Please take 5-10 minutes to call and send the following message:

*Proposed state budget cuts to emergency food assistance, behavioral health, long-term care for seniors and people with disabilities, early care & education, and child welfare will have real-life consequences for vulnerable Ohioans, particularly for the nearly 1 in 3 Ohioans who live at or below 200 percent of the Federal Poverty Level. Economic projections for the next two years suggest that life won't be getting any easier for vulnerable Ohioans who have been struggling because of unemployment, wage stagnation, and high fuel and food prices. **Please set aside \$37 million (which is 20 percent of this year's surplus) to support critical programs for children, families, seniors, and people with disabilities in Ohio.***
