees
due is paid in a timely manner as required in this division, the
owner or operator may retain a discount of three-fourths of one
per cent of the total amount of the fees that are required to be
paid as indicated on the return.

The owner or operator may request an extension of not more
than thirty days for filing the return and remitting the fees,
provided that the owner or operator has submitted such a request
in writing to the director together with a detailed description of
why the extension is requested, the director has received the
request not later than the day on which the return is required to
be filed, and the director has approved the request. If the fees
are not remitted within thirty days after the last day of the
month to which the return applies or are not remitted by the last
day of an extension approved by the director, the owner or
operator shall not retain the three-fourths of one per cent
discount and shall pay an additional ten per cent of the amount of
the fees for each month that they are late. For purposes of
calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.
If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after the effective date of this amendment. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:
(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of
county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee
delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.
Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees.
or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section...
is amended or repealed, the fees in effect immediately prior to
the amendment or repeal shall continue to be collected until
collection of the amended fees commences or collection of the
repealed fees ceases, as applicable, as specified in this
division. In the case of a change in district composition, money
so received from the collection of the fees of the former
districts shall be divided among the resulting districts in
accordance with division (B) of section 343.012 of the Revised
Code and the agreements entered into under division (B) of section
343.01 of the Revised Code to establish the former and resulting
districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this
section establishing the times when newly established or amended
fees levied by a district are required to commence and the
collection of fees that have been amended or repealed is required
to cease, "fees" or "schedule of fees" includes, in addition to
fees levied under divisions (B)(1) to (3) of this section, those
levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a
municipal corporation or township of maintaining roads and other
public facilities and of providing emergency and other public
services, and compensating a municipal corporation or township for
reductions in real property tax revenues due to reductions in real
property valuations resulting from the location and operation of a
solid waste disposal facility within the municipal corporation or
township, a municipal corporation or township in which such a
solid waste disposal facility is located may levy a fee of not
more than twenty-five cents per ton on the disposal of solid
wastes at a solid waste disposal facility located within the
boundaries of the municipal corporation or township regardless of
where the wastes were generated.

The legislative authority of a municipal corporation or
township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a
premises where the wastes are generated;

(b) Are disposed of at facilities that exclusively dispose of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more regardless of whether the disposal facility is located on the premises owned by the generator where the wastes are generated.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge
elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are
causing or contributing to air or water pollution or soil
contamination. An order issued by the director of environmental
protection under division (D)(8) of this section shall include a
determination that the amount of the fees not received by a solid
waste management district as a result of the order will not
adversely impact the implementation and financing of the
district's approved solid waste management plan and any approved
amendments to the plan. Such an order is a final action of the
director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this
section shall be collected by the owner or operator of the solid
waste disposal facility where the wastes are disposed of as a
trustee for the county or joint district and municipal corporation
or township where the wastes are disposed of. Moneys from the fees
levied under division (B) of this section shall be forwarded to
the board of county commissioners or board of directors of the
district in accordance with rules adopted under division (H) of
this section. Moneys from the fees levied under division (C) of
this section shall be forwarded to the treasurer or such other
officer of the municipal corporation as, by virtue of the charter,
has the duties of the treasurer or to the fiscal officer of the
township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the
municipal corporation under division (E) of this section shall be
paid into the general fund of the municipal corporation. Moneys
received by the fiscal officer of the township under that division
shall be paid into the general fund of the township. The treasurer
or other officer of the municipal corporation or the township
fiscal officer, as appropriate, shall maintain separate records of
the moneys received from the fees levied under division (C) of
this section.

(G) Moneys received by the board of county commissioners or
board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted
or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in
the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be...
expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this section.

Sec. 3734.85. (A) On and after the effective date of the rules adopted under sections 3734.70, 3734.71, 3734.72, and 3734.73 of the Revised Code, the director of environmental protection may take action under this section to abate accumulations of scrap tires. If the director determines that an accumulation of scrap tires constitutes a danger to the public health or safety or to the environment, the director shall issue an order under section 3734.13 of the Revised Code to the person responsible for the accumulation of scrap tires directing that person, within one hundred twenty days after the issuance of the order, to remove the accumulation of scrap tires from the premises on which it is located and transport the tires to a scrap tire storage, monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code, to such a facility in another state operating in compliance with the laws of the state in which it is located, or to any other solid waste disposal facility in another state that is operating in compliance with the laws of that state. If the person responsible for causing the accumulation of scrap tires is a person different from the owner of the land on
which the accumulation is located, the director may issue such an order to the landowner.

If the director is unable to ascertain immediately the identity of the person responsible for causing the accumulation of scrap tires, the director shall examine the records of the applicable board of health and law enforcement agencies to ascertain that person's identity. Before initiating any enforcement or removal actions under this division against the owner of the land on which the accumulation is located, the director shall initiate any such actions against the person that the director has identified as responsible for causing the accumulation of scrap tires. Failure of the director to make diligent efforts to ascertain the identity of the person responsible for causing the accumulation of scrap tires or to initiate an action against the person responsible for causing the accumulation shall not constitute an affirmative defense by a landowner to an enforcement action initiated by the director under this division requiring immediate removal of any accumulation of scrap tires.

Upon the written request of the recipient of an order issued under this division, the director may extend the time for compliance with the order if the request demonstrates that the recipient has acted in good faith to comply with the order. If the recipient of an order issued under this division fails to comply with the order within one hundred twenty days after the issuance of the order or, if the time for compliance with the order was so extended, within that time, the director shall take such actions as the director considers reasonable and necessary to remove and properly manage the scrap tires located on the land named in the order. The director, through employees of the environmental protection agency or a contractor, may enter upon the land on which the accumulation of scrap tires is located and remove and
transport them to a scrap tire recovery facility for processing, to a scrap tire storage facility for storage, or to a scrap tire monocell or monofill facility for storage or disposal.

The director shall enter into contracts with the owners or operators of scrap tire storage, monocell, monofill, or recovery facilities for the storage, disposal, or processing of scrap tires removed through removal operations conducted under this section. In doing so, the director shall give preference to scrap tire recovery facilities.

If a person to whom a removal order is issued under this division fails to comply with the order and if the director performs a removal action under this section, the person to whom the removal order is issued is liable to the director for the costs incurred by the director for conducting the removal operation, storage at a scrap tire storage facility, storage or disposal at a scrap tire monocell or monofill facility, or processing of the scrap tires so removed, the transportation of the scrap tires from the site of the accumulation to the scrap tire storage, monocell, monofill, or recovery facility where the scrap tires were stored, disposed of, or processed, and the administrative and legal expenses incurred by the director in connection with the removal operation. The director shall keep an itemized record of those costs. Upon completion of the actions for which the costs were incurred, the director shall record the costs at the office of the county recorder of the county in which the accumulation of scrap tires was located. The costs so recorded constitute a lien on the property on which the accumulation of scrap tires was located until discharged. Upon the written request of the director, the attorney general shall bring a civil action against the person responsible for the accumulation of the scrap tires that were the subject of the removal operation to recover the costs for which the person is liable under this division. Any
money so received or recovered shall be credited to the scrap tire 64963
management fund created in section 3734.82 of the Revised Code. 64964

If, in a civil action brought under this division, an owner 64965
of real property is ordered to pay to the director the costs of a 64966
removal action that removed an accumulation of scrap tires from 64967
the person's land or if a lien is placed on the person's land for 64968
the costs of such a removal action, and, in either case, if the 64969
landowner was not the person responsible for causing the 64970
accumulation of scrap tires so removed, the landowner may bring a 64971
civil action against the person who was responsible for causing 64972
the accumulation to recover the amount of the removal costs that 64973
the court ordered the landowner to pay to the director or the 64974
amount of the removal costs certified to the county recorder as a 64975
lien on the landowner's property, whichever is applicable. If the 64976
landowner prevails in the civil action against the person who was 64977
responsible for causing the accumulation of scrap tires, the 64978
court, as it considers appropriate, may award to the landowner the 64979
reasonable attorney's fees incurred by the landowner for bringing 64980
the action, court costs, and other reasonable expenses incurred by 64981
the landowner in connection with the civil action. A landowner 64982
shall bring such a civil action within two years after making the 64983
final payment of the removal costs to the director pursuant to the 64984
judgment rendered against the landowner in the civil action 64985
brought under this division upon the director's request or within 64986
two years after the director certified the costs of the removal 64987&action to the county recorder, as appropriate. A person who, at 64988
the time that a removal action was conducted under this division, 64989
owned the land on which the removal action was performed may bring 64990
an action under this division to recover the costs of the removal 64991&action from the person responsible for causing the accumulation of 64992
scrap tires so removed regardless of whether the person owns the 64993
land at the time of bringing the action.
Subject to the limitations set forth in division (G) of section 3734.82 of the Revised Code, the director may use moneys in the scrap tire management fund for conducting removal actions under this division. Any moneys recovered under this division shall be credited to the scrap tire management fund.

4. Other accumulations of scrap tires that the director or board of health of the health district in which the accumulation is located determines constitute a public nuisance;

have done by contract, such advertisements to be published as provided in section 7.16 of the Revised Code or once a week for two consecutive weeks in a newspaper of general circulation in the political subdivision in which the project is to be developed. The contract shall be awarded to the lowest and best bidder.

**Sec. 3735.66.** The legislative authorities of municipal corporations and counties may survey the housing within their jurisdictions and, after the survey, may adopt resolutions describing the boundaries of community reinvestment areas which contain the conditions required for the finding under division (B) of section 3735.65 of the Revised Code. The findings resulting from the survey shall be incorporated in the resolution describing the boundaries of an area. The legislative authority may stipulate in the resolution that only new structures or remodeling classified as to use as commercial, industrial, or residential, or some combination thereof, and otherwise satisfying the requirements of section 3735.67 of the Revised Code are eligible for exemption from taxation under that section. If the resolution does not include such a stipulation, all new structures and remodeling satisfying the requirements of section 3735.67 of the Revised Code are eligible for exemption from taxation regardless of classification. Whether or not the resolution includes such a stipulation, the classification of the structures or remodeling eligible for exemption in the area shall at all times be consistent with zoning restrictions applicable to the area. For the purposes of sections 3735.65 to 3735.70 of the Revised Code, whether a structure or remodeling composed of multiple units is classified as commercial or residential shall be determined by resolution or ordinance of the legislative authority or, in the absence of such a determination, by the classification of the use of the structure or remodeling under the applicable zoning regulations.
If construction or remodeling classified as residential is eligible for exemption from taxation, the resolution shall specify a percentage, not to exceed one hundred per cent, of the assessed valuation of such property to be exempted. The percentage specified shall apply to all residential construction or remodeling for which exemption is granted.

The resolution adopted pursuant to this section shall be published in a newspaper of general circulation in the municipal corporation, if the resolution is adopted by the legislative authority of a municipal corporation, or in a newspaper of general circulation in the county, if the resolution is adopted by the legislative authority of the county, once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code, immediately following its adoption.

Each legislative authority adopting a resolution pursuant to this section shall designate a housing officer. In addition, each such legislative authority, not later than fifteen days after the adoption of the resolution, shall petition the director of development for the director to confirm the findings described in the resolution. The petition shall be accompanied by a copy of the resolution and by a map of the community reinvestment area in sufficient detail to denote the specific boundaries of the area and to indicate zoning restrictions applicable to the area. The director shall determine whether the findings contained in the resolution are valid, and whether the classification of structures or remodeling eligible for exemption under the resolution is consistent with zoning restrictions applicable to the area as indicated on the map. Within thirty days of receiving the petition, the director shall forward the director's determination to the legislative authority. The legislative authority or housing officer shall not grant any exemption from taxation under section 3735.67 of the Revised Code until the director forwards the

(B) The fees of sheriffs shall be the same as those allowed by the court of common pleas in criminal cases. Witnesses shall be paid the fees and mileage provided for under section 119.094 of the Revised Code. The fee and mileage expenses incurred at the request of the appellant shall be paid in advance by the appellant, and the remainder of the expenses shall be paid out of funds appropriated for the expenses of the commission.

(C) In case of disobedience or neglect of any subpoena served on any person, or the refusal of any witness to testify to any matter regarding which the witness may be lawfully interrogated, the court of common pleas of the county in which the disobedience, neglect, or refusal occurs, or any judge thereof, on application of the commission or any member thereof, may compel obedience by attachment proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from the court or a refusal to testify therein.

(D) A witness at any hearing shall testify under oath or affirmation, which any member of the commission may administer. A witness, if the witness requests, shall be permitted to be accompanied, represented, and advised by an attorney, whose participation in the hearing shall be limited to the protection of the rights of the witness, and who may not examine or cross-examine witnesses. A witness shall be advised of the right to counsel before the witness is interrogated.

(E) A stenographic or electronic record of the testimony and other evidence submitted shall be taken by an official court shorthand reporter. The record shall include all of the testimony and other evidence and the rulings on the admissibility thereof presented at the hearing. The commission shall pass upon the
admissibility of evidence, but any party may at the time object to the admission of any evidence and except to the rulings of the commission thereon, and if the commission refuses to admit evidence the party offering same may make a proffer thereof, and such proffer shall be made a part of the record of such hearing.

Any party may request the stenographic or electronic record of the hearing. Promptly after receiving such a request, the commission shall prepare and provide the stenographic or electronic record of the hearing to the party who requested it. The commission may charge a fee to the party who requested the stenographic or electronic record that does not exceed the cost to the commission for preparing and transmitting or transmitting it.

(F) If, upon completion of the hearing, the commission finds that the action appealed from was lawful and reasonable, it shall make a written order affirming the action, or if the commission finds that the action was unreasonable or unlawful, it shall make a written order vacating or modifying the action appealed from.

The commission shall issue a written order affirming, vacating, or modifying an action pursuant to the following schedule:

(1) For an appeal that was filed with the commission before April 15, 2008, the commission shall issue a written order not later than December 15, 2009.

(2) For all other appeals that have been filed with the commission as of October 15, 2009, the commission shall issue a written order not later than July 15, 2010.

(3) For an appeal that is filed with the commission after October 15, 2009, the commission shall issue a written order not later than twelve months after the filing of the appeal with the commission.

(G) Every order made by the commission shall contain a
written finding by the commission of the facts upon which the
order is based. Notice of the making of the order shall be given
forthwith to each party to the appeal by mailing a certified copy
thereof to each party by certified mail, with a statement of the
time and method by which an appeal may be perfected.

(H) The order of the commission is final unless vacated or
modified upon judicial review.

Sec. 3745.11. (A) Applicants for and holders of permits,
licenses, variances, plan approvals, and certifications issued by
the director of environmental protection pursuant to Chapters
3704., 3734., 6109., and 6111. of the Revised Code shall pay a fee
to the environmental protection agency for each such issuance and
each application for an issuance as provided by this section. No
fee shall be charged for any issuance for which no application has
been submitted to the director.

(B) Each person who is issued a permit to install prior to

(C)(1) Except as otherwise provided in division (C)(2) of this section, beginning July 1, 1994, each person who owns or operates an air contaminant source and who is required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay the fees set forth in division (C)(1) of this section. For the purposes of that division, total emissions of air contaminants may be calculated using engineering calculations, emissions factors, material balance calculations, or performance testing procedures, as authorized by the director.

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead:

(a) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;

(b) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;

(c) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under division (C)(1) of this section do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.
(2) The fees assessed under division (C)(1) of this section are for the purpose of providing funding for the Title V permit program.

(3) The fees assessed under division (C)(1) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(4) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (C) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:
(2) Except as provided in division (D)(3) of this section, beginning January 1, 2004, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.03 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:

(3)(a) As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, 2014,
each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director,
by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (C)(1) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (C)(1) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

For purposes of this division, "unit" means any combination of linear feet or square feet equal to fifty.

A person who is issued an extension of time for a permit to install an air contaminant source pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay a fee equal to one-half the fee originally assessed for the permit to install under this section, except that the fee for such an extension shall not exceed two hundred dollars.

A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to obtain a permit to install the source. The fee assessed by this division only applies to modifications that are initiated by the owner or operator of the source and shall not exceed two thousand dollars.

Notwithstanding division (B) or (F) of this section, a person who applies for or obtains a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code after the date actual construction of the source began shall pay a fee for the permit to install that is equal to twice the fee that otherwise would be assessed under the applicable division unless the applicant received authorization to begin construction.
under division (W) of section 3704.03 of the Revised Code. This division only applies to sources for which actual construction of the source begins on or after July 1, 1993. The imposition or payment of the fee established in this division does not preclude the director from taking any administrative or judicial enforcement action under this chapter, Chapter 3704., 3714., 3734., or 6111. of the Revised Code, or a rule adopted under any of them, in connection with a violation of rules adopted under division (F) of section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source" means the initiation of physical on-site construction activities in connection with improvements to the source that are permanent in nature, including, without limitation, the installation of building supports and foundations and the laying of underground pipework.

(K) Fifty cents per ton of each fee assessed under division (C) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division shall be deposited into the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. The remainder of the moneys received by the division pursuant to that division and moneys received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the clean air fund created in section 3704.035 of the Revised Code.

(L)(1)(a) Except as otherwise provided in division (L)(1)(b) or (c) of this section, a person issued a water discharge permit or renewal of a water discharge permit pursuant to Chapter 6111. of the Revised Code shall pay a fee based on each point source to which the issuance is applicable in accordance with the following schedule:

(3) A person applying for coverage under a national pollutant discharge elimination system general discharge permit for household sewage treatment systems shall pay the following fees:

(a) A nonrefundable fee of two hundred dollars at the time of application for initial permit coverage;

(b) A nonrefundable fee of one hundred dollars at the time of application for a renewal of permit coverage.

(T) The director may adopt, amend, and rescind rules in accordance with Chapter 119. of the Revised Code that do all of the following:

(1) Prescribe fees to be paid by applicants for and holders of any license, permit, variance, plan approval, or certification required or authorized by Chapter 3704., 3734., 6109., or 6111. of the Revised Code that are not specifically established in this section. The fees shall be designed to defray the cost of processing, issuing, revoking, modifying, denying, and enforcing the licenses, permits, variances, plan approvals, and certifications.

The director shall transmit all moneys collected under rules adopted under division (T)(1) of this section pursuant to Chapter 6109. of the Revised Code to the treasurer of state for deposit into the drinking water protection fund created in section 6109.30 of the Revised Code.

The director shall transmit all moneys collected under rules adopted under division (T)(1) of this section pursuant to Chapter 6111. of the Revised Code to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code.
(2) Exempt the state and political subdivisions thereof, including education facilities or medical facilities owned by the state or a political subdivision, or any person exempted from taxation by section 5709.07 or 5709.12 of the Revised Code, from any fee required by this section;

(3) Provide for the waiver of any fee, or any part thereof, otherwise required by this section whenever the director determines that the imposition of the fee would constitute an unreasonable cost of doing business for any applicant, class of applicants, or other person subject to the fee;

(4) Prescribe measures that the director considers necessary to carry out this section.

(U) When the director reasonably demonstrates that the direct cost to the state associated with the issuance of a permit to install, license, variance, plan approval, or certification exceeds the fee for the issuance or review specified by this section, the director may condition the issuance or review on the payment by the person receiving the issuance or review of, in addition to the fee specified by this section, the amount, or any portion thereof, in excess of the fee specified under this section. The director shall not so condition issuances for which fees are prescribed in divisions (B)(7) and (L)(1)(b) of this section.

(V) Except as provided in divisions (L), (M), and (P) of this section or unless otherwise prescribed by a rule of the director adopted pursuant to Chapter 119. of the Revised Code, all fees required by this section are payable within thirty days after the issuance of an invoice for the fee by the director or the effective date of the issuance of the license, permit, variance, plan approval, or certification. If payment is late, the person responsible for payment of the fee shall pay an additional ten percent of the amount due for each month that it is late.
(W) As used in this section, "fuel-burning equipment," "fuel-burning equipment input capacity," "incinerator," "incinerator input capacity," "process," "process weight rate," "storage tank," "gasoline dispensing facility," "dry cleaning facility," "design flow discharge," and "new source treatment works" have the meanings ascribed to those terms by applicable rules or standards adopted by the director under Chapter 3704. or 6111. of the Revised Code.

(X) As used in divisions (B), (C), (D), (E), (F), (H), (I), and (J) of this section, and in any other provision of this section pertaining to fees paid pursuant to Chapter 3704. of the Revised Code:

(1) "Facility," "federal Clean Air Act," "person," and "Title V permit" have the same meanings as in section 3704.01 of the Revised Code.

(2) "Title V permit program" means the following activities as necessary to meet the requirements of Title V of the federal Clean Air Act and 40 C.F.R. part 70, including at least:

(a) Preparing and adopting, if applicable, generally applicable rules or guidance regarding the permit program or its implementation or enforcement;

(b) Reviewing and acting on any application for a Title V permit, permit revision, or permit renewal, including the development of an applicable requirement as part of the processing of a permit, permit revision, or permit renewal;

(c) Administering the permit program, including the supporting and tracking of permit applications, compliance certification, and related data entry;

(d) Determining which sources are subject to the program and implementing and enforcing the terms of any Title V permit, not including any court actions or other formal enforcement actions;

(Y)(1) Except as provided in divisions (Y)(2), (3), and (4) of this section, each sewage sludge facility shall pay a nonrefundable annual sludge fee equal to three dollars and fifty cents per dry ton of sewage sludge, including the dry tons of sewage sludge in materials derived from sewage sludge, that the sewage sludge facility treats or disposes of in this state. The annual volume of sewage sludge treated or disposed of by a sewage sludge facility shall be calculated using the first day of January through the thirty-first day of December of the calendar year preceding the date on which payment of the fee is due.

(2)(a) Except as provided in division (Y)(2)(d) of this section, each sewage sludge facility shall pay a minimum annual sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage sludge facility that treats or disposes of exceptional quality sludge in this state shall be thirty-five per cent less per dry ton of exceptional quality sludge than the fee assessed under division (Y)(1) of this section, subject to the following exceptions:

(i) Except as provided in division (Y)(2)(d) of this section, a sewage sludge facility that treats or disposes of exceptional
quality sludge shall pay a minimum annual sewage sludge fee of one hundred dollars.

(ii) A sewage sludge facility that treats or disposes of exceptional quality sludge shall not be required to pay the annual sludge fee for treatment or disposal in this state of exceptional quality sludge generated outside of this state and contained in bags or other containers not greater than one hundred pounds in capacity.

A thirty-five per cent reduction for exceptional quality sludge applies to the maximum annual fees established under division (Y)(3) of this section.

(c) A sewage sludge facility that transfers sewage sludge to another sewage sludge facility in this state for further treatment prior to disposal in this state shall not be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred. In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual
fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;
(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;
(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify
the nature and amount of the annual sludge fee assessed and state 66706
the first day of May as the deadline for receipt by the director 66707
of objections regarding the amount of the fee and the first day of 66708
July as the deadline for payment of the fee. 66709

Not later than the first day of May following receipt of an 66710
invoice, a person required to pay the annual sludge fee may submit 66711
objections to the director concerning the accuracy of information 66712
regarding the number of dry tons of sewage sludge used to 66713
calculate the amount of the annual sludge fee or regarding whether 66714
the sewage sludge qualifies for the exceptional quality sludge 66715
discount established in division (Y)(2)(b) of this section. The 66716
director may consider the objections and adjust the amount of the 66717
fee to ensure that it is accurate. 66718

If the director does not adjust the amount of the annual 66719
sludge fee in response to a person's objections, the person may 66720
appeal the director's determination in accordance with Chapter 66721
119. of the Revised Code. 66722

Not later than the first day of June, the director shall 66723
notify the objecting person regarding whether the director has 66724
found the objections to be valid and the reasons for the finding. 66725
If the director finds the objections to be valid and adjusts the 66726
amount of the annual sludge fee accordingly, the director shall 66727
issue with the notification a new invoice to the person 66728
identifying the amount of the annual sludge fee assessed and 66729
stating the first day of July as the deadline for payment. 66730

Not later than the first day of July, any person who is 66731
required to do so shall pay the annual sludge fee. Any person who 66732
is required to pay the fee, but who fails to do so on or before 66733
that date shall pay an additional amount that equals ten per cent 66734
of the required annual sludge fee. 66735

(6) The director shall transmit all moneys collected under 66736
division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. The issuance of an order under this
division is not an act or action for purposes of section 3745.04 of the Revised Code.

Sec. 3746.02. (A) Nothing in this chapter applies to any of the following:

(1) Property for which a voluntary action under this chapter is precluded by federal law or regulations adopted under federal law, including, without limitation, any of the following federal laws or regulations adopted thereunder:

(2) Those portions of property where closure of a hazardous waste facility or solid waste facility is required under Chapter 3734. of the Revised Code or rules adopted under it;

(3) Property or Except for a class C release as defined in section 3737.87 of the Revised Code, properties regardless of ownership that are subject to remediation rules adopted under the authority of the division of fire marshal in the department of commerce, including remediation rules adopted under sections 3737.88, 3737.882, and 3737.889 of the Revised Code;

(4) Property that is subject to Chapter 1509. of the Revised Code;
(5) Any other property if the director of environmental protection has issued a letter notifying the owner or operator of the property that the director will issue an enforcement order under Chapter 3704., 3734., or 6111. of the Revised Code, a release or threatened release of a hazardous substance or petroleum from or at the property poses a substantial threat to public health or safety or the environment, and the person subject to the order does not present sufficient evidence to the director that the person has entered into the voluntary action program under this chapter and is proceeding expeditiously to address that threat. For the purposes of this division, the evidence constituting sufficient evidence of entry into the voluntary action program under this chapter shall be defined by the director by rules adopted under section 3746.04 of the Revised Code. Until such time as the director has adopted those rules, the director, at a minimum, shall consider the existence of a contract with a certified professional to appropriately respond to the threat named in the director's letter informing the person of the director's intent to issue an enforcement order and the availability of financial resources to complete the contract to be sufficient evidence of entry into the program.

(B) The application of any provision of division (A) of this section to a portion of property does not preclude participation in the voluntary action program under this chapter in connection with other portions of the property where those provisions do not apply.

(C) As used in this section, "property" means any parcel of real property, or portion thereof, and any improvements thereto.

Sec. 3750.081. (A) Notwithstanding any provision in this chapter to the contrary, an owner or operator of a facility that is regulated under Chapter 1509. of the Revised Code who has filed

(B) The emergency response commission and every local emergency planning committee and fire department in this state shall establish a means by which to access, view, and retrieve information, through the use of the internet or a computer disk, from the electronic database maintained by the division of mineral oil and gas resources management in the department of natural resources in accordance with section 1509.23 of the Revised Code. With respect to facilities regulated under Chapter 1509. of the Revised Code, the database shall be the means of providing and receiving the information described in division (A) of this section.

Sec. 3769.07. Except as otherwise provided in this section, no permit shall be issued under sections 3769.01 to 3769.14 of the Revised Code, authorizing the conduct of a live racing program for thoroughbred horses and quarter horses at any place, track, or enclosure except between the hours of twelve noon and seven p.m., for running horse-racing meetings, except that on special events days running horse-racing meetings may begin at nine a.m. by application to the state racing commission and except that the seven p.m. time may be extended to eight p.m. on a Sunday or holiday by application to the commission, and no permit shall be issued under those sections authorizing the conduct of a live racing program for harness horses at any place, track, or enclosure except between the hours of twelve noon and twelve midnight for light harness horse-racing meetings. The seven p.m.
and eight p.m. closing times described in this section shall upon application to the commission be extended to nine eleven p.m. for any running horse-racing meeting conducted between the fifteenth day of May and the fifteenth day of September at a track that is located more than twenty-five miles from a track located in this state where a light harness horse-racing meeting, other than a light harness horse-racing meeting at a county fair or independent fair, is being conducted and that is located less than twenty-five miles from a track located outside this state. A permit issued for horse racing at a county fair shall authorize live horse racing to begin at nine a.m.

No permit shall be granted for the holding or conducting of a horse-racing meeting after the tenth day of December in any calendar year, except for racing at winterized tracks. "Winterized track" means a track with enclosed club house or grandstand, all-weather racing track, heated facilities for jockeys or drivers, backstretch facilities that are properly prepared for winter racing, and adequate snow removal equipment available.

No permit shall be issued for more than an aggregate of fifty-six racing days in any one calendar year, except that an additional five days of racing may be approved by the commission upon application by a permit holder and except that an additional thirty days of racing may be granted for racing at any time after the fifteenth day of October and prior to the fifteenth day of March to a permit holder who has a winterized facility, but no more than thirty such additional days may be issued at any one track or enclosure. No more than an aggregate of fifty-six racing days shall be issued in any one calendar year for any one race track, place, or enclosure, except for the additional five days of racing for each permit holder which may be approved by the commission pursuant to this section, except as provided in sections 3769.071 and 3769.13 of the Revised Code, except for
racing days granted as a result of a winterized facility, and except that the commission may issue a second permit for a maximum of fifty-six racing days for any one track, place, or enclosure, if the commission determines that the issuance of such second permit is not against the public interest. No such second permit shall be issued:

(A) For the operation of racing in any county with a population of less than seven hundred thousand or for the operation of racing in any county which has more than one race track at which a racing meet has been authorized, except as provided in this division and in sections 3769.071 and 3769.13 of the Revised Code, in the same year by the commission. A second permit issued pursuant to this division may be issued at either or both race tracks in a county that has only two race tracks if a racing meet has been authorized at both race tracks in the same year by the commission and one race track has been authorized to conduct thoroughbred racing meets and the other race track has been authorized to conduct harness racing meets. When such second permit is issued pursuant to this division for racing at the one race track, racing shall not be conducted at that race track on the same day that racing is conducted at the other race track in the county except by mutual agreement of the two race tracks.

(B) To any corporation having one or more shareholders owning an interest in any other permit issued by the commission for the operation of racing, in the same year, at any other race track, place, or enclosure in this state; 

(C) To any person, association, or trust which owns, or which has any members owning, an interest in any other permit issued by the commission for the operation of racing, in the same year, at any other race track, place, or enclosure in this state.

No permit shall be issued so as to permit live racing programs on the same hour at more than one track in one county or
on tracks in operation in 1975 within fifty miles of each other, nor shall any other form of pari-mutuel wagering other than horse racing be permitted within seventy-five miles of a track where horse racing is being conducted, except that this provision shall not apply to a horse-racing meeting held at the state fair or at a fair conducted by a county agricultural society or at a fair conducted by an independent agricultural society. Distribution of days shall not apply to fairs or horse shows not required to secure a permit under such section. Notwithstanding any other provision of this chapter, a person, association, trust, or corporation may own or operate two separate facilities in this state that are conducting horse-racing meetings.

A permit, granted under sections 3769.01 to 3769.14 of the Revised Code, shall be conspicuously displayed during the horse-racing meeting in the principal office at such race track and at all reasonable times shall be exhibited to any authorized person requesting to see the same.

Sec. 3769.08. (A) Any person holding a permit to conduct a horse-racing meeting may provide a place in the race meeting grounds or enclosure at which the permit holder may conduct and supervise the pari-mutuel system of wagering by patrons of legal age on the live racing programs and simulcast racing programs conducted by the permit holder.

The pari-mutuel method of wagering upon the live racing programs and simulcast racing programs held at or conducted within such race track, and at the time of such horse-racing meeting, or at other times authorized by the state racing commission, shall not be unlawful. No other place, except that provided and designated by the permit holder and except as provided in section 3769.26 of the Revised Code, nor any other method or system of betting or wagering, except the pari-mutuel system, shall be used.
or permitted by the permit holder; nor, except as provided in section 3769.089 or 3769.26 of the Revised Code, shall the pari-mutuel system of wagering be conducted by the permit holder on any races except the races at the race track, grounds, or enclosure for which the person holds a permit. Each permit holder may retain as a commission an amount not to exceed eighteen per cent of the total of all moneys wagered.

The pari-mutuel wagering authorized by this section is subject to sections 3769.25 to 3769.28 of the Revised Code.

(B) At the close of each racing day, each permit holder authorized to conduct thoroughbred racing, out of the amount retained on that day by the permit holder, shall pay by check, draft, or money order to the tax commissioner, as a tax, a sum equal to the following percentages of the total of all moneys wagered on live racing programs on that day and shall separately compute and pay by check, draft, or money order to the tax commissioner, as a tax, a sum equal to the following percentages of the total of all money wagered on simulcast racing programs on that day:

1. One per cent of the first two hundred thousand dollars wagered, or any part of that amount;
2. Two per cent of the next one hundred thousand dollars wagered, or any part of that amount;
3. Three per cent of the next one hundred thousand dollars wagered, or any part of that amount;
4. Four per cent of all sums over four hundred thousand dollars wagered.

Except as otherwise provided in section 3769.089 of the Revised Code, each permit holder authorized to conduct thoroughbred racing shall use for purse money a sum equal to fifty per cent of the pari-mutuel revenues retained by the permit holder.
as a commission after payment of the state tax. This fifty per
cent payment shall be in addition to the purse distribution from
breakage specified in this section.

Subject to division (M) of this section, from the moneys paid
to the tax commissioner by thoroughbred racing permit holders,
one-half of one per cent of the total of all moneys so wagered on
a racing day shall be paid into the Ohio fairs fund created by
section 3769.082 of the Revised Code, one and one-eighth per cent
of the total of all moneys so wagered on a racing day shall be
paid into the Ohio thoroughbred race fund created by section
3769.083 of the Revised Code, and one-quarter of one per cent of
the total of all moneys wagered on a racing day by each permit
holder shall be paid into the state racing commission operating
fund created by section 3769.03 of the Revised Code. The required
payment to the state racing commission operating fund does not
apply to county and independent fairs and agricultural societies.
The remaining moneys may be retained by the permit holder, except
as provided in this section with respect to the odd cents
redistribution. Amounts paid into the PASSPORT nursing home
franchise permit fee fund pursuant to this section and section
3769.26 of the Revised Code shall be used solely for the support
of the PASSPORT program as determined in appropriations made by
the general assembly. If the PASSPORT program is abolished, the
amount that would have been paid to the PASSPORT nursing home
franchise permit fee fund under this chapter shall be paid to the
general revenue fund of the state. As used in this chapter,
"PASSPORT program" means the PASSPORT program created under
section 173.40 of the Revised Code.

The total amount paid to the Ohio thoroughbred race fund
under this section and division (A) of section 3769.087 of the
Revised Code shall not exceed by more than six per cent the total
amount paid to this fund under this section and that section
during the immediately preceding calendar year.

Each year, the total amount calculated for payment into the Ohio fairs fund under this division, division (C) of this section, and division (A) of section 3769.087 of the Revised Code shall be an amount calculated using the percentages specified in this division, division (C) of this section, and division (A) of section 3769.087 of the Revised Code.

A permit holder may contract with a thoroughbred horsemen's organization for the organization to act as a representative of all thoroughbred owners and trainers participating in a horse-racing meeting conducted by the permit holder. A "thoroughbred horsemen's organization" is any corporation or association that represents, through membership or otherwise, more than one-half of the aggregate of all thoroughbred owners and trainers who were licensed and actively participated in racing within this state during the preceding calendar year. Except as otherwise provided in this paragraph, any moneys received by a thoroughbred horsemen's organization shall be used exclusively for the benefit of thoroughbred owners and trainers racing in this state through the administrative purposes of the organization, benevolent activities on behalf of the horsemen, promotion of the horsemen's rights and interests, and promotion of equine research. A thoroughbred horsemen's organization may expend not more than an aggregate of five per cent of its annual gross receipts, or a larger amount as approved by the organization, for dues, assessments, and other payments to all other local, national, or international organizations having as their primary purposes the promotion of thoroughbred horse racing, thoroughbred horsemen's rights, and equine research.

(C) Except as otherwise provided in division (B) of this section, at the close of each racing day, each permit holder authorized to conduct harness or quarter horse racing, out of the
amount retained that day by the permit holder, shall pay by check, draft, or money order to the tax commissioner, as a tax, a sum equal to the following percentages of the total of all moneys wagered on live racing programs and shall separately compute and pay by check, draft, or money order to the tax commissioner, as a tax, a sum equal to the following percentages of the total of all money wagered on simulcast racing programs on that day:

(1) One per cent of the first two hundred thousand dollars wagered, or any part of that amount;

(2) Two per cent of the next one hundred thousand dollars wagered, or any part of that amount;

(3) Three per cent of the next one hundred thousand dollars wagered, or any part of that amount;

(4) Four per cent of all sums over four hundred thousand dollars wagered.

Except as otherwise provided in division (B) and subject to division (M) of this section, from the moneys paid to the tax commissioner by permit holders authorized to conduct harness or quarter horse racing, one-half of one per cent of all moneys wagered on that racing day shall be paid into the Ohio fairs fund; from the moneys paid to the tax commissioner by permit holders authorized to conduct harness racing, five-eighths of one per cent of all moneys wagered on that racing day shall be paid into the Ohio standardbred development fund; and from the moneys paid to the tax commissioner by permit holders authorized to conduct quarter horse racing, five-eighths of one per cent of all moneys wagered on that racing day shall be paid into the Ohio quarter horse development fund.

(D) In addition, subject to division (M) of this section, beginning on January 1, 1996, from the money paid to the tax commissioner as a tax under this section and division (A) of
section 3769.087 of the Revised Code by harness horse permit
holders, one-half of one per cent of the amount wagered on a
racing day shall be paid into the Ohio standardbred development
fund. Beginning January 1, 1998, the payment to the Ohio
standardbred development fund required under this division does
not apply to county agricultural societies or independent
agricultural societies.

The total amount paid to the Ohio standardbred development
fund under this division, division (C) of this section, and
division (A) of section 3769.087 of the Revised Code and the total
amount paid to the Ohio quarter horse development fund under this
division and division (A) of that section shall not exceed by more
than six per cent the total amount paid into the fund under this
division, division (C) of this section, and division (A) of
section 3769.087 of the Revised Code in the immediately preceding
calendar year.

(E) Subject to division (M) of this section, from the money
paid as a tax under this chapter by harness and quarter horse
permit holders, one-quarter of one per cent of the total of all
moneys wagered on a racing day by each permit holder shall be paid
into the state racing commission operating fund created by section
3769.03 of the Revised Code. This division does not apply to
county and independent fairs and agricultural societies.

(F) Except as otherwise provided in section 3769.089 of the
Revised Code, each permit holder authorized to conduct harness
racing shall pay to the harness horsemen's purse pool a sum equal
to fifty per cent of the pari-mutuel revenues retained by the
permit holder as a commission after payment of the state tax. This
fifty per cent payment is to be in addition to the purse
distribution from breakage specified in this section.

(G) In addition, each permit holder authorized to conduct
harness racing shall be allowed to retain the odd cents of all
redistribution to be made on all mutual contributions exceeding a sum equal to the next lowest multiple of ten.

Forty per cent of that portion of that total sum of such odd cents shall be used by the permit holder for purse money for Ohio sired, bred, and owned colts, for purse money for Ohio bred horses, and for increased purse money for horse races. Upon the formation of the corporation described in section 3769.21 of the Revised Code to establish a harness horsemen's health and retirement fund, twenty-five per cent of that portion of that total sum of odd cents shall be paid at the close of each racing day by the permit holder to that corporation to establish and fund the health and retirement fund. Until that corporation is formed, that twenty-five per cent shall be paid at the close of each racing day by the permit holder to the tax commissioner or the tax commissioner's agent in the county seat of the county in which the permit holder operates race meetings. The remaining thirty-five per cent of that portion of that total sum of odd cents shall be retained by the permit holder.

(H) In addition, each permit holder authorized to conduct thoroughbred racing shall be allowed to retain the odd cents of all redistribution to be made on all mutuel contributions exceeding a sum equal to the next lowest multiple of ten. Twenty per cent of that portion of that total sum of such odd cents shall be used by the permit holder for increased purse money for horse races. Upon the formation of the corporation described in section 3769.21 of the Revised Code to establish a thoroughbred horsemen's health and retirement fund, forty-five per cent of that portion of that total sum of odd cents shall be paid at the close of each racing day by the permit holder to that corporation to establish and fund the health and retirement fund. Until that corporation is formed, that forty-five per cent shall be paid by the permit holder to the tax commissioner or the tax commissioner's agent in
the county seat of the county in which the permit holder operates race meetings, at the close of each racing day. The remaining thirty-five per cent of that portion of that total sum of odd cents shall be retained by the permit holder.

(I) In addition, each permit holder authorized to conduct quarter horse racing shall be allowed to retain the odd cents of all redistribution to be made on all mutuel contributions exceeding a sum equal to the next lowest multiple of ten, subject to a tax of twenty-five per cent on that portion of the total sum of such odd cents that is in excess of two thousand dollars during a calendar year, which tax shall be paid at the close of each racing day by the permit holder to the tax commissioner or the tax commissioner's agent in the county seat of the county within which the permit holder operates race meetings. Forty per cent of that portion of that total sum of such odd cents shall be used by the permit holder for increased purse money for horse races. The remaining thirty-five per cent of that portion of that total sum of odd cents shall be retained by the permit holder.

(J)(1) To encourage the improvement of racing facilities for the benefit of the public, breeders, and horse owners, and to increase the revenue to the state from the increase in pari-mutuel wagering resulting from those improvements, the taxes paid by a permit holder to the state as provided for in this chapter shall be reduced by three-fourths of one per cent of the total amount wagered for those permit holders who make capital improvements to existing race tracks or construct new race tracks. The percentage of the reduction that may be taken each racing day shall equal seventy-five per cent of the taxes levied under divisions (B) and (C) of this section and section 3769.087 of the Revised Code, and division (F)(2) of section 3769.26 of the Revised Code, as applicable, divided by the calculated amount each fund should receive under divisions (B) and (C) of this section and section
3769.087 of the Revised Code, and division (F)(2) of section 3769.26 of the Revised Code and the reduction provided for in this division. If the resulting percentage is less than one, that percentage shall be multiplied by the amount of the reduction provided for in this division. Otherwise, the permit holder shall receive the full reduction provided for in this division. The amount of the allowable reduction not received shall be carried forward and applied against future tax liability. After any reductions expire, any reduction carried forward shall be treated as a reduction as provided for in this division.

If more than one permit holder is authorized to conduct racing at the facility that is being built or improved, the cost of the new race track or capital improvement shall be allocated between or among all the permit holders in the ratio that the permit holders' number of racing days bears to the total number of racing days conducted at the facility.

A reduction for a new race track or a capital improvement shall start from the day racing is first conducted following the date actual construction of the new race track or each capital improvement is completed and the construction cost has been approved by the racing commission, unless otherwise provided in this section. A reduction for a new race track or a capital improvement shall continue for a period of twenty-five years for new race tracks and for fifteen years for capital improvements if the construction of the capital improvement or new race track commenced prior to March 29, 1988, and for a period of ten years for new race tracks or capital improvements if the construction of the capital improvement or new race track commenced on or after March 29, 1988, but before the effective date of this amendment June 6, 2001, or until the total tax reduction reaches seventy percent of the approved cost of the new race track or capital improvement, as allocated to each permit holder, whichever occurs
first. A reduction for a new race track or a capital improvement approved after the effective date of this amendment June 6, 2001, shall continue until the total tax reduction reaches one hundred per cent of the approved cost of the new race track or capital improvement, as allocated to each permit holder.

A reduction granted for a new race track or a capital improvement, the application for which was approved by the racing commission after March 29, 1988, but before the effective date of this amendment June 6, 2001, shall not commence nor shall the ten-year period begin to run until all prior tax reductions with respect to the same race track have ended. The total tax reduction because of capital improvements shall not during any one year exceed for all permit holders using any one track three-fourths of one per cent of the total amount wagered, regardless of the number of capital improvements made. Several capital improvements to a race track may be consolidated in an application if the racing commission approved the application prior to March 29, 1988. No permit holder may receive a tax reduction for a capital improvement approved by the racing commission on or after March 29, 1988, at a race track until all tax reductions have ended for all prior capital improvements approved by the racing commission under this section or section 3769.20 of the Revised Code at that race track. If there are two or more permit holders operating meetings at the same track, they may consolidate their applications. The racing commission shall notify the tax commissioner when the reduction of tax begins and when it ends.

Each fiscal year the racing commission shall submit a report to the tax commissioner, the office of budget and management, and the legislative service commission. The report shall identify each capital improvement project undertaken under this division and in progress at each race track, indicate the total cost of each project, state the tax reduction that resulted from each project.
during the immediately preceding fiscal year, estimate the tax reduction that will result from each project during the current fiscal year, state the total tax reduction that resulted from all such projects at all race tracks during the immediately preceding fiscal year, and estimate the total tax reduction that will result from all such projects at all race tracks during the current fiscal year.

(2) In order to qualify for the reduction in tax, a permit holder shall apply to the racing commission in such form as the commission may require and shall provide full details of the new race track or capital improvement, including a schedule for its construction and completion, and set forth the costs and expenses incurred in connection with it. The racing commission shall not approve an application unless the permit holder shows that a contract for the new race track or capital improvement has been let under an unrestricted competitive bidding procedure, unless the contract is exempted by the controlling board because of its unusual nature. In determining whether to approve an application, the racing commission shall consider whether the new race track or capital improvement will promote the safety, convenience, and comfort of the racing public and horse owners and generally tend towards the improvement of racing in this state.

(3) If a new race track or capital improvement is approved by the racing commission and construction has started, the tax reduction may be authorized by the commission upon presentation of copies of paid bills in excess of one hundred thousand dollars or ten per cent of the approved cost, whichever is greater. After the initial authorization, the permit holder shall present copies of paid bills. If the permit holder is in substantial compliance with the schedule for construction and completion of the new race track or capital improvement, the racing commission may authorize the continuation of the tax reduction upon the presentation of the
additional paid bills. The total amount of the tax reduction authorized shall not exceed the percentage of the approved cost of the new race track or capital improvement specified in division (J)(1) of this section. The racing commission may terminate any tax reduction immediately if a permit holder fails to complete the new race track or capital improvement, or to substantially comply with the schedule for construction and completion of the new race track or capital improvement. If a permit holder fails to complete a new race track or capital improvement, the racing commission shall order the permit holder to repay to the state the total amount of tax reduced. The normal tax paid by the permit holder shall be increased by three-fourths of one per cent of the total amount wagered until the total amount of the additional tax collected equals the total amount of tax reduced.

(4) As used in this section:

(a) "Capital improvement" means an addition, replacement, or remodeling of a structural unit of a race track facility costing at least one hundred thousand dollars, including, but not limited to, the construction of barns used exclusively for the race track facility, backstretch facilities for horsemen, paddock facilities, new pari-mutuel and totalizator equipment and appurtenances to that equipment purchased by the track, new access roads, new parking areas, the complete reconstruction, reshaping, and leveling of the racing surface and appurtenances, the installation of permanent new heating or air conditioning, roof replacement or restoration, installations of a permanent nature forming a part of the track structure, and construction of buildings that are located on a permit holder's premises. "Capital improvement" does not include the cost of replacement of equipment that is not permanently installed, ordinary repairs, painting, and maintenance required to keep a race track facility in ordinary operating condition.
(b) "New race track" includes the reconstruction of a race track damaged by fire or other cause that has been declared by the racing commission, as a result of the damage, to be an inadequate facility for the safe operation of horse racing.

(c) "Approved cost" includes all debt service and interest costs that are associated with a capital improvement or new race track and that the racing commission approves for a tax reduction under division (J) of this section.

(5) The racing commission shall not approve an application for a tax reduction under this section if it has reasonable cause to believe that the actions or negligence of the permit holder substantially contributed to the damage suffered by the track due to fire or other cause. The racing commission shall obtain any data or information available from a fire marshal, law enforcement official, or insurance company concerning any fire or other damage suffered by a track, prior to approving an application for a tax reduction.

(6) The approved cost to which a tax reduction applies shall be determined by generally accepted accounting principles and verified by an audit of the permit holder's records upon completion of the project by the racing commission, or by an independent certified public accountant selected by the permit holder and approved by the commission.

(K) No other license or excise tax or fee, except as provided in sections 3769.01 to 3769.14 of the Revised Code, shall be assessed or collected from such licensee by any county, township, district, municipal corporation, or other body having power to assess or collect a tax or fee. That portion of the tax paid under this section by permit holders for racing conducted at and during the course of an agricultural exposition or fair, and that portion of the tax that would have been paid by eligible permit holders into the PASSPORT nursing home franchise permit fee fund as a
result of racing conducted at and during the course of an agricultural exposition or fair, shall be deposited into the state treasury to the credit of the horse racing tax fund, which is hereby created for the use of the agricultural societies of the several counties in which the taxes originate. The state racing commission shall determine eligible permit holders for purposes of the preceding sentence, taking into account the breed of horse, the racing dates, the geographic proximity to the fair, and the best interests of Ohio racing. On the first day of any month on which there is money in the fund, the tax commissioner shall provide for payment to the treasurer of each agricultural society the amount of the taxes collected under this section upon racing conducted at and during the course of any exposition or fair conducted by the society.

(L) From the tax paid under this section by harness track permit holders, the tax commissioner shall pay into the Ohio thoroughbred race fund a sum equal to a percentage of the amount wagered upon which the tax is paid. The percentage shall be determined by the tax commissioner and shall be rounded to the nearest one-hundredth. The percentage shall be such that, when multiplied by the amount wagered upon which tax was paid by the harness track permit holders in the most recent year for which final figures are available, it results in a sum that substantially equals the same amount of tax paid by the tax commissioner during that year into the Ohio fairs fund from taxes paid by thoroughbred permit holders. This division does not apply to county and independent fairs and agricultural societies.

(M) Twenty-five per cent of the taxes levied on thoroughbred racing permit holders, harness racing permit holders, and quarter horse racing permit holders under this section, division (A) of section 3769.087 of the Revised Code, and division (F)(2) of section 3769.26 of the Revised Code shall be paid into the
The tax commissioner shall pay any money remaining, after the payment into the 
PASSPORT nursing home franchise permit fee fund and the reductions provided for in division (J) of this section and in section 3769.20 of the Revised Code, into the Ohio fairs fund, Ohio thoroughbred race fund, Ohio standardbred development fund, Ohio quarter horse fund, and state racing commission operating fund as prescribed in this section and division (A) of section 3769.087 of the Revised Code. The tax commissioner shall thereafter use and apply the balance of the money paid as a tax by any permit holder to cover any shortage in the accounts of such funds resulting from an insufficient payment as a tax by any other permit holder. The moneys received by the tax commissioner shall be deposited weekly and paid by the tax commissioner into the funds to cover the total aggregate amount due from all permit holders to the funds, as calculated under this section and division (A) of section 3769.087 of the Revised Code, as applicable. If, after the payment into the PASSPORT nursing home franchise permit fee fund, sufficient funds are not available from the tax deposited by the tax commissioner to pay the required amounts into the Ohio fairs fund, Ohio standardbred development fund, Ohio thoroughbred race fund, Ohio quarter horse fund, and the state racing commission operating fund, the tax commissioner shall prorate on a proportional basis the amount paid to each of the funds. Any shortage to the funds as a result of a proration shall be applied against future deposits for the same calendar year when funds are available. After this application, the tax commissioner shall pay any remaining money paid as a tax by all permit holders into the PASSPORT nursing home franchise permit fee fund. This division does not apply to permit holders conducting racing at the course of an agricultural exposition or fair as described in division (K) of this section.
Sec. 3769.20. (A) To encourage the renovation of existing racing facilities for the benefit of the public, breeders, and horse owners and to increase the revenue to the state from the increase in pari-mutuel wagering resulting from such improvement, the taxes paid by a permit holder to the state, in excess of the amount paid into the PASSPORT nursing home franchise permit fee fund, shall be reduced by one per cent of the total amount wagered for those permit holders who carry out a major capital improvement project. The percentage of the reduction that may be taken each racing day shall equal seventy-five per cent of the amount of the taxes levied under divisions (B) and (C) of section 3769.08, section 3769.087, and division (F)(2) of section 3769.26 of the Revised Code, as applicable, divided by the calculated amount each fund should receive under divisions (B) and (C) of section 3769.08, section 3769.087, and division (F)(2) of section 3769.26 of the Revised Code and the reduction provided for in this section. If the resulting percentage is less than one, that percentage shall be multiplied by the amount of the reduction provided for in this section. Otherwise, the permit holder shall receive the full reduction provided for in this section. The amount of the allowable reduction not received shall be carried forward and added to any other reduction balance and applied against future tax liability. After any reductions expire, any reduction carried forward shall be treated as a reduction as provided for in this section. If the amount of allowable reduction exceeds the amount of taxes derived from a permit holder, the amount of the allowable reduction not used may be carried forward and applied against future tax liability.

If more than one permit holder is authorized to conduct racing at the facility that is being improved, the cost of the major capital improvement project shall be allocated between or among all the permit holders in the ratio that each permit holder shall agree upon in advance.
holder's number of racing days bears to the total number of racing days conducted at the facility.

A reduction for a major capital improvement project shall start from the day racing is first conducted following the date on which the major capital improvement project is completed and the construction cost has been approved by the state racing commission, except as otherwise provided in division (E) of this section, and shall continue until the total tax reduction equals the cost of the major capital improvement project plus debt service applicable to the project. In no event, however, shall any tax reduction, excluding any reduction balances, be permitted under this section after December 31, 2014. The total tax reduction because of the major capital improvement project shall not during any one year exceed for all permit holders using any one track one per cent of the total amount wagered. The racing commission shall notify the tax commissioner when the reduction of tax begins and when it ends.

(B) Each fiscal year, the racing commission shall submit a report to the tax commissioner, the office of budget and management, and the legislative service commission. The report shall identify each capital improvement project undertaken under this section and in progress at each race track, indicate the total cost of each project, state the tax reduction that resulted from each project during the immediately preceding fiscal year, estimate the tax reduction that will result from each project during the current fiscal year, state the total tax reduction that resulted from all such projects at all race tracks during the immediately preceding fiscal year, and estimate the total tax reduction that will result from all such projects at all race tracks during the current fiscal year.

(C) The tax reduction granted pursuant to this section shall be in addition to any tax reductions for capital improvements and
new race tracks provided for in section 3769.08 of the Revised Code and approved by the racing commission.

(D) In order to qualify for the reduction in tax, a permit holder shall apply to the racing commission in such form as the commission may require and shall provide full details of the major capital improvement project, including plans and specifications, a schedule for the project's construction and completion, and a breakdown of proposed costs. In addition, the permit holder shall have commenced construction of the major capital improvement project or shall have had the application for the project approved by the racing commission prior to March 29, 1988. The racing commission shall not approve an application unless the permit holder shows that a contract for the major capital improvement project has been let under an unrestricted competitive bidding procedure, unless the contract is exempted by the controlling board because of its unusual nature. In determining whether to approve an application, the racing commission shall consider whether the major capital improvement project will promote the safety, convenience, and comfort of the racing public and horse owners and generally tend toward the improvement of racing in this state.

(E) If the major capital improvement project is approved by the racing commission and construction has started, the tax reduction may be authorized by the commission upon presentation of copies of paid bills in excess of five hundred thousand dollars. After the initial authorization, the permit holder shall present copies of paid bills in the amount of not less than five hundred thousand dollars. If the permit holder is in substantial compliance with the schedule for construction and completion of the major capital improvement project, the racing commission may authorize the continuance of the tax reduction upon the presentation of the additional paid bills in increments of five
hundred thousand dollars. The racing commission may terminate the tax reduction if a permit holder fails to complete the major capital improvement project or fails to comply substantially with the schedule for construction and completion of the major capital improvement project. If the time for completion of the major capital improvement project is delayed by acts of God, strikes, or the unavailability of labor or materials, the time for completion as set forth in the schedule shall be extended by the period of the delay. If a permit holder fails to complete the major capital improvement project, the racing commission shall order the permit holder to repay to the state the total amount of tax reduced, unless the permit holder has spent at least six million dollars on the project. The normal tax paid by the permit holder under section 3769.08 of the Revised Code shall be increased by one percent of the total amount wagered until the total amount of the additional tax collected equals the total amount of tax reduced. Any action taken by the racing commission pursuant to this section in terminating the tax adjustment or requiring repayment of the amount of tax reduced shall be subject to Chapter 119. of the Revised Code.

(F) As used in this section, "major capital improvement project" means the renovation, reconstruction, or remodeling, costing at least six million dollars, of a race track facility, including, but not limited to, the construction of barns used exclusively for that race track facility, backstretch facilities for horsemen, paddock facilities, pari-mutuel and totalizator equipment and appurtenances to that equipment purchased by the track, new access roads, new parking areas, the complete reconstruction, reshaping, and leveling of the racing surface and appurtenances, grandstand enclosure, installation of permanent new heating or air conditioning, roof replacement, and installations of a permanent nature forming a part of the track structure.
(G) The cost and expenses to which the tax reduction granted under this section applies shall be determined by generally accepted accounting principles and be verified by an audit of the permit holder's records, upon completion of the major capital improvement project, either by the racing commission or by an independent certified public accountant selected by the permit holder and approved by the commission.

(H) This section and section 3769.201 of the Revised Code govern any tax reduction granted to a permit holder for the cost to the permit holder of any cleanup, repair, or improvement required as a result of damage caused by the 1997 Ohio river flood to the place, track, or enclosure for which the permit is issued.

Sec. 3769.26. (A)(1) Except as otherwise provided in division (B) of this section, each track in existence on September 27, 1994, regardless of the number of permit holders authorized to conduct race meetings at the track, may establish, with the approval of the state racing commission and the appropriate local legislative authority, not more than two satellite facilities at which it may conduct pari-mutuel wagering on horse races conducted either inside or outside this state and simulcast by a simulcast host to the satellite facilities.

(2) Prior to a track's establishing satellite facilities under this section, the permit holders at that track shall agree among themselves regarding their respective rights and obligations with respect to those satellite facilities.

(3)(a) Any track that desires to establish a satellite facility shall provide written notification of its intent to the state racing commission and to the appropriate local legislative authority that is required to approve the satellite facility, together with detailed plans and specifications for the satellite facility. The commission shall deliver copies of this notification
to all other tracks in this state, and the commission shall, 
within forty-five days after receiving the notification, hold a 
hearing on the track's intent to establish a satellite facility. 
At this hearing the commission shall consider the evidence 
presented and determine whether the request for establishment of a 
satellite facility shall be approved.

The commission shall not approve a track's request to 
establish a satellite facility if the owner of the premises where 
the satellite facility is proposed to be located or if the 
proposed operator of the satellite facility has been convicted of 
or has pleaded guilty to a gambling offense that is a felony or 
any other felony under the laws of this state, any other state, or 
the United States that the commission determines to be related to 
fitness to be the owner of such a premises or to be the operator 
of a satellite facility. As used in division (A)(3)(a) of this 
section, "gambling offense" has the same meaning as in section 
2915.01 of the Revised Code and "operator" means the individual 
who is responsible for the day-to-day operations of a satellite 
facility. The commission shall conduct a background investigation 
on each person who is the owner of a premises where a satellite 
facility is proposed to be located or who is proposed to be the 
operator or an employee of a satellite facility. The commission 
shall adopt rules in accordance with Chapter 119. of the Revised 
Code that specify the specific information the commission shall 
collect in conducting such a background investigation.

No track shall knowingly contract with a person as the owner 
of the premises where a satellite facility is located, or 
knowingly employ a person as the operator or an employee of a 
satellite facility, who has been convicted of or pleaded guilty to 
a gambling offense that is a felony or any other felony under the 
laws of this state, any other state, or the United States that the 
commission determines to be related to fitness to be the owner of
such a premises or to be the operator or an employee of a
satellite facility. The commission may impose a fine in an amount
not to exceed ten thousand dollars on any track that violates any
of these prohibitions.

(b) Each track that receives the notification described in
division (A)(3)(a) of this section shall notify the commission and
the track that desires to establish the satellite facility, within
thirty days after receiving the notification from the commission,
indicating whether or not it desires to participate in the joint
ownership of the facility. Ownership shall be distributed equally
among the tracks that choose to participate in the joint ownership
of the facility unless the participating tracks agree to and
contract otherwise. Tracks that fail to respond to the commission
and the track that desires to establish the satellite facility
within this thirty-day period regarding the ownership of the
particular satellite facility are not eligible to participate in
its ownership.

(B) If, within three years after September 27, 1994, a track
in existence on September 27, 1994, does not establish both of the
satellite facilities it is authorized to establish under division
(A) of this section, another track, with the approval of the
racing commission, may establish in accordance with this section a
number of additional satellite facilities that does not exceed the
number of satellite facilities that the first track did not
establish. However, no more than fourteen satellite facilities may
be established in this state.

(C) Except as otherwise provided in this division, each
permit holder in this state shall allow the races that it
conducts, and the races conducted outside this state that it
receives as a simulcast host, to be simulcast to all satellite
facilities operating in this state and shall take all action
necessary to supply its simulcast and wagering information to
these satellite facilities. A permit holder at a track where the average daily amount wagered for all race meetings during calendar year 1990 did not exceed two hundred fifty thousand dollars may elect not to simulcast its races to the satellite facilities. If a permit holder at such a track chooses to simulcast its races to satellite facilities, it shall allow its races to be simulcast to all satellite facilities operating in this state. Except as otherwise provided in this division, each satellite facility shall receive simulcasts of and conduct pari-mutuel wagering on all live racing programs being conducted at any track in this state and on all agreed simulcast racing programs, as provided in division (D) of section 3769.089 of the Revised Code, conducted in other states that are received by simulcast in this state, without regard to the breed of horse competing in the race or the time of day of the race.

No satellite facility may receive simulcasts of horse races during the same hours that a county fair or independent fair located within the same county as the satellite facility is conducting pari-mutuel wagering on horse races at that county or independent fair.

Except as otherwise provided in this division, the commission shall not approve the establishment of a satellite facility within a radius of fifty miles of any track. The commission may approve the establishment of a satellite facility at a location within a radius of at least thirty-five but not more than fifty miles from one or more tracks if all of the holders of permits issued for those tracks consent in writing to the establishment of the satellite facility. The commission may approve the establishment of a satellite facility at a location within a radius of thirty-five miles of more than one race track if all holders of permits issued for those tracks consent in writing to the establishment of the satellite facility and, if the tracks are
located completely within one county and the proposed satellite facility will be located within that county, if both the legislative authority of the municipal corporation in that county with the largest population, and the appropriate legislative authority that is required to approve the satellite facility under division (A)(1) of this section, approve the establishment of the new satellite facility. The commission may approve the establishment of a satellite facility at a location within a radius of less than twenty miles from an existing satellite facility if the owner of the existing satellite facility consents in writing to the establishment of the new satellite facility.

A satellite facility shall not receive simulcasts of horse races conducted outside this state on any day when no simulcast host is operating.

(D) Each simulcast host is responsible for paying all costs associated with the up-link for simulcasts. Each satellite facility is responsible for paying all costs associated with the reception of simulcasts and the operation of the satellite facility.

(E) All money wagered at the simulcast host, and all money wagered at all satellite facilities on races simulcast from the simulcast host, shall be included in a common pari-mutuel pool at the simulcast host. Except as otherwise provided in division (F)(6) of this section, the payment shall be the same for all winning tickets whether a wager is placed at a simulcast host or a satellite facility. Wagers placed at a satellite facility shall conform in denomination, character, terms, conditions, and in all other respects to wagers placed at the simulcast host for the same race.

(F)(1) As used in division (F) of this section, "effective rate" means the effective gross tax percentage applicable at the simulcast host, determined in accordance with sections 3769.08 and
3769.087 of the Revised Code, after combining the money wagered at the simulcast host with the money wagered at satellite facilities on races simulcast from the host track.

(2) For the purposes of calculating the amount of taxes to be paid and the amount of commissions to be retained by permit holders, fifty per cent of the amount wagered at satellite facilities on a live racing program simulcast from a simulcast host shall be allocated to the permit holder's live race wagering at that simulcast host that conducts the live racing program, and fifty per cent of the amount wagered at satellite facilities on simulcast racing programs conducted outside this state shall be allocated to, and apportioned equally among, the permit holders acting as simulcast hosts for the out-of-state simulcast racing programs. The remainder of the amount wagered at a satellite facility on races simulcast from a simulcast host shall be allocated to the satellite facility. In computing the tax due on the amount allocated to the satellite facility, if there is more than one simulcast host for out-of-state simulcast racing programs, the effective rate applied by the satellite facility shall be the tax rate applicable to the simulcast host that pays the highest effective rate under section 3769.08 of the Revised Code on such simulcast racing programs.

(3) The portion of the amount wagered that is allocated to a simulcast host under division (F)(2) of this section shall be treated, for the purposes of calculating the amount of taxes to be paid and commissions to be retained, as having been wagered at the simulcast host on a live racing program or on a simulcast racing program. The permit holder at the simulcast host shall pay, by check, draft, or money order to the state tax commissioner, as a tax, the tax specified in sections 3769.08 and 3769.087 of the Revised Code, as applicable, except that the tax shall be calculated using the effective rate, and the permit holder may
retain as a commission the percentage of the amount wagered as specified in those sections. From the tax collected, the tax commissioner shall make distributions to the respective funds, and in the proper amounts, as required by sections 3769.08 and 3769.087 of the Revised Code, as applicable.

(4) From the portion of the amount wagered that is allocated to a satellite facility under division (F)(2) of this section, the satellite facility may retain as a commission the amount specified in section 3769.08 or 3769.087 of the Revised Code, as applicable. The portion of the amount wagered that is allocated to a satellite facility shall be subject to tax at the effective rate as follows:

(a) One per cent of such amount allocated to the satellite facility shall be paid as a tax each racing day to the tax commissioner for deposit into the PASSPORT nursing home franchise permit fee fund.

(b) The remaining balance of the taxes calculated at the effective rate, after payment of the tax specified in division (F)(4)(a) of this section, shall be retained by the satellite facility to pay for those costs associated with the reception of the simulcasts.

(5) From the commission retained by a satellite facility after the deduction of the tax paid at the effective rate under division (F)(4) of this section, the satellite facility shall retain an amount equal to two and three-eighths per cent of the amount wagered that day on simulcast racing programs and the balance shall be divided as follows:

(a) One-half shall be paid to the owner of the satellite facility;

(b) One-half shall be paid to the state racing commission for deposit into the Ohio combined simulcast horse racing purse fund.

(6) In addition to the commission retained under this...
section, a satellite facility shall retain two and one-half per
cent of the amount that would otherwise be paid on each winning
wager unless the retention of this amount would either cause or
add to a minus pool. As used in division (F)(6) of this section,
"minus pool" means a wagering pool in which a winning wager is
paid off at less than one hundred ten per cent of the amount of
the wager. The amount retained shall be paid each racing day to
the tax commissioner for deposit into the PASSPORT nursing home
franchise permit fee fund.

(7) At the close of each day, each satellite facility shall
pay, by check, draft, or money order, or by wire transfer of
funds, out of the money retained on that day to the collection and
settlement agent the required fee to be paid by the simulcast host
to the tracks, racing associations, or state regulatory agencies
located outside this state for simulcasts into this state computed
and based on one-half of the amount wagered at the satellite
facility that day on interstate simulcast racing programs.

(G) No license, fee, or excise tax, other than as specified
in division (F)(6) of this section, shall be assessed upon or
collected from a satellite facility, the owners of a satellite
facility, or the holders of permits issued for a track that has
established a satellite facility by any county, township,
municipal corporation, district, or other body having the
authority to assess or collect a tax or fee.

(H) In no case shall that portion of the commissions
designated for purses from satellite facilities be less than that
portion of those commissions designated for purses at the
simulcast host.

(I) It is the intention of the general assembly in enacting
this section not to adversely affect the amounts paid into the
Ohio thoroughbred race fund created under section 3769.083 of the
Revised Code. Therefore, each track that acts as a simulcast host
under this section shall calculate, on a semi-annual basis during calendar years 1994, 1995, and 1996, its average daily contribution to the Ohio thoroughbred race fund created under section 3769.083 of the Revised Code on those days on which the track conducted live horse racing. If this average daily contribution to the fund is less than the average daily contribution from the same track to the fund during the same six-month period of calendar year 1992, there shall be contributed to the fund an amount equal to the average daily shortfall multiplied by the number of days of live racing conducted during the six-month period in calendar year 1994, 1995, or 1996, as applicable. The amount of such contribution shall be allocated among the simulcast host, the purse program at the simulcast host, and the satellite facilities for which the track served as the simulcast host, on a pro rata basis in proportion to the amounts contributed by them to the fund during such six-month period in calendar year 1994, 1995, or 1996, as applicable.

Sec. 3770.03. (A) The state lottery commission shall promulgate rules under which a statewide lottery may be conducted, which includes, and since the original enactment of this section has included, the authority for the commission to operate video lottery terminal games. Any reference in this chapter to tickets shall not be construed to in any way limit the authority of the commission to operate video lottery terminal games. Nothing in this chapter shall restrict the authority of the commission to promulgate rules related to the operation of games utilizing video lottery terminals as described in section 3770.21 of the Revised Code. The rules shall be promulgated pursuant to Chapter 119. of the Revised Code, except that instant game rules shall be promulgated pursuant to section 111.15 of the Revised Code but are not subject to division (D) of that section. Subjects covered in these rules shall include, but need not be limited to, the
The type of lottery to be conducted;  
(2) The prices of tickets in the lottery;  
(3) The type of notices that shall appear on lottery tickets, including one that shall appear if the word "education" is used in any advertising for a statewide lottery, which must include information as to the percentage that lottery profits contribute to all education funding in the state;  
(4) The number, nature, and value of prize awards, the manner and frequency of prize drawings, and the manner in which prizes shall be awarded to holders of winning tickets.  
(B) The commission shall promulgate rules, in addition to those described in division (A) of this section, pursuant to Chapter 119. of the Revised Code under which a statewide lottery and statewide joint lottery games may be conducted. Subjects covered in these rules shall include, but not be limited to, the following:  
(1) The locations at which lottery tickets may be sold and the manner in which they are to be sold. These rules may authorize the sale of lottery tickets by commission personnel or other licensed individuals from traveling show wagons at the state fair, and at any other expositions the director of the commission considers acceptable. These rules shall prohibit commission personnel or other licensed individuals from soliciting from an exposition the right to sell lottery tickets at that exposition, but shall allow commission personnel or other licensed individuals to sell lottery tickets at an exposition if the exposition requests commission personnel or licensed individuals to do so. These rules may also address the accessibility of sales agent locations to commission products in accordance with the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C.A. 12101
et seq.

(2) The manner in which lottery sales revenues are to be collected, including authorization for the director to impose penalties for failure by lottery sales agents to transfer revenues to the commission in a timely manner;

(3) The amount of compensation to be paid licensed lottery sales agents;

(4) The substantive criteria for the licensing of lottery sales agents consistent with section 3770.05 of the Revised Code, and procedures for revoking or suspending their licenses consistent with Chapter 119. of the Revised Code. If circumstances, such as the nonpayment of funds owed by a lottery sales agent, or other circumstances related to the public safety, convenience, or trust, require immediate action, the director may suspend a license without affording an opportunity for a prior hearing under section 119.07 of the Revised Code.

(5) Special game rules to implement any agreements signed by the governor that the director enters into with other lottery jurisdictions under division (J) of section 3770.02 of the Revised Code to conduct statewide joint lottery games. The rules shall require that the entire net proceeds of those games that remain, after associated operating expenses, prize disbursements, lottery sales agent bonuses, commissions, and reimbursements, and any other expenses necessary to comply with the agreements or the rules are deducted from the gross proceeds of those games, be transferred to the lottery profits education fund under division (B) of section 3770.06 of the Revised Code.

(6) Any other subjects the commission determines are necessary for the operation of video lottery terminal games, including the establishment of any fees, fines, or payment schedules.
(C) Chapter 2915. of the Revised Code does not apply to, affect, or prohibit lotteries conducted pursuant to this chapter.

(D) The commission may promulgate rules, in addition to those described in divisions (A) and (B) of this section, that establish standards governing the display of advertising and celebrity images on lottery tickets and on other items that are used in the conduct of, or to promote, the statewide lottery and statewide joint lottery games. Any revenue derived from the sale of advertising displayed on lottery tickets and on those other items shall be considered, for purposes of section 3770.06 of the Revised Code, to be related proceeds in connection with the statewide lottery or gross proceeds from statewide joint lottery games, as applicable.

(E)(1) The commission shall meet with the director at least once each month and shall convene other meetings at the request of the chairperson or any five of the members. No action taken by the commission shall be binding unless at least five of the members present vote in favor of the action. A written record shall be made of the proceedings of each meeting and shall be transmitted forthwith to the governor, the president of the senate, the senate minority leader, the speaker of the house of representatives, and the house minority leader.

(2) The director shall present to the commission a report each month, showing the total revenues, prize disbursements, and operating expenses of the state lottery for the preceding month. As soon as practicable after the end of each fiscal year, the commission shall prepare and transmit to the governor and the general assembly a report of lottery revenues, prize disbursements, and operating expenses for the preceding fiscal year and any recommendations for legislation considered necessary by the commission.
Sec. 3770.031. The notice that the state lottery commission determines shall appear on lottery tickets under division (A)(3) of section 3770.03 of the Revised Code to provide information as to what percentage that lottery profits contribute to all education funding in the state also shall appear on any television advertising for the Ohio lottery and on the first page of the website for the Ohio lottery.

Sec. 3770.05. (A) As used in this section, "person" means any person, association, corporation, partnership, club, trust, estate, society, receiver, trustee, person acting in a fiduciary or representative capacity, instrumentality of the state or any of its political subdivisions, or any other combination of individuals meeting the requirements set forth in this section or established by rule or order of the state lottery commission.

(B) The director of the state lottery commission may license any person as a lottery sales agent. No license shall be issued to any person or group of persons to engage in the sale of lottery tickets as the person's or group's sole occupation or business.

Before issuing any license to a lottery sales agent, the director shall consider all of the following:

(1) The financial responsibility and security of the applicant and the applicant's business or activity;

(2) The accessibility of the applicant's place of business or activity to the public;

(3) The sufficiency of existing licensed agents to serve the public interest;

(5) Any other factors pertaining to the public interest, convenience, or trust.
(C) Except as otherwise provided in division (F) of this section, the director of the state lottery commission shall refuse to grant, or shall suspend or revoke, a license if the applicant or licensee:

(1) Has been convicted of a felony or has been convicted of a crime involving moral turpitude;

(2) Has been convicted of an offense that involves illegal gambling;

(3) Has been found guilty of fraud or misrepresentation in any connection;

(4) Has been found to have violated any rule or order of the commission; or

(5) Has been convicted of illegal trafficking in supplemental nutrition assistance program benefits.

(D) Except as otherwise provided in division (F) of this section, the director of the state lottery commission shall refuse to grant, or shall suspend or revoke, a license if the applicant or licensee is a corporation and any of the following applies:

(1) Any of the corporation's directors, officers, or controlling shareholders has been found guilty of any of the activities specified in divisions (C)(1) to (5) of this section;

(2) It appears to the director of the state lottery commission that, due to the experience, character, or general fitness of any director, officer, or controlling shareholder of the corporation, the granting of a license as a lottery sales agent would be inconsistent with the public interest, convenience, or trust;

(3) The corporation is not the owner or lessee of the business at which it would conduct a lottery sales agency pursuant to the license applied for;
Any person, firm, association, or corporation other than the applicant or licensee shares or will share in the profits of the applicant or licensee, other than receiving dividends or distributions as a shareholder, or participates or will participate in the management of the affairs of the applicant or licensee.

(E)(1) The director of the state lottery commission shall refuse to grant a license to an applicant for a lottery sales agent license and shall revoke a lottery sales agent license if the applicant or licensee is or has been convicted of a violation of division (A) or (C)(1) of section 2913.46 of the Revised Code.

(2) The director shall refuse to grant a license to an applicant for a lottery sales agent license that is a corporation and shall revoke the lottery sales agent license of a corporation if the corporation is or has been convicted of a violation of division (A) or (C)(1) of section 2913.46 of the Revised Code.

(F) The director of the state lottery commission shall request the bureau of criminal identification and investigation, the department of public safety, or any other state, local, or federal agency to supply the director with the criminal records of any applicant for a lottery sales agent license, and may periodically request the criminal records of any person to whom a lottery sales agent license has been issued. At or prior to the time of making such a request, the director shall require an applicant or licensee to obtain fingerprint impressions on fingerprint cards prescribed by the superintendent of the bureau of criminal identification and investigation at a qualified law enforcement agency, and the director shall cause those fingerprint cards to be forwarded to the bureau of criminal identification and investigation, to the federal bureau of investigation, or to both bureaus. The commission shall assume the cost of obtaining the fingerprint cards.
The director shall pay to each agency supplying criminal records for each investigation a reasonable fee, as determined by the agency.

The commission may adopt uniform rules specifying time periods after which the persons described in divisions (C)(1) to (5) and (D)(1) to (4) of this section may be issued a license and establishing requirements for those persons to seek a court order to have records sealed in accordance with law.

(G)(1) Each applicant for a lottery sales agent license shall do both of the following:

(a) Pay fees to the state lottery commission, at the time the application is submitted, a fee in an amount that the director of the state lottery commission determines if required by rule adopted by the director under Chapter 119. of the Revised Code and that the controlling board approves the fees;

(b) Prior to approval of the application, obtain a surety bond in an amount the director determines by rule adopted under Chapter 119. of the Revised Code or, alternatively, with the director's approval, deposit the same an amount into a dedicated account for the benefit of the state lottery. The director also may approve the obtaining of a surety bond to cover part of the amount required, together with a dedicated account deposit to cover the remainder of the amount required. In addition, the director, with the approval of the commission, may establish a program or policy by rule adopted under Chapter 119. of the Revised Code that is an alternative to obtaining a surety bond or making a dedicated account deposit under this division. The alternative program or policy shall ensure that the financial interests of the state lottery are protected. If an alternative program or policy is established, an applicant or a lottery sales agent, with the director's approval, may participate in the program or proceed under the policy.
A surety bond may be with any company that complies with the bonding and surety laws of this state and the requirements established by rules of the commission pursuant to this chapter. A dedicated account deposit shall be conducted in accordance with policies and procedures the director establishes. An alternative program or policy established by the director shall be conducted in accordance with the rules adopted by the director.

A surety bond, dedicated account, or both alternative program or policy established under this section, or any combination thereof, as applicable, may be used to pay for the lottery sales agent's failure to make prompt and accurate payments for lottery ticket sales, for missing or stolen lottery tickets, or for damage to equipment or materials issued to the lottery sales agent, or to pay for expenses the commission incurs in connection with the lottery sales agent's license.

(2) A lottery sales agent license is effective for one year. A licensed lottery sales agent, on or before the date established by the director, shall renew the agent's license and provide at that time evidence to the director that the surety bond, dedicated account deposit, or both alternative program or policy as established under this section, required under division (G)(1)(b) of this section, has been renewed or is active, or is being complied with, whichever applies.

Before the commission renews a lottery sales agent license, the lottery sales agent shall submit a renewal fee to the commission in an amount that the director determines, if one is required by rule adopted by the director under Chapter 119. of the Revised Code and that the controlling board approves the renewal fee. The renewal fee shall not exceed the actual cost of administering the license renewal and processing changes reflected in the renewal application. The renewal of the license is effective for up to one year.
(3) A lottery sales agent license shall be complete, accurate, and current at all times during the term of the license. Any changes to an original license application or a renewal application may subject the applicant or lottery sales agent, as applicable, to paying an administrative fee that shall be in an amount that the director determines by rule adopted under Chapter 119. of the Revised Code, that the controlling board approves, and that shall not exceed the actual cost of administering and processing the changes to an application.

(4) The relationship between the commission and a lottery sales agent is one of trust. A lottery sales agent collects funds on behalf of the commission through the sale of lottery tickets for which the agent receives a compensation.

(H) Pending a final resolution of any question arising under this section, the director of the state lottery commission may issue a temporary lottery sales agent license, subject to the terms and conditions the director considers appropriate.

(I) If a lottery sales agent's rental payments for the lottery sales agent's premises are determined, in whole or in part, by the amount of retail sales the lottery sales agent makes, and if the rental agreement does not expressly provide that the amount of those retail sales includes the amounts the lottery sales agent receives from lottery ticket sales, only the amounts the lottery sales agent receives as compensation from the state lottery commission for selling lottery tickets shall be considered to be amounts the lottery sales agent receives from the retail sales the lottery sales agent makes, for the purpose of computing the lottery sales agent's rental payments.

Sec. 3772.062. (A) The executive director of the commission shall enter into an agreement with the department of alcohol and drug addiction services under which the department provides a
program of gambling and addiction services on behalf of the commission.

(B) The executive director of the commission, in conjunction with the department of alcohol and drug addiction services, shall establish, operate, and publicize an in-state, toll-free telephone number Ohio residents may call to obtain basic information about problem gambling, the gambling addiction services available to problem gamblers, and how a problem gambler may obtain help. The telephone number shall be staffed twenty-four hours per day, seven days a week, to respond to inquiries and provide that information. The costs of establishing, operating, and publicizing the telephone number shall be paid for with money in the problem casino gambling and addictions fund.

(2) Nothing in sections 3781.06 to 3781.18 and 3791.04 of the Revised Code shall be construed to limit the power of the manufactured homes commission to adopt rules of uniform application governing manufactured home parks pursuant to section 3733.02 of the Revised Code.

If the board of building standards adopts rules under section 3791.04 of the Revised Code concerning the requirements an adult group home seeking licensure as an adult care facility must meet under section 3722.02 of the Revised Code, the board shall adopt the rules in consultation with the directors of mental health and aging and any interested party designated by the directors of mental health and aging.

Sec. 3793.04. The department of alcohol and drug addiction services shall develop, administer, and revise as necessary a comprehensive statewide alcohol and drug addiction services plan for the implementation of this chapter. The plan shall emphasize abstinence from the use of alcohol and drugs of abuse as the primary goal of alcohol and drug addiction services. The council on alcohol and drug addiction services shall advise the department in the development and implementation of the plan.

The plan shall provide for the allocation and distribution of state and federal funds appropriated to the department by the general assembly for service services furnished by alcohol and drug addiction programs under contract with boards of alcohol, drug addiction, and mental health services and for distribution of the funds to such boards. The plan shall exclude from the allocation and distribution any funds that are transferred to
the department of job and family services to pay the nonfederal share of alcohol and drug addiction services covered by the medicaid program.

The plan shall specify the methodology that the department will use for determining how the funds will be allocated and distributed. A portion of the funds shall be allocated on the basis of the ratio of the population of each alcohol, drug addiction, and mental health service district to the total population of the state as determined from the most recent federal census or the most recent official estimate made by the United States census bureau.

The plan shall ensure that alcohol and drug addiction services of a high quality are accessible to, and responsive to the needs of, all persons, especially those who are members of underserved groups, including, but not limited to, African Americans, Hispanics, native Americans, Asians, juvenile and adult offenders, women, and persons with special services needs due to age or disability. The plan shall include a program to promote and protect the rights of those who receive services.

To aid in formulating the plan and in evaluating the effectiveness and results of alcohol and drug addiction services, the department, in consultation with the department of mental health, shall establish and maintain an information system or systems. The department of alcohol and drug addiction services shall specify the information that must be provided by boards of alcohol, drug addiction, and mental health services and by alcohol and drug addiction programs for inclusion in the system. The department shall not collect any personal information from the boards except as required or permitted by state or federal law for purposes related to payment, health care operations, program and service evaluation, reporting activities, research, system administration, and oversight.
In consultation with boards, programs, and persons receiving services, the department shall establish guidelines for the use of state and federal funds allocated and distributed under this section and for the boards' development of plans for services required by sections 340.033 and 3793.05 of the Revised Code.

In any fiscal year, the department shall spend, or allocate to boards, for methadone maintenance programs or any similar programs not more than eight per cent of the total amount appropriated to the department for the fiscal year.

Sec. 3793.06. (A) The department of alcohol and drug addiction services shall evaluate and certify all alcohol and drug addiction programs in the state. Each program shall apply to the department of alcohol and drug addiction services for certification. No program shall be eligible to receive state or federal funds unless it has been certified by the department.

(B) No person shall represent in any manner that a program is certified by the department if the program is not certified at the time the representation is made.

(C) Pursuant to Chapter 119. of the Revised Code and in consultation with members or representatives of boards of alcohol, drug addiction, and mental health services, programs, individuals who receive alcohol and drug addiction services, and the department of mental health, the department shall adopt rules that establish all of the following:

(1) Minimum standards for the operation of programs, including, but not limited to, the following:

   (a) Requirements regarding physical facilities of programs;

   (b) Requirements with regard to health, safety, adequacy, and cultural specificity and sensitivity;

   (c) Requirements regarding the rights of recipients of
services and procedures to protect these rights.  

(2) Standards for evaluating programs;  

(3) Standards and procedures for granting full or conditional certification to a program;  

(4) Standards and procedures for revoking the certification of a program that does not continue to meet the minimum standards established pursuant to this section.  

(D) Rules adopted under division (C) of this section shall specify the limitations to be placed on a program that is granted conditional certification.  

(E) The department may visit and evaluate any program to determine whether it meets the minimum standards for certification established pursuant to division (C) of this section. In the case of a program that has a contract with or proposes to contract with a board of alcohol, drug addiction, and mental health services, the department shall conduct the visit and evaluation in cooperation with the board.  

(F)(1) Subject to division (F)(2) of this section, the department shall determine whether an applicant's program meets the minimum standards for certification. If the department determines that the program meets the minimum standards, it shall certify or recertify the program.  

(F)(2) If an applicant submits to the department evidence of holding national accreditation from the joint commission, the council on accreditation of rehabilitation facilities, or the council on accreditation, the department shall accept that accreditation as evidence of the applicant's program meeting the minimum standards for certification of the program. The department shall certify or recertify the program without any further evaluation of the program.
If the department determines that a program that has a contract with a board or proposes to contract with a board does not meet the minimum standards for certification, it shall identify the areas in which the program does not meet the standards, specify what action is necessary to meet the standards, and offer technical assistance to the board to enable it to assist the program in meeting the standards. The department shall give the program a reasonable time within which to demonstrate that the program meets the minimum standards or to bring the program into compliance with the standards. If the department concludes that the program continues to fail to meet minimum standards, it shall deny certification and may request that the board reallocate the funds that the board is allocating to that program to another program that is certified. If the board does not reallocate the funds within a reasonable time, the department may withhold from the board the funds that the board is allocating to the program and allocate the funds directly to a recovery program certified by the department.

The department shall adopt rules pursuant to Chapter 119. of the Revised Code to implement this division. The rules shall specify the notice and hearing procedures to be followed prior to denial of certification or reallocation of funds.

The department may withhold from a board all or part of the state and federal funds allocated for a program certified under this section in the event of failure of that program to comply with this chapter, Chapter 340. of the Revised Code, rules adopted by the department, or other provisions of state or federal law, including federal regulations.

If the department proposes to withhold funds, it shall identify the areas of the program's noncompliance and the action necessary to achieve compliance and shall offer technical assistance to the board to enable it to assist the program to
achieve compliance. The department shall allow a reasonable time
within which the board or program shall demonstrate that the
program is in compliance or the program shall bring itself into
compliance. Before withholding funds, the department shall hold a
